Memo

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Curtiss Sarikey, Chief of Staff
Susan Beltz, Chief Technology Officer

Board Meeting Date May 22, 2019

Subject Approval of Fiscal Year 2019-20 Category 1 E-Rate Application
Contractors: Comcast, ACOE, AT&T, and Sonic
Services For: July 1, 2019 - June 30, 2020

Action Requested and Recommendation Approval by the Board of Education of Fiscal Year 2019-20 Category 1 E-Rate Application (FCC Form 471), submitted March 15, 2019, seeking \$1,972,556.30 in funding from the Federal Schools and Libraries Division of the Universal Service Administrative Company and upon approval of same, in whole, or in part, acceptance of same pursuant to the terms and conditions thereof.

Background The Schools and Libraries Program of the Universal Service Fund, commonly known as "Erate," is administered by the federal Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) under the direction of the Federal Communications Commission (FCC), and provides discounts to assist most schools and libraries in the United States in obtaining affordable telecommunications and Internet access services. Erate supports connectivity - the conduit or pipeline for communications using telecommunications services and/ or the Internet under two categories of service: Category 1 - data communications services/Internet access, and Category 2 - internal connections and basic maintenance; and provides discounts for communications support depending on the level of poverty and the urban/rural status of the population served, ranging from 20% to 90% of the costs of eligible services to schools, school districts, and libraries. In Erate 2.0 funding, all district schools are eligible at the 90% level for data communications and Internet access under Category 1 and 85% for internal connections under Category 2.

The district's Technology Services Department conducted a request for proposals for WAN, ISP, Transport, Lit and Dark Fiber services between October 31, 2018 and December 7, 2018. Four companies responded to the RFPQ and the listed services

were chosen as the lowest cost vendors and were also deemed to provide the largest benefit to our district schools and administrative offices. The contracts were approved by the Board of Education on March 4, 2019 under File ID# 19-0094. This application will result in an overall reduction in the annual cost to provide network infrastructure and internet access to our schools once they are fully implemented.

I certify that the services the applicant purchases at discounts provided by 47 U.S.C. § 254 will be used primarily for educational purposes, see 47 C.F.R. § 54.500 and will not be sold, resold or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. § 54.513. I acknowledge that I may be audited pursuant to participation in the schools and libraries program. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, I will make such records available to USAC.

Notice

Section 54.504 of the Federal Communications Commission's rules requires all schools and libraries ordering services that are eligible for and seeking universal service discounts to submit an application for such discounts by filing this Services Ordered and Certification Form (FCC Form 471) with the Universal Service Administrator. 47 C.F.R. § 54.504. The collection of information stems from the Commission's authority under Section 254 of the Communications Act of 1934, as amended. 47 U.S.C. § 254. The data in the report will be used to ensure that schools and libraries comply with the application requirements for universal service discounts contained in 47 C.F.R. § 54.504. Schools and libraries must file this form themselves or as part of a consortium. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The FCC is authorized under the Communications Act of 1934, as amended, to collect the information we request in this form. We will use the information you provide to determine whether approving your application for universal service discounts is in the public interest. If we believe there may be a violation or a potential violation of any applicable statute, regulation, rule or order, your application may be referred to the Federal, state, or local agency responsible for investigating, prosecuting, enforcing, or implementing the statute, rule, regulation or order. In certain cases, the information in your application for universal service discounts may be disclosed to the Department of Justice or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding. In addition, consistent with the Communications Act of 1934, FCC regulations and orders, the Freedom of Information Act, 5 U.S.C. § 552, or other applicable law, information provided in or submitted with this form or in response to subsequent inquiries may be disclosed to the public. If you owe a past due debt to the Federal government, the information you provide may also be disclosed to the Department of the Treasury Financial Management Service, other Federal agencies and/or your employer to offset your salary, IRS tax refund or other payments to collect that debt. The FCC may also provide the information to these agencies through the matching of computer records when authorized. If you do not provide the information we request on the form, the FCC or the Universal Service Administrator may delay processing of your application for universal service discounts or may return your application without action. The foregoing Notice is required by the Paperwork Reduction Act of 1995, Pub. L. No. 104-13, 44 U.S.C. § 3501, et seq. Public reporting burden for this collection of information is estimated to average 4.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, completing, and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the reporting burden to the Federal Communications Commission, Performance Evaluation and Records Management, Washington, DC 20554. We also will accept your comments via the email if you send them to PRA@FCC.gov. DO NOT SEND COMPLETED WORKSHEETS TO THESE ADDRESSES.
