To	Board of Education	File ID: 26-0249
From	Budget and Finance Committee Rachel Latta, Chairperson Jennifer Brouhard Patrice Berry	
Meeting Date	February 25, 2026	
Subject	Amendment, Board Policy 3312 Business and Noninstructional Operations Contracts and Delegation of Authority	

Ask of the Board

Adoption by the Board of Education, upon recommendation by the Budget and Finance Committee of Amendment, Board Policy - Business and Noninstructional - BP 3312 - Contracts and Delegation of Authority, as specified herein.

The updates align to recommendations made by the Ad Hoc Task Force to Reduce Outsourcing and to align with California School Boards Association (CSBA) model policy.

Background

Board Policy 3312 governs the District's authority to enter into contracts for goods, services, and equipment. The policy was last updated in 2022. Since that time, the District has engaged in a focused effort to evaluate procurement practices, specifically through the Ad Hoc Task Force to Reduce Outsourcing, while also ensuring all local policies remain consistent with state-level guidance from CSBA.

Discussion

The proposed amendments to Board Policy 3312 focus on two primary areas of modernization and reform:

- **CSBA Model Policy Alignment:** The policy has been updated to reflect the latest changes in the California Education Code and Public Contract Code. This includes updated language regarding delegates, bid thresholds, procurement standards for technology and equipment, refined procedures for the ratification of emergency contracts and clarifying contracts for personnel that may duplicate work performed by permanent employees.

- **Ad Hoc Task Force Recommendations:** To meet the goal of reducing the District’s reliance on external consultants and vendors, the following changes have been integrated:
 - **Internal Capacity Review:** Requirements for staff to evaluate internal District capacity before initiating contracts for professional services.
 - **Enhanced Reporting:** Implementation of more rigorous reporting standards to the Board for contracts that replace or supplement functions traditionally performed by District employees.
 - **Approval Controls:** Refinement of delegated authority limits to ensure high-value professional service contracts receive appropriate Board oversight. For example, only the Superintendent and Chief-level district staff may initiate contracts which differ from CSBA model policy, but is a significant reduction in delegate authority current in effect in the District.

Fiscal Impact

There is **no direct fiscal impact** associated with the adoption of these policy revisions. However, the implementation of the Ad Hoc Task Force recommendations is intended to lead to long-term cost efficiencies by prioritizing internal staffing over external professional service contracts where feasible.

Contracts and Delegation of Authority

Whenever state law invests the Governing Board with the power to enter into contracts on behalf of the District, the Board may, by a majority vote, delegate this power to others, including but not limited through Board Policy. In addition, Board members and district employees involved in the making of contractions on behalf of the district shall comply with the district's conflict of interest policy as specified in Board Bylaw 9270 - Conflict of Interest.

~~These delegations include the authority to enter into and execute contracts where the amount of District funds expended is \$0 (e.g., no cost contracts, data sharing agreements), so long as such contracts do not involve attendant costs (e.g., cost of hiring personnel). Where a contract involves such attendant cost, the delegated authority limits set forth in the two preceding~~

BP 3312 Contracts and Delegation of Authority

(Education Code 35182.5)

The Superintendent or designee shall develop the District's internal control procedures to protect the integrity of public funds. Such internal controls may include but not be limited to the following:

1. Enters into the contract at a noticed, regular hearing of the Board.

(cf. 9320 - Meetings and Notices)

2. Makes a finding that the electronic product or service is or would be an integral component of the education of students.

(cf. 0440 - District Technology Plan)

Contracts for Digital Storage and Maintenance of Student Records

The District may enter into or renew a contract with a third party for the purpose of providing services, including cloud-based services, for the digital storage, management, and retrieval of student records and/or to provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use student records. For these purposes, student records include any information maintained by the District that is directly related to a student and any information acquired directly from the student through the use of instructional software or applications assigned to the student by a teacher or other District employee, and do not include de-identified information. Note: Technology/Software Contracts at or over the sum, adjusted annually for inflation, stated in section 20111 of the Public Contract Code shall also comply with all laws and policies related to public bidding requirements.

Prohibition on Advertising

The Board shall not enter into a contract for electronic products or services that requires the dissemination of advertising to students, unless the Board: (Education Code 35182.5)

(cf. 9320 - Meetings and Notices)

The District may enter into or renew a contract with a third party for the purpose of providing services, including cloud-based services, for the digital storage, management, and retrieval of student records and/or to provide digital educational software that authorizes a third-party provider of digital educational software to access, store, and use student records. For these purposes, student records include any information maintained by the District that is directly related to a student and any information acquired directly from the student through the use of instructional software or applications assigned to the student by a teacher or other District employee, and do not include de-identified information.
