Discussion:

Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

OAKLAND UNIFIED
SCHOOL DISTRICT

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

Fiscal Impact:

Various

Recommendation:

The Board of Education is requested to approve the Facilities Planning and Management contracts and Purchase Order for the OUSD school sites.

AGREEMENT REQUEST FORM

SECTION IV. L/LS/LSRBE - RATIONAL FOR NON COMPLIANCE CHECK LIST

1.)	<p>Specialty Service: This contractor provides a unique / specialty service that is currently not available from a certified L/S/SLRBE. Government Code § 53060 / school districts may contract without bidding for, "special services and advice in financial, economic, accounting, . . . legal, or administrative matters if such persons are specially trained and experienced and competent to perform the special services required."</p>	
2.)	<p>District Discretion under L/SL/SLRBE due to lack of certified firms at time of bid: If at least three L/SL/SLRBEs are not certified, then the requirement may, subject to the discretion of the District, be waived, or the 20% requirement may be re-set from 19 % to 0%, depending on the particular circumstances at time of bid.</p>	
3.)	<p>Futility: It would be futile to require that the contract be subjected to the L/SL/SLRBE due to (circle one) COST / TIME CONSTRAINTS / NO CERTIFIED BIDDERS. California law provides that "[w]here competitive proposals work an incongruity and are unavailing as affecting the final result or where they do not produce any advantage...the statute requiring competitive bidding does not apply." (Hiller v. City of Los Angeles (1961) 197 Cal. App. 2d 685, 694.)</p>	
4.)	<p>Field Test / (1) In order that a field test or experiment may be made to determine the product's suitability for future use. PUBLIC CONTRACT CODE SECTION 3400-3410</p>	
5.)	<p>Product Match/(2) In order to match other products in use on a particular public improvement either completed or in the course of completion. PUBLIC CONTRACT CODE SECTION 3400-3410</p>	
6.)	<p>Sole Source / (3) In order to obtain a necessary item that is only available from one source. PUBLIC CONTRACT CODE SECTION 3400-3410</p>	✓
7.)	<p>Emergency Repair / (4) (A) In order to respond to an emergency declared by a local agency, but only if the declaration is approved by a four-fifths vote of the governing board of the local agency issuing the invitation for bid or request for proposals. PUBLIC CONTRACT CODE SECTION 3400-3410 / See also: Public Contract Code Section 1102. "Emergency," as used in this code, means a sudden, unexpected occurrence that poses a clear and imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services.</p>

 RE: Oakland USD – Relocates

Thank you for the opportunity to present the following proposal based on our conversation. We will need to visit the site to be sure the buildings are accessible and do not need additional equipment and labor to get them off the site.

As you will note the storage is pricy, but it this may solve another dilemma. We have 8 classrooms sitting in our yard that need to be moved in July, (the previous storage agreement is up) and I have not heard from the District as to what they want to do.

We can rent a piece of property across from our factory that is included by fencing and store all classrooms for the quote below for one year.

RELOCATION OF EXISTING CLASSROOMS

1. Tear down and tarp 4-24x40	\$14,500
Tear down 12x40 r/r	3,000
2. Move 4 - 24 x 40 & 12x40 to Doupnik storage	<u>14,100</u>
yard in Loomis and temporary set buildings for storage*	
Total	\$31,600
3. One year storage - 7/1/12 – 6/30/13	<u>23,000</u>
Total	\$ 54,600

*set the stored building on corner and mid span foundation blocks with roof cap covering mod line

The disconnect and hookup of utilities is by others. Ramps and foundation system will be placed in each individual building on plastic to protect the flooring.

If there are any cabinets that cross the mod-line, the cabinets will be removed and stored in the modular.

The flooring will be cut at the mod-line.

Work to be start immediately and completed by June 18
