Direct Language from Board Cover Memorandum

NOW, THEREFORE, BE IT RESOLVED, in order to employ sufficient staff to operate the District and its schools and to provide the necessary instructional offerings to students, to help the District offer competitive compensation, to repair and maintain quality school facilities, to more effectively use the District's limited resources, and to help address the District's long-term financial challenges, the Board of Education ("Board") hereby directs the Superintendent to present the Board - at the soonest reasonable opportunity (if needed, at one or more Special Board meetings called for this purpose), notwithstanding the requirements of Resolution No. 2021-0037 (Reparations for Black Students), Resolution No. 1819- 0178 (Improving Community Engagement for Proposed School Changes), or any prior Board direction or action - a list of the school consolidations (i.e., closures or mergers) that can be reasonably implemented by Fall 2022 and/or Fall 2023; and

BE IT FURTHER RESOLVED, the Board directs the Superintendent to forward a proposal to the Board, no later than May 2022, for how the newly available facilities shall be utilized for District purposes should the Board vote to consolidate one or more of those schools.

We understand the historical impact of school closures and budget cuts on Black students, families, communities. This is why the resolution called for an impact analysis. We believe it is important to evaluate the impact these decisions have on the black community, and want to encourage the board to continue with the Resolution as is.
