Providing Multilingual Support for Young Learners at REACH Academy

Karen Choi and instructional assistants **Graciela Perez** and **Jingjia Yu** at **REACH Academy** know that language learning takes a village. So they use a variety of classroom strategies and enlist the support of parents and family members to support their young students.

- They honor and welcome the children's home languages throughout the day so that children can freely express themselves.
- They introduce the children to books that reflect different cultures and languages.
- They provide and practice sentence frames like saying: I feel (blank) because (blank). They plan open-ended prompts to support children's oral language.
- They teach new vocabulary words to enrich and expand their English Language using visuals, songs, chants, rhymes, poems, games, and activities.
- They enjoy role play and total body movement or modeling to help children fully grasp the concepts and meaning of new words.

Oakland Tech Girls Basketball Team Wins State Title

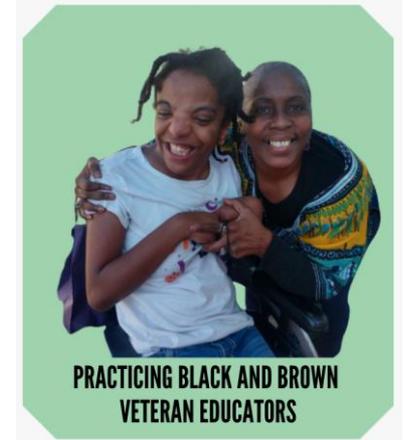

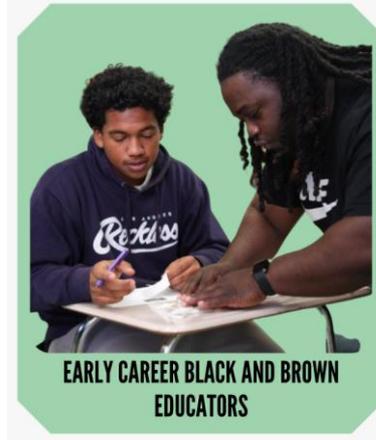

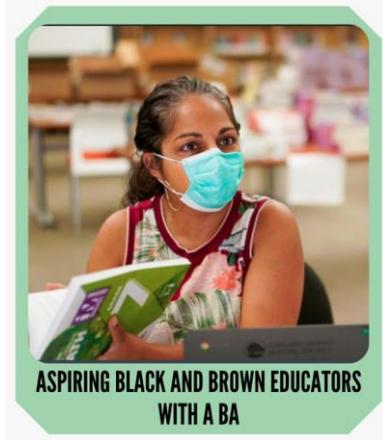

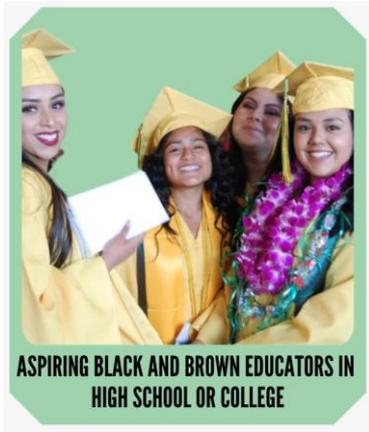

On Friday afternoon, March 11, the Oakland Tech Bulldogs won the State Championship game, to notch what amounted to their second state title in a row. They defeated the La Salle Lancers from Pasadena by 39-33 to take the California Interscholastic Federation (CIF) Division III Championship. The Bulldogs won the Championship in 2019, and there were no championships in 2020 and 2021, so this was their second in a row. I am looking forward to celebrating with them later this spring.

Growing a Diverse & Stable Staff

ATTRACTING AND RETAINING STAFF REFLECTIVE OF OAKLAND'S RICH DIVERSITY

We are building and maintaining accessible pathways into teaching and leading Oakland schools grounded in the core belief that the future educators of Oakland Unified are the children and young adults in our communities.

We are strengthening a continuum of support that encourages sustainable growth and development for teachers and removes barriers to living and working in Oakland.

Strengthen partnerships: Strengthening partnerships across key stakeholder groups in the Bay Area, in particular with individuals and organizations of color, to support the other three focus areas

Strengthen pathways: Creating clear pathways for our students to become educators, activating the desire to teach for local citizens, and providing opportunities for Black and Brown community members

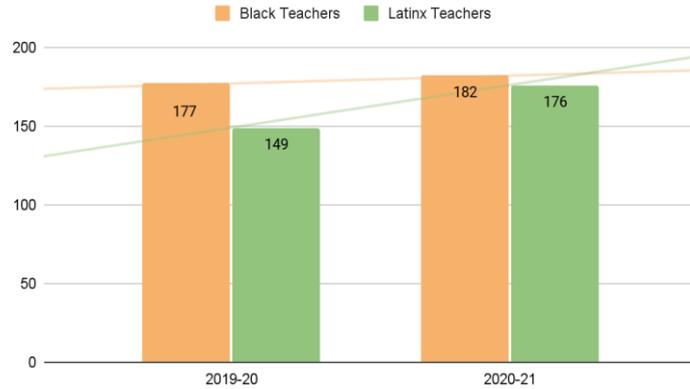

Strengthen affinity-based support structures: Establishing dynamic, affinity-based support structures for educators across OUSD

Strengthen conditions for educator learning & professional growth: Creating conditions in school that serve educators, students, and families; building nimble growth opportunities to meet educators' ever-evolving needs; removing inequitable barriers for Black and Brown folks in Oakland to become and stay educators; adapting teaching and learning based on what has been learned through the pandemic

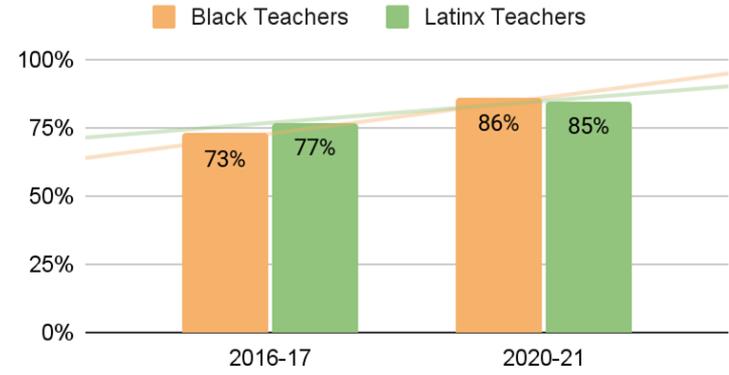

Current Context: Diverse and Stable Staff Data

LCAP Goal 4: All staff are high quality, providing optimal service to our students, families, and staff.

Focus Area 1: Black & Brown Aspiring Educators in HS & College

Our Vision: Aspiring Black and Brown educators with a BA will have a clear sense of their direction, with a pathway to a credential program, supported by structures such as cohort models, residencies, paid veteran teacher mentors, and opportunities to gain experience working within education and to build relationships with school sites. They will be encouraged to think about their long-term growth with career planning and learning about trajectories in education.

Focus Area 2: Black & Brown Aspiring Educators with a Bachelor's Degree

Our Vision: Aspiring Black and Brown educators in high school or college will be inspired by clear pathways with related projects and organized supports, such as summer programming and work opportunities.

They will be supported by college and career readiness staff in an academy structure, by their work-based learning coordinator and counselors, and by their own teachers of color.

Focus Area 2

Black & Brown Aspiring Educators with a Bachelor's Degree

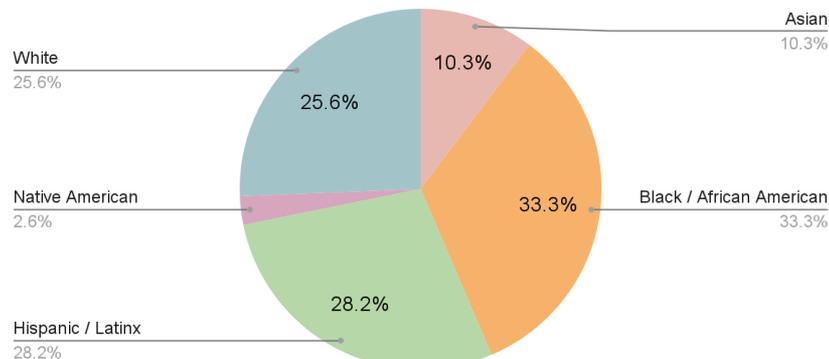

Current Progress

- Significant outreach and partnership with local colleges and universities to encourage employment concurrently and after graduation
- Targeted university outreach campaign with a focus on universities and colleges that serve higher percentages of Black and Brown educators
- Counseling, test preparation, credential fairs, drop in informations, Pathway Information Sessions, and test vouchers for aspiring staff
- Engaged Jennifer Bloom to research feasibility of in-house OUSD teacher credentialing program and had initial meeting.
- Partnered with Urban Ed Academy and CalStateTeach to apply for grant funding to establish a residency pathway for eight Black male educators each year over the course of five years. Grant has been conditionally-approved.
- We hope to expand our partnership with Alder to include Bilingual multiple subjects candidates
- Continue developing and deepening Oakland Pathways, including Oakland Teacher Residency, Classified to Teacher, Salesforce, Local Solutions, After School to Teacher, Affinity Based Support structure
- Continue to support student teaching placements with local teacher credentialing programs

Opportunities and Feedback

- Continue to develop online presence on university base recruitment tools, e.g. Handshake
- Continue to engage in a needs assessment of current staff and invite targeted staff to in-house events for engagement (e.g. Prospective Teachers Panel, Credential Info Sessions, Pathways Information Session, Classified and Certificated recruitment events)
- Surveyed Support Staff to learn more about interests in education in order to provide targeted supports through partnership with Teach Navigator
- Continue to develop affinity based cohort support through licensure and credentialing process

Focus Area 3: Black & Brown Early Career Educators

***Our Vision:** Early career Black and Brown educators will experience a personal, relational entry into teaching. They will have supports from multiple levels of the system, from district-organized affinity groups and new teacher mentoring programs to site-level systems of support. They'll have a professional development (PD) plan to support their self-sufficiency with both universal foundational PD and individualized learning in content areas of interest.*

Focus Area 4: Black & Brown Practicing & Experienced Educators

***Our Vision:** Practicing Black and Brown veteran educators will feel recognized for their experience, valued for their cultures, successful in their efforts, and respected in decision-making. They will be a part of a connected community through affinity groups, communities of practice, peers and colleagues, and site coaches. Planning time, space for reflection, peer observations, and a personalized PD plan will support the ongoing growth of their practice, as well as opportunities for continued growth into greater leadership as experienced educators.*

Retention & Recruitment Initiative Highlights

Progress Toward Vision - The Salesforce Middle School Recruitment & Retention Initiative

Salesforce (percentage of total participants receiving grant funds)

2019-20: 128 (27% Black; 16% Latino)

2020-21: 121 (28% Black; 15% Latino)

The Salesforce investment in Middle School Talent Development will help Oakland recruit new educators, as well as support the professional growth and development of our Black and Brown educators and staff already in our community. We will continue to build ways that both educators and staff can advance in their profession, including our career lattice across middle schools. As students begin to address the learning loss that has occurred due to the coronavirus pandemic, they will need qualified teachers and staff who have the skills to accelerate student learning and are prepared to create deep roots in their school community.

Activities:

- a. Provide career lattice development for classified support staff, afterschool staff, and other non-teaching support staff who aim to transition to teaching in middle school;
- b. Support workforce development for teachers who have substandard, emergency permits, or intern credentials to obtain a clear (permanent) credential to help them teach middle school;
- c. Support mid-career teacher leaders with professional development to sustain their growth and retain them in the middle school network; and
- d. Maintain a new leader induction and mentorship structure to sustain strong middle school performance for leaders

Outcomes:

- Increase the diversity of the middle school teacher workforce to reflect the demographics of the community served:
 - 35% of all support staff seeking further education and teacher licensure are African American participants; and
 - 40% of all support staff seeking further education and teacher licensure are Latinx (Latino, Latina, and others who identify as Latin American).

COVID-19 In-Person Case Dashboard 2021-22

Dashboard last updated on 3/16/2022

Dashboard is updated daily at 7am to include all reported cases with presumed positive dates occurring in the prior week (3/7/2022 to 3/13/2022). Cases for the current week of 3/14/2022 will not be reflected in the dashboard until the following Monday. Counts include cases reported for OUSD school-based staff and students who were physically present on school campuses during their infectious period for COVID-19. Data may be incomplete depending on when the case was reported/confirmed and when contact tracing was completed. The presumed positive date is the earlier of first symptom onset or positive test collection date. **Pursuant to updated guidance from ACPHD and CDPH as of 01/10/2022, classroom at-home quarantines will no longer be initiated following multiple cases. Positive cases will continue to isolate, and prolonged close contacts will be provided access to testing at school sites.**
