***ABOUT MEASURE Y:**

Measure Y is a local bond measure that funds the repair, renovation, and upgrading of Oakland Unified School District facilities.

PROJECT DESCRIPTION

The project scope will be developed by the architect through a series of community engagements with all project stakeholders including parents, students, staff, and community partners.

CURRENT ACTIVITIES

OUSD Facilities, McClymonds administration, the bridging architect, Perkins Eastman, along with the project committee made up of McClymonds stakeholders, have been working together to determine the scope of this modernization. Results of initial site assessments have been presented to the committee, and at the first public meeting was held March 1st. Findings by the bridging architects concerning budget estimations for new design scenarios will be presented at the next committee meeting March 29th, and to the public April 12th, for feedback.
