# Notes

**1. Strategy:** *Highlight 2 pathway strategic actions that would be most impactful that will help you meet your student outcome goals.*

- Integrating WBL, CTE, and Pathway Theme into Core Academic Classes
- Increasing certifications

**2. Outcomes:** *How will these strategic actions help meet your student outcome goals?*

- Increase student engagement with pathway
- Students will be equipped with real life skills for college and career -- beyond a diploma and graduation

**3. Rationale:** *Why do you believe these strategic actions will be the most impactful?*

- By embedding pathway experiences into core classes we will ensure that more students will engage.

**4. Program Changes in Response to COVID**

- Successes? Educational Technology
- Challenges? Student Engagement
- What are some practices that you developed that you would like to continue? Google Classroom
