Meeting Date August 24, 2022

Subject 2022-2023 School Plan for Student Achievement (SPSA) for McClymonds High School

Ask of the Board Approval by the Board of Education of the 2022-2023 School Plan for Student Achievement (SPSA) for McClymonds High School.

Background In accordance with Education Code 64001, the School Plan for Student Achievement (SPSA) shall be reviewed annually and updated, including proposed expenditure of funds allocated to the school through the Consolidated Application and the Local Control and Accountability Plan (LCAP) by the School Site Council (SSC). ADDITIONAL TITLE-FUNDED DISTRICT-LEVEL SUPPORTS FOR STUDENTS & FAMILIES

In addition to the actions outlined in this plan, Oakland Unified also provides Title-funded Central supports to high-need OUSD students and families, including low-income students, foster youth, refugee and asylee students, unhoused students, and others. These supports include the following:

Early Childhood Education Program

The OUSD Early Learning team works to ensure that all children are taught and supported to develop the skills and knowledge necessary for success in school. Early Learning programs and schools work together to promote school readiness and to engage families as their children make the transition to TK and Kindergarten, and to partner with families in supporting their child's development and learning by providing appropriate opportunities for families to actively engage in learning. OUSD offers both a subsidized preschool option for low-income families who meet program requirements and a full tuition option for higher income families.

Summer Learning Program

The District's Summer Learning Program provides targeted support to ensure that students who are behind academically have opportunities to catch up. We prioritize low-income youth, English language learners, foster youth, and unhoused youth for summer enrollment. Summer learning programs focus on academics and social emotional support, but also include enrichment opportunities like art and music. High school sites offer credit recovery for students who are behind in credits needed to graduate. Through 2024, our Summer Learning Program will be funded primarily through one-time COVID relief funds to enable us to offer an expanded program to more students, but will return to Title funding when these one-time funds sunset.

Transitional Students and Families Unit

The Transitional Students & Families Unit (TSF) provides supplemental support services to foster youth, refugee and asylee students and their families, and students with uncertain or unstable housing. The Unit's services include enrollment assistance; school supplies and transportation assistance; parent/guardian workshops; academic counseling; summer programming; referrals to school-based and community-based educational, social, and emotional support services; and support to school site staff. Specific services vary by individual student needs and each program's mandates.

- **Foster Youth Program:** The Foster Youth Program seeks to ensure that foster youth in OUSD receive supplemental support such as tutoring, case management, and social emotional learning opportunities. Additionally, the foster youth program seeks to ensure that foster youth in OUSD have access to all rights granted to them under California law (AB 490), such as school stability (the right to remain in their original school when they enter foster care or move, if in their best interests); immediate enrollment (the right to be immediately enrolled in a new school, even without health/education records); partial credit (the right to receive partial or full credit for work completed at other schools, a right that all OUSD students have); and fairness (the right to not be punished for court-related absences).
- **Refugee & Asylee Program:** The Refugee & Asylee Program identifies, supports, and tracks newly-arrived refugee students, providing crucial services in support of their school integration and academic success. In collaboration with community partners and other OUSD departments, the program allows schools to both refer students and reach out for assistance when needed. Specifically, the program offers school enrollment assistance, school orientation, tutoring, family engagement, and targeted summer educational support for refugee students and families. It also provides educational case management for high-need students and social emotional learning opportunities for refugee and asylee students.
- **McKinney-Vento Program:** The McKinney-Vento Program provides supplemental educational services and social support to youth and families who lack a fixed, regular, and adequate nighttime residence. This means students sharing housing with one or more families due to eviction or economic hardship, living in emergency or transitional shelters, staying in hotels/motels, trailer parks/camp grounds, or somewhere that is not designed for sleeping (e.g., a garage, an attic, a car, a park or an abandoned building). This can also include unaccompanied youth (students not in the physical custody of a parent or guardian). The services provided by the program include enrollment assistance, school supplies, backpacks, advocacy, and assistance with transportation.

2022-23 SCHOOL PLAN FOR STUDENT ACHIEVEMENT (SPSA): NEEDS ASSESSMENT

1A: ABOUT THE SCHOOL

School: McClymonds High School

School ID: 303

School Description

McClymonds High School offers an academically rigorous, grade 9-12 early college educational model that puts all students on a path to complete at least one year of college in four years and gives all students the opportunity to graduate with an Associate degree or certification. At McClymonds, every 9th grade student takes a career Exploration course that introduces the concepts and opportunities embedded within both Engineering and Entrepreneurship Pathway. At the end of 9th grade - and with the support of their mentor and advisor - students will decide which pathway they will pursue, either Engineering or Entrepreneurship. In addition, each student creates a profile that includes strengths, areas for improvement, personality and interest inventories, and college and career goals. The plan serves as a guide for the student's work with opportunities for review and adjustment as needed.

School Mission and Vision

Mission

At McClymonds High School, students create and implement 10-year STEAM (Science, Technology, Engineering, the Arts and Math) personalized pathways in a supportive climate that embraces individuality while fostering respect for others. By taking ownership of their education, students embark on a journey of self discovery, become more responsible, are held accountable so that they graduate college, career and community ready.

Vision

McClymonds High School is a premiere, transformative learning environment, building on the legacy of community activism in West Oakland, and empowering students to personalize their education pathways to become college, career, and community-ready graduates.

1C: STRENGTHS, CHALLENGES & ROOT CAUSES

Focus Area:	Priority Strengths	Root Causes of Strengths
-------------	--------------------	--------------------------

<i>LCAP Goal 1: College/Career Readiness</i>	McClymonds has a strong graduation team who works dilligently to ensure that our students are prepared for college, career, and community. Students are required to complete a ten-year plan.	Graduation Team meets regularly to coordinate and implement data-informed supports for students. Graduation Team partners with outside college access organizations (East Bay & Solano County College Consortium; Destination College Advising Corps; UAspire) as well as OUSD College & Career Readiness Specialist and College & Career Readiness Manager and Counselor to maximize resources and supports for students. Robust AAMA & AAFE programs support students throughout their career at McClymonds. Graduation requirements, college access, and career-related opportunities are consistently integrated throughout curriculum from grades 9-12.
<i>LCAP Goal 2: Focal Student Supports</i>	McClymonds' ILT has partnered with Program for Exceptional Children (PEC) to provide Professional Development (PD) for teachers to improve their pedagogy surrounding Students With Disabilities.	McClymonds' ILT realized that Students With Disabilities were failing their mainstream classes after analyzing grade data.
<i>LCAP Goal 3: Student/Family Supports</i>	McClymonds a Behavior Specialist who is also facilitates a Mastering Cultural Identity class that supports our African American female students.	Our Behavior Specialist is a fixture in the McClymonds community and able to connect with the families of our Tier 2 and Tier 3 students.
<i>LCAP Goal 4: Staff Supports</i>	McClymonds teachers are 11-month Teachers on Special Assignment (TSA). Extra planning time allowed for focused planning during extra month of prep time.	Our teaching staff was able to plan and organize themselves to implement distance learning with Google Classroom, Zoom and other intruactional tech apps with some whole school alignment to support learning.
Focus Area:	Priority Challenges	Root Causes of Challenges

<i>LCAP Goal 1: College/Career Readiness</i>	Deveveloping a consistant College and Career Readiness team who are trusted by families who are leary of sharing sensitive financial information. Lack of hands-on in-person learning has been challenging to make CTE-related skills and competencies relevant during distance learning.	>50% of students at each grade level are off-track to graduate, requiring credit recovery in at least one class. This takes away from other college and career opportunities in which students could be participating. Due to a lack of funding, we are unable to offer credit recovery during the school year. Additionally, many students who transfer into McClymonds are substantially behind in credits and are off-track to graduate.
<i>LCAP Goal 2: Focal Student Supports</i>	Students with Disabilities are struggling to find success in their mainstream classes.	McClymonds lost three veteran SpEd teachers two SDC and one Resource teacher.
<i>LCAP Goal 3: Student/Family Supports</i>	The African American female students of McClymonds are engaging in many negative behaviors resulting in fights, suspensions.	The African American female students of McClymonds are reading multiple grades below grade level. This fact impacts their success in the rest of their core classes given the fact thatthey are not able to access the expository text in those classes.
<i>LCAP Goal 4: Staff Supports</i>	Staff attendance has been an ongoing challenge.	Due to a lack of subs, teachers are required to cover additional classes on a daily basis. This has created frustration and burnout school-wide

1D: IDENTIFIED NEED

To develop the school goals and targets outlined above, school leadership worked with staff, the School Site Council, and District support teams to review student performance data and complete a root cause analysis for each area of challenge and strength. The school also reviewed Districtwide LCAP targets. Based on this analysis, the school crafted goals and set annual growth targets.

1E: RESOURCE INEQUITIES

Teacher vacancies staffed by substitutes impact the culture and climate of the school. The personnel committee will begin recruiting teachers after the end of the first semester.

1F: SCHOOL PLAN FOR MEETING ESSA REQUIREMENTS

To ensure that this school's SPSA effectively meets ESSA requirements, the school has reviewed student performance data for all students, with special attention to historically underserved student groups, including low-income students, students with disabilities, English learners, African-American students, and Latino/a students. The school has developed practices to address the unique needs of each student group, and will measure effectiveness of these practices by monitoring practice implementation and tracking progress towards the school's annual student performance targets. Goals, targets, practices, and budget expenditures align to Oakland Unified's LCAP goals and to the specific purposes of each funding program.

School: McClymonds High School

SPSA Year Reviewed: 2021-22

SPSA Link: [2021-22 SPSA](#)

2A: OVERALL IMPLEMENTATION & EFFECTIVENESS OF THE CURRENT SPSA

Briefly describe the overall implementation so far of the current SPSA strategies and actions. If any staffing or activities changed after completing the SPSA last spring, please describe.

After implementing our 2021-22 SPSA we added a Reading Teacher to support our students who are reading multiple grades below grade-level.

Describe and explain the effectiveness of the strategies and actions to achieve the articulated goals.

The Read 180 classes that were added to the master schedule allowed us to target our students who were reading multiple grades below grade-level. Improving reading levels also helped our students find success in the core classes.

Describe any changes that will be made to achieve annual goals, outcomes, or strategies/actions as a result of this analysis. Identify where those changes can be found in the SPSA.

Changes that will be made will include a stronger focus on students with IEPs and African American female students in addition to a general focus on students who are reading below grade level.

2B: CURRENT YEAR TITLE I-FUNDED PROGRAM EVALUATION

Title I Expenditure	Target Addressed by Expenditure	Actions/Activities <i>(e.g., what does this person or program do?)</i>	What is working? Why? What is not working? Why not?	Based on this evaluation, what will you change, continue, or discontinue? Why?
Behavior Specialist	Student Connectedness to School	The Behavior Specialist meets with students who are disconnected to school and are not being successful. The Behavior Specialist also is a co-leader of the C.O.S.T. (Coordination of Services Team). The Behavior Specialist will also facilitate a Master Cultural Identity class to engage with our target population of African American female students.	We have been able to find success with placing our behaviorally challenged female students in the Mastering Cultural Identity class where they are learning strategies to improve their self advocacy skills. Self Advocacy is one area where this target group often get in trouble.	One change that we will make is to group the ninth graders together and not place them with upper classmen.

To be allocated in Fall 2021.	A-G Completion	Extended contracts for teachers who are working with students who are failing to provide additional academic support for students who are failing.	Having multiple teachers who are offering support for students has been helpful. This allows students the opportunity to work with additional teachers who are able to offer them more small group or one on one assistance.	We would continue this offering. We have found that some students may require a different pedagogy to find success with the subject matter.
To be allocated in Fall 2021.	Staff Satisfaction with Professional Development	Purchased technology (ie. LCD projectors and document cameras that will allow teachers to replicate strategies that they learn during professional development (PD). Teacher stipends/extended contracts for small-group academic intervention; enrichment opportunities such as Photography and other types of programming. Utilize unallocated Parent Title 1 funds for parent workshops to build parents capacity to properly engage with their students and the school.	What is not working is the turnaround that is required when ordering technology. Parents are not actively engaged with the school outside of athletics.	One change that we will make is to make sure we have the equipment on site that we use to model lessons with so that teachers can immediately utilize in their classrooms. We will continue to offer parenting workshops. We would also like to identify parent engagement conferences for our parents.

3: SCHOOL STRATEGIES & ACTIONS

[Click here for guidance on SPSA practices](#)

LCAP Goal 1: All students graduate college, career, and community ready.

School Priority:

100% of McClymonds students will engage with curriculum, opportunities, and interdisciplinary projects that integrate the acquisition and application of real-world skills and competencies to provide students with a rigorous, 21st-century experience that gives students exposure to and preparation for post-secondary success.

School Theory of Change:

If we implement interdisciplinary projects across content areas and across grade-levels, then students will receive meaningful exposure to college and career readiness competencies that will help them engage successfully with post-secondary opportunities.

Students to be served by these actions:

All Students

School Priority:	Increase student engagement and overall school wide experience for our Students With Disabilities by providing teachers with professional development to improve their pedagogy in regards to deescalation strategies and also supporting students who are in need of additional supports.
School Theory of Change:	Students With Disabilities who are not able to engage in the mainstream academic program are acting out to get sent out of class. If teachers become better equipped in utilizing deescalation strategies with our Students With Disabilities, this student population will have a greater chance to find success with their mainstream academic program.

School-Parent Compact

McClymonds High School

2020-21

This School-Parent Compact has been jointly developed with parents and family members and outlines how parents, the entire school staff, and students will share in the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State of California's high academic standards.

This School-Parent Compact is in effect for the 2020-21 school year.

School Responsibilities

The school agrees to carry out the following responsibilities to the best of their ability:

- 1) Provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the students served under Title I, Part A to meet the State of California's challenging academic standards.**

Teachers will provide standards-based instruction. Students will enroll in a pathway by their tenth grade year. The ninth grade students will participate in the project-based Summitt Learning Platform.

- 2) Hold parent-teacher conferences during which this compact will be discussed as it relates to the individual child's achievement.**
