Board Cover Memorandum

To Board of Education

From Mike Hutchinson, President, Board of Education
Clifford Thompson, Vice President, Board of Education
Dexter Moore, Jr., Acting Chief of Staff

Meeting Date February 8, 2023

Subject Discussion of Future Legislative Priorities

Ask of the Board The Board of Education will review and discuss key components of legislative priority areas ahead of the development of their 2023 Legislative Platform.

Background For the past several years, the Board of Education has adopted a legislative platform that guides the work of the District’s legislative advocacy in Sacramento. In previous years, the OUSD legislative platform supported positions that were adopted in state law and/or acknowledged as State priorities in several areas, including career technical education, early childhood education, school facilities, charter schools, and others.

This discussion of legislative priorities by the entirety of the newly elected Board will guide the work of the OUSD Intergovernmental Relations committee in bringing forward a legislative platform that represents their current interests, while addressing a range of topics beyond fiscal matters to support our local education efforts and students.

Discussion To ensure collective awareness and education from the current Board on the legislative landscape, OUSD’s legislative lobbyists from School Services of California will present key components of legislative priority areas for consideration and discussion.

Fiscal Impact There are no fiscal impacts for this discussion. However, there are a number of fiscal impacts that can accrue through adoption of the Legislative Platform. Some of the positions can lead to increased funds for the District. Other positions can help avoid costly new mandates
