### Outline

- Context
- Changes for 2023-24
- Projected LCFF Supplemental & Concentration Carryover
- Areas still to be included before final LCAP adoption

### Context

- The Local Control and Accountability Plan (LCAP) is the overall District plan toward our vision, Quality Community Schools.
- 2023-24 is **Year 3** of implementation for the 2021-2024 three-year LCAP.
- This is an adjustment year, not an overhaul year:
  - Review and adjust investments to better meet identified student needs.
  - Respond to changes in LCAP guidance.
  - Incorporate new funding and new data.

### Changes to the 2023-24 LCAP (Year 3)

- The LCAP must include goals and actions to improve the performance of consistently low-performing student groups (identified for differentiated assistance based on the CA School Dashboard for 3+ consecutive years).
- For 2023-24, the following student groups are identified:
  - Black/African-American students
  - English Learners
  - Foster youth (*new for 2023-24*)
  - Unhoused (homeless) youth
  - Pacific Islander students (new for 2023-24)

### Changes to the 2023-24 LCAP (Year 3)

- Many positions moving into the LCAP for the first time due to funding shifts into LCFF S&C or one-time COVID relief funds
  - Positions are not new, but presence in the LCAP is
  - Some split-funded positions are now whole in the LCAP
- Addition of new state grants approved after 2022-23 LCAP adoption
  - California Community Schools Partnership Program, others
- New section to support use of LCFF Supplemental funds for teacher retention through compensation increases in Goal 4
  - Significant investment of LCFF Supplemental to fund increases

### **LCFF Supplemental & Concentration Carryover**

- Beginning in 2022-23, districts were required to separately track and budget for LCFF Supplemental and Concentration carryover each year.
  - OUSD began tracking these funds in 2020-21, ahead of the changed state requirement.
  - All S&C carryover funds are reflected in Resource 6.
  - Beginning with last year's LCAP, the prior year's carryover was reported and budgeted for in the LCAP.

### **LCFF Supplemental & Concentration Carryover**

- Projected carryover is currently **\$35M**
- How will carryover be spent in 2023-24?
  - Continued investments in declining enrollment schools and programmatic investments in designated schools
  - Continued investment in sports/after school inclusion for students with disabilities (CAC request)
  - Ensuring that schools are kept whole for 2023-24 school year once raise is implemented
  - Preserving S&C-funded positions for 2023-24 school year once raise is implemented
  - O Other potential uses proposed by Board, staff, community, or others
