Sustainable Community Schools Redesign Process A School Improvement Framework

Sondra Aguilera, Chief Academic Officer
Monica Thomas, Deputy Chief of Continuous School Improvement June 7, 2023

Our Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

Our Mission

Oakland Unified School District (OUSD) will build a Full Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

Ask of the Board

This item is presented for the purpose of obtaining feedback on proposed School Improvement Framework, a response to Redesigning OUSD schools as noted in Resolution 2223-0036.

Reflections

School improvement work is messy and non-linear. It takes time and dedicated resources

Leadership development is essential.

It cannot be "extra" or "separate." This is our core work.

It cannot happen in a vacuum—overall district systems need to improve simultaneously

Build on recent innovations in virtual learning, edtech, and personalization.

Family and community engagement is foundational. After school and community based organizations are important partners.

Design and implementation need to sit together.

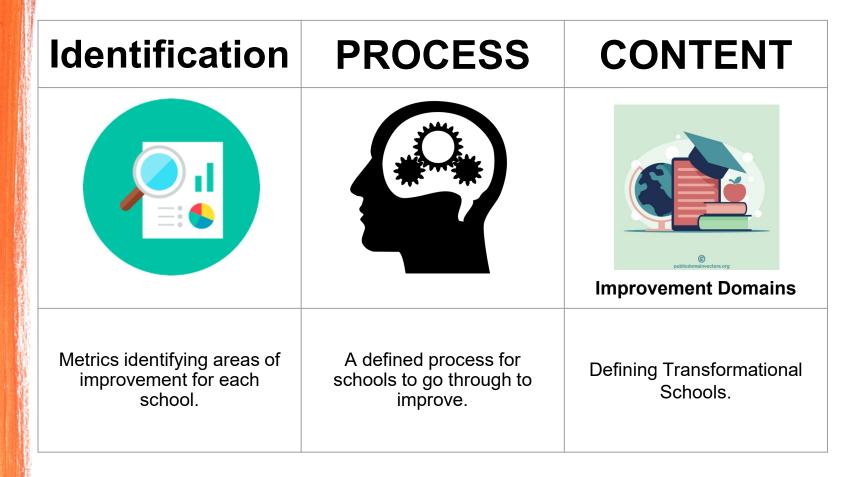

Outline

- Metrics to be used to identify areas for improvement at all school sites;
- Improvement Process; and
- Improvement Domains.

School Improvement Framework

School Improvement Metrics

Norm Referenced vs. Criterion Referenced

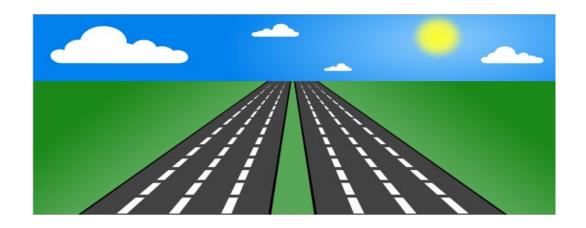

Norm Referenced	Criterion Referenced
How schools compare to other schools.	How schools compare to a set criterion, such as a predetermined standard.
Rank and Compare.	Set a standard and compare schools against that standard.

Recommendation: Criterion Referenced

All Schools are compared against a standard (set of metrics).

Two Paths for School Improvement

TARGETED Improvements

TRANSFORMATION

Majority of Schools

Small Selection of Schools

Enrollment

School Enrollment

Attendance area enrollment (# of students in the attendance area enrolled in Oakland public schools, including charter schools)

and % of school enrollment from its attendance area

and % of students from the attendance area who attend the neighborhood school First choice applications

Demand Rate (# of 1st choice app/recommended entry grade enrollment)

Staffing/Budget

Recommended number of classes per grade based on short-term projection Entry grade sustainability (recommended entry grad enrollment/actual entry grade enrollment)

Staffing Costs

- Cost for Admin/Services Per Pupil
- Total Base Cost per Pupil
- Total non-SpEd per Pupil Cost

Facility

Facility Condition Index (FCI) # of classrooms above 600 sqft Facility RRMA allocation per student Facility Deficiency Cost per classroom Optimum number of classes per grade based on facility

Additional Considerations

Average distance traveled to school **Teacher Retention Rate**

- Unhoused

@OUSDnews

School Improvement Process

Shifts in our approach to School Improvement

Shift from	to
identifying a few schools for improvement	district-wide commitment to improvement at all schools
siloed design work led exclusively by staff	intentional partnership with community
rewards or sanctions as an impetus	quality and equity for students as a driver
broad definition of (re)design and open- ended innovation	design and improvement aligned to our strategic vision and community needs
improvement in a vacuum	improvement to the overall system
