2024-25 BOARD WORK PLAN

Strategic Plan Initiative #1: Ensuring Strong Readers by the Third Grade: Accelerating Citywide Efforts to Guarantee Literacy for all.			
Strategic Plan Initiative #2: Supporting Empowered Graduates: Developing Essential Skills to Secure Post-Secondary Success			
Deliverable #1: Adopt a shared vision and definition for the District's Quality Community Schools model		Deliverable #2: Initiate an impact evaluation of board adopted reading programs from early to middle grades.	
Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? Our District's academic goals are intrinsically tied to the Quality Community Schools model that we are implementing, and now in the third year of the California Community Schools Partnership Program first cohort, it is time to articulate a definition of that model that is useful to the schools and communities that are using it.		Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? We have several board adopted reading programs in use across the District, and it is the Board's goal to establish how the District will evaluate these programs for the purpose of renewing and expanding the use of those that are successful according to those metrics.

2024-25 BOARD WORK PLAN

Strategic Plan Initiatives #s 1 & 2, continued:	
Deliverable #3: Improve the board’s process for the adoption of the SELPA Plan	
Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students?	
<p>The adoption of the annual SELPA Plan by the Board requires not only significant preparation time by staff, but also time for community input and transparency. In the past two cycles, the timeline raised some concerns with the Board, resulting in delays, concerns from the community, and additional work for staff.</p>	
<p>Key Strategies & Investments:</p> <ul style="list-style-type: none"> ● Ensure consistent attendance from a Board Member at monthly Community Advisory Committee (CAC) convenings; ● Convene a board study session to understand the continuum of services, fiscal resources, incidence rates, and eligibility projections for the SELPA in early Winter; ● Engage in ‘2x2’ meetings with the Executive Director and counsel annually to review legal costs, trends, and learnings; ● Engage in ‘2x2’ meetings with the SELPA Director and Executive Director in late Winter to review anticipated expenditures for labor, nonpublic services and programs, and nonlabor investments; ● Calendar the public hearing for an early date in May to ensure ample time for county review and timely submission to the state. ● Monitor the completion of all necessary antecedents to public hearing closely, including document translation and public posting.

2024-25 BOARD WORK PLAN

Strategic Plan Initiative #3: <i>Creating Joyful Schools: Reimagining schools to be places of joy, inclusion, and beauty</i>			
Deliverable #4: Adopt a shared vision for the District’s asset management strategy and footprint across all facilities.		Deliverable #5: Develop and adopt an Environmental Sustainability Policy that addresses the long-term needs of District facilities.	
Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? The Board is responsible for ensuring that District-owned facilities are put to their highest and best use in the service of our students and families while still holding true to the Board’s fiduciary responsibilities. The District expends resources which could be better used supporting students in maintenance and safety services for vacant and underutilized properties across Oakland, while there are significant needs based on District priorities that are not being served due to lack of dedicated space for those needs. If effectively developed, a portfolio of options including but not limited to workforce housing, affordable housing, revenue generation, community services and one time funds will better support the District’s vision and goals.		Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? In 2020, the Board adopted a Climate Emergency Resolution that committed the District to achieving sustainability goals, including development of this policy, which will prepare the District for the long-term economic and social impacts of severe climate change in Oakland. The Facilities Department will identify a suite of strategies that support the management of our energy portfolio to maximize cost avoidance to the general fund.	
Milestone	What will be true at the district level? How will we know?	Milestone	What will be true at the district level? How will we know?

Deliverable #6: Adopt a plan for development of a District Facilities Master Plan in 2025 and a robust deferred maintenance plan for key systems such as drinking water systems, electrical systems, heating and cooling systems, safety systems, and other critical infrastructure.	
Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students?

Strategic Plan Initiative #5: Creating a Sustainable and Thriving District			
Deliverable #8: Adopt modified Board Policies and approve modified budgeting practices as part of Resolution No. 2324-0212: Re-envision, Redesign, and Restructure (3Rs).		Deliverable #9: Complete fiscal systems audit to demonstrate continued progress towards exiting receivership by 2026.	
Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? The District has adopted a budget allocation model that has created new levels of fiscal challenges and impacted the desired maximization of resources where annual reductions have coincided with annual increases in staffing and other investments. The District's policies to fund and provide resources to other areas of responsibility to include managing its facilities and deferred maintenance cost have not been achieved and are imperative to provide joyful, modernized, and safe school campuses.		Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students? The District has been in various degrees of fiscal distress and oversight over the last 21 years. We are excited to move forward the Fiscal Systems Audit as part of a great grand step to exit receivership. This will allow the District to move forward in local control AND accountability over all financial and operational models.

2024-25 BOARD WORK PLAN

Strategic Plan Initiative #5: *Creating a Sustainable and Thriving District*

Deliverable #10: Approve renewals for those charter schools that have submitted them which are sustainable over their terms, are helping students achieve high academic outcomes, and are serving all students who wish to attend.

Why Does this Align to our Vision and How Does it Allow Us to Implement our Vision for Students?

As a responsible authorizer of charter schools, the District is not only obligated to follow all applicable laws and procedures regarding its oversight of those schools via the renewal process, but also takes very seriously the obligation to ensure that all Oakland students, not just the ones enrolled in its own public schools, are able to enjoy stable and welcoming school environments that serve all learners with excellence.

Milestone

What will be true at the district level? How will we know?

S1 Milestone (Jan 2025)

Complete all initial and decision hearings for those charter schools that apply for renewals according to the applicable timelines, and approve the renewals as set forth in state charter law in compliance with the vision and board policies of the District

S2 Milestone (End of June 2025)

Designate welcoming public schools for students from any charter schools in Oakland whose renewals are denied (whether they were previously authorized by the District or by Alameda County).
