Across the Bay Area, school districts, community colleges, and universities have expressed a dire need for college and career exploration activities to supplement college readiness efforts and guidance on pathways to various careers and industries. The College & Career Exploration Fund was designed to support a range of work-based learning, college-going, and professional development experiences to support students and educators in three designated subregions – East Bay, San Francisco/Peninsula, and San José. The Bay Area K-16 Collaborative invited institutions to apply for resources to host an event, activity, or experience to increase awareness in the industries of Healthcare, Education, and/or Engineering/STEM.
