Ask of the Board Approval of Memorandum of Understanding and Interagency Agreement (MOU or Agreement) for a Fieldwork Learning Experience Program—applying to District placements of University students, regarding course work for Advanced Degrees and Certifications, including covered categories in the fields of Health Sciences, as specified (*Article 1/F*), and including Master of Arts or Science and other Graduate-Level Degrees or Certifications with Emphasis in Pupil Personnel Services, and other Pupil Personnel Services (PPS) credentials and certifications, as may be specified (*Article 2/E*)—is entered into by and between OAKLAND

UNIFIED SCHOOL DISTRICT (District or OUSD), a public school district in the State of California, County of Alameda, and UNIVERSITY OF ST. AUGUSTINE FOR HEALTH SCIENCES (University, or USA), a private, for-profit, health sciences university in San Marcos, California, with campuses in St. Augustine, Florida, Miami, Florida, Austin, Texas, and Dallas, Texas—for the term January 1, 2025 through June 30, 2029, at no cost to the District other than for certain Non-Teaching Interns in PPS categories (*Article 4/#2*), who are not employees of the District but may be allocated stipends (*Article 4/#3*) drawn from non-profit organizational grants to the District (e.g. Ed Fund), administered by the relevant departments of the District. [See Fiscal Impact]

Background

In cooperation with institutions of higher education (IHEs), state-approved colleges and universities, the District has traditionally placed Practicum Students in classrooms, departments or other clinical settings in which they can fulfill their credential and/or degree requirements. In this vein, college or university students enrolled in credential or degree programs covered by such MOUs (e.g. administrative services or other pupil personnel services/PPS), or enrolled in MA or MS degree programs requiring Fieldwork Experience in PPS categories, may be placed in practica (Fieldwork Experience) assignments in District departments, school sites, or clinical sites. It is the prerogative of IHEs to award honoraria or other compensation (e.g. continuing education units) to District employees selected as “Master” practitioners (District Supervisors for practica or Fieldwork Experience) for their work with IHE students assigned to practica or Fieldwork Experience. If honoraria are awarded, District Supervisors of IHE practica students may receive payments directly from the IHEs.

UNIVERSITY OF ST. AUGUSTINE FOR HEALTH SCIENCES (University, or USA) expects to place several of its students for Fieldwork Learning Experience in the Oakland Unified School District in the years covered by this Agreement.

The District’s affiliation with the *University* supports efforts to recruit qualified practitioners of Pupil Personnel Services in areas of need—e.g. the Departments of Special Education, Special Education Related Services, Behavioral Health, and Newcomer Wellness Initiatives, and in other Pupil Personnel Services as may be relevant or specified in *Covered Categories or Definitions (Article 1/F; Article 2/E)*.

* * *

Fieldwork Learning Experience programs, or Practica refer to Master of Arts or Science (MA/MS) or other Graduate-Level Degrees or Certifications Requiring Fieldwork Experience in a Departmental, Clinical or School-Based Program, with emphasis on Pupil Personnel Services—Specialists, as defined in *Article 2/E*—refers to activities of *University students* enrolled in a relevant Graduate-Level Degree or Certification Program at the *University*, who are [engaged in](#) District Departmental or Clinical assignments or placements, which are programmatically neither classroom practica nor employment-based internships, as defined

elsewhere in this Agreement, through any other *University* graduate programs, but rather practica or internships defined by those *University* programs, which require use of District facilities for practical learning experiences and the provision of services to and for the District in a manner which is mutually beneficial to *University* students engaged in a graduate-level fieldwork experience program and the District for its strategic talent development in providing services to District students, wherein the affiliated department of the District accepts professional responsibility to assist in the educational experience of the *University* students enrolled in such programs, and holds interest in providing sites for implementation of the *University* program, providing for teaching and practical experience of *University* students, and assisting the *University* with its relevant curricula. Given the distinction, noted above, regarding the particular programmatic definitions of fieldwork, practica, or internship assignments or placements in the District, *University* students engaged in the Fieldwork Learning Experience Program, whether defined as practica or internships by the *University*, are not to be considered employees of the District, and for purpose of liability insurance and indemnification shall be specified as such, in the same category as all practica students placed at District sites.

* * *

University students placed for Fieldwork Experience, as noted above, will be supervised by professional District personnel in the relevant departments, and at clinical sites or school sites, according to District protocols for such placements, and by *University* personnel, according to operational guidelines and protocols of the *University* programs in which they are enrolled. This Memorandum of Understanding does not specify the number of *University* students, in any covered category, to be placed by OUSD at school sites, or in department or clinical site settings. Placement will be based upon the needs of the District and the qualifications of *University* students.

* * *

Overall, it should be noted that the District’s partnerships with colleges and universities support District efforts to recruit qualified providers in pupil personnel services. The existence of approved Fieldwork Learning Experience programs in advanced-degree and credential categories, in particular, provides viable alternatives for qualified graduate students requiring full-time placement—those either already enrolled in Fieldwork Learning Experience programs, seeking enrollment in such programs, or considering pupil personnel services as a profession.

District departments making assignments of *University* students for Fieldwork Learning Experience in PPS categories expect that in the school year 2024-25, and each year continuing through the term of this Agreement, the District will place several advanced-degree candidates from the *University* in department, clinical, or school-site settings to provide services to District students and families. In any

case, the number of such placements will depend upon the needs of the District and the qualifications of *University* students seeking those placements.

Discussion

Approval of Memorandum of Understanding and Interagency Agreement (MOU or Agreement) for a Fieldwork Learning Experience Program—applying to District placements of *University* students, regarding course work for Advanced Degrees and Certifications, including covered categories in the fields of Health Sciences, as specified (*Article 1/F*), and including Master of Arts or Science and other Graduate-Level Degrees or Certifications with Emphasis in Pupil Personnel Services, and other Pupil Personnel Services (PPS) credentials and certifications, as may be specified (*Article 2/E*)—is entered into by and between OAKLAND UNIFIED SCHOOL DISTRICT (District or OUSD), a public school district in the State of California, County of Alameda, and UNIVERSITY OF ST. AUGUSTINE FOR HEALTH SCIENCES (University, or USA), a private, for-profit, health sciences university in San Marcos, California, with campuses in St. Augustine, Florida, Miami, Florida, Austin, Texas, and Dallas, Texas—for the term January 1, 2025 through June 30, 2029, at no cost to the District other than for certain Non-Teaching Interns in PPS categories (*Article 4/#2*), who are not employees of the District but may be allocated stipends (*Article 4/#3*) drawn from non-profit organizational grants to the District (e.g. Ed Fund), administered by the relevant departments of the District. [See Fiscal Impact]

Fiscal Impact

Funding of the various *UNIVERSITY OF ST. AUGUSTINE FOR HEALTH SCIENCES* Programs regarding Pupil Personnel Services is not covered under this Agreement. There will be no fiscal oversight of the *University* program.

If an honorarium is to be paid by the *University* to a District Supervisor for the assignment of a *University* student to Fieldwork Learning Experience in a Covered Category, an honorarium form and a vendor form will be sent directly to the District Supervisor to be completed, signed, and returned to the *University*. The *University* will process the honorarium form at the end of the semester in which the *University* student was supervised. Any honoraria of payment provided in the Agreement will be transmitted by the *University* directly to Supervisors.

It should be noted that regarding the Fieldwork Experience Learning program (*Article 2/E*), *University* students placed for Fieldwork Learning Experience as Non-Teaching Practica Students or Non-Teaching Interns (*Article 4/#2*), who are not employees of the District, may be allocated stipends (*Article 4/#3*) drawn from non-profit organizational grants to the District (e.g. Ed Fund), administered by departments of the District—in PPS categories (e.g. Clinical School Psychologist, School Counselor, Marriage and Family Therapist, Speech and Language Pathologist, Occupational Therapist, or Social Worker), under operations of the departments of Special Education, Special Education Related Services, or Behavioral Health—through which *University* students are placed.

ARTICLE 2: DEFINITIONS—PROVISIONS AND GUIDELINES FOR PROGRAMS

- A. *Non-Teaching Fieldwork Student or Non-Teaching University Fieldwork Student (or Non-Teaching Intern)* in this Agreement may, in some District departments or clinical sites, refer to a candidate enrolled in a covered program at the University, which leads to an advanced degree or certification in any respective covered category. Non-Teaching Fieldwork Students, or other candidates engaged in Fieldwork Learning experience, may not be employees of the District, therefore not holding positions-of-record regarding the credentials or authorizations for which they are candidates in their respective covered categories.

Non-Teaching Fieldwork Students (or Non-Teaching Interns) may not be subject to certain CTC guidelines provided in terms of this Agreement for other specified Interns employed by the District in positions-of-record, such as Teacher Interns—requirements of eligibility, preservice experience, professional examinations, placements and assignments, frameworks concerning student populations served, inservice training, program support, supervision or coaching, duties and functions, and District employee assessment-and-evaluation protocols—as may be determined by the District department providing placement for Non-Teaching Interns.

- B. *Fieldwork Learning University Supervisor, University Academic Supervisor, Clinical Academic Supervisor, or Supervisor* in this context refers to a representative of the University meeting the criteria established by the University for this position. Criteria for Supervisor, respective to the credential program under consideration, are: Master’s

Given the distinction, noted above, regarding the particular programmatic definitions of practica or internship assignments or placements in the District, University students engaged in the Fieldwork Experience Program, whether defined as practica or internships by the University, are not to be considered employees of the District, and for purpose of liability insurance and indemnification (re: *Article 5*) shall be specified as such, in the same category as all *practica* students placed at District sites.

University Student Status Specific to this Agreement:

Under this Agreement, University students shall not be entitled to any monetary remuneration or compensation from either the District or the University for services performed by students within the course of any Clinical Program, except as specified in *Article 4/#3*, regarding *Non-Teaching intern salary and benefits* connected with programs managed by the District department of Special Education or associated departments. Students who do receive compensation by any means must be made aware of, and be in compliance with, rules and regulations of the Board of Behavioral Sciences (BBS) or any other governing body, pertaining to payment of trainees.

University students assigned and placed for non-teaching internships (Fieldwork Experience)—not including Interns in School Counseling, Administrative Services, or other PPS positions that may be governed for credentialing under authority of the CTC, and who thereby may apply for Intern Credentials and be employed by the District—may not be employees of either the District or the University, regardless of the nature and extent of any activities the students may undertake in the assignment or services they provide in implementation of the program. Any payment of compensation will not in itself create an employee/employer relationship between a student placed for Fieldwork Experience and either the District or the University. Therefore, neither the District nor the University assumes, without prerogative, any liability under law on account of any act or service of a student placed for Fieldwork Experience, regarding training, performance of activities as assigned, or travel pursuant to this Agreement, except as may be specified in provisions covering university student liability insurance, as noted below. (re: *Article 5, District and University Insurance and Indemnification*; and *Article 5, Liability Insurance relevant to University Practica Students*)

University Student Liability Insurance Provisions Specific to this Agreement:
Provisions regarding liability insurance will apply to University students in Clinical Program placements by the same terms as apply to all practica students. (re: *Article 5, District and University Insurance and Indemnification*)

Based on these Recitals and Definitions, the District and the University agree as follows:

ARTICLE 3: TERMS OF AGREEMENT

1. Term of Agreement — Amendment, Renewal, Termination: The term of this Agreement will be four (4) years and six (6) months, from January 1, 2025 through June 30, 2029, effective upon execution by the authorized representatives of both parties. This Agreement will be reviewed annually, and may be amended and renewed by mutual written consent. This Agreement will continue in force, provided that either party may terminate this Agreement, with or without cause, at any time, upon thirty (30) days prior written notice to the other party.

In the case of termination of this Agreement, all University students placed for Fieldwork Learning Experience District schools, departments, or clinical sites, as of the date of termination or expiration of this Agreement, will be permitted to complete their Fieldwork Learning Experience with the District; and the District may elect to implement employment of any University student, beyond the term of this Agreement, subject to the evaluation and employment protocols of the District.

The District and the University agree to return any property of the other, being used in implementations of this Agreement, to the other within thirty (30) days of the early termination or expiration of the Agreement or within such other timeframe as agreed upon by the parties in writing.

ARTICLE 4: NON-TEACHING INTERN STATUS AND RESPONSIBILITY

2. Non-Teaching Intern Employment Status: A Non-Teaching Intern (Fieldwork Learning Student)—defined as serving in Pupil Personnel Services: e.g. School Counselor; Clinical School Psychologist; School Psychologist—may not be considered an employee of the District, but may be placed within the District, at school sites or in departments, as a temporary-assignment intern.
3. Non-Teaching Intern Salary and Benefits: Compensation for field services by a Non-Teaching Intern (as defined above) may be by stipend, according to policies of the governing District department, rather than by salary according to any collectively bargained contract for a District Certificated Employee-unit. If required by law, federal, state, local income, occupational taxes, or FICA taxes for such an intern may be processed by the District, with federal and state tax documents provided by the District also according to law.

ARTICLE 5: DISTRICT AND UNIVERSITY INSURANCE AND INDEMNIFICATION

4. Acknowledgment of Insurance Status: This Agreement acknowledges that the District is permissibly self-insured for all required coverages. In the case that the University is self-insured for all required coverages, the University will provide a legally authorized document so stating, or it will provide a Certificate of Insurance, issued by the Insurer. The District and University each agree to keep in full force and effect, during the term of this Agreement, insurance to meet their respective obligations and liabilities hereunder. Upon request, each party will provide the other with evidence of such insurance.

Such insurance will include but not be limited to the following:

- a. *Commercial General Liability* in the amount of one million dollars (\$1,000,000) per occurrence and three million dollars (\$3,000,000) aggregate;
- b. *Professional Liability* or *Corporal Punishment Liability* coverage, in the amount of one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate;
- c. Either of the following — *Improper Sexual Conduct and Sexual Abuse Liability*; or *Sexual Abuse and Molestation Liability*—in the amount of one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) aggregate; if the University does not maintain a stand-alone sexual and molestation insurance policy, equivalent coverage embedded in its general and professional liability self-insurance program is acceptable.
- d. *Automobile Liability* for bodily injury, personal injury and property damage, considering only the District and the University, each on its own account, or employees or agents of either engaged in official operations, under direction of either the District or the University respectively, if determined liable by virtue of mediation, arbitration, or litigation, as may be applicable under terms of this Agreement;
- e. *Workers' Compensation* coverage to statutory limits, as it applies to University employees;
- f. *Employer's Liability* coverage.

The District will defend, indemnify and hold the University, its officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees), or claims for injury or damages resulting from the performance of this Agreement, only insofar as such claims may be made during the policy period, and only in proportion to and to the extent such liability, loss, expense, attorneys' fees or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the District, its officers, employees, or agents.

The University will defend, indemnify and hold the District, its officers, employees, and agents harmless from and against any and all liability, loss, expense (including reasonable attorneys' fees), or claims for injury or damages resulting from the performance of this Agreement, only insofar as such claims may be made during the policy period, and only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury or damages are caused by or result from the negligent or intentional acts or omissions of the University, its officers, employees, or agents.

By virtue of this Agreement, the University does not assume any liability under any law relating to workers compensation on account of any act of any University student performing any activity related to or arising out of this Agreement. The University’s indemnification and insurance coverage herein will in no way be construed as to cover its students placed for practica or employed as Interns in the District, concerning their acts or omissions resulting in injury, damages or claims performed during the course and scope of their placement or employment with the District or arising out of the performance of this Agreement in that regard.

Liability Insurance relevant to University Students in Fieldwork Learning Experience (practica or non-teaching internships) shall be determined by the University according to **one of the following provisions**, given the insurance certification of the University; **the University shall inform the District of this coverage, specifying the framework that applies:**

- a. University shall require each Fieldwork Learning Experience student (Fieldwork student or non-teaching intern), placed in the District, in any category of credential or certificate program, to carry Professional Liability insurance in the amount of one million dollars (\$1,000,000) per occurrence and three million dollars (\$3,000,000) in aggregate; evidence of coverage shall be provided by the student to the University and the District (re: 2/E); **or**
- b. University shall carry Fieldwork Learning Experience (practica or non-teaching internships) professional liability insurance, covering all University students in District program placements, with limits of one million (\$1,000,000) per occurrence and three million dollars (\$3,000,000) in aggregate. (re: 2/E); **or**
- c. University students placed for Fieldwork Learning Experience (practica or non-teaching internships), working within the course and scope of an assignment or placement in the District, will be considered in training and therefore covered by the University’s Professional Liability insurance in the amount of one million dollars (\$1,000,000) per occurrence and two million dollars (\$2,000,000) in aggregate. (re: 2/E)

ARTICLE 6: DEVELOPMENT OF RESOURCES

5. Development of Resources and Joint Efforts: The University and the District are committed to the joint development of future resources that benefit the Intern Partnership Program and University Credential programs generally, including any components regarding the assignment of University students to internships or practica in District schools, considering the provisions of this Agreement. This may involve joint participation in grant writing, joint sponsorship of teacher education events, and active participation in professional advisory or steering committees, given any institutional restrictions or prerogatives of either party.

These provisions also regard reciprocal permission for the use of facilities, consistent with standard policies and procedures governing the use of any such facilities and on the same terms and conditions as may apply generally to outside users: terms and conditions concerning rooms, outdoor venues, or other staging areas, insofar as they are approved through relevant guidelines and permitting processes of either the District or the University, respectively, and which may include fees according to those guidelines, pertaining to facilities as may be secured through permitting processes, considering restrictions and

responsibilities, given instructions for the use of furnishings and equipment, and given technological services, custodial services, and security services as may apply.

Teacher-preparation courses under the direction of the University may be conducted at District sites, without cost to the University, if a District custodian already assigned to the site remains on duty while such courses are in session, given that all other District policies and procedures apply, governing the use of such facilities.

ARTICLE 7: LABOR DISPUTES IN THE DISTRICT

6. Obligation of Neutrality: The University is obligated to maintain neutrality in any labor disputes of the District, to ensure that all field experiences in such contexts will be educationally valid for students of the University, to avoid placing University students in situations in which there may be risk of personal injury, and to avoid interfering with students or employees of the District engaged in instructional or administrative programs of the District.
7. University Student Placements in the Event of a Labor Dispute: In the event of a labor dispute in the District, University students involved in education Field Practice programs will report to the University until the University Field Coordinator or Director of Field Practice has assessed the situation and made a determination regarding the students' placements under the circumstances.
8. University Supervision During a Labor Dispute: During a labor dispute in the District, University faculty members who supervise University students will visit relevant District sites on a regular basis to observe activities, to meet with District personnel, as permitted under District policies, and to determine whether, from the perspective of the University, the situation remains educationally valid and physically safe for students of the University engaged in Field Practice.
9. Continuation of Field Experience During a Labor Dispute: During a labor dispute at the District, if, in the determination of the University Field Coordinator or Director of Field Practice and from the perspective of the University, the situation is educationally valid and physically safe, and the District Field Supervisor is present in the Supervisor's regular position, the University Field Coordinator or Director of Field Practice will allow LLU students the option of continuing the field experience at the assigned site or of suspending or terminating the assignment.
10. University Students Employed as Interns: Provisions concerning placement and supervision of University students engaged in Fieldwork Learning, herein under *Article 7*, regarding labor disputes in the District, do not apply to University students who, during the period of a dispute, are employed as Interns by the District, or are otherwise employed by the District, and are thereby placed in District positions, even though Interns may be enrolled in practica courses aligned with their credential or certificate programs, insofar as Interns are governed by the terms of their District employment, including provisions for the collective bargaining unit that represents them.

ARTICLE 8: GENERAL CONSIDERATIONS

11. Guidelines of Centers for Disease Control and Prevention: The District and the University, as education entities, will remain informed concerning the hazards known to be associated with the novel coronavirus referred to as COVID-19, or concerning any public-health or public-safety emergency situation. The District and the University agree that vaccination, testing, isolation, or other protective requirements, based on mandates, guidelines or recommendations from the Centers for Disease Control and Prevention (CDC), in conjunction with frameworks implemented by other Federal or State agencies and adopted concomitantly by the District and the University, will extend, beyond those specified below, to any public-health or public-safety emergency situation during the term of this Memorandum.

- a. The District is responsible for verifying vaccination and/or testing of its employees and students in accordance with CDC and State guidelines, recommendations and mandates, in conjunction with frameworks implemented by other Federal or State agencies and adopted concomitantly by the District, regarding any public-health circumstances.
- b. Each University student (credential candidate) accepted for Practica and/or Internship in the District, to be placed at and/or entering an OUSD site, will be fully vaccinated for COVID-19 or receive a negative COVID-19 test within three days prior to initial entry to an OUSD site for each internship or Fieldwork assignment, and, thereafter, at any time the University student becomes aware of the student's close contact with another person who has tested positive for any of the variants of COVID-19, and will provide evidence of vaccination and testing to Talent Development placement personnel, appropriate site administrators, and UNIVERSITY supervisors. Vaccination and testing requirements may apply to any public-health circumstances, based on mandates, guidelines or recommendations from the Centers for Disease Control and Prevention (CDC), in conjunction with frameworks implemented by other Federal or State agencies and adopted concomitantly by the District and the University.
- c. Each University Supervisor or other agent of the University, placed at and/or entering an OUSD site, will be fully vaccinated for COVID-19 or receive a negative COVID-19 test within three days prior to initial entry to an OUSD site for each internship or Fieldwork supervisory assignment, and, thereafter, at any time the University Supervisor becomes aware of the Supervisor's close contact with another person who has tested positive for any of the variants of COVID-19, and will provide evidence of vaccination and testing to District administrators at those sites. Vaccination and testing requirements may apply to any public-health circumstances, based on mandates, guidelines or recommendations from the Centers for Disease Control and Prevention (CDC), in conjunction with frameworks implemented by other Federal or State agencies and adopted concomitantly by the District and the University.
- d. The District may request directly written proof of the vaccination/testing status of each University student (credential candidate) accepted for Practica and/or Internship programs in the District, and each University Supervisor assigned to Practica students or Interns, to be placed at and/or entering an OUSD site. The District is required to maintain written proof of the vaccination/testing status, according to District policies, for its employees and students. The University and the District will retain such proof for at least three (3) years following individual compliance. The District reserves the right to request, at its sole discretion, that the University provide such written proof of the vaccination/testing status for any or all of the above specified individuals. Failure to

timely respond or to timely provide such proof shall constitute a material breach of the applicable legal agreement between the University and the District, and the University will be responsible for such a breach and the consequences therefrom.

- e. The District and the University will remain informed, concerning guidelines of the Centers for Disease Control and Prevention (CDC) along with applicable federal, state, and local governmental directives and orders, regarding COVID-19 or other such situations, including but not limited to guidelines, directives and orders related to sheltering-in-place, physical distancing, site maintenance for matters of hygiene, and personal hygiene (e.g. washing of hands, wearing of face coverings) of employees and program participants.
- f. The District and the University, to the best of the knowledge and belief attributed to each entity, will remain in compliance with CDC guidelines and applicable governmental directives and orders. The District and the University will act in accordance with, and will direct all agents, representatives, and employees to act in accordance with any federal, state, or local shelter-in-place (SIP) directives or orders in effect during the term of this Agreement. Nothing in this Agreement will be construed as to require any University or District agent, representative, or employee to violate any such guideline, directive or order. If CDC guidelines or applicable government directives or orders are modified, updated, or otherwise changed, the District and the University, each of its own accord, will implement actions to comply with the modified, updated, or changed guidelines, directives and orders.
- g. If, at any time, directors or managers of divisions or departments, or other officers of the entity as a whole, in either the District or the University, become aware that the District or the University is not in compliance with any CDC guidelines or applicable governmental directives or orders, they will notify their counterparts in the District or the University, as the case may be.

12. Shelter-In-Place/Remote Participation: As noted above, without exception, concerning District and University response to governmental guidelines, directives and orders, the District and the University acknowledge that directives and orders for sheltering-in-place will affect their operations as provided under this Agreement. In the event that University or District campuses, schools, or other education or administrative sites are closed in full or in part due to a public-health or public-safety emergency situation (including but not limited to the COVID-19 pandemic), all obligations or operations set forth in this Agreement may be fulfilled or may occur remotely and/or virtually to the extent possible.

13. Relationship of Parties: Nothing in this Agreement is intended nor will be construed to create an employer/employee relationship, or a joint venture, partnership or agency relationship, except as specified in the provisions, between the University and the District.

14. Publicity: Neither the University nor the District will cause to be published or disseminated any advertising materials, either printed or electronically transmitted, which identifies the other party or its facilities with respect to this Agreement, without the prior written consent of the other party. In addition, neither party may use the names, logos, or trademarks of the other party without its prior written consent.

15. Reporting Obligations: The University and the District acknowledge that when a University student shares that the student has experienced sexual harassment, sexual or interpersonal

misconduct, the University has responsibilities it must fulfill in order to comply, as the case may be, with Title IX, the Violence Against Women Act, the Clery Act, and other relevant federal, state, or local laws. The parties agree to the following procedures through which the District will transmit reports of sexual or interpersonal misconduct it receives from a University student to the University.

The District will transmit immediately, or as soon as possible under practical circumstances, to the University all reports of sexual or interpersonal misconduct received by an employee or agent of the District alleging that a University student experienced sexual harassment, sexual or interpersonal misconduct—regardless of whether or not the University student was a University student of record at the time the alleged sexual harassment, sexual or interpersonal misconduct was reported or occurred. The District will report such information to the University’s Title IX Coordinator. Reports will include:

- a. Name, telephone number, e-mail address, and residence address of the University student who is reported to have experienced sexual or interpersonal misconduct.
- b. Name and contact information, if known, of the individual who allegedly engaged in the sexual or interpersonal misconduct, as reported, if known.
- c. Description of the incident of sexual or interpersonal misconduct, as alleged, including location, date and time, if known.

16. Records: It is understood and agreed that all employment records will remain the property of the District; and all student Candidate records, including Candidate portfolio assessments, will remain the property of University. The District acknowledges that the education records of University students assigned to the District are protected by the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. §1232g. The parties agree to comply with the requirements of FERPA and its implementing regulations at 34 C.F.R. Part 99 and to protect the privacy of education records concerning any University student assigned to the District under this Agreement. With regard to this provision, if the District receives from the University or contributes to any education records containing personally identifiable information of University students pursuant to this Agreement, the District may transmit, share or disclose such education records, only with the written consent of the University students affected, or to other school officials of the University who have a legitimate interest in those education records. In addition, the District may use such personally identifiable information only for purposes of performance of this Agreement. Any disclosure of University student education records to parties other than the University will require the written consent of any affected University student and the University. Disclosures regarding the employment or employee-performance records of any University student in the student’s capacity as a District employee will require the written consent of the University student who is in service as a District employee.

- a. Records maintained by the District of University students paid by the District may also constitute employment records protected from disclosure absent consent under applicable state and federal laws and regulations.
- b. In order for the University and the District to jointly monitor a University student’s performance in the Program, all University students shall, as a condition to their placement, execute a “Release of Records,” if not already released, which allows the District and the University to share information that may otherwise be protected from disclosure as an educational record (and/or an employment record) to the extent the information relates to the performance of the University student in the Program.

Failure to execute the “Release of Records” will make the Student ineligible for placement with the District.

- c. Each party to this Agreement, University and District, will immediately notify the other in the event it becomes aware of violations of the other party’s rules, regulations, policies or procedures by a University student placed in the District, and/or any negligent or intentional conduct when the conduct of the University student jeopardizes the health and/or safety of the District’s students or staff. The parties agree to cooperate in the investigation of any such conduct so long as an appropriate “Release of Records” has been obtained.

Academic artifacts created by a Fieldwork Learning Experience student during Fieldwork for purposes of University coursework remain the property of the student or the University, depending upon policies of the University to which the student has agreed through program-admission processes.

17. Entire Agreement and Severability: This Agreement contains the entire agreement between the District and the University, and all prior or contemporaneous agreements, understandings, representations, and statements, whether oral or written, are merged herein. No modification, waiver, amendment, discharge, or change to the Agreement will be valid unless provided in writing and signed by authorized representatives of both parties, as described in *Article 3, Term of Agreement*. If a court or arbitrator holds any provision of this Agreement to be illegal, unenforceable, or invalid, the remaining provisions will not be affected.
18. Dispute Resolution: In the event of any dispute, controversy, claim or disagreement arising out of or related to this Agreement, or the acts or omissions of the parties with respect to this Agreement (each, a *Dispute*), the parties shall, as soon as reasonably practicable after one party gives written notice of a Dispute to the other party (*Dispute Notice*), meet and confer in good faith regarding such Dispute at such time and place as mutually agreed upon by the parties. If any Dispute is not resolved to the mutual satisfaction of the parties within ten (10) business days after delivery of the Dispute Notice (or such other period as may be mutually agreed upon by the parties in writing), the parties will settle such Dispute as otherwise set forth in this Section. In the event a Dispute is not resolved by the meet and confer provisions under this Section above, the parties may choose any other available legal means to settle the Dispute. Each party agrees that a violation or threatened violation of this Agreement may cause irreparable injury to the other party, entitling the other party to seek injunctive relief in addition to all legal remedies.
19. Cooperation in Disposition of Claims: District and University agree to cooperate in the timely investigation and disposition of audits, peer review matters, disciplinary actions and third-party liability claims arising out of this Agreement. The parties will notify one another as soon as possible of any adverse event that may result in liability to the other party. It is the intention of the parties to fully cooperate in the disposition of all such audits, actions or claims. Such cooperation may include, but is not limited to, timely notice, joint investigation, and making witnesses available.
20. Force Majeure: Obligations of either party under this Agreement will be excused if and to the extent that any delay or failure to perform such obligations is due to fire or other casualty, product or material shortages, strikes or labor disputes, transportation delays, changes in

business conditions (other than insignificant changes), acts of God, or other causes beyond the reasonable control of such party (each a *Force Majeure Event*). Notwithstanding the Force Majeure Event, each party will make a good faith effort to resume performance as soon as the excusable delay is mitigated.

21. **Governing Law:** This Agreement will be interpreted in accordance with the laws of the State of California. Venue for any action to enforce or interpret the provisions of this Agreement will be determined mutually by the parties to this Agreement.
22. **Assignment:** Neither the University nor the District will assign its rights or delegate its duties under this Agreement without the prior written consent of the other party.
23. **Notices:** All notices, demands, or other communications given under this Agreement will be in writing and sent to the addresses listed below (unless a party has changed its address by giving notice), and will be effective upon receipt if delivered by personal or overnight mail or effective three (3) days after mailing if by United States certified mail, return receipt requested. Electronic mail and telephone contact, given that e-mail or voicemail messages are acknowledged as received, are considered acceptable for ordinary communications concerning the daily execution of the terms of this agreement.

**OTHER INSURANCE
(Blanket Contractual)**

In consideration of the premium charged, and always subject to all other provisions of this Policy, **we** agree with the **Educational Organization** that:

Paragraph 26. of this Policy is deleted in its entirety and replaced with the following:

26. This Policy shall at all times be excess over the greater of the **Underlying Limit Retention** amount, or the amount of any other insurance available to the **Insured** covering a **Claim** or **Occurrence** covered by this Policy (other than insurance that is expressly and specifically excess of the limits of this Policy), and nothing in this Policy or in any other policy shall be construed to require this Policy to contribute with, or subject this Policy to the terms, conditions or limits of, such other insurance.

In addition, this Policy shall always be excess over any other insurance that names any **Insured** as an "additional insured:"

- a. if such insurance is also written on an excess basis, **we** agree with the **Insured** that this Policy is excess over such insurance; and,
- b. **we** shall not share in paying **Ultimate Net Loss** with that other insurance on any basis including but not limited to the ratio of the **Limit of Liability** of this Policy and the limit of liability of the policy providing "additional insured" coverage.

Exception: If, pursuant to Paragraph e. of the Definition of **Insured**, the **Educational Organization** has agreed by contract to name a person or entity as an additional **Insured**, **we** agree that any insurance maintained by such **Insured** will be excess of this Policy and shall not be called upon to contribute with it, but only:

- a. if such agreement is made prior to a covered **Occurrence**; and
- b. only to the extent of such contractual obligation.

All other Policy provisions remain the same.

- (1) they are reported to **us** within sixty (60) days of the date of their formation, incorporation or acquisition by the **Educational Organization** and
- (2) are subsequently accepted for coverage by **us** and named on the Policy.

- c. at the option of the **Educational Organization**, any
 - (1) past, present and future employee, member of the faculty, student teacher, or teaching assistant of an **Included Entity**;

but only while acting within the scope of their duties or obligations in their respective capacities to an **Included Entity** as described in clause b. or c. above, and coverage for these individuals is subject always to all other terms and conditions of this Policy;
- d. any person legally responsible for the use of an **Automobile** owned, rented, leased, borrowed, hired or used by an **Included Entity** with its express permission; but **Insured** under this Paragraph d. does not include:
