TO: Board of Education

FROM: Anthony Smith, Ph.D., Superintendent

SUBJECT: Public Hearing and Adoption of Resolution No. 1213-0076 – Request to the California State Board of Education for a General Waiver of Education Code Section 52055.740(a) on behalf of *Parker Elementary School*, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

ACTION REQUESTED:

Conduct Public Hearing and Adoption of Resolution No. 1213-0076 – Request to the California State Board of Education for a General of Education Code Section 52055.740(a) on behalf of *Parker Elementary*, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

BACKGROUND:

The Quality Education Investment Act (QEIA) is the result of a settlement between Governor Schwarzenegger and the California Teachers' Association (CTA) which is aimed at boosting student achievement at low-performing schools. In May 2007 State Superintendent of Public Instruction Jack O'Connell announced that 488 low-performing schools in California were selected to receive QEIA funding. The Oakland Unified School District has 13 QEIA funded schools; four middle schools and nine elementary schools.

QEIA schools have demonstrated meaningful to significant growth in academic achievement over-all as a result of implementing the various strategies outlined in the QEIA program. QEIA non-compliance reported for schools in the 2011-12 school years have been determined to be correctable under the state's General Waiver process. The district, in an effort to ensure maintenance of these funds for the 2013-14 school years for specific schools, must seek a General Waiver of the State Board of Education.

The District is taking steps to further assist QEIA funded schools in meeting the compliance targets set forth under the Quality Education Investment Act. The continued provision of QEIA funding for the 2013-14 school years will likely contribute significantly to continued academic gains for the designated school.

FISCAL IMPACT:

The adoption of the Request by the District and granting of the Waiver by the State Board of Education will assist the District in maintaining approximately \$105,000 in QEIA funding annually.

The approval of this waiver request will not have a negative fiscal impact on the District.

RECOMMENDATION:

Conduct Public Hearing and Adoption of Resolution No. 1213-0076 – Request to the California State Board of Education for a General of Education Code Section 52055.740(a) on behalf of ***Parker Elementary School***, incorporated herein by reference as though fully set forth, to the California State Board of Education and authorizes the submission of same with requisite supporting documentation.

Ed Code Title: Class Size Maximum Enrollment of 27

Ed Code Section: 52055.740(a)

Ed Code Authority: State Board of Education

Ed Code or CCR to Waive: 52055.740(a)

For each funded school, the county superintendent of schools for the county in which the school is located shall annually review the school and its data to determine if the school has met all of the following program requirements by the school by the end of the third full year of funding:

(1) Meet all of the following class size requirements:

(A) For kindergarten and grades 1 to 3, inclusive, no more than 20 pupils per class, as set forth in the Class Size Reduction Program Chapter 6.10 (commencing with Section 52120)).

(B) For self-contained classrooms in grades 4 to 8, inclusive, an average classroom size that is the lesser of clause (i) or (ii), as follows:

(i) At least five pupils fewer per classroom than was the average in 2006-07.

(ii) An average of 25 pupils per classroom.

(iii) For purposes of this subparagraph, average classroom size shall be calculated at the grade level based on the number of self-contained classrooms in that grade at the school site. If the self-contained classrooms at the school averaged fewer than 25 pupils per classroom during the 2005-06 school year, that lower average shall be used as the "average in 2006-07" for purposes of this subparagraph. A school that receives funding under this article shall not have a self-contained classroom in grades 4 to 8, inclusive, with more than 27 pupils regardless of its average classroom size.

Outcome Rationale:

This Waiver is requesting that the requirement for Parker Elementary School to keep class size maximums at 27 students or fewer be suspended for the 2011-12 school year in light of the following circumstances:

The school made a good-faith effort to stay within QEIA class size maximums of 27, but had a new principal last year who was attempting to balance the QEIA requirements with efforts to increase enrollment at his site to support its financial stability, and acclimating to the challenges of being a new principal. The 5th grade class was out of compliance with the Rule of 27 from 8/30/11 through 10/26/12, when the class fell below this number due to student attrition. The principal understands that the school was out of compliance, and made every effort to bring the whole school into alignment with the QEIA guidelines as quickly as possible last year.

Student Population:

Oakland USD has a student population of 38,040 (in 2011-12) and is located in an Urban Setting *in Alameda County*. Parker Elementary School had a student population of 191 in 2011-12.
