Dear Sailaja,

The Association for Continuing Education (ACE) is honored to partner with the Oakland International High School on its ongoing continuing education program for students, teachers and parents.

This includes funding the ACE Learning Center where students have continuing education classes for Algebra, Honors Math, Intermediate English and Literacy, Reading intervention and SIFE Math. It also includes an internship program for students so they can practice their English and professional skills.

The funding includes continuing education for OIHS teachers in the new Learning Lab, which will help train educators to meet the academic, social and emotional needs of English Language Learners and newcomers.

In addition, the funding will support continuing education for OIHS parents, including ESL classes, culture/language specific "Back to School" parent meetings, Intergenerational Gardening, and support services such as drop-in hours, family resource events including the Food Bank, and home visits.

ACE will continue to provide a network that is an essential component of the program providing fast, reliable, and unfiltered Internet access. OIHS is required to use the ACE network in order to be eligible for the ACE grant.

ACE committed to funding the program for the 2016-2017 school year in the amount of \$303,300. The funding was paid in February 2016 via a wire transfer. In addition, ACE requires a report twice a year (January and July) showing use of funds by category of the program's success, accounting for the funds already spent and describing the progress of

ACE would like to inform you that we will continue funding the ACE Learning Center at OIHS for the upcoming school year 2016-17. We will commit to the amount of approximately \$303,300.

The funds will be used to support 5th year education for ESL learners, both student and adult; computer literacy for adults; student internship programs; continuing education programs in reading and math; Rosetta Stone, Lexia and Empower licenses; expanded plans for a learning lab, and continuing education opportunities for newcomer teachers in the district.

ACE will fund the ACE Learning Center once a review of the 2016-17 program has been approved.

Regards,

Martha
