Information Needed	School or Department Response
How will this grant contribute to sustained student achievement or academic standards?	California Partnership Academy seeks to inform all students about the career and college options. Prepare them with skills and knowledge they need to enroll in and succeed in college or trade school program. Understand and practice 21 <sup>st</sup> . Century Skills. Internships and job shadowing opportunities are essential to the alignment of academic theory with career related applied learning opportunities. Most of the attached budget is focused on equipment and supplies and student study tours.
How will this grant be evaluated for impact upon student achievement? (Customized data design and technical support are provided at 1% of the grant award or at a negotiated fee for a community- based fiscal agent who is not including OUSD's indirect rate of 4.75% in the budget. The 1% or negotiated data fee will be charged according to an Agreement for Grant Administration Related Services payment schedule. This fee should be included in the grant's budget for evaluation.)	To graduate, students must produce and present a senior project that deals with a topic related to the Academy. The senior project requires students to work directly in fields of study. Moreover students are required to perform community service as a graduation requirement. As a CPA the primary focus for continuous quality improvement is with both our OUSD advisory committee and the advisory committee of the academy site. The advisory meetings that include school district and school administration personnel occur on a regular basis. The academy will develop best practices that motivate partners to commit to activities and provide their services upon request.
Does the grant require any resources from the school(s) or district? If so, describe.	All CPA grants require matching district in-kind support.
Are services being supported by an OUSD funded grant or by a contractor paid through an OUSD contract or MOU? (If yes, include the district's indirect rate of 4.25% for all OUSD site services in the grant's budget for administrative	No
support, evaluation data, or indirect services.)	
Will the proposed program take students out of the classroom for any portion of the school day? (OUSD reserves the right to limit service access to students during the school day to ensure academic attendance continuity.)	Students will participate in job shadowing and intern opportunities.
