in this will be needed and Bob Rollins has submitted paperwork to attend the Google in Education California Summit. Further conferences/workshops will be submitted as they arise.

- **Divisional Director** support will be needed. New Divisional Director Lizette Dolan will participate in the ongoing BATDC Experienced Administrator program to further develop leadership skills to implement new initiatives and school change. Karen Colaric will also join this group to ensure K-8 cohesion. The group meets throughout the year, every other month. Paperwork will be submitted once this year's focus is announced.
- **Language Instruction, including Foreign Language** will need support for our new 3-5 Spanish teacher, Josefina Jacquin, alongside our returning teacher, Maria Montes-Clemens. These teachers will attend the International Conference on Language Teaching (IFLT) in San Diego, July 9-12, 2013 to gain competencies in the use of storytelling, and story asking strategies to develop language fluency.
- **Social – Emotional Learning and Student Achievement** will focus on recognizing and regulating one's emotions and behaviors in order to achieve one's academic goals. The RULER approach is now a part of Yale University. Teachers will gain competency in helping children with recognition and self-regulation. SEL recognizes a broad definition of intelligence, which in addition to high academic expectations, is the development of social and emotional skills in order to be successful members of the classroom learning environment. Underlying this approach is the recognition that students will care more about learning if they feel they are cared for as individuals. An important component of the success of SEL is a positive classroom environment. Teachers work in a multitude of ways to create this environment ranging from the enthusiasm they show for their subject to encouraging students not to be intimidated by challenging content or the abilities of other students. Further, teachers are encouraged to use their leverage in positive ways, reminding students that learning is a process that takes time but by the same token, expressing disappointment or concern when work is not completed.
- **Common Core Standards** will include further work with both **Jaine Kopp and Anne Diskin**. We plan to have these professionals work further with grade level teams and grade level clusters to further understand the ramifications of the common core standards on literacy and math instruction and to provide professional development to staff to examine programs and necessary changes. Jaine Kopp will continue to serve as a coach and to work with teachers on differentiated math instruction and scope and sequence.
- **Mentoring of new staff** will include mentorship by Julius Hampton by former fourth grade teacher, Kris Lee. Kris will meet with Julius before school starts in August and during the mid-year break to ensure curricular continuity and support of student's learning.
- **Science curriculum** for health topics, safety and biology will be reviewed with the support of an outside professional for grades 4-8.
- **Teaching for Understanding and Project Zero** (Harvard Graduate School of Education and Bay Area Teacher Development Collaborative) curricular frameworks and assessment for two teachers each summer and ongoing support school-wide (13-14 site plan).
- Ongoing collaboration to create further academic and community cohesion (character education) as a K – 8 school with an emphasis on social justice and diversity, particularly in regards to **racial equity** (ongoing).
- **Language Arts:** Emphasis on Reading and Spelling in grades K-4. New assessment tools and use of common assessments/screening have been adopted and utilized and will require assessment of effectiveness. Anne Diskin will work with second and third grade
