OUSD Summer 2014 Lead Agency Program Plan

Summer Hub: Life Academy of Health and Bioscience

SECTION 1: Lead Agency Information

Lead Agency Name: Alternatives in Action	Lead Agency Address: 3666 Grand Avenue Suite A, Oakland, CA 946	
Lead Agency Phone: 510-535-7138	Lead Agency Fax: 510-285-6294	
Main Contact Person: Shawn Koval	Email: skoval@alternativesinaction.org	Phone: 608-698-2366 (Cell)

SECTION 2: Description and Rationale for selection of Lead Agency

Please provide a narrative description of the agency that is managing the summer program. Describe the agency infrastructure and systems of support that will support your agency's successful implementation of summer programming.

Alternatives in Action Extended Day and Community Programs offer youth and their families a broad range of after school and summer programming along with other school-linked services that prepare young people for success in college, career and community leadership in alignment with Life Academy's vision of implementing a full service community school vision. Our comprehensive community school initiatives are based out of three East Bay school sites: Life Academy of Health and Bioscience in East Oakland, McClymonds High School in West Oakland, and Alternatives in Action's own charter high school in West Alameda, which is open to students from other surrounding Alameda and Oakland high schools. We also serve as the lead agency for after school programs at Fremont High School. Through our Community Programs, we partner with school staff, youth, parents and organizations to create powerful, real-world learning opportunities for over 900 high school youth in our "Six Pillars of Collaborative Programming". These include After School Community Projects, Academic Support and College Preparation, Career Development, Parent Engagement, Health and Wellness, and Cascading Leadership. We offer a place and supports that meet the needs of the whole child, from leadership to tutoring to physical check-ups. As youth progress and grow, they may take on roles of greater influence in the school and co-lead programs with other youth.

As a well-established local youth-serving non-profit, Alternatives in Action's effective management and ability to infuse cascading leadership and a community-school approach into out-of-school time programs has led to a fruitful and mutually beneficial collaboration between Life Academy and the organization in recent years. Alternatives in Action lead staff and Life Academy administration work very closely during the school year to develop and maintain responsive, high -quality programming. All summer program plans were made collaboratively by school administration and lead agency directors. Additionally, Alternatives in Action supports school-based staff through organization-wide professional development in youth development and job-embedded coaching throughout the school year and summer. All site coordinator and agency director staff members participate in OUSD professional learning communities throughout the year. Alternatives in Action's Life Academy 2013-2014 Public Profit YPQA scores for middle (4.3) and high school (4.5) show that the established infrastructure and systems of support at Alternatives in Action can lead to the implementation of highly successful youth development and out-of-school time programming at Life Academy.

SECTION 3: Lead Agency Mission

Please describe your agency's mission. Describe how serving as a Summer Lead Agency for OUSD summer programs fits into your agency's mission, vision and/or goals.

Alternatives in Action inspires Bay Area youth to realize their leadership potential and prepares them for college, career and community life through dynamic educational, skill-building and real-world experiences. Our schools, leadership programs and partnerships provide opportunities that help youth become successful contributing adults. We envision generations of young adults inspired and prepared to take meaningful action that positively transforms their lives and their communities.

Serving as the summer lead agency for Life Academy's summer programs is an excellent opportunity for Alternatives in Action to continue fulfilling our organizational mission, vision, and goals. First and foremost, we believe that providing free, high quality summer programming to low-income students who otherwise lack access to such programs is an issue of equity and is connected to the cycle of poverty in urban locales. We view the cycle of poverty as one of the key barriers to fulfilling our organizational mission, vision, and goals. Therefore, by offering such programming, our organization can help limit summer learning loss and play a role in addressing the cycle of poverty.

Specifically, through summer afternoon programming with Life Academy middle school students, we will offer cascading leadership and college readiness-related programming, much of which will include experiential and hands-on learning activities. This type of instructional program is directly aligned with our mission to prepare students for college, career, and community life. The cooperative learning, STEM, arts, and fitness foci of our summer bridge programs for incoming 6th and 9th grade students will help prepare students for academic and extracurricular culture and climate of Life Academy. We believe that students who participate in summer programming alongside peers and school staff with whom they will be spending the upcoming academic year will feel more supported and motivated and will have a higher likelihood of success as high school students and, eventually, college scholars.

SECTION 4: Summer Program Quality Team

Each summer lead agency is expected to have a Summer Program Quality Team comprised of key individuals who will lead your agency's summer program planning, and work in partnership with OUSD to ensure program quality. Please list the members of your agency's summer program quality team. This team should include 2-4 key stakeholders involved in the planning, implementation, and assessment of the summer program. In addition to the Summer Site Coordinator, team members may include an Agency Director, and key summer program staff. **Please designate a quality team leader with an asterisk (Example: Jamie Smith*).** The team leader is considered to be the project liaison and will be the main person responsible for corresponding with OUSD and Partnership for Children and Youth staff.

SECTION 5: Summer Program Quality Learning Community Meetings, Trainings, and Professional Development

Summer Lead Agency partners will be expected to participate in three strands of summer professional development provided by OUSD in collaboration with Partnership for Children and Youth (PCY):

Strand 1: Summer Learning Community meetings will occur on a monthly basis (January-October 2014) for all summer lead agency directors and site coordinators. These required meetings will support agencies and program sites in planning, implementation, technical assistance, and evaluation of summer programs. The Summer Learning Community meeting schedule will be distributed to selected summer lead agency partners in December.

Strand 2: Line staff trainings for summer program staff: OUSD will leverage district and community resources to provide approximately 15 – 18 hours of additional summer training focused on topics such as high quality summer STEM, physical activity, and enrichment. A schedule of trainings for summer program staff will be provided by March, and trainings will occur between April – June. Summer program staff will be required to attend these summer

trainings. (Bechtel Summer STEM projects will also have up to an additional 16 hours of STEM training, in addition to these line staff trainings)

Strand 3: Summer Conferences: PCY will host two important summer conferences that summer lead agencies should plan to attend. These conferences are free, and agencies will need to register staff directly through the Partnership for Children and Youth website (www.partnerforchildren.org).

- January 10: Summer Leadership Conference for Agency Directors and Site Coordinators
- May 9: Summer Conference for program staff

Assurances: (please initial each item)

SK I understand that as a Summer Lead Agency partner, our Summer Site Coordinator(s) and agency director will be required to participate in a monthly Summer Learning Community, co-facilitated by Partnership for Children and Youth and OUSD.

SK I understand that each of my summer program staff members will be required to attend 15 – 18 hours of training that will build their capacity to implement high quality summer enrichment and academic programming.

SK I will allocate summer contracted funds and in-kind agency funds, as needed, to ensure that my staff attend all required summer meetings and trainings detailed above.

SK I am applying to be a summer lead agency partner because my agency has capacity to deliver high quality summer enrichment and academic programming to OUSD students. In addition to the meetings and trainings listed above, my agency will provide our summer staff with adequate youth development training, planning time, coaching, and support before summer begins and over the course of the four-week summer program so that staff can deliver high quality services to students. My agency is committed to strengthening the youth development practices of our summer staff.

Agency Professional Development Plans

Please detail below your agency's own professional development plans and schedule for summer staff.

Alternatives in Action @ Life Academy summer staff will have participate in pre-program professional development from June 16-June 20. Two of these dates will consist revisiting and expanding upon past training in youth development topics such as group development, opportunities for youth planning, reflection, and reframing conflict. The other three dates will consist of summer staff developing curriculum, finalizing program schedules and procedures, and collaboratively planning program-wide learning events. In order to ensure high-quality program implementation and communication among instructors, staff will also have approximately one hour of planning and meeting time per day while summer program is in session.

Applying learning from After School Professional Learning Communities (PLCs):

Discuss how your agency will utilize knowledge and resources you are gaining from participation in current after school professional learning communities (ie. Building Intentional Communities, Science learning community, etc.) to help shape summer program and curriculum plans.

Alternatives in Action will utilize knowledge and resources from current professional learning communities by asking agency lead staff who participate in the PLCs to develop and facilitate training related to their PLC learnings and topics with summer staff from June 16-17. Once summer program is under way, daily staff debriefs will feature group check-ins that center around the implementation of the key concepts & topics from these PLC trainings.

SECTION 8: Summer Program Recruitment Strategies and Timeline

Briefly describe your anticipated summer program student recruitment activities and timeline. (please note that OUSD and PCY will give you additional guidance regarding summer program recruitment) Additionally, please respond to the following questions:

As a Summer Lead Agency partner for an OUSD Summer Program "Hub", you will be responsible for recruiting summer program participants from all the feeder schools that will feed into your summer hub (potentially 1-3 other schools in addition to the host site where the summer program will take place).

- a) How would you work to ensure equitable enrollment of students from all the feeder schools into the summer hub?
- b) Considering that you may not be the after school lead agency partner at some of these feeder schools, how would you work collaboratively with the other lead agency partners and school leadership teams at the feeder schools to streamline summer recruitment processes and ensure that students who most need summer services receive it?

NOTE: Because of a special arrangement with the district, Life Academy will not serve as a "hub" site for summer programming. Only Life Academy students will participate in summer programming at the school.

March 27th: Recruit incoming families & students for the 6th grade afternoon and Summer Bridge programs at 6th Grade Orientation event at Life Academy. Program registration packets will be ready for completion and interested families/students will be asked to complete all registration forms before leaving the event.

April 3rd: Recruit incoming families & students for the 9th grade afternoon and Summer Bridge programs at 9th Grade Orientation at Life Academy. Program registration packets will be ready for completion and interested families/students will be asked to complete all registration forms before leaving the event.

Week of April 21st: Send summer afternoon program registration packets home with current Life Academy 6th & 7th grade students. Record and send Robo-Call to families with basic summer afternoon program registration information.

Week of May 12th: Coordinator will review applications, make enrollment projections, and generate additional recruitment & enrollment plans according to the applications received.

Week of June 2nd: Coordinator and other program staff will make personal calls to all students & families to confirm their enrollment in the summer program and answer any questions about the programs.

Week of June 16th: Summer program staff will make personal calls to all students & families registered for the program to remind them of program schedule and answer any questions before the start of summer program.

First week of program: Track attendance and contact families whose students are enrolled but not attending to confirm their participation.

SECTION 9: Summer Line Staff Information (if known at this time)

To promote continuity between OUSD after school and summer programs, and to provide year-round work opportunities for talented youth development professionals in Oakland, we are particularly interested in seeing current, highly qualified Oakland after school workers become the summer program staff at our OUSD Summer Hubs.

Please list the name(s) of line staff whom you intend to hire as part of your summer program staff. (Add additional rows as needed.) Please note that the summer program must have a maximum 1:20 adult to student ratio.

Important Note: Summer program staff will be expected to attend 15 – 18 hours of OUSD summer line staff trainings.

The Summer Site Coordinator and summer program staff must be hired **no later than April 4**.

Summer Staff Recruitment

Please indicate how many total staff vacancies you anticipate you will need to fill in order to fully staff your proposed Summer Hub(s): ____0____

All summer program staff must be hired by April 4 in order to participate in initial summer trainings that may take place during the Spring Break in mid-April.

Important Reminder: Summer program staff will be expected to attend 15 – 18 hours of OUSD summer line staff trainings.

- a) Please describe your planned staff recruitment strategies to hire highly qualified individuals for OUSD Summer Program Hubs.

Our summer program staff will be comprised entirely of current, school year after school program staff. Therefore, we will not need to recruit additional individuals for our summer programs.

- b) Please summarize some of the key qualifications and characteristics your agency will look for in hiring highly qualified summer program staff.

In hiring highly qualified summer and after school program staff, we look for individuals who hold college degrees in education, youth development, or related fields and/or have extensive youth development program experience. 3 of our 5 summer staff have Bachelor's degrees and our STEM instructor has a Master's degree. All of our summer program staff members have experience planning and implementing youth development programs with middle school students. We also highly value individuals' cultural fluency and experience working with students and families from minority and low-income backgrounds. Therefore, we intentionally construct a diverse summer program staff in order to best serve our students, the majority of which come from minority and low-income backgrounds. The majority of our summer program staff members are Latino or African-American.

SECTION 10: Summer Lead Agency In-Kind Contributions and Leveraged Resources:

Please describe what additional resources your agency will leverage in order to support high quality summer programming at OUSD Summer Hubs.

Alternatives in Action brings in a variety of foundation, individual, and corporate funding, as well as community-based partnerships, to deliver our summer and school-year programs. These contributions fund full-time staff including coordinators and managers, program supplies, and numerous other program/operational areas in order to ensure our programs are high quality.

Important Note:

OUSD Summer Programs are free programs. Summer Lead Agencies **cannot** charge a summer program fee to participating families for program costs or field trip costs.

Subject Memorandum of Understanding - Alternatives In Action (contractor) - 335/Life Academy (site/department)

Action Requested Approval of Memorandum of Understanding between Oakland Unified School District and Alternatives In Action. Services to be primarily provided to Life Academy for the period of July 1, 2013 through August 29, 2014.

Background
A one paragraph explanation of why the consultant's services are needed.

The After School Education and Safety (ASES) Program is the result of the 2002 voter approved initiative, Proposition 49. This proposition amended California Education Code 8482 to expand and rename the former Before and After School Learning and Safe Neighborhood Partnerships Program. The ASES Program funds the establishment of local after school education and enrichment programs. These programs are created through partnerships between schools and local community resources to provide literacy, academic enrichment and safe, constructive alternatives for students in kindergarten through ninth grade. The ASES program is defined within the language of SB 638 and Education Code (EC) sections 8482 through 8484.6.

The general purpose of the 21st Century Community Learning Center (21st CCLC) program is to establish or expand community learning centers that provide students with academic enrichment opportunities along with activities designed to complement the students' regular academic program. California Education Code (EC) Section 8421 further defines the purpose of the 21st CCLC High School ASSETs program as (1) creating incentives for establishing locally driven after school enrichment programs that partner schools and communities to provide academic support and safe, constructive alternatives for high school pupils in the hours after the regular school day, and (2) assisting pupils in passing the high school exit examination for public school programs.

Discussion
One paragraph summary of the scope of work.

Approval by the Board of Education of a Memorandum of Understanding between the Oakland Unified School District and Alternatives In Action, Alameda, CA, for the latter to provide services as lead agency for program coordination, math intervention, homework support, student supervision, and variety of enrichment services for 6th and 7th grade middle school students for a comprehensive After School Program at Life Academy for the period of July 1, 2013 through August 29, 2014, in an amount not to exceed \$213,115.00.

Memorandum of Understanding 2013 – 2014 Between Oakland Unified School District and Alternatives in Action

1. **Intent.** This Memorandum of Understanding ("MOU") establishes the Oakland Unified School District's ("OUSD") intent to contract with Alternatives in Action ("AGENCY") to serve as the lead agency to provide after-school and/or summer educational programs and to serve a sufficient number of students and run services for a sufficient number of days to earn the core grant allocation of funding at 335/Life Academy (6-7) under the following grants:
 - After School Education and Safety Program ("ASESP")
 - California Department of Education ("CDE") 21st Century Community Learning Center (21st CCLC)
 - Oakland Fund for Children and Youth - This MOU will also outline services provided on OUSD school grounds through the Oakland Fund for Children and Youth ("OFCY") After-School Initiative funds that shall be utilized as matching funds to CDE ASEP and 21st CCLC funds.
 - Private grants

2. **Term of MOU.** The term of this MOU shall be July 1, 2013 to August 29, 2014 and may be extended by written agreement of both parties.

3. **Termination.** OUSD may at any time terminate this MOU for any or no reason upon not less than five (5) days written notice to AGENCY. OUSD shall compensate AGENCY for services satisfactorily provided through the date of termination. In addition, OUSD may terminate this MOU for cause should AGENCY fail to perform any part of this MOU. In the event of termination for cause, OUSD may secure the required services from another contractor. If OUSD's cost of procuring services from another contractor exceeds the cost of providing the services pursuant to this MOU, AGENCY shall pay the additional cost.

4. **Compensation.** The ASEP and 21st CCLC grant award amount for 335/Life Academy (6-7) is \$213,115.00. AGENCY shall be entitled to compensation from these funds in accordance with the following terms and conditions:
 - 4.1. **Total Compensation.** Subject to the provisions of 4.2 Positive Attendance and the provisions of 4.3 Administrative Fee, AGENCY shall receive the amount of the grant award less OUSD's administrative fees and other site costs agreed to by the Site Administrator and AGENCY.

 - 4.2. **Positive Attendance.** Payment for services rendered related to the ASEP and 21st CCLC grants shall be based on actual student attendance rates (\$7.50 a day per student), not estimates, as those programs are "positive attendance based." OUSD reserves the right to modify the annual core allocation based on reported attendance. In the event that payments made to AGENCY exceed the reported attendance for the Core grant, the AGENCY will return payments to OUSD at the rate of \$7.50 a day per student. Documentation of attendance must be submitted through the OUSD/OFCY attendance systems in order for invoices for payment of services for the ASEP and 21st CCLC grants to be processed. Exhibit A (Attendance Reporting Schedule 2013-2014")
 - 4.2.1. **Reconciliation Process for Positive Attendance Based Grant Funds.** OUSD will adjust the payment of the "positive attendance based" grants based on quarterly review of monthly invoices and attendance for services rendered related to the ASEP, 21ST CCLC (Core Grant) for any adjustments resulting from the reconciliation of the attendance reports for that quarter's months. The attendance reconciliation process will assess the program's

performance with respect to the required compliance with the grant mandated attendance rates. Based on the review, financial adjustments of additional payment or additional withholding will be made. Any remaining balance(s) will be forwarded to AGENCY or OUSD. Any adjustment required in excess of the withholding will necessitate additional adjustments to future invoices and payments.

4.2.2. Administrative Charges and Reconciliation. Reconciliation process for positive attendance based grants must factor in the subtraction of administrative and other OUSD central charges, as outlined in section 4.3, from any grant amounts earned through attendance (OUSD indirect, custodial, evaluation, and After School Programs Office administrative and training/technical assistance fees).

4.3. OUSD Administrative Fees. OUSD shall charge and withhold up to 14% from the overall ASEP and 21st Century grant awards for central indirect, administrative, custodial, evaluation, and direct service training and technical assistance.

4.4. AGENCY Administrative Fees. AGENCY understands and agrees that it may not charge more than 4% of the total contract amount as administrative fees and that its administrative fees must be set at an appropriate dollar amount to keep the ASEP and 21st Century grants within the grant-mandated allowable 15% for total indirect/administrative costs. The agency administrative fees charged to the ASEP and 21st CCLC grants must be used for direct administrative costs and cannot be used for agency indirect costs. Direct administrative costs consist of expenditures for administrative activities that provide a direct benefit to the ASEP and 21st CCLC programs. Indirect costs consist of expenditures for administrative activities that are necessary for the general operation of the agency, but that cannot be tied to the ASEP and 21st CCLC programs.

4.5. Program Budget. Due to result-based budgeting, the grant will remain as part of the site budget. Funds will be encumbered from the site budget on behalf of AGENCY for the school year 2013-2014 and will not exceed \$213,115.00 in accordance with **Exhibit B** ("ASEP/21st CCLC Planning Tool/Comprehensive After School Program Budget for AGENCY 2013-14").

4.6. Modifications to Budget. Any modifications to the approved grant budget must be approved by OUSD, AGENCY, and CDE before expenditures of funds for modified line items are authorized. Except as expressly set forth herein, OUSD shall not be liable to AGENCY for any costs or expenses paid or incurred by AGENCY in performing services for OUSD. The granting of any payment by OUSD, or the receipt thereof by AGENCY, shall in no way lessen the liability of AGENCY to correct unsatisfactory work, although the unsatisfactory character of that work may not have been apparent or detected at the time a payment was made. Work, which does not conform to the requirements of this Agreement, may be rejected by OUSD and in that case must be replaced by AGENCY without delay.

4.7. Program Fees. The intent of the ASEP and 21st CCLC programs is to establish local programs that offer academic assistance and enrichment for students in need of such services regardless of their ability to pay. Though it is not against the rules to charge fees for participation in programs, the CA Department of Education discourages it because it could exclude students in need from attending and taking advantage of the after school program. Fees should not create a barrier to participation in the after school program. After school services must be equally accessible to all students targeted for services regardless of their ability to pay. Programs that propose to charge fees may not prohibit any family from participating based on their inability to pay and must offer a sliding scale of fees and scholarships for those who could not otherwise afford to participate. Any income collected from fees must be used to fund program activities specified in the grant application. AGENCY shall do full accounting of fees collected, and documentation shall be kept for 5 years for auditing purposes. If AGENCY decides to charge fees, this decision shall be made collaboratively with the Site Administrator, and AGENCY shall work collaboratively with the Site

Administrator and parent leaders to develop an appropriate program fee structure for the school community. AGENCY shall provide the OUSD After School Programs Office with written documentation of the program fee structure prior to charging any program fees, and shall provide OUSD with additional documentation upon request, to ensure grant compliance.

- 5. Scope of Work.** AGENCY will serve as lead agency at 335/Life Academy (6-7), will be responsible for operations and management of the ASEP, 21st CCLC, OFCY, and private grants contracted to AGENCY by OUSD for fiscal year 2013-2014. This shall include the following required activities:

5.1. Student Outcomes. AGENCY shall achieve the student outcomes as described in the grant application narrative and articulated in documents from the program evaluation team. AGENCY agrees to develop school specific outcomes, as defined in partnership with the principal. AGENCY recognizes that the principal is the chief decision maker for after school and summer programs, and ensures that school site objectives are met.

5.1.1. Alignment with Community School Strategic Site Plan (CSSSP). AGENCY will ensure the after school program aligns with OUSD and 335/Life Academy (6-7) and objectives to ensure the success of students as articulated in the Community School Strategic Site Plan (CSSSP). AGENCY will work in partnership with the school principal to ensure that the program components are aligned with and complement OUSD standards and school site curriculum.

5.2. Oversight. AGENCY will provide oversight, fiscal management, payroll services, technical assistance, and facilitation of collaboration with other service providers. Agency must ensure compliance with ASEP and 21st CCLC funding guideline requirements and follow OUSD after school policies and procedures. This includes compliance with OUSD staffing requirements and policies including No Child Left Behind and other legislative mandates.

5.3. Enrollment. AGENCY will enroll 6th through 7th grade students at 335/Life Academy (6-7), to serve sufficient number of students and run services for a sufficient number of days to earn the full core grant allocation of funding.

5.4. Program Requirements

5.4.1. Program Hours. The program shall be offered Monday through Friday, every regular school day annually, commencing immediately upon the conclusion of the regular school day, operating a minimum of 15 hours/week, and until 6:00 pm daily. Instructional activities must include a balance of both academic and enrichment/recreation components.

5.4.2. Program Days. The program shall be offered a minimum of 177 - 180 days during the 2013 - 2014 school year. AGENCY will close the ASEP and 21st CCLC program no more than a maximum of 3 days in the 2013-14 school year for staff professional development, as permitted by Education Code. Programs that receive 21st CCLC Supplemental grant funds or private funding for summer shall additionally operate a sufficient number of days and hours in the summer, on weekends, and during intercession in the manner prescribed by the grant legislation and/or funder, in order to meet attendance goals required by the CA Department of Education and/or the funder.

5.4.3. Program Components. AGENCY agrees to provide programming that supports the guidelines as outlined in the ASEP and 21st CCLC grants for students at 335/Life Academy (6-7). AGENCY acknowledges and agrees to provide programming consistent with grant guidelines including, but not limited to:

- **Educational and Literacy.** An educational and literacy element that must provide tutoring and/or homework assistance designed to help students meet state standards in one or more of the following core academic subjects: reading/language arts, mathematics, history and social studies, or science. A broad range of activities may be implemented based on local student needs and interests.
- **Enrichment.** The enrichment element must offer an array of additional services, programs and activities that reinforce and complement the school's academic program. Enrichment may include but is not limited to arts, youth development, leadership, recreation, sports, music, career awareness, college interest, service learning and other youth development activities based upon student needs and interests. All programs must offer both enrichment and recreation/physical fitness activities as core components of the after school program and summer program.

SECTION 4: Program Model and Lead Agency Selection

For 2013-2014, my site will operate the following program model:

- ☐ **Traditional After School:** *voluntary program open to all students, with enrollment priorities targeting certain students*
- ☒ **Extended School Day:** *additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school*
- ☐ **Blended/Hybrid:** *combination of some extended day and some traditional after school programming*

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

Alternatives in Action's Community and Extended Day Programs offer youth and their families a broad range of after school programming and school-linked services that prepare young people for success in college, career and community leadership in alignments with Life Academy's vision of implementing a full service community school vision. Our comprehensive community school initiatives are based out of three East Bay High School sites: Life Academy of Health and Bioscience in East Oakland, McClymonds High School in West Oakland, and Alternatives in Action's own charter high school in West Alameda, which is open to students from other surrounding Alameda and Oakland high schools. Through our Community Programs, we partner with school staff, youth, parents and organizations to create powerful, real-world learning opportunities for over 900 high school youth in our "Six Pillars of Collaborative Programming". These include After School Community Projects, Academic Support and College Preparation, Career Development, Parent Engagement, Health and Wellness, and Cascading Leadership. We offer a place and supports that meet the needs of the whole child, from leadership to tutoring to physical check-ups. As youth progress and grow, they may take on roles of greater influence in the school and co-lead programs with other youth.

Alternatives in Action's approach to promoting youth voice and social change has been highlighted in toolkits on best practices, profiled in Public Profit's Youth Evaluation Team Findings Report March 2013, numerous news outlets and national publications such as "Growing to Greatness" and the Fifth Discipline: The Art and Practice of the Learning Organization. Alternatives in Action's effective management and ability to infuse cascading leadership and a community-school approach have led to an effective collaborative between Life Academy and Alternatives in Action.

SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

Required # of Program Days your program will operate during School Year 2013-2014:	180 days required*
Projected Daily Attendance during School Year 2013-2014:	135 Life students 50-60 additional students from nearby middle schools Total: 190 students
Program Schedule Submit program schedule as an attachment, using the standard program schedule template.	

** CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.*

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development.

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Parent Academy	Meaningful Student, Family, and Community Engagement A. School Culture	All parents of grades 6-12 can participate in 2x a month workshops. Parents will determine what workshop topics are relevant. Topics	At least 25 parents will attend each workshop and will report increased connection to their students' school.	Workshop topics will support parents in order to support their students' success in school. The y will be developed in coordination with the

Events will be coordinated by school day staff and community program staff to support parent access to information, celebration of student learning, and participation in their students' education.
Parent Leadership Team (PLT)	Meaningful Student, Family, and Community Engagement A. School Culture	2 parents per Advisory class will be nominated by teachers and the parent liaison to meet 2x a month for leadership training, planning of leadership initiatives, and to discuss school policy with administrators.	85% of advisory classes will have 2 parents participate in the PLT. Parents will report increased skills in leadership, greater connection to the school, and ability to shape policy and school decisions.	The PLT connects parents to the school day Advisory classes, the Parent Liaison, Administrators, and Community Programs staff for full school integration.
Conferences and Defenses	Meaningful Student, Family, and Community Engagement Interrupting Chronic Absences	Advisory teachers will communicate with parents about students' academic progress at least 5 times a year. 2 of those times are through parent/teacher conferences and	80% of parents will attend a parent/teacher conference and 50% of parents will attend a student defense.	Advisory teachers will work with the Parent Liaison to communicate with families about scheduling attendance at events to increase family engagement in student learning.

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	Students will be identified by advisors if failing or chronically absent to participate in Extended Day Programs. Parent coach will support outreach and communication to families to engage students.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	Parent Liaison and Parent Coach will conduct ongoing outreach to families about grades, attendance, and important school events through weekly phone calls, updates in Jupiter Gradebook, robo-calls, flyers mailed home, and information meeting.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	Advisors and Tribe leaders will check Jupiter Grades and Attendance of students on ABI then complete outreach to support engagement.
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our	Extended Day Program will create award certificates based on the Habits of Life, Mind, and Work in

program.

collaboration with school day teachers/admin. Once per marking period students can earn a dance if their attendance and participation are positive.

SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

- ☒ PBIS (Positive Behavioral Interventions and Support)
- ☒ Restorative Justice
- ☒ Social and Emotional Learning
- ☒ Bullying Prevention

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate?

Alternatives in Action works with Life Academy to provide many supports to transform school culture and climate, and to align practices in discipline policy.

- All Extended Day Programs integrate agreements to meet the social emotional learning needs of the program participants into each group. Youth are held accountable for their behavior through the agreements. Program rules and consequences align to the school day discipline policy.
- Alternatives in Action provides a coach who staffs a Peer Mediation/Restorative Justice Program that trains youth to work with peers to resolve conflict, address bullying, and make agreements. This same coach participated in restorative justice training and holds circles for conflict/situations that require more adult support than the Peer Mediation program can manage.
- Extended Day Programs build positive relationships amongst youth and adults to support the social emotional learning and development of each student. Curriculum is age appropriate and responsive to the learning needs of students by subject area.
- The Extended Day Program staff are integrated into Life Academy staff retreats and trainings to ensure collaboration and alignment from school day into after school.
- The Community Programs Director and Program Coordinators meet regularly with the administrative team and Life staff to align practices.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

African American students are part of the Extended Day Program where they can build connected relationships with adult allies who monitor their progress in social emotional development, academics, and attendance. The parent Liaison and Parent Coach communicate regularly with African American families about school events to engage them in the school and their students' success. Students who have behavior infractions are referred to the Restorative Justice/Conflict Mediation programs. Students with chronic emotional stress are referred to the Wright Institute counselors and Native American Health Center for services.

SECTION 11: Coordination with Other Service Providers

In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.

The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment between after school and school day efforts?

- ☐ COST team (Coordination of Services Team)
- ☐ SST (Student Study Team)
- ☐ ELT (Educational Leadership Team)
- ☐ CSSSP (Community School Strategic Site Planning) team
- ☐ School Culture/Climate Committee
- ☐ Other –EDP staff meetings and Partnership meetings with United for Success Academy coordinators.

List key community partners whom you will actively collaborate with to accomplish the goals of your program.

2013-14 After School Enrollment Policy for Life Academy Middle School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
All Students 6-7 th grade	Students will participate in Extended Day Program through Advisory and Academic HW Time daily.	
8 th Grade Students	Participation in a science based internship with Highland hospital. Attendance in Advisory and Academic HW Time daily.	
Students below gradelevel or below a 2.0 gpa	Participation in academic interventions with credentialed teachers 2x a week.	

Grade levels prioritized for programming: 6-8th grade, full school

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)

- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2013. Indicate how families will be notified of 2013-14 enrollment before the last day of school, June 13, 2013.)

Academic Liaison/Quality Support Coach

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Academic Liaison (now called "Quality Support Coach") is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program's *Assess – Plan – Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Academic Liaison/Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Academic Liaison/Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. The required budget allocation for this position is \$2,500 for the year, equivalent to 83 hrs/year at a Paid-In-Service contract rate of \$30.12/hour.

Teachers on Extended Contract for Direct Service

In addition to an Academic Liaison/Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract.

Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). After school grant funds can be utilized for this direct service work. Beginning in 2013-14, the Academic Liaison/Quality Support Coach cannot provide direct service to students. The Academic Liaison is primarily responsible for providing coaching and training, and is paid at the negotiated Paid-In-Service rate of \$30.12 for their staff capacity-building services.
