Strategic Operational Practices

### State 3 - 4 primary goals of the After School Program and intended impacts for participating students.

- A minimum of 166 students participating in the program will attend the program on a daily basis.
- 40% of program participants, attending the academic support component of the program on a regular basis, will show an
  improvement in their overall Math and English benchmark scores-This data will be gathered in the Fall and Spring.
- 80% of students will indicate they are in a safe and nurturing environment.
- 75% of parents will feel their child is in a safe and nurturing environment. This data will be measured through OFCY surveys.

Martin Luther King Jr. will host (2) parent orientation night(s) for families who are interested in joining the ASP.

Strategic Questions/Desired Outcomes As a result of our ASP efforts	Strategic Activities  What after school strategic activities will support the desired outcomes?	Outcomes of Strategic Activities What short-term outcomes will you expect from your efforts by the end of the school year?	Data used to assess the strategic activities What data will be collected to measure these outcomes?
High School Graduation: How many more Oakland children are graduating from high school?			
Satisfactory School Day Attendance: How many more Oakland children are attending school 95% or more?	The ASP will support regular school day attendance by holding award assemblies, gift certificates, monthly family incentives.	The ASP led activities should generate a 70% attendance rate for the school day for those students who are chronically absent.	Attendance data, progress reports, teacher input.
Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?	Students will be exposed to different careers and college through ASP and school day activities.	Students will be assigned reports on various colleges and universities and work in partnership with the school day for Family Career Night. Guest Speakers will also present on various careers and the importance of education and the necessary skills/experience.	50% of students become more interested in college and are able to share about their college and career goals. Surveys, reflections, teacher input.

Health and Well-being: How many more Oakland children have access to, and use, the health services they need? The ASP will continue to educate students through its Garden Program; and join the school day's Healthy Eating initiative where students have access to the salad bar, and the holds a weekly Farmer's Market.

70% of students will have access to healthy food choices. Instructors will have presentations on healthy food choices/options. The ASP will partner with the school day to develop an exercise program for the families (parents and students).

Attendance at family workshops, students adjusting their food choices, parents engaging in the Farmers Market and purchasing produce, healthy snacks.

### SECTION 4: Program Model and Lead Agency Selection

For 2013-2014, my site will operate the following program model:

- ☑ Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students ☐ Extended School Day: additional class periods added to the bell schedule during after school hours for students of a particular grade and/or all students of the school
- ☐ Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development. The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating, the principles and practices of youth development into all activities. Just as important, we see the schools, students and parents as our customers,

This approach to after school program is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large, diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

SECTION 5: ATTENDANCE, PROGRAM DATES, AND PROGRAM SCHEDULE

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

and we believe it is our responsibility to understand and meet their needs.

Required # of Program Days your program will operate during School Year 2013-2014: 180 days required\*

Projected Daily Attendance during School Year 2013-2014: 166

### **Program Schedule**

Submit program schedule as an attachment, using the standard program schedule template.

\* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates.

SECTION 6: Academics
Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

### SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development.

Type of Activity	CSSSP goal(s) or school need supported by activity	Brief Description	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Program Orientation	Engage staff, families, and the community in supporting student progress	The Coordinator will hold several orientations explaining the ASP rules/regulations, and requirements.	Have at least 60 parents attend the event	Attendance and support from MLK administration, and increased recruitment efforts from MLK teachers
Winter/Spring Showcase	Engage staff, families, and the community in supporting student progress.	Students show off their knowledge of courses through performances and talent shows.	Have at least 50 parents and 100 students attend the event.	Engage families to increase their participation in their students' education and learning.
Cooking and Healthy Eating Farmers Market	Implementing supports for health/wellness (e.g. structured fitness and physical activities during/after school;school based health center, after school nutrition and gardening activities).	Families will use basic cooking tools, learn about healthy and sustainable eating, and better understand the nutritional facts and food origins. They will also have the opportunity to prepare healthy meals.	Simple life skills     Cook healthy meals     Learn skills in measurement, size, temperature     Reinforce basic math/science skills for their children	Family outreach/inclusion, healthy lifestyles, and fun family activities.

### **SECTION 9: Chronic Absence Action Plan**

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select at least two of the following

Strategies to Support Attendance	Action Steps
<ul> <li>a) Recruit and address the needs of students who are at risk of chronic absenteeism.</li> </ul>	Talk with students and parents about the importance of regular attendance. Acknowledge students who have good attendance or increase their attendance through announcements, gifts, etc.
<ul> <li>b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.</li> </ul>	During parent orientations inform parents on the ASP attendance expectations; distribute registration forms that outline the importance of consistent attendance. Students who chronically absent will be placed on a contract and a mtg will be held with the parent(s).
<ul> <li>c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.</li> </ul>	Monitor attendance; reach out to the student and family to understand reason for absence. Each situation is handled individually, and a plan is put into place when needed.
<ul> <li>d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.</li> </ul>	Acknowledge students with announcements (bulletin board), certificates.
SECTION 10: Transforming School Culture and Climate After school programs can play a critical role in support the	school's efforts to transform school culture and climate,

In addition, Academic Liaison will train and provide PD to ASP Staff to align school day behavior.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

ASP Instructors will identify students to receive additional mental health support. The instructors will receive training on supporting students with extenuating circumstances (homelessness, foster/relative care, hunger, violence, family illness), and help provide them with the tools that will allow them to make good decisions, interact more positively with peers and adults. The ASP will continue to model the behavior they would like the students to exhibit.

### 2013-14 After School Enrollment Policy for MLK, Jr. Elementary School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.

Enrollment policy will be shared with school faculty.
 Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is Optional or Mandatory for each target population
Students in need of academic support and intervention	Applications, school data, parent information, previous family knowledge	
Students from socio-economically disadvantaged families/backgrounds	Applications, school data, parent information, previous family knowledge	
English Language Learners	Applications, school data, parent information, previous family knowledge	
Students with siblings in the program	Applications, school data, parent information, previous family knowledge	
Students with chronic absenteeism	Applications, school data, parent information, previous family knowledge	

Grade levels prioritized for programming: <u>K-5th</u>

Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

#### Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 - 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

### Academic Liaison/Quality Support Coach

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Academic Liaison (now called "Quality Support Coach") is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- · Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program's Assess Plan Improve program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Academic Liaison/Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Academic Liaison/Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. ### **Teachers on Extended Contract for Direct Service**

In addition to an Academic Liaison/Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract. Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). ### OAKLAND UNIFIED SCHOOL DISTRICT Office of the Board of Education June 26, 2013

TO:

Board of Education

FROM:

Dr. Anthony Smith, Ph.D., Superintendent Maria South SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area

Community Resources

### **ACTION REQUESTED**

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,271,386.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

### BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

### DISCUSSION

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,271,386.00

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

### FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

### RECOMMENDATION

Approval of the Amendment to the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute an Amendment to the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,271,386.00.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.
