Veritam Incorporated _____ will provide a maximum of _____ hours of services at a rate of \$ _____ per hour for a total not to exceed \$ 35,000.00. Services are anticipated to begin on 07/01/2014 and end on 11/30/2014.

Veritam will provide an online data collection and management system for the District's MAA and LEA programs. The MAA program is designed to reimburse school districts, county Offices of Education, and other governmental agencies for certain costs occurred in the administration of MAA funded activities. Veritam will work with OUSD's MAA/LEA Program Manager to recover Medi-Cal dollars through training, program coordination, eligibility determination, supporting documentation including manuals and fiscal worksheets, plan development, invoice preparation and submission, claims submission, reporting and audit readiness. The Local Education Agency (LEA) billing option is fee-for-service program similar to an outpatient billing module. LEA billing revenue is determined when direct service is provided by qualified providers to a Medi-Cal Enrolled student with an IEP. Veritam will assist the MAA/LEA Program Manager with multiple aspects of maximizing OUSD's Medi-Cal LEA revenue.

- 2. Specific Outcomes:** What are the expected outcomes from the services of this Contract? Be specific. For example, as a result of the service(s): 1) How many more Oakland children are graduating from high school? 2) How many more Oakland children are attending school 95% or more? 3) How many more students have meaningful internships and/or paying jobs? 4) How many more Oakland children have access to, and use, the health services they need? Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). NOT THE GOALS OF THE SITE OR DEPARTMENT.

Veritam will provide access to its Medi-Cal Administrative Activities ("VeriMAA") and Medi-cal LEA Billing Option ("VeriDirect") software, as well as administrative and training support, pursuant to the attached 2013-2015 Service Agreement. For the MAA program, participants will individually log in to "VeriMAA" and input their week's activities during quarterly time survey weeks. Veritam will also provide training materials, assist in the required annual trainings of all MAA participants, and assist the District in completing the invoice process. For the LEA program, Veritam will convert the District's paper billing records into electronic records and submit them to Electronic Billing Services EDS (billing contractor for the state) as well as provide guidance around records and audit compliance. The LEA program is expected to generate \$1,000,000 for the 2014-2015 school year. In compliance with Ed Code, revenue from the LEA program is reinvested in student health and wellness programs and services. Because the MAA program is under revision statewide, anticipated revenue cannot be estimated.

Statement of Qualification

Veritam has provided specialized software and program support services to Oakland Unified School District (OUSD) since July 2011. The software is highly specialized and assists OUSD in the management of the School Based Medi-Cal Administrative Activities program and the Medi-Cal LEA Billing Option program (LEABOP). The software enables OUSD staff to electronically record appropriate Medi-Cal outreach activities and direct health care services. We process the data and transmit reimbursable activities to the California Department of Health Care Services.

Since the inception of services we have used OUSD staff feedback and focus groups to add several enhancements that focus on increasing staff participation and enhancing audit readiness. Specifically, we have created an electronic module for the management of services that OUSD was previously not able to claim for reimbursement. OUSD is now able to generate, certify, and electronically store all documents program required to OUSD to receive reimbursement for Occupational treatment services. The Module was provided at no additional charge to the district. Veritam has also created a web based HIPAA compliant document management system that enables staff to easily share and store HIPAA sensitive information with the OUSD LEABOP participants. The enhancement was provided at no additional cost.

In addition to technical services, Veritam provides staff software support and general program support to assist the OUSD Medi-Cal Coordinator in maximizing appropriate reimbursement revenue in an audit ready format. We are proud to be able to assist OUSD in its mission to serve the students and families of Oakland.
