## Building Brighter Futures and Stronger Communities

east bay agency for children

east bay agency for children

Life is stressful for children today. They can't learn when distracted by emotional, behavioral, and academic challenges they are ill-equipped to handle or when their families struggle to provide food, shelter and medical care for them.

With your help, East Bay Agency for Children strengthens children and families by empowering students to succeed in school and in life and by providing families the services and tools they need to support their children's education and well-being.

While East Bay Agency for Children provides intervention and prevention programs for over 20,000 children and families annually, your support ensures more at-risk children and youth will thrive.

**"With budgets at every level of government being cut, including many types of support for children and youth, the impact of an organization like EBAC with a strong track record is substantial. They're helping raise the standard for student achievement, creating a more level playing field for kids so that they have a fighting chance to stay in school, to learn, and to have some of that learning reinforced at home and in the community."**

# Strengthening Children & Families

## Mental Health Counseling at School Sites

Through mental health counseling at over 40 public and charter schools in Alameda County, East Bay Agency for Children teaches at-risk children the skills they need to manage the emotional and behavioral challenges that disrupt their learning.

## Intensive Therapy in Special Classes

In specialized classrooms, East Bay Agency for Children clinicians provide intensive mental health therapy to students who have severe emotional and behavioral challenges. The goal is to prepare them to transition to mainstream classrooms.

## Student and Community Family Support Services

East Bay Agency for Children assists families to obtain the critical community, social, and health services they need to flourish including health insurance coverage under Covered California. We teach families the school-readiness and literacy skills necessary to support their children's education. Our after school programs give children the extra academic help needed to succeed, and teens exiting the juvenile justice system receive vital counseling and guidance to help them complete school, build healthy relationships and find gainful employment.

## Child Assault Prevention

East Bay Agency for Children teaches children and youth how to reduce their vulnerability to abuse and assault, provides counseling services to those who have been victimized, and trains parents and other adults to build communities where positive, long-term relationships between children and adults grow and flourish.

## Grief and Illness Support Services

East Bay Agency for Children helps vulnerable children and hurting families cope with a life-threatening illness, loss, bereavement, or trauma through our peer support groups, crisis intervention services, and home-based counseling.

## \$1 Investment Becomes \$28 in Savings

According to the National Academy of Science, every dollar spent on prevention of mental illness among kids may be paid back as much as 28 times over the course of a lifetime in disability benefits never claimed, adult psychiatric care never needed and, in some cases, crimes never committed.

"EBAC provides a safety net for the students who are most at risk of failure, catching kids who typically fall through the cracks. EBAC is very good at addressing whatever is distressing them and looking at how those stressors affect their ability to succeed in school."
