OUSD Summer 2014 Lead Agency Program Plan Summer Hub: Urban Promise Academy

SECTION 1: Lead Agency Information		
Lead Agency Name: Bay Area Community Resources	Lead Agency Address: 3219 Pierce	Street Richmond, CA 94804
Lead Agency Phone: 510-559-3025	Lead Agency Fax: 510-559-5552	
Main Contact Person: Marisa Ramirez	Email: mramirez@bacr.org	Phone: 510-559-3025

SECTION 2: Description and Rationale for selection of Lead Agency

Please provide a narrative description of the agency that is managing the summer program. Describe the agency infrastructure and systems of support that will support your agency's successful implementation of summer programming.

The BACR philosophy about after school programs and summer programs extend far beyond keeping children safe. We believe in providing a safe, nurturing and enjoyable environment where students can improve their academic and life skills, where they can learn to be productive, build positive adult and peer relationships, and participate in meaningful academic and enrichment activities. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students and parents as our customers, and we believe it is our responsibility to understand and meet their needs.

As a well-established, large scale, and diverse agency BACR has the organizational capacity and infrastructure to maintain high quality while providing and expanding our services. Our accountants, administrative staff and management team will be available in the summer months to support our summer programs. Our management structure allows for: extensive staff development, a strong commitment to continuous improvement, proactive and responsive support, and meaningful program planning

BACR builds strong relationships and therefore is highly effective at participating in and leading collaborations and partnerships. BACR and its staff are guided by a set of internal Best Practices that inform our personnel recruitment and staff development, resulting in highly committed and skilled staff. Staff tenure at BACR is significantly greater than the nonprofit industry average.

Therefore, due to the scale of our operations, BACR can provide the necessary infrastructure and flexibility to manage our programs and meet the differing needs of each school site.

SECTION 3: Lead Agency Mission

Please describe your agency's mission. Describe how serving as a Summer Lead Agency for OUSD summer programs fits into your agency's mission, vision and/or goals.

The BACR mission is to promote healthy development among individuals and families, to encourage service and volunteerism, and to help build community. We are committed to carry out our work in our communities year round. We would like to build on the quality programming that is in place to provide this similar structure in our summer programs. We are committed to carry out our agency mission in our summer programs by providing a safe, nurturing and enjoyable environment where students can improve their academic, social and emotional skills, where they

can feel connected with their community, help combat the summer learning loss and at the same time stay physically active during the summer.

SECTION 4: Summer Program Quality Team

Each summer lead agency is expected to have a Summer Program Quality Team comprised of key individuals who will lead your agency's summer program planning, and work in partnership with OUSD to ensure program quality. Please list the members of your agency's summer program quality team. This team should include 2-4 key stakeholders involved in the planning, implementation, and assessment of the summer program. In addition to the Summer Site Coordinator, team members may include an Agency Director, and key summer program staff. Please designate a quality team leader with an asterisk (Example: Jamie Smith*). The team leader is considered to be the project liaison and will be the main person responsible for corresponding with OUSD and Partnership for Children and Youth staff.

SECTION 5: Summer Program Quality Learning Community Meetings, Trainings, and Professional Development

Summer Lead Agency partners will be expected to participate in three strands of summer professional development provided by OUSD in collaboration with Partnership for Children and Youth (PCY):

Strand 1: Summer Learning Community meetings will occur on a monthly basis (January-October 2014) for all summer lead agency directors and site coordinators. These required meetings will support agencies and program sites in planning, implementation, technical assistance, and evaluation of summer programs. The Summer Learning Community meeting schedule will be distributed to selected summer lead agency partners in December.

Strand 2: Line staff trainings for summer program staff: OUSD will leverage district and community resources to provide approximately 15 – 18 hours of additional summer training focused on topics such as high quality summer STEM, physical activity, and enrichment. A schedule of trainings for summer program staff will be provided by March, and trainings will occur between April – June. Summer program staff will be required to attend these summer trainings. (Bechtel Summer STEM projects will also have up to an additional 16 hours of STEM training, in addition to these line staff trainings)

Strand 3: Summer Conferences: PCY will host two important summer conferences that summer lead agencies should plan to attend. These conferences are free, and agencies will need to register staff directly through the Partnership for Children and Youth website (www.partnerforchildren.org).

- January 10: Summer Leadership Conference for Agency Directors and Site Coordinators
- May 9: Summer Conference for program staff

Assyrances: (please initial each item)

I understand that as a Summer Lead Agency partner, our Summer Site Coordinator(s) and agency director will be required to participate in a monthly Summer Learning Community, co-facilitated by Partnership for Children and Youth and OUSD.

ff Lunderstand that each of my summer program staff members will be required to attend 15 – 18 hours of training that will build their capacity to implement high quality summer enrichment and academic programming.

Will allocate summer contracted funds and in-kind agency funds, as needed, to ensure that my staff attend all required summer meetings and trainings detailed above.

A am applying to be a summer lead agency partner because my agency has capacity to deliver high quality summer enrichment and academic programming to OUSD students. In addition to the meetings and trainings listed above, my agency will provide our summer staff with adequate youth development training, planning time, coaching, and support before summer begins and over the course of the four-week summer program so that staff can deliver high quality services to students. My agency is committed to strengthening the youth development practices of our summer staff.

Agency Professional Development Plans

Please detail below your agency's own professional development plans and schedule for summer staff.

Please detail below your agency's own professional development plans and schedule for summer staff.

We will provide the following professional development for all summer direct service staff and coordinators: Basic Staff Orientation, Curriculum Development – Project Based Learning, Setting up Summer Calendar for Fieldtrips and Events, Community Building (BIC as well), Youth Development, Safety, Summer Learning PQA Assessment Tool, STEM Training, Physical and Recreational activities training.

In addition, we will request that PCY do a BACR only summer matters training for all direct service staff.

Staff will participate in monthly trainings as required by the district. In addition, we envision that all staff will go through 1 week of training, specifically right before summer programming begins to provide training topics outlined above and to support officially transitioning from school year programming to summer programming. In addition, Site Coordinators will be required to hold weekly meeting/coaching sessions with all their summer staff during the summer programs.

Applying learning from After School Professional Learning Communities (PLCs):

Discuss how your agency will utilize knowledge and resources you are gaining from participation in current after school professional learning communities (ie. Building Intentional Communities, Science learning community, etc.) to help shape summer program and curriculum plans.

All BACR sites participate in a variety of PLCs, our expectation is that the knowledge and resources gained throughout the year in their specific PLC will be used to develop additional trainings and curriculum and support program design for summer staff/program. We will build off the strengths of participating staff. The summer quality team will go through an intentional reflection and planning process to identify the best activities and practices that would be the best fit for summer learning and the school community.

SECTION 7: Summer Curriculum

Over the course of the next six months, summer lead agency partners will receive guidance and training on developing summer program plans. We are interested in learning about your current ideas for high quality summer programming and the curriculum/resources you plan to utilize. In the boxes below, please describe your plans for summer academics, enrichment, physical activity, and community building.

Hands-on Academic Activities: (please describe your planned academic activities, including learning goals and curriculum/resources you will use to ensure high quality programming that supports students' application of math, reading, writing, science, and/or critical thinking skills)

STEM - TechBridge, KidzScience, KidzMath, Computer Literacy Lab (for those schools that have them available) and Robotics Project Based Activities – Students will participate in hands on activities towards completing a project they will present at our end of summer celebration, this will be done through multiple formats (including STEM activities and enrichment activities)

Enrichment Activities: (please describe your planned enrichment activities, including learning goals, and curriculum/resources you will use to ensure high quality youth development programming)

Some of these activities include: Art – Drawing, Health and Wellness – Cooking and Nutrition. All enrichment will include Project Based Activities that will lead to a culminating event.

Physical Activity: (please describe your planned physical activities, including learning goals and curriculum/resources you will use to ensure well-structured, moderate-rigorous daily physical activity for all students)

These activities include: Health and Wellness – Physical Movements, Sports – Badminton, Volleyball, Soccer, Basketball. Students will learn ways to maintain good health and well being over the summer.

All students will learn basic information around exercise and healthy living. Get students involved in a healthy lifestyle so they will in turn make healthy living choices. Students will participate in physical movement, make healthy snacks and create a cereal box based on learned nutritional facts.

Community Building: (please describe what community building activities you will integrate into your program schedule, and what curriculum/resources you will use to ensure high quality community building activities; please include planned "Summer Bridge" transition support activities for middle schools serving incoming 6th graders)

We will incorporate activities to support students in having a sense of belonging to the program, connection with their peers and adults, and experience positive social interactions with their peers and caring adults. These activities will include: BIC, Opening and closing circles and reflection, Get to know you games, etc.

In addition, incoming 6th graders will participate in activities that will support them transitioning to a new school become familiar with the new school's culture, rules, and students.

SECTION 8: Summer Program Recruitment Strategies and Timeline

Briefly describe your anticipated summer program student recruitment activities and timeline. (please note that OUSD and PCY will give you additional guidance regarding summer program recruitment) Additionally, please respond to the following questions:

As a Summer Lead Agency partner for an OUSD Summer Program "Hub", you will be responsible for recruiting summer program participants from all the feeder schools that will feed into your summer hub (potentially 1-3 other schools in addition to the host site where the summer program will take place).

- a) How would you work to ensure equitable enrollment of students from all the feeder schools into the summer hub?
- b) Considering that you may not be the after school lead agency partner at some of these feeder schools, how would you work collaboratively with the other lead agency partners and school leadership teams at the feeder schools to streamline summer recruitment processes and ensure that students who most need summer services receive it?

We will work closely with OUSD and PYC to ensure that we are following the best process in recruiting students, based on lessons learned from last year and process communicated to the principals. This will need to start in late April to early May at the latest. A member of the BACR Program Quality Team (assigned per HUB) along with the HUB Summer Coordinator will coordinate ongoing meetings with all HUB principals to ensure that we are on track with recruitment and have equitable enrollment. In conjunction with the principals we will come up with a realistic and equitable number of student per site that will be based on the target population identified in the OUSD summer learning goals. We will discuss the criteria against the need of the schools and overall

percentage of students that fall in the target population criteria. This percentage will be equally reflected in driving our enrollment, given that students must participate all day. For example, last year when working with 3 Oakland schools, one specific school had said that they wouldn't be able to recruitment more than about 20% of our targeted number, while another school expressed an 80-100% enrollment interest. This will be an initial discussion with our summer leadership team, which includes OUSD summer coordinator and principal. Even if we are not the lead agency partner in some of the feeder schools, we will take the leadership role to ensure communication and this process is tight. We have great relationships with other lead agencies and schools that I am confident we can work closely with them.

SECTION 9: Summer Line Staff Information (if known at this time)

To promote continuity between OUSD after school and summer programs, and to provide year-round work opportunities for talented youth development professionals in Oakland, we are particularly interested in seeing current, highly qualified Oakland after school workers become the summer program staff at our OUSD Summer Hubs.

Please list the name(s) of line staff whom you intend to hire as part of your summer program staff. (Add additional rows as needed.) Please note that the summer program must have a maximum 1:20 adult to student ratio.

Important Note: Summer program staff will be expected to attend 15 – 18 hours of OUSD summer line staff trainings. The Summer Site Coordinator and summer program staff must be hired no later than April 4.

Program Staff Name	Email	Current After School Site where he/she works	Anticipated summer program hub site	Did he/she work in an OUSD Summer Program last year?
Agustin Barajas		Urban Promise Academy	Urban Promise Academy	No
Miladi Almaweri-Borero		Greenleaf	Urban Promise Academy	Yes

Summer Staff Recruitment

Please indicate how many total staff vacancies you anticipate you will need to fill in order to fully staff your proposed Summer Hub(s):

All summer program staff must be hired by April 4 in order to participate in initial summer trainings that may take place during the Spring Break in mid-April. Important Reminder: Summer program staff will be expected to attend 15 – 18 hours of OUSD summer line staff trainings.

a) Please describe your planned staff recruitment strategies to hire highly qualified individuals for OUSD Summer Program Hubs.
 We will have a high number of staff (from our regular year programs) interested to work in the summer. We will make it a competitive process to identify the strongest line staff and those that are interested in bringing in some additional skills to the table. We will also focus on those staff that has been actively involved in after school PLCs throughout the year. We should have no problem filing the positions.

In addition, we will be leveraging Americorp members.

b) Please summarize some of the key qualifications and characteristics your agency will look for in hiring highly qualified summer program staff.

This will include all key qualifications and characteristics that are outlined in our job descriptions for after school instructors (we can provide it if necessary). In addition, we are looking for staff that are sharp, adaptable, flexible, experience with working in the specific community, knows program structure and program quality, and relationship and community building skills.

SECTION 10: Summer Lead Agency In-Kind Contributions and Leveraged Resources:

Please describe what additional resources your agency will leverage in order to support high quality summer programming at OUSD Summer Hubs.

We will leverage Americorp Members. We will place at least 1-2 Americorp members per HUB currently working in our Oakland after school programs and hope to place an additional 1-2 Americorp from other schools or districts currently working under BACR BAYAC program.

Important Note:

OUSD Summer Programs are free programs. Summer Lead Agencies *cannot* charge a summer program fee to participating families for program costs or field trip costs.

The original Individual Service Agreement is contracting services at the negotiated price, stated in the referenced Master MOU, approved by the Board of Education on June 26, 2013 (Enactment Number 13-1213). This amendment will decrease the current level of services beyond the initial plan as stated in the original contract for Option A, Cost for Elementary School Lead Agency. The school is opting to utilize own district staff to provide services, reducing the charges to the cost above.

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs.

ASES and 21st CCLC After School Programs 2013-2014

SECTION 9: Chronic Absence Action Plan

Improving a chool day intendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school day to more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered to chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of thronic absenteeism.

2013-14 After School Enrollment Policy for Urban Promise Academy Middle School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- · Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Grade levels prioritized for programming: All grades will be able to enroll equally.

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for
 participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at
 risk of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school
 year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2013. Indicate how families will be notified of 2013-14 enrollment before the last day of school. June 13, 2013.)

OAKLAND UNIFIED SCHOOL DISTRICT Office of the Board of Education June 26, 2013

- Board of Education TO:
- FROM:

Dr. Anthony Smith, Ph.D., Superintendent Muria Scoutos SUBJECT: Master Memorandum of Understanding between OUSD and Bay Area **Community Resources**

ACTION REOUESTED

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a Not-To-Exceed amount of \$4,271,386.00. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

BACKGROUND

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

DISCUSSION

Vendor: Bay Area Community Resources

<u>Overview of Services:</u> Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,271,386.00

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 26 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding.

In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

FISCAL IMPACT

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

RECOMMENDATION

Approval of the Amendment to the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute an Amendment to the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount Not-To-Exceed \$4,271,386.00.

The Secretary of the Governing Board shall place said Individual Service Agreements on the Consent Calendar for Approval.

Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

- BACR is the lead community agency— managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County..
- 2. BACR is the fiscal sponsor- managing human resources, payroll and fringe benefits

OUR VALUES

- Give children a safe, nurturing and enjoyable environment after school.
- Integrate youth development practices into everything we do.
- Schools, students, parents and partner non-profits are our customers. Meet their needs.
- Youth are valuable. Support them in realizing their power.
- Respect our ancestors, improve the present, and sustain future generations.
- Give youth just, equal and meaningful opportunities to learn, grow and succeed.
- We like to have FUN! Take every opportunity to enjoy and celebrate our work.

PROGRAM MODEL

- Homework support: Students work in small groups with trained staff.
- Academic enrichment: Students get hands-on opportunities to master academic content, through robotics, chemistry lab, poetry slams, and creative writing workshops.
- Academic interventions: Students who need it get one-on-one review sessions with teachers or tutors and Supplemental Educational Services tutoring.
- Test preparation and credit recovery: High school students get help to graduate.

Enrichment

- Students explore their interests and build new skills. Visual and performing arts, community service, and student-led projects that promote pride, embody culturally-responsive activities, and integrate learning objectives in California Content Standards.
- Enrichment activities are tailored to each school site.

Recreation

Students can exercise, relax, and build social skills through organized sports, cooperative games, and free time.

Showcases

EVIDENCE OF OUTCOMES

A research study showed academic improvement for our after school participants:

- CAT6 reading scores increased more than peers not in the program, and the difference was statistically significant.. Students initially in the lowest quartile rose 8.7 percentile points.
- In CST English Language Arts, students showed a statistically significant increase in scores. 48% of students who were Below or Far Below Basic increased 7.5 points.

Recent Oakland elementary school surveys showed positive outcomes: Students
