Program activities will be based on youth development quality standards. The contractor will work collaboratively with the OUSD Summer Learning Office and After School Programs Office to ensure that students in need receive at least 6 hours of daily summer learning, enrichment, physical activity, and support services in the summer. The contractor will conduct outreach for summer student recruitment, will communicate with families regularly over the summer, will fulfill OUSD grant reporting requirements including submission of summer attendance records, and will maintain communication with the OUSD Summer and After School units to review progress on summer program goals. Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). NOT THE GOALS OF THE SITE OR DEPARTMENT.

Summer learning programs are critical in countering summer learning loss in students. Students will greatly benefit from the opportunity to participate in a full 6-hour summer learning program. The summer learning program will provide students with a safe and supportive place to spend their summer. As a result of the summer learning program, students will return to school in the fall feeling more engaged in learning, more connected to the school community, and less affected by summer learning loss. Edventure More Summer HUB Curriculum 2015

We will be running our Fantastic Flyers and Tinker Town themes this summer for our HUB program at Korematsu.

Fantastic Flyers

Curriculum Objectives:

- Define the Principles of Flight including thrust, drag, lift, and gravity.
- Design prototypes of rockets, parachutes, helicopters and paper airplanes.
- Test and modify prototypes to improve their functionality against roll, pitch, and yaw.
- Understand the parts of their prototypes and how those parts relate to the parts of real flight inventions.
- Devise a potential new flying invention based on principles of flight, aerodynamics and the physiology of flying animals.

Example Projects:

- **Origami Rocket Fleet:** Using the art of paper folding you'll create three types of origami rocket ships and a home base for your fleet!
- **Pop Rocket Paintings:** Are you a messy painter? Do you love to fling paint around? Perfect!! In this project we will use our pop rocket engines to make fine art explosions of colors and shapes.
- **Pop Rockets:** Launch your ideas high up in the atmosphere as you design an amazing rocket powered by simple chemical reactions.
- **Kite Flight:** We're big fans of kites...in fact, it's in our camp logo! We'll uncover mysterious legends about the *origin of the kite* (it really is a mystery) then test your creative design skills as you build, decorate and fly your very own kite. The sky's the limit! Nothing says science, art and outdoor fun like a kite...if it could talk of course.
- **Design Challenge! Paper Airplane Rally:** This is our final project of the week! You will need to use all of your new flying knowledge to create the perfect paper airplane. Whose design will fly into the Edmo record books?

Tinker Town

Curriculum Objectives:

- Gather information about a situation people want changed, in order to identify one simple problem that can be solved through the development of a new or improved object or tool.
- Develop a simple sketch, drawing, or physical model to illustrate how the shape of an object helps it function to solve a given problem.

- Define a simple design problem reflecting a need or a want that includes specified criteria for success and constraints on materials, time, or cost.

Example Projects:

- **Candy Racer:** You will prototype a wind powered racer car complete with mints for tires and candy-coated upgrades. Test your race car and see what sweet additions will push you into over drive.
- **Let me tell you about my Robot Friend:** You are going to put your engineering hat on and design a helpful robot with a wild array of materials. How will your robot friend improve the world?
- **Group Challenge! Race Track Race:** Slow and steady wins the race as teams compete to design a racetrack and see who will move a ball the slowest.
- **Robot Arm Relay Race:** Using your amazing extend-o robot arm, you and your fellow campers will race when you work as a machined powered assembly line.

SECTION 2: Lead Agency Assurances

Please review and initial each item and sign below.

__EAC__ I understand that my program's goal is to achieve at least 85% of the above attendance target this summer. I understand that if my summer site falls below 85% of this attendance target by the end of the 1st week of the summer program, I will be required to submit an aggressive student recruitment and retention plan to the OUSD Expanded Learning Office, detailing my program's efforts to raise attendance numbers for the remainder of the summer.

__EAC__ I understand that my agency's contracted summer funds are based on the above average daily attendance target number. My program will over-enroll appropriately to ensure that we reach this attendance target. I understand that if my program falls short of 85% of this attendance target by the end of the first week of program, I will submit a revised summer budget plan to the OUSD Expanded Learning Office detailing how I will reallocate contracted funds appropriately to reflect actual attendance numbers, and to support my student recruitment and retention plan for the remainder of the summer.

__EAC__ I understand that I am required to input my actual attendance numbers into the Cityspan attendance system **daily** during the summer program. I will cross check signatures on my daily sign in/out sheets with numbers inputted into Cityspan to ensure that the numbers match up and that Cityspan accurately reports my summer attendance data. I understand that the OUSD Expanded Learning Office will carefully review my daily attendance numbers over the summer program.

__EAC__ I understand that I am required to submit single-sided hard copies of my summer attendance records (including copies of daily student sign in/out sheets and the OUSD summer internal audit log) to the OUSD Expanded Learning Office by the last day of my summer program. I will also submit attendance data during the course of my summer program, as requested, for OUSD's attendance reporting to the California Department of Education.

__EAC__ I understand that OUSD's 21st Century federal grant funds are funding my summer program. I understand that I am required to follow all grant compliance requirements as outlined by the OUSD Expanded Learning Office. I will maintain my summer program records for 5 years for auditing purposes, as required by the California Department of Education, and will submit any summer programmatic or fiscal records to the OUSD Expanded Learning Office, as requested, for school district reporting and auditing purposes.

___EAC___ I confirm that my summer budget plan reflects my actual planned expenditures for my program. I will submit a required summer-end expenditure report to the OUSD Expanded Learning Office reporting on my agency's actual expenditures aligned to this budget plan. I understand that any discrepancy of over 10% between any line item in my budget plan and actual summer expenditures for that line item must be justified in my final expenditure report.

___EAC___ I understand that if I am running an A+B summer program model, these are requirements regarding my program hours of operation: Morning summer school will operate from approximately 8:15 – 12:15 daily. My afternoon summer program will operate from approximately 12:15 – 3:15 daily. All students must be off-site by 3:30pm and staff must be off site by 3:40 as the building will be promptly locked at 4pm daily.

___EAC___ If I am a stand-alone 6 hour program, I understand that OUSD will only cover custodial costs for four weeks of my summer program until 3:30 pm. My agency will be responsible for covering any extra custodial costs if my program runs beyond four weeks, and beyond the hours of 3:30 pm daily.

___EAC___ I understand OUSD Summer Programs are free programs. Summer Lead Agencies cannot charge a summer program fee to participating families for program costs or field trip costs.

SECTION 3: Summer Calendar and Daily Schedule

- a) Please attach a copy of your summer calendar showing all program days of operation, field trips, and any other notable special events and activities (ie. your summer end family celebration).
- b) Please attach a copy of your daily schedule detailing your full 6 hour program. (Note: sites that are using the A+B model must include the morning academic program in the daily schedule you submit). Attached is an example.
 - Please note that all programs under the A+B model will be expected to provide daily hands-on academics (ie. STEM), enrichment, physical activity, community building activities, and daily afternoon snack (provided by OUSD), between the hours of 12:15 – 3:15.
 - Please include staff prep and meeting times, and clean up/debrief times on your daily schedule.

SECTION 4: Summer Curriculum

Attach your summer program curriculum scope and sequence, outlining your curriculum objectives and planned program activities.

Please note that all programs under the A+B model should plan to provide daily hands-on academics (ie. STEM), enrichment, physical activity, and community building activities.

SECTION 5: Summer Program Recruitment and Retention Strategies and Timeline

Briefly describe your anticipated summer program student recruitment and retention activities and timeline.

- a) Describe how you will work with school leaders and after school providers at your summer hub and feeder schools to recruit students for summer

programming. Please note that summer programs are required to hit at least 85% of their attendance target. Programs should appropriately over-enroll to ensure that the target average daily attendance number is reached.

- b) What strategies will you use to retain students over the summer to ensure that your attendance numbers stay high. Please note that we highly recommend that programs maintain a waitlist so that students who do not show up after the first week of program can be immediately replaced.

- a) We are working closely with the principal at our new host school: Korematsu. We have created a cover sheet for our application packet, and the principal has agreed to post flyers for our program around the school. We plan to host a parent Science Night at Korematsu soon, which will help give parents a sense of our program, and get them excited to enroll.
- b) If students miss a day of camp, we will make phone calls to parents to investigate and address the situation. We will also work closely with summer school staff to gain further insight on students with poor attendance.

SECTION 6: Summer Line Staff Information (if known at this time)

To promote continuity between OUSD after school and summer programs, and to provide year-round work opportunities for talented youth development professionals in Oakland, we are particularly interested in seeing current, highly qualified Oakland after school workers become the summer program staff at our OUSD Summer Hubs. Please list the name(s) of line staff whom you intend to hire as part of your summer program staff. (Add additional rows as needed.) Please note that the summer program must have a maximum 1:20 adult to student ratio.

Summer staff must meet the minimum staff qualifications according to the 21st Century grant requirements:

- Must pass fingerprint background clearance by DOJ and FBI
- Must have TB clearance
- Must have at least 2 years of college (48 semester units), or pass the Instructional Aide exam administered by the Alameda County Office of Ed

Important Note: Summer program staff in A+B programs will be expected to attend 15 – 18 hours of OUSD summer line staff trainings.

The Summer Site Coordinator and summer program staff should be hired **no later than May 8**.
