Stipend Agreement

This agreement describes the stipend provided by the Partnership for Children & Youth (PCY) to Oakland Unified School District for involvement in Expanded Learning 360/365, an initiative to improve the consistency of social-emotional learning (SEL) practices across expanded learning and school-day environments.

The \$5,000 stipend is being provided to support the district and its community partners' participation in a Learning Community. The stipend is intended to cover travel costs (e.g., airfare, hotel, food, mileage, parking), as well as other expenses related to Learning Community team members' participation and work related to the Learning Community.

As part of the ELT 360/365 Learning Community and this stipend, the district agrees to the following deliverables:

- Participation of Learning Community Team Members (as defined by PCY and the district) in 4 Learning Community meetings.
- An Action Plan describing strategies to better align social-emotional learning practices across the school day and expanded learning time.
- Completion of tasks, as needed, between Learning Community meetings to prepare for meetings and to move the Action Plan forward.

For more information about the ELT 360/365 Learning Community, please see the attached project description.

This agreement is in effect from March 1, 2015 to October 31, 2015.

Supporting
Schools and
their Partners
so **Every Child**
can Thrive.

Partnership for Children & Youth is a California-based non-profit supporting communities working together to ensure all children have the learning, health and social supports they need to succeed in school and life.

Our Mission

The mission of Partnership for Children & Youth (PCY) is to ignite systems of continuous learning, foster collaboration, and build leadership among school districts, government agencies and community-based organizations serving low-income children and youth. We do this by supporting community school, after school and summer partnerships through training, coaching, evaluation, policy and advocacy.

Background

PCY was formed in 1997 by government, philanthropy and business leaders who were concerned about the persistent poverty and ongoing difficulties faced by children and youth in Bay Area communities. An extensive analysis found many low-income communities were vastly underutilizing funding streams for critical support programs for children and youth. PCY was created to connect schools and their community partners in these underserved communities with available public and private resources, and to improve the effectiveness of funding streams serving children.

Our Initiatives

PCY works to increase the quality and availability of community school partnerships that provide summer and after school programming and physical and mental health services. This work is organized into three key program areas:

- **Expanded Learning** | We provide schools and their community partners with assistance in financing, improving, and sustaining after school and summer programs.
- **Community Schools** | We help schools and communities align resources to make sure every child has access to necessary academic, developmental, health and social supports.
- **Policy & Advocacy** | We serve as a bridge between on-the-ground needs and the work of policymakers at the local, state and federal levels, advocating for policies that enable schools and their community partners to improve services provided to students and their families.

Accomplishments

- Raised over \$90 million in public and private dollars for youth programs in California's lowest-income communities;
- Facilitated dozens of new partnerships between schools, local governments and community agencies;
- Improved quality of over 300 after school and summer program sites, reaching over 28,000 children and youth;
- Trained almost 800 program staff and provided over 3,100 hours of professional development coaching;
- Spearheaded three successful California legislative measures in support of summer learning;
- Co-authored key federal policy language improving how federal after school funding is administered at the local level; and
- Won sweeping policy reforms in California's after school funding system, vastly improving services to children most in need.
