- X Safe, Healthy & Supportive Schools (LCAP Goal 7)

State 3 – 4 primary goals of the After School Program and intended impacts for participating students. Describe how these after school goals align with the school's Major Improvement Goals and Strategies identified in its SPSA plan.

- 1. Students develop a love for learning.
 - Impact: Students have opportunities to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their school-communities. There is an increase in student attendance during the school day as a result of students feeling more motivated. There is an increase in the number of students accessing higher learning opportunities (career or vocational pathways) beyond high school.
- 2. Students are guided and supported in their efforts of realizing their goals, hopes and aspirations. Impact: Student engagement in the ASP is at 100%; every student participant, regardless of their academic, behavioral or environmental risk factors has a place in the ASP. Parents are valued for their knowledge and life experiences and there is parent participation frequently in the ASP environment.
- 3. Students participating in ASP's gain access to individualized academic support and academic mentoring. Impact: Students have ownership of their education, and are successful in their academic development and academic achievement. School faculty supports ASP's academic alignment, credit recovery/ credit accumulation opportunities, career exploration and college.
- 4. Students make healthy choices, understand their cultural history and honor and respect each other's diverse backgrounds and identities.
 - Impact: The AS program is a positive environment where students can safely engage in their emotional and socio-cultural development. Students gain cross-cultural understanding and are equipped with skills to successfully navigate our diverse society.
- 5. Students will have access to opportunities to participate in Academic and credit recovery programs.

	SECTION 3: OUSD Strategic Questions Complete the matrix for at least two of the following four OUSD Strategic questions.								
Strategic Questions/Desired Outcomes As a result of our ASP efforts High School Graduation: How many more Oakland children are graduating from high school? Satisfactory School Day Attendance: How many more Oakland children are attending school 95% or more?	Strategic Activities What after school strategic activities will support the desired outcomes? Create CAHSEE prep classes before and after school to target students who have not passed. ASP will provide individualized academic support, academic mentoring by creating a healthy, safe and diverse program. ASP will assist students in developing a love for learning; support their efforts in achieving their academic and career goals.	Outcomes of Strategic Activities What short-term outcomes will you expect from your efforts by the end of the school year? Students who participate in the CAHSEE Prep earlier in the year will have greater chances of passing it at the end of the year. A well-rounded ASP that meets academic and social-emotional needs of students will result in their increase in attendance of the school.	Data used to assess the strategic activities What data will be collected to measure these outcomes? Previous CAHSEE Test Scores for Students and students referred by the counselor. Run attendance reports every month through youth services (City Span) and Aeries to check the stability of our attendance. Attendance reports will be shared with each ASP staff to create accountability.						
Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?	Quarter 1: 2x week class offering job and career readiness; leadership; life and organizational skills. Quarter 2: Placements of students begin to career/ job training opportunities. Quarter 3: Continue supporting students with their placements. Goal of Quarter 3 is student retention, and successful transition to summer jobs and career training opportunities.	15+ students will successfully complete the job and career readiness program. 15+ students will be exposed to a variety of careers by taking field trips to different schools, training centers, business and career fairs. The same 15+ students will be matched with internships, externships, jobs or apprenticeship programs; these student interns will exhibit leadership roles. SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students

☐ Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must not appear on the school bell schedule)

X Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

2015 will mark the eight-year of BACR's and Ralph J. Bunche partnership. As a lead agency, BACR brings a track record of experience in designing and providing youth development programs, including after school programs. BACR after-school programs promote the successful, holistic development of Oakland youth by providing opportunities for young people to acquire new skills, engage in creative learning, share their talents, and leave a positive mark in their communities. We collaborate with fellow community-based organizations and schools to prove high-quality after-school experiences for youth throughout Oakland.

BACR's after-school programs are customized to individual school communities, managed by well-qualified and well-supported staff, leverage a variety of community assets, and continually strive to improve our service. We:

- Work with principals and teachers to craft programs that support each school's goals for student development and achievement.
- Provide a highly qualified, on-site coordinator at each school who is primarily responsible for the day-today operation of the program.
- Experienced coordinators support our site-based staff and BACR administrative staff manages most paperwork. These agency-level supports assure that site-based staff are supervised and mentored by seasoned professionals and are required to spend less time on administrative tasks.
- BACR partners with tutors, academic intervention entities, community colleges, arts organizations, and other experts to provide a
 variety of activities for students, and leverage existing school-based academic support resources to provide a continuum of learning
 opportunities for students.

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates including training agends and staff sign in sheets.

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)	180 days required
Projected Daily Attendance during School Year 2015-2016	47
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	10/10/2015, 1/30/2016, 3/30/2016,

Minimum Days

High school programs are required to operate a minimum of 15 hours per week. Minimum days can have a significant impact on the after school staffing and budget if programs provide increased hours of service due to early dismissal times. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.

Projected Number of Minimum Days for School Year 2015-2016

Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days:

At this time we only anticipate 5 minimum days. We will budget for After School program staff and other providers to work additional hours during the minimum days. We will schedule exploration field trips and other events to ensure there are full services on minimum days and that our required 15 hours of service each week are provided.

Program Schedule

- Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
 - 2. Submit a copy of the school bell schedule for the 2015-16 school year.

Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

SECTION 6: Academics

Your site should plan to offer a range of academic supports and MUST include:
1) CAHSEE Prep 2) Credit Recovery 3) Tutoring

Other possible supports may include computer lab, STEM Programs, Academic Intervention, and project-based learning.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school.

Activities should be based on sound instructional strategies aligned with the regular school day program.

SECTION 7: CAREER-RELATED ACADEMIC ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Career-related enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to develop 21st Century Skills, explore career-related fields, and apply learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support Career Pathways, school goals for health and wellness, positive school climate, arts learning, and student engagement.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: *The activities listed below must align to your 21st Century Family Literacy budget plan.*

Type of Activity and Frequency	SPSA goal(s) or school need supported by activity	Describe how this activity is connected to student achievement	Measurable Outcome	Alignment with school day family engagement / family literacy efforts or resources
Quarterly Family /Parent/Guardian Events	ASP's Family literacy contributes to organizing for a safe school and supportive environment through assessing the needs of families.	A parent liaison will do outreach to Ralph J Bunche's families/guardians in order to have them attend school-wide events whereby their student will be acknowledged.	Attendance at events As a result of participating in a total of 3 parent events, there will be an Increase in parent involvement.	Parent Liaison will work with families to further the positive affect on their students and help support students to stay motivated and on task. The Parent Liaison will build a healthy, positive community around our students.

PARENT LIAISON:

Describe the anticipated duties of the Parent Liaison in your program. Also identify what supports your school site will provide the Parent Liaison, including training and materials.

- 1. Parent Liaison will outreach, and coordinate three parent/guardian and student orientations during the academic cycle: Ralph J. Bunche continuation is on a trimester system (12 week cycle). At the conclusion of each cycle we will have a mandatory student and parents/guardian orientation.
- 2. Parent Liaison will put together **one, school-wide Health College and Career Fair** that will specifically focus on Seniors. Parent Liaison will connect to parents/guardians regarding college, career and job readiness opportunities for their graduating students. This fair will take place in April and the effort will receive school-wide support, as it will be planned in collaboration with school staff.

- 3. Parent Liaison will coordinate Back to School Night and ASP's Open House in order to reach maximum parent engagement.
- 4. Parent Liaison will link up with the office of Family and Community Engagement, to access curriculum and support for carrying out workshops for parents throughout the year. The workshops will be selected depending on the needs and interests of parents. Judging from past experiences, parents tend to favor workshops on the following topics: parent/student communication; financial literacy; gangs, and street drugs; economic development opportunities.
- 5. Parent Liaison will be in constant communication with the parents/guardians of the students participating in the ASP's internship program. All student interns will need to bring their parent/guardians to an initial orientation; by partnering with parents/guardians we will increase student retention and completion rates of internships.
- 6. Parent Liaison will connect families with resources. These include but are not limited to: FAFSA help; Workforce Re-entry programs, Food Bank, Housing, and Health services.

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select *at least two* of the following strategies below and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	We will hold students and parents accountable by utilizing student and parent attendance contracts for students who are below 80% attendance.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	Parent liaison will outreach and contact guardians to discuss learning loss due to absenteeism.
 c) Track students with poor program attendance and reach out to find out why and how attendance could be improved. 	Site coordinator and parent liaison will identify students' barriers to participation and attendance.

	Parent liaison will connect with families and will work to improve or remove barriers to participation.		
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	There will be 3 student assemblies at the conclusion of each trimester to recognize students with consistent attendance

2015-16 After School Enrollment Policy for Ralph J Bunche High School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- · Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is Optional or Manuelony for each larget population
Students in danger of dropping out	Students who are transferred from Betty McGee: these students will automatically enroll in ASP	Mandatory

African American Males	AAMA	Optional

Which grade levels will you serve in th	nis program? 9-12th
---	---------------------

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept any student that desires program services.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.

- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

From Antwan Wilson, Superintendent

June 24, 2015

Board Meeting Date (To be completed by

(To be completed by Procurement)
Subject

Master Memorandum of Understanding between Oakland Unified School District

and Bay Area Community Resources

Action Requested

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a not-to-exceed amount of \$4,045,188.25. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

Background
A one paragraph
explanation of why
the consultant's
services are needed.

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

Discussion
One paragraph
summary of the
scope of work.

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,045,188.25

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

Fiscal Impact

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

Recommendation

Approval of the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount not-to-exceed \$4,045,188.25.
