Subject

Memorandum of Understanding - Alternatives In Action (contractor) - 335/Life

Academy (site)

**Action Requested** 

Approval of the Memorandum of Understanding (MOU) between District and Alternatives In Action, for services to be provided primarily to 335/Life Academy (site).

**Background** 

A one paragraph explanation of why the consultant's services are needed.

The After School Education and Safety (ASES) Program is the result of the 2002 voter approved initiative, Proposition 49. This proposition amended California Education Code 8482 to expand and rename the former Before and After School Learning and Safe Neighborhood Partnerships Program. The ASES Program funds the establishment of local after school education and enrichment programs. These programs are created through partnerships between schools and local community resources to provide literacy, academic enrichment and safe, constructive alternatives for students in kindergarten through ninth grade. The general purpose of the 21st Century Community Learning Center (21st CCLC) program is to establish or expand community learning centers that provide students with academic enrichment opportunities along with activities designed to complement the students' regular academic program. California Education Code (EC) Section 8421 further defines the purpose of the 21st CCLC High School ASSETs program as (1) creating incentives for establishing locally driven after school enrichment programs that partner schools and communities to provide academic support and safe, constructive alternatives for high school pupils in the hours after the regular school day, and (2) assisting pupils in passing the high school exit examination for public school programs.

### Memorandum of Understanding 2015-2016 Between Oakland Unified School District and

Alternatives in Action

1.	Intent. This Memorandum of Understanding ("MOU") establishes the Oakland Unified School District's
	("OUSD") intent to contract with Alternatives in Action
	("AGENCY") to serve as the lead agency to provide after-school and/or summer educational programs and to serve a sufficient number of students and run services for a sufficient number of days to earn the core grant allocation of funding at 335/Life Academy Middle School under the following grants:
	After School Education and Safety Program ("ASESP")

- California Department of Education ("CDE") 21st Century Community Learning Center (21st CCLC)
- Oakland Fund for Children and Youth This MOU will also outline services provided on OUSD school grounds through the Oakland Fund for Children and Youth ("OFCY") After-School Initiative funds that shall be utilized as matching funds to CDE ASESP and 21st CCLC funds.
- Private grants
- 2. Term of MOU. The term of this MOU shall be July 1, 2015 to August 19, 2016 and may be extended by written agreement of both parties.
- 3. **Termination.** OUSD may at any time terminate this MOU for any or no reason upon not less than five (5) days written notice to AGENCY. OUSD shall compensate AGENCY for services satisfactorily provided through the date of termination. In addition, OUSD may terminate this MOU for cause should AGENCY fail to perform any part of this MOU. In the event of termination for cause, OUSD may secure the required services from another contractor. If OUSD's cost of procuring services from another contractor exceeds the cost of providing the services pursuant to this MOU, AGENCY shall pay the additional cost.
- 4. Compensation. The **ASESP** and 21st CCLC award amount for grant Alternatives in Action is \$ 284,779.00 . AGENCY shall be entitled to compensation from these funds in accordance with the following terms and conditions:
  - Total Compensation. Subject to the provisions of 4.2 Positive Attendance and the 4.1. provisions of 4.3 Administrative Fee, AGENCY shall receive the amount of the grant award less OUSD's administrative fees and other site costs agreed to by the Site Administrator and AGENCY.
  - 4.2. Positive Attendance. Payment for services rendered related to the ASESP and 21st CCLC grants shall be based on actual student attendance rates (\$7.50 a day per student), not estimates. as those programs are "positive attendance based." OUSD reserves the right to modify the annual core allocation based on reported attendance. In the event that payments made to AGENCY exceed the reported attendance for the Core grant, the AGENCY will return payments to OUSD at the rate of \$7.50 a day per student. Documentation of attendance must be submitted through the OUSD/OFCY attendance systems in order for invoices for payment of services for the ASESP and 21st CCLC grants to be processed. Exhibit A (Attendance Reporting Schedule 2015-2016")
    - 4.2.1. Reconciliation Process for Positive Attendance Based Grant Funds. OUSD will adjust the payment of the "positive attendance based" grants based on quarterly review of monthly invoices and attendance for services rendered related to the ASESP, 21ST CCLC (Core Grant) for any adjustments resulting from the reconciliation of the attendance reports for that quarter's months. The attendance reconciliation process will assess the program's performance with respect to the required compliance with the grant mandated attendance rates. Based on the

review, financial adjustments of additional payment or additional withholding will be made. Any remaining balance(s) will be forwarded to AGENCY or OUSD. Any adjustment required in excess of the withholding will necessitate additional adjustments to future invoices and payments.

- 4.2.2. Administrative Charges and Reconciliation. Reconciliation process for positive attendance based grants must factor in the subtraction of administrative and other OUSD central charges, as outlined in section 4.3, from any grant amounts earned through attendance (OUSD indirect, custodial, evaluation, and After School Programs Office administrative and training/technical assistance fees).
- 4.3. OUSD Administrative Fees. OUSD shall charge and withhold up to 14% from the overall ASESP and 21st Century grant awards for central indirect, administrative, custodial, evaluation, and direct service training and technical assistance.
- 4.4. AGENCY Administrative Fees. AGENCY understands and agrees that it may not charge more than 4% of the total contract amount as administrative fees and that its administrative fees must be set at an appropriate dollar amount to keep the ASESP and 21st Century grants within the grant-mandated allowable 15% for total indirect/administrative costs. The agency administrative fees charged to the ASESP and 21st CCLC grants must be used for direct administrative costs and cannot be used for agency indirect costs. Direct administrative costs consist of expenditures for administrative activities that provide a direct benefit to the ASESP and 21st CCLC programs. Indirect costs consist of expenditures for administrative activities that are necessary for the general operation of the agency, but that cannot be tied to the ASESP and 21st CCLC programs.
- 4.5. **Program Budget.** The grant will remain as part of the site budget. Funds will be encumbered from the site budget on behalf of AGENCY for the school year 2015-2016 and will not exceed \$284,779.00 in accordance with Exhibit B. **Exhibit B** ("ASESP/21st CCLC Planning Tool/Comprehensive After School Program Budget for AGENCY 2015-2016").
- 4.6. **Modifications to Budget.** Any modifications to the approved grant budget must be approved by OUSD, AGENCY, and CDE before expenditures of funds for modified line items are authorized. Except as expressly set forth herein, OUSD shall not be liable to AGENCY for any costs or expenses paid or incurred by AGENCY in performing services for OUSD. The granting of any payment by OUSD, or the receipt thereof by AGENCY, shall in no way lessen the liability of AGENCY to correct unsatisfactory work, although the unsatisfactory character of that work may not have been apparent or detected at the time a payment was made. Work, which does not conform to the requirements of this Agreement, may be rejected by OUSD and in that case must be replaced by AGENCY without delay.
- Program Fees. The intent of the ASESP and 21st CCLC programs is to establish local programs 4.7. that offer academic assistance and enrichment for students in need of such services regardless of their ability to pay. Though it is not against the rules to charge fees for participation in programs, the CA Department of Education discourages it because it could exclude students in need from attending and taking advantage of the after school program. Fees should not create a barrier to participation in the after school program. After school services must be equally accessible to all students targeted for services regardless of their ability to pay. Programs that propose to charge fees may not prohibit any family from participating based on their inability to pay and must offer a sliding scale of fees and scholarships for those who could not otherwise afford to participate. Any income collected from fees must be used to fund program activities specified in the grant application. AGENCY shall do full accounting of fees collected, and documentation shall be kept for 5 years for auditing purposes. If AGENCY decides to charge fees, this decision shall be made collaboratively with the Site Administrator, and AGENCY shall work collaboratively with the Site Administrator and parent leaders to develop an appropriate program fee structure for the school community. AGENCY shall provide the OUSD After School Programs Office with written documentation of the program fee

structure prior to charging any program fees, and shall provide OUSD with additional documentation upon request, to ensure grant compliance.

### SECTION 2: Alignment with Site Plan (SPSA), Major Improvement Priorities

In collaboration with school leadership, identify the school's Major Improvement Priorities where this after school program is identified for its high leverage practices.

In hopes of continuing to strengthen our career pathways work as school, Life Academy has selected academic rigor, personalized supports, work-based learning, and CTE coursework as our areas of priority for next school year's SPSA. Alternatives in Action's extended day program (EDP) will play a vital role in supporting and advancing these efforts on Life Academy's campus. In terms of rigorous academics, EDP will continue to provide universal homework time and will incorporate day school teachers into such academic supports 4 days per week in order to support math and literacy development and promote high quality certification completion. We have placed homework time immediately after school day dismissal to accommodate for teacher availability and ensure the maximum amount of students can attend on a daily basis. In the area of personalized supports, EDP leaders will work closely with the newly assigned academic counselor to identify & support students for targeted intervention programs that also take place immediately after school. Working with the counselor, the community school manager and after school coordinator will lead a concerted effort to track & verify academic eligibility for athletes and design specialized supports for student-athletes. For workbased learning. Alternatives in Action & EDP will continue to offer and support off-site internships occurring during after school hours by maintaining and building partnerships with placement sites, handling communication to families, and managing program implementation logistics. In addition to these specific high leverage practices, Alternatives in Action's EDP program model is founded on cascading leadership, positive group development, and building networks of care for youth and families. Life Academy administration and Alternatives in Action program leaders believe that this foundation is closely aligned with and, in an over-arching way, will support the school's SPSA for next school year.

### **LCAP Strategic Priorities**

In collaboration with school leadership, identify the specific LCAP goal(s) that this afterschool program will intentionally support

- X College & Career Readiness (LCAP Goal 1)
- X Literacy (Proficiency on Standards, Grade Level Reading, English Learners Reading Fluency-LCAP Goals 2, 3, 4)
- X Mathematics/STEM Proficiency (Proficiency on State Standards—LCAP Goal 2)
- X Student Engagement (LCAP Goal 5)
- X Parent/Family Engagement (LCAP Goal 6)
- X Safe, Healthy & Supportive Schools (LCAP Goal 7)

State 3 – 4 primary goals of the After School Program and intended impacts for participating students.

Describe how these after school goals align with the school's Major Improvement Goals and Strategies identified in its SPSA plan.

- Academic Development To provide high-impact targeted and universal academic interventions that are
  connected to day school experiences, support the academic rigor of Life Academy, and support
  mastery in English/Language Arts, Science, and Mathematics.
- Service and Project-Based Learning and Enrichment

   — To complete service learning and hands-on projects
   based on student interests, challenging project planning skills and allowing opportunities for
   youth to interact positively with the community and experience personal efficacy and growth in
   social/emotional health.
- Cascading Leadership To create effective youth-adult partnerships that engage youth in the decision-making
  processes and facilitation of the after school program and further their own personal & leadership
  development by coaching peers.
- 4. College and Career Readiness- To provide supports, resources, and access to real world experiences that help prepare students for success in college and career beyond high school through a college and career information center, project based learning and 21<sup>st</sup> century skill-building in the after school program, and internships.
- Health/Physical Fitness To provide strategies and exposure to youth regarding how to increase health and well-being in their lives, school, and community through nutrition, wellness, and sports programming

Additionally, all after school activities at Life Academy through Alternatives in Action are designed to promote a positive school culture by establishing and holding group agreements and teaching the 7Rs: Risk, Respect, Responsibility, Resiliency, Real, Rigor, and Relationships.

### SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

- ☐ Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students
- ☑ Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must not appear on the school bell schedule)
- ☐ Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

Alternatives in Action Extended Day and Community Programs offer youth and their families a broad range of after school and summer programming along with other school-linked services that prepare young people for success in

college, career and community leadership in alignment with Life Academy's vision of implementing a full service community school vision. Our comprehensive community school initiatives are based out of three East Bay school sites: Life Academy of Health and Bioscience in East Oakland, McClymonds High School in West Oakland, and Alternatives in Action's own charter high school in the Seminary neighborhood of east Oakland, which is open to students from other surrounding Alameda and Oakland high schools. We also serve as the lead agency for after school programs at Fremont High School. Through our Community Programs, we partner with school staff, youth, parents and organizations to create powerful, real-world learning opportunities for over 900 high school youth in our "Six Pillars of Collaborative Programming". These include After School Community Projects, Academic Support and College Preparation, Career Development, Parent Engagement, Health and Wellness, and Cascading Leadership. We offer a place and supports that meet the needs of the whole child, from leadership to tutoring to physical check-ups. As youth progress and grow, they may take on roles of greater influence in the school and co-lead programs with other youth.

As a well-established local youth-serving non-profit, Alternatives in Action's effective management and ability to infuse cascading leadership and a community-school approach into out-of-school time programs has led to a fruitful and mutually beneficial collaboration between Life Academy and the organization in recent years. Alternatives in Action lead staff and Life Academy administration work very closely during the school year to develop and maintain responsive, high -quality programming. All program plans are made collaboratively by school administration and lead agency directors. Additionally, Alternatives in Action supports school-based staff through organization-wide professional development in youth development and job-embedded coaching throughout the school year and summer. All site coordinator and agency director staff members participate in OUSD professional learning communities throughout the year. Alternatives in Action's Life Academy 2014-15 scores for middle (4.83) and high school (4.82) show that the established infrastructure and systems of support at Alternatives in Action can lead to the implementation of highly successful youth development and out-of-school time programming at Life Academy.

### SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

\* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)

178

Projected Daily Attendance during School Year 2015-2016	195 students
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	1 day in October, 1 day in January, exact dates TBA

### Minimum Days

Elementary and middle school after school programs are required to operate from the end of the school day to 6pm. When a school holds minimum days, the after school program must begin early and run a long day until 6pm. Minimum days have significant impact on the after school staffing and budget. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.

Projected Number of Minimum Days for School Year 2015-2016	50 (includes all normally scheduled Wednesday
	minimum days + other non-
	Wednesday minimum days)

Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days:

Alternatives in Action has factored in extra staffing hours (approximately 1 extra hour per week per hourly staff member) into next year's budget to ensure full program coverage until 6pm on minimum days.

### **Program Schedule**

- 1. Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
- 2. Submit a copy of the school bell schedule for the 2015-16 school year.

**Important Notes:** The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

### **SECTION 6: Academics**

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring. Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD

### SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21<sup>st</sup> Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

Recommended Middle School Program Components: Middle schools are highly encouraged to provide after school STEM instruction and youth leadership programming for students. (These program components are required for 21<sup>st</sup> Century middle school programs.) STEM and Building Intentional Communities youth leadership curriculum and PD will be provided by OUSD after school learning communities.

### SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21<sup>st</sup> Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21<sup>st</sup> Century grantees who receive Family Literacy funding: *The activities listed below must align to your 21<sup>st</sup> Century Family Literacy budget plan*.

### **SECTION 10: Transforming School Culture and Climate**

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

- a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?
- X PBIS (Positive Behavioral Interventions and Support)
- X Restorative Justice
- X Social and Emotional Learning
- X Bullving Prevention

~		
Othor:	(please specify)	
Other.	(hicase specify)	

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (ie. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

Alternatives in Action works with Life Academy to provide many supports to transform school culture and climate and to align practices in discipline policy.

- Alternatives in Action's Community Programs Director at Life Academy leads the site's COST meetings and completes all corresponding data tracking activities in order to link students and families to campus services and identify patterns in how the school intervenes with students experiencing academic, behavioral, and socialemotional struggles.
- All Extended Day Programs integrate agreements to meet the social emotional learning needs of the program
  participants into each group. Youth are held accountable for their behavior through the agreements. Program
  rules and consequences align to the school day discipline policy.

- Extended Day Programs build positive relationships amongst youth and adults to support the social emotional learning and development of each student. Curriculum is age appropriate and responsive to the learning needs of students by subject area.
- The Extended Day Program staff are integrated into Life Academy staff retreats and trainings to ensure collaboration and alignment from school day into after school.
- The middle school coordinator will attend all PBIS trainings provided by the district and co-lead our school site's PBIS team, overseeing all such efforts and incorporating such structures into EDP.
- The Community Programs Director and Program Coordinators meet regularly with the administrative team and Life staff to align practices in restorative justice and bullying prevention/remediation.
- c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

Alternatives in Action's Extended Day Program at Life Academy has collaborated with day school teachers to plan and facilitate the annual Black History Month Town Hall in the past by organizing student rehearsals and planning time during the after school hours. In 2015, this event offered Black students the opportunity to plan and lead an event that was meaningful to them and reflected their talents, heritage, and cultural traditions. It had a very positive social-emotional impact on both the African-American student leaders who led the festivities as well as school culture as a whole. Our parent liaisons helped promote the event with parents and community members. We plan to be involved in this event in 2016 as well.

Additionally, African American students are part of the Extended Day Program where they are able to build meaningful relationships with adult allies who monitor their progress in social/emotional development, academics, and attendance. As mentioned in the case of the Black History Month Town hall, the parent liaison and parent coach communicate regularly with African American families about school events to engage them in the school and their students' success. Students experiencing behavioral difficulties in the classroom and program are referred to the Restorative Justice program. Students with chronic emotional stress are referred to COST and receive services from the Wright Institute counselors, Native American Health Center, or other service providers depending on the situation and individual.

### **SECTION 11: Coordination with Other Service Providers**

#### 2015-16 After School Enrollment Policy for Life Academy of Health & Bioscience Middle School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21<sup>st</sup> Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- · Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- · Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
6 <sup>th</sup> -8 <sup>th</sup> grade students	All 6 <sup>th</sup> -8th grade students enrolled in at least one after school program	Mandatory- attached to Academy Elective Credit
6 <sup>th</sup> -8 <sup>th</sup> grade	6 <sup>th</sup> -8 <sup>th</sup> grade students selected for Academic Revolution Zone intervention program based on academic data such as GPA, homework completion rates on Jupiter Grades, and SBAC test scores	Mandatory for students below 2.0 GPA and other students identified by grade level teams as needing targeted support and homework help in core classes

Which grade levels will you serve in this program? 6th-8th Grade

Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

#### **Additional Notes:**

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
  of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
  (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

#### **School Support for Program Recruitment**

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

School staff will collaborate with after school agency leaders to organize spring orientations, registration week, Back to School Nights, and conferences, incorporating extended day program information into all elements of these events. All registration and communication materials will be explained and provided to office staff. School staff & extended day program staff meet weekly during the site administrative team meeting and will continuously check in about any student/family needs as they arise throughout the year.

The Quality Support Coach is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- · Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.

#### **Professional Development and Staff Wellness**

**Professional Development:** After school staff should receive adequate professional development, including coaching support and trainings, in order to grow and improve their practice. Programs should utilize data from the YPQA/SAPQA youth program quality assessment tool to determine the areas of focus for professional development.

a) What professional development, coaching, and training supports will be provided by the lead agency partner?

Alternatives in Action makes great investments in their after school program staff development by offering formal professional development through multi-day new staff and beginning of the year orientation in August, weekly staff professional development meetings related to relevant topics in youth and community development throughout the school year, weekly one-on-one meetings between program leadership and line staff, job-embedded coaching connected to regular class observations, monthly adult reflection sessions, and encouraging staff to seek out training opportunities outside of the organization that relate to their content area.

b) What professional development opportunities will be provided by the school site?

Life Academy will invite all Alternatives in Action after school program staff to the beginning of the year professional development series prior to the start of the school year. After school coordinators and director will be invited to Life Academy weekly professional development sessions that place on Wednesdays. After school coordinators and director will be invited to participate in the Life Academy winter professional development retreat that takes place between the first and second semesters. Additionally, Life Academy school leadership will schedule weekly one-on-one meetings with after school coordinators and director throughout the year.

c) ASPO professional development will consist of the mandatory August Institute (week of Aug. 3-6), mandatory monthly site coordinator meetings (2 hrs/month), the annual Bridging the Bay after school conference, and various professional learning communities (time commitment varies). Please mark:

I understand that professional development helps ensure program quality. My program is committed to providing/accessing professional development opportunities for after school staff, based on needs identified by program data. My program will adequately budget for staff time to participate in professional development over the course of the year (for key line staff, recommended at least 20 hours of PD/year). 

Yes 
No

#### **Staff Wellness**

e) Please describe ways your program will work to support staff wellness over the course of the year:

All after school program staff will be required to complete an adult learning plan, which will include one goal around personal health and wellness. Supervisors will check in with their staff about progress towards these self-set health and wellness goals in weekly one-on-one meetings throughout the year.

Additionally, Alternatives in Action will hold monthly adult reflection sessions for all staff in the organization, including after school program staff at Life Academy. These sessions are designed to provide a safe and supportive space for staff to process the dynamics of their personal and professional lives and support one another through collegial coaching in areas of concern related to their work.

## Addendum for 21st Century Community Learning Center Grantees Only

**Equitable Access:** (must be completed by all programs that receive 21<sup>st</sup> Century Equitable Access funding)
Some 21<sup>st</sup> Century programs receive extra Equitable Access funding. The intent of Equitable Access funding is to provide targeted supports for special populations of students who may face challenges and barriers to program participation. Examples of allowable use of Equitable Access funds include:

- additional academic interventions/supports to struggling students (ie. English Language Learners, students with special needs, etc.)
- mental health support services that enable students to fully participate in the after school program
- translation services, bus tickets, and other supports that make it possible for students to participate in program

How will your 21<sup>st</sup> Century program support equitable access in your program? Which population(s) of students in your program will receive extra support through the Equitable Access supplemental grant? Please describe your planned use of Equitable Access funds. Your plans must align with your Equitable Access budget.

Because over 75% of Life Academy's student population is Latino and the vast majority of these students' families use Spanish as their primary language, we plan to focus our efforts to ensure equitable access to our program on this population of students and families.

Our parent liaison and after school program coordinator will employ targeted outreach strategies with these families in order to ensure they remain informed, included, and involved in all aspects of after school programming at Life Academy. The program coordinator will ensure recruitment and retention of these students in both academic and enrichment classes in the after school program. The parent liaison will schedule monthly workshops for families and mental health support service & child development topics will compromise a portion of such programming.

Additionally, the after school program coordinator will facilitate our targeted intervention program called the Academic Revolution Zone designed to offer additional academic supports and small group tutoring to struggling students, a disproportionate number of whom are Latino and minority students. While these students' families would normally have to pay for private tutoring in order to receive such services, we will offer these services for free at the school site so these students are allowed equitable access to the benefits of increased exposure to academic content in a supportive and more individualized setting.

### 21<sup>st</sup> Century Supplemental Programming during 2015-16 School Year

Describe your planned programming on weekends, intercession breaks, and other non-school days during the 2015-16 school year. Your supplemental program plans must match your proposed supplemental program budget.

(Please do NOT include summer program plans here; there will be a separate summer planning template.)
