The previous billings for those 4 months were:

1. 12/31/2014: \$ 7,431
2. 1/31/2015: \$ 28,494
3. 2/28/2015: \$ 45,164
4. 3/31/2015: \$ 28,006
5. Total: \$109,095

I didn't see any unusually large repairs so I think a good estimate would be \$120,000 over the next 4 months.

- b. Rental Reimbursement will be based on the rental of a comparable vehicle, which in many cases may be substantially less than \$75 per day, and will only be allowed for the period of time it should take to repair or replace the vehicle with reasonable speed and similar quality, up to a maximum of 30 days.
- c. We will also pay up to \$500 for reasonable and necessary expenses incurred by you to remove and replace your tools and equipment from the covered "auto".

Memo

To Board of Education

From Antwan Wilson, Superintendent and Secretary, Board of Education
By: Mia Settles-Tidwell, Chief Operations Officer
Timothy White, Deputy Chief, Facilities Planning and Management

Board Meeting Date January 28, 2015

Subject Independent Consultant Agreement for Maintenance Services - Star Elevator - Division of Facilities, Planning and Management Project

Action Requested Approval by the Board of Education of a Independent Consultant Agreement for Maintenance Services with Star Elevator for On-Call Elevator Services on behalf of the District at the Division of Facilities, Planning and Management Project, in an amount not-to exceed \$220,000.00. The term of this Agreement shall commence on January 1, 2015 and shall conclude no later than December 31, 2015.

Background The District has elected to have Star Elevator respond to the above requirements rather than having a monthly maintenance program for all the District's elevators and wheelchair lifts.

Local Business Participation Percentage 0.00% (Specialty Service)

Strategic Alignment Among the key purposes of the District's Facilities Master Plan is to provide an academic environment for the Oakland community that will give every student, educator, and community member using our facilities the best possible opportunity for learning.

Through implementation of the Facilities Master Plan, the District intends to improve the District's facilities in terms of structural integrity, safety, reliability of operating (mechanical) systems, access to modern resources, number and type of appropriate laboratories and specialized instruction rooms, opportunities for physical education, and attractiveness, such that the Oakland Public Schools are second to none. Operation of the District schools under the planned approach is intended to ensure safety, cleanliness, and orderliness for

all individuals participating in the learning process.

The basic facility needs of students such as proper lighting, functional roofs, noise control and well maintained buildings, not only convey the message that we value our students and teachers but may foster a sense of school pride and community ownership which may improve attitudes towards learning. The implementation of the Facilities Master Plan is our first step in that direction.

Recommendation

Approval by the Board of Education of a Independent Consultant Agreement for Maintenance Services with Star Elevator for On-Call Elevator Services on behalf of the District at the Division of Facilities, Planning and Management Project, in an amount not-to exceed \$220,000.00. The term of this Agreement shall commence on January 1, 2015 and shall conclude no later than December 31, 2015.
