1. **Description of Services to be Provided:** Provide a description of the service(s) the contractor will provide. Be specific about what service(s) OUSD is purchasing and what *this* Contractor will do.

The Reading and Writing Project will be partnering with Garfield Elementary to provide high quality professional development for Garfield Elementary teachers, kindergarten through 5th grade, on the implementation of the Reader's Workshop. Currently OUSD had adopted the Reader's and Writer's Workshop units of study as part of the Board Approved core curriculum that is aligned to the common core standards. While working with Garfield teachers in grade levels, staff developers will meet with teachers to go over their current unit of study. The grade level team will then plan with th developer for a model lesson that the staff devolper will then go and model in a "lab" classroom. During this time teachers will take notes on the staff developers presentation, then the teachers will be asked to take the lead with teaching while the staff developer takes notes and provides feedback. The staff developer will meet with individual grade levels, then host all 3 spans (K-2, or 3-5) in the afternoon. The staff developer will meet with admin before the day and at the end of the day to go over the focus, learnings and take-aways to support long term planning for the admin team.

2. **Specific Outcomes:** What are the expected outcomes from the services of this Contract? Be specific. For example, as a result of the service(s): 1) How many more Oakland children are graduating from high school? 2) How many more Oakland children are attending school 95% or more? 3) How many more students have meaningful internships and/or paying jobs? 4) How many more Oakland children have access to, and use, the health services they need? Provide details of program participation (Students will...) and measurable outcomes (Participants will be able to...). NOT THE GOALS OF THE SITE OR DEPARTMENT.

Garfield has set a school wide goal of seeing a 20% increase in students that are at or above grade level according to our SRI, using our beginning of the year scores as our baseline. In order to achieve this goal, we know that we need to implement the Reader's Workshop with fidelity- which includes providing high quality planning support and professional development for our teachers. We need to ensure that we are delivering high quality mini lessons, interactive read alouds and supporting students reading independently at their levels. We believe that because of our partnership with the R+W project we will see a 20% increase in the number of students reading at or above grade level and a 20% decrease in the number of students reading multiple years below grade level based on our SRI. We also anticipate a 10% increase in staff retention - as we aim to support and retain high quality staff.

Garfield has set a school wide goal of seeing 20% increase in students that are at or above grade level according to our SRI, using our beginning of the year as our baseline. In order to achieve this goal, we know that we need to implement the Reader's Workshop with fidelity - which includes providing high quality planning support and professional development for our teachers. We need to ensure that we are delivering high quality mini lessons, interactive read alouds and supporting students reading independently at their levels. We believe that because of our partnership with the R+W project we will see 20% increase in at or above, 20% decrease in multiple years below based on the SRI. And a 10% increase in staff retention - as we aim to support and retain high quality staff.
