- Strategy #3: Homework classes to re-group based on student skill level, determined by school day assessment
- Strategy #4: Advanced Readers will participate in a book club

Improvement Priority #2: Increase hands on learning opportunities for all students

- Strategy 31: Use PBL-Makers Model for Enrichment Activities

LCAP Strategic Priorities

In collaboration with school leadership, identify the specific LCAP goal(s) that this afterschool program will intentionally support.

X College & Career Readiness (LCAP Goal 1)

X Literacy (Proficiency on Standards, Grade Level Reading, English Learners Reading Fluency-LCAP Goals 2, 3, 4)

___ Mathematics/STEM Proficiency (Proficiency on State Standards—LCAP Goal 2)

X Student Engagement (LCAP Goal 5)

X Parent/Family Engagement (LCAP Goal 6)

X Safe, Healthy & Supportive Schools (LCAP Goal 7)

State 3 – 4 primary goals of the After School Program and intended impacts for participating students.

Describe how these after school goals align with the school's Major Improvement Goals and Strategies identified in its SPSA plan.

1. Each student will be given the opportunity to increase their ELA comprehension skills using common core practices and computer technology programming.
2. Every student will engage daily in social emotional learning strategies within exciting performing arts, life skills, emotional and leadership development curriculum.
3. All students and families will actively engage in safe, fun, community building activities and events provided by and with the After School Program.

SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

X **Traditional After School:** *voluntary program open to all students, with enrollment priorities targeting certain students*

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs. This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483) High school programs are required to operate a minimum of 15 hours per week.

** CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.*

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)	180 days required* We will be taking 3 PD days
Projected Daily Attendance during School Year 2015-2016	90
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	Harvest Festival (October 30, 2015) January 4, 2016 June 9, 2016
Minimum Days Elementary and middle school after school programs are required to operate from the end of the school day to 6pm. When a school holds minimum days, the after school program must begin early and run a long day until 6pm. Minimum days have significant impact on the after school staffing and budget. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.	
Projected Number of Minimum Days for School Year 2015-2016	Approx. 10 additional minimum days.
Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days: BACR Currently incorporates minimum days within the Grass Valley Budget at the start of the school year. It has not had a deep impact on our budget or programing.	
Program Schedule 1. Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year. 2. Submit a copy of the school bell schedule for the 2015-16 school year. Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.) Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)	

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school.

Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD.

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

Recommended Middle School Program Components: Middle schools are highly encouraged to provide after school STEM instruction and youth leadership programming for students. (These program components are required for 21st Century middle school programs.) STEM and Building Intentional Communities youth leadership curriculum and PD will be provided by OUSD after school learning communities.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: ***The activities listed below must align to your 21st Century Family Literacy budget plan.***

--	--	---	--	--

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select **at least two** of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	<ul style="list-style-type: none"> • Accept referrals and recommendations made by school principal, academic liaison, teachers counselors and other school staff • Work with the office manager to pull reports identifying students with chronic absenteeism • Pending other factors, target these students to enroll in program • Identify barriers and solutions for the families to ensure their student will be in school and in program daily
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	<ul style="list-style-type: none"> • Distribute information about OUSD/School and ASP attendance policies

	<p>and guidelines</p> <ul style="list-style-type: none"> • Review all attendance expectations, policies and procedures as well as rewards and consequences for attendance record
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	<ul style="list-style-type: none"> • Ensure family and teacher updates around attendance • Call parents who did not notify coordinator of absences prior to program start • Get daily absence list from office • Ensure parent/caregiver contact information is up to date • Engage school day personnel for additional information around home life and new challenges the student/family may be facing
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	<ul style="list-style-type: none"> • Create/mimic school day recognition process • Develop an incentive program that will encourage students to come to school and program daily.

SECTION 10: Transforming School Culture and Climate

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?

X PBIS (Positive Behavioral Interventions and Support)

___ Restorative Justice

X Social and Emotional Learning

X Bullying Prevention

X Other: Grass Valley has a color code chart used school wide; the extended day program utilizes the same system with support from the school's discipline matrix chart.

b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (ie. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

BACR is committed to making every effort to train staff, observe staff support their on-going development around school climate and culture. We are also making a targeted effort to identify, reflect on and improve on our areas of growth when it comes to program improvement in order to engage students in their own social development.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

By following the color code chart, and having very specific procedures for behavior guidelines, students will be allowed to correct their own behavior in the extended day program. Also, having numerous activities for the students to participate in (Sports, Music, Computers and other activities), will serve as an incentive for the students as well as support school engagement, social emotional well-being and success of African American students at Grass Valley. We will also provide leadership and mentor group activities.

SECTION 11: Coordination with Other Service Providers

In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families.

The after school Site Coordinator or Director will actively participate in which of the following school group(s), in order to increase alignment between after school and school day efforts?

- ☐ COST team (Coordination of Services Team)
- ☐ SST (Student Study Team)
- ☒ **SSC (School Site Council)**
- ☐ ELT (Educational Leadership Team)
- ☒ **PTA**
- ☐ Attendance Team/Workgroup

2015-16 After School Enrollment Policy for GRASS VALLEY ELEMENTARY School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students that will be able to attend program daily	Attendance Records	
Students not performing at grade level	Testing data and Teacher Recommendations	
Families in need of After School Programing	Parent and school faculty identified	
Students in need of academic support to improve and/or sustain current academic performance	Test Data	
Students with siblings	Enrollment Forms	
Students in need of social-emotional support	Parent and school faculty identified	
Students who need to increase their positive relationship to school and learning	Parent and school faculty identified	
Students who will bring balance to the program	School faculty identified	
Students that will increase their school day attendance based on enrollment into the program	Parent and school faculty identified	

Which grade levels will you serve in this program? No grades need priority enrollment.

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

Timeline	After School Enrollment Steps/Process	Individual(s) responsible
May 19, 2015	Families will be notified of Registration Procedures and Process	Site Coordinator
May 11- 14, 2015	Faculty and Staff Referrals will be accepted	Faculty and Staff
May 26-29, 2015	Pre-Registration will occur	Site-Coordinator
June 8-10, 2015	75% of parents/caregivers will be notified if they've been accepted into the program	Site-Coordinator
August-September 2015	New school year enrollment of families for remaining program slots and waitlist is created	Site Coordinator

Important dates to include in your timeline:

- April – June: Spring enrollment for 2015-16 programs.
- Families will be notified of 2015-16 after school enrollment before the last day of school, June 11, 2015.
- After school programs begin on 1st Day of school, with enrollment at a minimum 75% capacity.
- August – September: New school year enrollment of families for remaining program slots.
- Remaining program slots will be filled by September 30, 2015.
- All programs must maintain waitlists after program slots are filled.

School Support for Program Recruitment

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

BACR schools have always supported program recruitment efforts. It begins with basic referrals from principals, teachers and counselors. Referrals are always based on family need, student academic needs and social needs. School staff also ensure that they inform parents during registration and orientations that there is an after school program that they can register for and how to go about doing so. School staff have applications and informational fliers at their disposal at all times. All school day staff are versed in what the program offers and the site coordinator's information so that the public can access the coordinator for registration procedures. We also have a dedicated bulletin board in a visible/public space within most schools to highlight the program and entice participants to register.

Quality Support Coach (formerly called “Academic Liaison”)

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Quality Support Coach is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program’s *Assess – Plan – Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and lesson modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. The required budget allocation for this position is \$2,500 for the year, equivalent to 83 hrs/year at a Paid-In-Service contract rate of \$30.12/hour.

Quality Support Coaching Planning

a) Please identify who will fulfill the Quality Support Coach role for 2015-16:

- ☐ A credentialed teacher on staff who has effective skills and experiences in coaching and/or adult learning
- ☐ A qualified professional who is part of the school staff
- ☐ An OUSD coach connected to the school (i.e. LCI Literacy or Math coach, BTSA coach, etc.)
- ☒ Other individual (please specify in detail): _____

If known, please specify the name of the person who will fill the Quality Support Coach role, and identify his/her role in the school: We will be utilizing the funds for one time trainings, observations and in-class modeling for instructors by Grass Valley teachers.

b) Some schools are challenged in finding a qualified individual on staff who can fulfill the Quality Support Coach role. In this case, the OUSD After School Programs Office will work actively to try to find an OUSD coach to match with the school. Please

mark:

My school needs support in finding an individual who can effectively fulfill the role of Quality Support Coach.

Teachers on Extended Contract for Direct Service

In addition to a Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract.

Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). After school grant funds can be utilized for this direct service work. The Quality Support Coach cannot provide direct service to students. The Quality Support Coach is primarily responsible for providing coaching and training, and is paid at the negotiated Paid-In-Service rate of \$30.12 for their staff capacity-building services. Teachers doing direct service work after school must be paid with an extended contract.

Professional Development and Staff Wellness

Professional Development: After school staff should receive adequate professional development, including coaching support and trainings, in order to grow and improve their practice. Culture Strategies and approval for in-class observations for line staff. Coordinators should also be able to attend any school based meetings that may pertain to after school programming.

c) ASPO professional development will consist of the mandatory August Institute (week of Aug. 3-6), mandatory monthly site coordinator meetings (2 hrs./month), the annual Bridging the Bay after school conference, and various professional learning communities (time commitment varies). Please mark:

I understand that professional development helps ensure program quality. My program is committed to providing/accessing professional development opportunities for after school staff, based on needs identified by program data. My program will adequately budget for staff time to participate in professional development over the course of the year (for key line staff, recommended at least 20 hours of PD/year). X Yes ☐ No

Staff Wellness

e) Please describe ways your program will work to support staff wellness over the course of the year:

All programs will ensure that staff is well trained and prepared to achieve program goals. There will be an adequate time to prepare lesson plans so staff are happy with their work and go into program confident and stress free. Throughout the year, BACR will provide opportunities for professional development for staff with their peers, celebrations with their teams (retreats, check-ins and pot lucks) and recognition for their hard work. BACR will also provide opportunities to stop and reflect on staff wellness both emotionally and physically. BACR will also ensure there is a strong sub process so staff does not feel pressured to come into work if they are not feeling well.

Community Schools, Thriving Students

Memo

To Board of Education

From Antwan Wilson, Superintendent

Board Meeting Date June 24, 2015

*(To be completed by
Procurement)*

Subject Master Memorandum of Understanding between Oakland Unified School District and Bay Area Community Resources

Action Requested Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a not-to-exceed amount of \$4,045,188.25. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

Background
*A one paragraph
explanation of why
the consultant's
services are needed.*

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

Discussion
*One paragraph
summary of the
scope of work.*

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,045,188.25

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

Fiscal Impact

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

Recommendation

Bay Area Community Resources

After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

1. BACR is the lead community agency— managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County..
2. BACR is the fiscal sponsor— managing human resources, payroll and fringe benefits

Showcases

- ❖ Young people get opportunities to showcase their work and share their achievements with peers and family.

EVIDENCE OF OUTCOMES

A research study showed academic improvement for our after school participants:

- ❖ CAT6 reading scores increased more than peers not in the program, and the difference was statistically significant.. Students initially in the lowest quartile rose 8.7 percentile points.
