SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

X Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students

Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must **not** appear on the school bell schedule)

Blended/Hybrid: combination of some extended day and some traditional after school programming

Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development.

The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs.

This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm on every regular school day for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

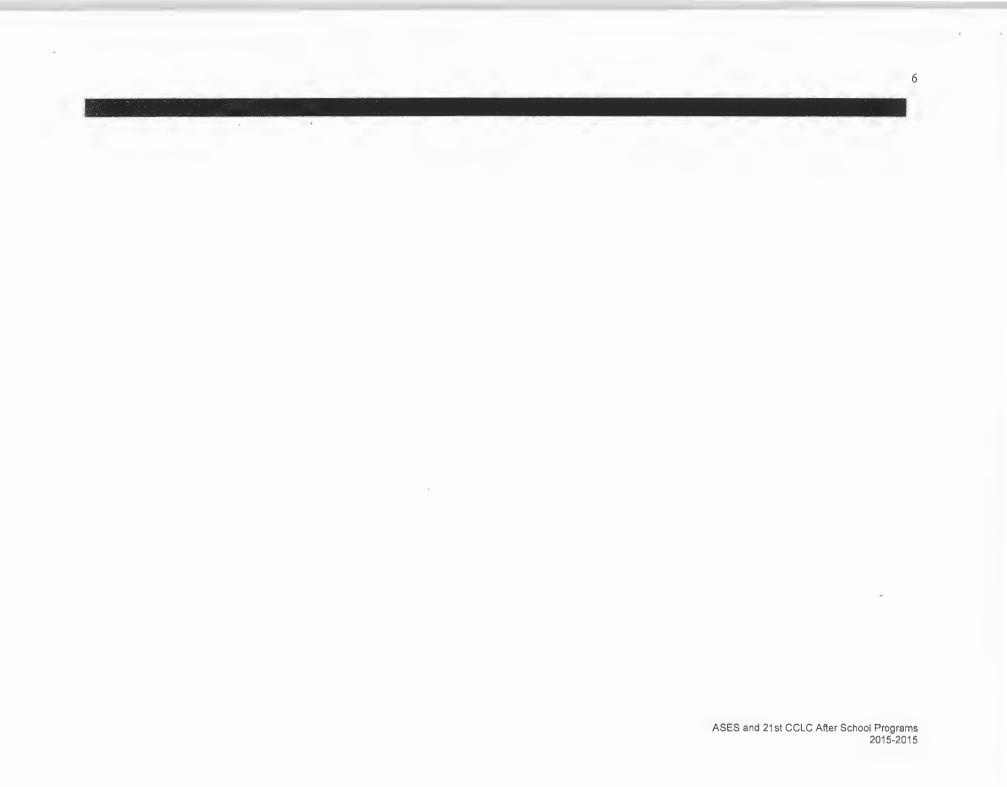

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.

SECTION 6: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring. Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD.

SECTION 7: ENRICHMENT & PHYSICAL ACTIVITY / RECREATION

Enrichment activities and physical activity/recreation are required components of the ASES and 21st Century grants. Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement.

Recommended Middle School Program Components: Middle schools are highly encouraged to provide after school STEM instruction and youth leadership programming for students. (These program components are required for 21st Century middle school programs.) STEM and Building Intentional Communities youth leadership curriculum and PD will be provided by OUSD after school learning communities.

SECTION 8: FAMILY ENGAGEMENT / FAMILY LITERACY

After school provides an excellent context to foster parent involvement, connect families to the larger school community, and share important information related to the after school and regular school day programs. After school family engagement efforts should be aligned with school day efforts, and support school goals for family involvement. A variety of activities may be offered, including: parent workshops, family celebrations, parent-and-child-together activities, parent leadership and volunteer opportunities.

Family literacy is a required component of all 21st Century after school programs. Family literacy services support the educational goals of adult family members, connect them to resources and services in the community, and increase their ability to support their student's learning and development. For 21st Century grantees who receive Family Literacy funding: *The activities listed below must align to your 21st Century Family Literacy budget plan.*

Small Events/Open Houses	Parent engagement and positive school climate will be supported through these efforts.	Parents/families will attend open houses and orientation nights in order to learn more about the structure, policies, procedures and general information about the after school program. This is also an opportunity for questions to be answered about the student's progress in their after school work.	At least 15 parents will attend every small event such as open houses and orientations. This will be measured through sign-in sheets.	Monthly meetings with principal, outreach coordinator and other stakeholders Monthly newsletter, Parent surveys and feedback from school community
Large Events and Showcases	Parent engagement and positive school climate will be supported through these efforts.	Parents/families will attend showcases and celebrations where their students will perform and/or present what they have learned. Parents will understand more about what their student is learning in after school. Celebrations may also include a service/volunteer project for parents as well.	At least 50 parents will attend every large even/showcase. This will be measured through sign-in sheets.	Monthly meetings with principal, outreach coordinator and other stakeholders Monthly newsletter, Parent surveys and feedback from school community

SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote

ASES and 21st CCLC After School Programs 2015-2015

Strategies to Support Attendance	Action Steps
 a) Recruit and address the needs of students who are at risk of chronic absenteeism. 	
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	ASP staff will hold a mid-year meeting to remind parents about the importance of good attendance, cover attendance policies and help parents understand why attendance is so important.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	ASP will help communicate with families of students who have been identified as at risk of being chronically absent.
 d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program. 	ASP staff will continue to publically acknowledge good attendance with certificates and recognition during special

Academic Liaison, Principal, Teachers and Coordinator will continue to have monthly scheduled planned meeting and scheduled professional developments days to share curriculum and coaching strategies. Volunteered Parents are encouraged to join some of the planning meetings. Scheduled check-ins and parent development classes are offered during the day and during the after school program.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (i.e. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

After school program and school day offers manhood and yourg women development circles weekly with Black professionals and mentors. Building Intentional Communities curriculum is used during the sessions. In addition, the after school program hosts monthly Pow Wows for students' accomplishments and presentations. School day and after school offers a variety of field trips to colleges and museums for exposure beyond their communities.

2015-16 After School Enrollment Policy for Lafayette Elementary School

USD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- · Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population

Which grade levels will you serve in this program? 1st-5th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

• Successful after school programs are heterogeneous and include several target populations.

ASES and 21st CCLC After School Programs 2015-2015

- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk
 of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year.
 (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollrnent Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

Quality Support Coach (formerly called "Academic Liaison")

After school research clearly shows that high quality programs result in increased youth outcomes. The higher the program quality, the more youth outcomes are achieved. The Quality Support Coach is a required position and plays a critical role in supporting after school program quality through the following high leverage staff capacity-building activities:

- Provide classroom observations, coaching support, and trainings to improve staff practices and program quality.
- Support the after school program's *Assess Plan Improve* program quality improvement cycle by helping after school programs gather and review data on program quality, make plans for improvement, and receive training and coaching supports aligned to improvement plans.
- Bridge the after school program with school day goals, priorities, curriculum, pedagogy, and data.
- Provide lesson planning support and facilitation modeling to strengthen after school instruction.
- Help develop/design after school academic offerings and curriculum, and support alignment of after school activities with the Common Core standards

The Quality Support Coach can be a credentialed teacher from the school faculty or other qualified professional working with the school (for example, a Literacy Specialist, Math Coach from LCI, BTSA Coach, etc.). This individual will receive training and specific direction on the Quality Support Coach role from the OUSD After School Programs Office. The After School Programs Office will provide specific deliverables aligned with the key job duties listed above. The required budget allocation for this position is \$2,500 for the year, equivalent to 83 hrs/year at a Paid-In-Service contract rate of \$30.12/hour.

Quality Support Coaching Planning

- Other individual (please specify in detail):

If known, please specify the name of the person who will fill the Quality Support Coach role, and identify his/her role in the school:

b) Some schools are challenged in finding a qualified individual on staff who can fulfill the Quality Support Coach role. In this case, the OUSD After School Programs Office will work actively to try to find an OUSD coach to match with the

school. Please mark:

My school needs support in finding an individual who can effectively fulfill the role of Quality Support Coach.

Teachers on Extended Contract for Direct Service

In addition to a Quality Support Coach, some schools choose to have teachers on extended contract to provide direct service to students after school, such as after school intervention, support with programs like Achieve 3000 or Fast Forward, and academic enrichment.

Please list specific after school classes/activities that will be facilitated by teachers paid on extended contract. Important note: Teachers on extended contract who are providing direct services to students after school must be paid at the negotiated rate of \$23.16/hr (per OEA contract). After school grant funds can be utilized for this direct service work. The Quality Support Coach cannot provide direct service to students. The Quality Support Coach is primarily responsible for providing coaching and training, and is paid at the negotiated Paid-In-Service rate of \$30.12 for their staff capacitybuilding services. Teachers doing direct service work after school must be paid with an extended contract.

To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD.

Sincerely,

Marisa Ramirez Program Director mramirez@bacr.org

OAKLAND UNIFIED SCHOOL DISTRICT Community Schools, Thriving Students

Memo	
То	Board of Education
From	Antwan Wilson, Superintendent
Board Meeting Date (To be completed by Procurement)	June 24, 2015
Subject	Master Memorandum of Understanding between Oakland Unified School District and Bay Area Community Resources
Action Requested	Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a not-to-exceed amount of \$4,045,188.25. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.
Background A one paragraph explanation of why the consultant's services are needed.	The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.
	A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.
Discussion	Vendor: Bay Area Community Resources
One paragraph summary of the scope of work.	Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.
	Not-To-Exceed Amount: <u>\$4,045,188.25</u>
	Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

Fiscal Impact

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

Recommendation Approval of the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount not-to-exceed \$4,045,188.25.

Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

- BACR is the lead community agency— managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County..
- 2. BACR is the fiscal sponsor- managing human resources, payroll and fringe benefits

OUR VALUES

- Give children a safe, nurturing and enjoyable environment after school.
- Integrate youth development practices into everything we do.
- Schools, students, parents and partner non-profits are our customers. Meet their needs.
- Youth are valuable. Support them in realizing their power.
- Respect our ancestors, improve the present, and sustain future generations.
- Give youth just, equal and meaningful opportunities to learn, grow and succeed.
- We like to have FUN! Take every opportunity to enjoy and celebrate our work.

PROGRAM MODEL

Academic Assistance

- Homework support: Students work in small groups with trained staff.
- Academic enrichment: Students get hands-on opportunities to master academic content, through robotics, chemistry lab, poetry slams, and creative writing workshops.
- Academic interventions: Students who need it get one-on-one review sessions with teachers or tutors and Supplemental Educational Services tutoring.
- * Test preparation and credit recovery: High school students get help to graduate.

Enrichment

- Students explore their interests and build new skills. Visual and performing arts, community service, and student-led projects that promote pride, embody culturally-responsive activities, and integrate learning objectives in California Content Standards.
- Enrichment activities are tailored to each school site.

Recreation

Students can exercise, relax, and build social skills through organized sports, cooperative games, and free time.

Showcases

Young people get opportunities to showcase their work and share their achievements with peers and family.

EVIDENCE OF OUTCOMES

A research study showed academic improvement for our after school participants:

- CAT6 reading scores increased more than peers not in the program, and the difference was statistically significant. Students initially in the lowest quartile rose 8.7 percentile points.
- In CST English Language Arts, students showed a statistically significant increase in scores. 48% of students who were Below or Far Below Basic increased 7.5 points.
