Subject	Individual Service Agreement Amendment - 1  Bay Area Community Resources San Rafael CA (Contractor, City/State) - 170/Hoover Elementary (site/department)
Action Requested	Approval by the Governing Board of the amendment to the Individual Service
	Agreement between the District and Bay Area Community Resources  Services to be primarily provided to 170/Hoover Elementary for
	the period of July 1, 2015 through August 19, 2016, in an amount not to exceed
	\$ <u>8,170.00</u> .
Background A one paragraph explanation of why an amendment is needed.	This is an amendment to the original Individual Service Agreement for contracting of additional services at the negotiated price, stated in the referenced Master MOU, approved by the Board of Education on June 24, 2015 (Enactment number 15-1160). This amendment will purchase additional services beyond the initial plan as stated in the original contract for Option A-Lead Agency Unit for Elementary School to provide Intervention, Physical Fitness, Enrichment, Leadership and Family Literacy Activities. BACR staff will provide increased physical fitness and enrichment activities. We will provide music production and beat making class. Because of this additional service, the school is increasing the amount of funds that were originally contracted.
Discussion One paragraph summary of the amended scope of work.	Approval by the Board of Education of Amendment No. 1 of the Individual Service Agreement to the Master Memorandum of Understanding (MMOU) between the District and Bay Area Community Resources, San Rafael, CA, for the latter to provide additional services for its Option A-Lead Agency Unit for Elementary School to provide Intervention Physical Fitness, Enrichment, Leadership and Family Literacy Activities to enhance the current comprehensive after school program that serves approximately 140 students for the after school program at Hoover Elementary for the period July 1, 2015 through August 19, 2016, in the amount of \$8,170.00, increasing the Agreement from \$150,427.00 to an amount not to exceed \$158,597.00. All other terms and conditions of the MMOU remain in full force and effect.

#### **OUSD After School Programs**

funded by After School Education and Safety (ASES) and 21<sup>st</sup> Century Community Learning Center (21<sup>st</sup> CCLC) Grants

#### ASES and 21<sup>st</sup> CCLC After School Program Plan Elementary & Middle Schools 2015 – 2016

SECTION 1: School Site Information

School Site: Hoover Elementary

Lead Agency: Bay Area Community Resources (BACR)

Lead Agency Signature:

Principal Signature

After School Site Coordinator Name (if known at this

time): Diana Magaña Bolaños

Date: April 12, 2015

#### SECTION 2: Alignment with Site Plan (SPSA), Major Improvement Priorities

In collaboration with school leadership, identify the school's Major Improvement Priorities where this after school program is identified for its high leverage practices.

- Balanced Literacy and Literacy Across the Curriculum
- Science, Technology, Engineering, and Mathematics (STEM)
- Extended Learning Time
- School Culture (including Meaningful Student Engagement)
- · Health and Wellness
- Interrupting Chronic Absence (Attendance)
- Building Capacity and Leadership
- · Family and Student Engagement

#### **LCAP Strategic Priorities**

In collaboration with school leadership, identify the specific LCAP goal(s) that this afterschool program will intentionally support.

- X College & Career Readiness (LCAP Goal 1)
- X Literacy (Proficiency on Standards, Grade Level Reading, English Learners Reading Fluency-LCAP Goals 2, 3, 4)
- X Mathematics/STEM Proficiency (Proficiency on State Standards—LCAP Goal 2)

- Student Engagement (LCAP Goal 5)
- X Parent/Family Engagement (LCAP Goal 6)
- X Safe, Healthy & Supportive Schools (LCAP Goal 7)

### State 3 – 4 primary goals of the After School Program and intended impacts for participating students. Describe how these after school goals align with the school's Major Improvement Goals and Strategies identified in its SPSA plan.

- 1. STEM Academic Focus: use curriculum (such as Techbridge/Fetch) that will support alignment with science and engineering class that the school offers. Continue to participate in the Science Learning Community to receive additional support and professional development for staff.
- 2. Continue focus on literacy and math through a strong partnership with the school day. Our Academic Liaison will be identified ASAP to help provide support through observations and professional development. We will continue to work with school day to design activities that support these subjects.
- 3. We will focus on safety, healthy, and supportive schools through activities such as cooking, Building Intentional Communities, and sports/dance.

Strategic Questions/Desired Outcomes	Strategic Activities	Outcomes of Strategic Activities	Data used to assess the strategic activities
As a result of our ASP efforts	What after school strategic activities will support the desired outcomes?	What short-term outcomes will you expect from your efforts by the end of the school year?	What data will be collected to measure these outcomes?
High School Graduation: How many more Oakland children are graduating from high school?	Our program mainly supports High School Graduation by providing activities that support academic success. We monitor academic progress closely with our Academic Liaison (AL).	All students will participate in structured guided practice in homework and academic skill building activities, as well as a new science enrichment activity on a weekly basis.	School day will share data on academic progress such as SRI, CST's and other benchmarks.

Job Skills/Career readiness: How many more students have meaningful internships and/or paying jobs?	Our program supports students to develop their ability to work within a diverse environment, appreciate differences and collaborate successfully with others. These skills are specifically reinforced in our leadership class and team building activities. These are skills we believe are necessary to be successful in any job/career.	Students will focus on general goal setting, visioning and working collaboratively to solve problems/conflicts, while learning to appreciate diversity.	Data will come from our daily reflection and debriefing activities.
Health and Well-being: How many more Oakland children have access to, and use, the health services they need?  SECTION 4: Program Model as	Activities such as cooking/nutrition, team sports, and garden have been a strong aspect of our program in past school years. Students enjoy these activities and health/wellness is discussed and learned in hands-on activities.	We will continue to run health and wellness activities that have been successful in the past.	Focus groups are typically done at the end of the school year for data in this area or based on students' choice.

#### SECTION 4: Program Model and Lead Agency Selection

For 2015-2016, my site will operate the following program model:

- In Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students
- ☐ Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/or for all students of the school (Note: extended day classes must not appear on the school bell schedule)
- ☐ Blended/Hybrid: combination of some extended day and some traditional after school programming

#### Description and Rationale for Selection of Lead Agency

Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development. The BACR philosophy about after school programs extends far beyond keeping children safe. We believe in providing a nurturing and enjoyable environment where students can improve their academic and life skills. We believe in integrating the principles and practices of youth development into all activities. Just as important, we see the schools, students, and parents as our customers, and we believe it is our responsibility to understand and meet their needs.

This approach to after school programs is consistent with the BACR mission of serving youth and families, fostering volunteerism, and building community. As a large diverse community agency, BACR has the organizational capacity and infrastructure to maintain high quality while expanding our services.

#### SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483)

High school programs are required to operate a minimum of 15 hours per week.

\* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.

Required # of Program Days your program will operate during School Year 2015-2016 (programs are required to operate between 177 – 180 days of the school year)	180 days required*
Projected Daily Attendance during School Year 2015-2016	133
Programs are allowed up to three days of program closure during the school year to offer staff professional development. Please list the three days (if any) your program plans to close this year for PD.	Last day of school including an October and January Professional Development Day

#### Minimum Days

Elementary and middle school after school programs are required to operate from the end of the school day to 6pm. When a school holds minimum days, the after school program must begin early and run a long day until 6pm. Minimum days have significant impact on the after school staffing and budget. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.

Projected Number of Minimum Days for School Year 2015-2016

Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days:

The funding plan to operate program on minimum days will be to allocate an additional \$1,992 in support of full

54

program implementation on all projected 54 minimum days.

#### Program Schedule

- Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
- 2. Submit a copy of the school bell schedule for the 2015-16 school year.

Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

#### **SECTION 6: Academics**

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, project-based learning, coordination with SES tutoring. Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students. (Curriculum and PD will be provided by OUSD After School Literacy Learning Community.) Programs are highly encouraged to provide after school math and science instruction. There will be learning communities to provide math and science curriculum and PD.

#### SECTION 9: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive attendance, and support students and families who are struggling with attendance. Select *at least two* of the following strategies below, and identify specific action steps that your program will implement for each strategy.

Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	ASP staff will recruit students who have a risk of chronic absenteeism to help improve their overall attendance for both ASP and day school.
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	ASP staff will hold a mid-year meeting to remind parents about the importance of good attendance, cover attendance policies, and help parents understand why attendance is so important.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	ASP will help communicate with families of students who have been identified as at risk of

being chronically absent.

d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.

being chronically absent.

ASP staff will continue to publically acknowledge good attendance with certificates and recognition during special events.

#### **SECTION 10: Transforming School Culture and Climate**

After school programs can play a critical role in support the school's efforts to transform school culture and climate, helping to make schools positive, supportive places for all students to stay engaged, be successful, and thrive.

- a) The following are paths that OUSD schools are taking to change discipline and transform school culture and climate. What strategy/strategies is your school utilizing to transform school culture and climate?
- X PBIS (Positive Behavioral Interventions and Support)
- X Restorative Justice
- X Social and Emotional Learning
- X Bullying Prevention
- X Other: (please specify) Building Intentional Communities (BIC)
- b) How will the school and lead agency partner work together to ensure that the after school program is aligned and supporting these efforts, and helping to transform school culture and climate? (i.e. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

<u>Program Coordinator and Line Staff will receive coaching to ensure that the BIC curriculum is used throughout all grades and classes.</u>

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (i.e. Manhood Development circles, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

Students will participate in recognition ceremonies for their accomplishments in different areas such as advancement in academic performance, perfect attendance, ASP sports teams, completion of culminated hands-on project or performance and outstanding leadership/citizenship.

In the Full Service Community School model, the school becomes a hub of service come together, work together, and coordinate their efforts to meet the holistic need

#### 2015-16 After School Enrollment Policy for Hoover Elementary School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21<sup>st</sup> Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Target Population(s)	Specific Data to Inform Selection of Program Participants	(High School Only) Indicate if participation is <i>Optional</i> or <i>Mandatory</i> for each target population
Students in need of academic support and intervention to improve or sustain academic performance.	Data from DRA, SRI testing and other online programs will be used to identify students who need additional academic support. Referrals and recommendations made by teachers, counselors and other school staff.	N/A
Students in need of being engaged in learning (including students who have already learned regular school day content and need additional academic enrichment).	Data from DRA, SRI testing and other online programs will be used to identify students who need additional academic support. Referrals and recommendations made by teachers, counselors and other school staff.	N/A
Students with siblings already enrolled in after school program based on above priorities.	Referrals and recommendations made by teachers, and other school staff. Parents will also provide this information.	N/A
Students in need of social-emotional support.	Referrals and recommendations made by teachers, and other school staff. Parents will also provide this information.	N/A
Students from socio-economically disadvantaged families/backgrounds	Referrals and recommendations made by teachers, and other school staff.  Parents will also provide this information.	N/A

Which grade levels will you serve in this program? K-5th Grades

Note: The ASES and 21<sup>st</sup> CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

#### Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2015. Indicate how families will be notified of 2015-16 enrollment before the last day of school, June 11, 2015.)

To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD.

Sincerely,

Marisa Ramirez

Master Memorandum of Understanding between Oakland Unified School District and Bay Area Community Resources

#### **Action Requested**

Authorize the President and Secretary of the Board to enter into and execute a Memorandum of Understanding with Bay Area Community Resources, on behalf of the District to provide services to students. This establishes a one year relationship with Bay Area Community Resources, and a not-to-exceed amount of \$4,045,188.25. This amount is projected using historical cost data, known changes to the number of sites served and expected available grant funding allowable.

Background
A one paragraph
explanation of why
the consultant's
services are needed.

The Oakland Unified School District enters into contracts each year to provide professional services that support the District's academic mission. The Master MOU establishes all terms and conditions, a defined menu of services with negotiated rates, and allows for the gathering of necessary supporting documentation to further streamline the process of receiving necessary services, while keeping the integrity of checks and balances, as well as maintaining oversight by the Governing Board.

A Menu of Services was established that would allow a principal to "Order" from the Menu using the Individual Service Agreement (ISA). This is essential to promoting transparency of services, and the costs of those services, between like schools. Each Individual Service Agreement is submitted to the board for approval. In the event that this vendor receives more orders for service than anticipated, an amendment to this MOU will request a new not-to-exceed amount.

Discussion
One paragraph
summary of the
scope of work.

Vendor: Bay Area Community Resources

Overview of Services: Bay Area Community Resources contracts with schools to be a lead agency to provide high quality after school programming consisting of academic enrichment and recreational physical activities, family literacy and targeted Equitable Access services to students that are high risk.

Not-To-Exceed Amount: \$4,045,188.25

Determination of the Not-to-Exceed Amount is based on historical data and projections for the coming school year, it is anticipated that Bay Area Community Resources will provide services to 28 school sites.

The District contracts with agencies to provide various activities and after school programs. Chosen by the number of sites served with District and the long standing relationship with the agencies, the Master Memorandum of Understanding establishes a relationship with Bay Area Community Resources, defining terms and conditions as well as setting a maximum not-to-exceed ceiling amount. This ceiling is derived from historical cost data, and known changes in sites to be served, as well as expected grant funding. In addition, the District has been working with agencies to provide a Menu of Service, which delivers a clear and measurable scope of work. Analogous to ordering from a common table menu, each product is described and the price is clearly quoted, establishing and promoting a more perfect competition where the consumer, here the principal, is informed of the services offered, and the price for those services. This allows the principal to easily compare services and prices, and plan for programmatic needs.

#### Fiscal Impact

There is no funding associated with the Master Memorandum of Understanding or the Amendment to the Master Memorandum of Understanding herewith. The Master Memorandum of Understanding establishes a relationship, as well as setting the terms and conditions with Bay Area Community Resources. The funding source for each Individual Service Agreement will be determined separately and individually. Funding for the Individual Service Agreement is verified through a review of the BDT budget process, and a review of State and Federal compliance funding when applicable.

#### Recommendation

Approval of the Master MOU between Bay Area Community Resources and the Oakland Unified School District authorizing the President and Secretary of the Board to enter into and execute the Master Memorandum of Understanding and Individual Service Agreement(s) with Bay Area Community Resources in an amount not-to-exceed \$4,045,188.25.

# Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a non-profit community agency that has served youth and families since 1976. We have delivered after school programs for over 20 years. Our programs promote successful youth development by providing opportunities for young people to acquire new skills, learn, share their talents, and make a mark in their community.

We have two management roles at elementary, middle or high schools:

- 1. BACR is the lead community agency—managing the entire program, providing staff, and delivering services—24 schools in Oakland, 13 in San Francisco, 5 in Alameda, 5 in San Rafael, 2 in San Leandro Unified, 15 in West Contra Costa County, and 12 in Mt. Diablo Unified in Contra Costa County.
- 2. BACR is the fiscal sponsor—managing human resources, payroll and fringe benefits

- AT6 reading scores increased more than peers not in the program, and the difference was statistically significant. Students initially in the lowest quartile rose 8.7 percentile
- ♦ In CST English Language Arts, students showed a statistically significant increase in scores, 48% of students who were Below or Far Below Basic increased 7.5 points.
