**Project Name:** Burbank Paving & ADA

**Contract Term:** Start Date: \_\_\_\_\_ End Date: 12/31/2016

**Is Vendor a local Oakland business?** Yes  No

**Why was this Vendor selected?**

There was an RFQ process for architectural services for OUSD projects. This architectural firm was selected from that pool after submitting a proposal for this project based on their credentials and past work with the district. Urban Design Consulting is already working on this project (this is an amendment to their contract).

**Summarize the services this Vendor will be providing.**

Additional services to pay for DSA fees.

**Was this contract competitively bid?** Yes  No

If No, answer the following:

- 1) How did you determine the price is competitive?

The fee proposal is comparable to the other vendors on similar projects. Professional services contracts are not competitively bid however we followed the RFQ process. Urban Design Consulting was selected based upon qualifications and past work.

2) Please check the competitive bid exception relied upon:

- Educational Materials**
- Special Services** contracts for financial, economic, accounting, legal or administrative services
- CUPCCAA exception** (Uniform Public Construction Cost Accounting Act)
- Professional Service Agreements** of less than \$87,800 (increases a small amount on January 1 of each year)
- Construction related Professional Services** such as Architects, DSA Inspectors, Environmental Consultants and Construction Managers (require a "fair, competitive selection process)
- Energy** conservation and alternative energy supply (e.g., solar, energy conservation, co-generation and alternate energy supply sources)
- Emergency** contracts [requires Board resolution declaring an emergency]
- Technology** contracts
  - electronic data-processing systems, supporting software and/or services (including copiers/printers) over the \$87,800 bid limit, must be competitively advertised, but any one of the three lowest responsible bidders may be selected
  - contracts for computers, software, telecommunications equipment, microwave equipment, and other related electronic equipment and apparatus, including E-Rate solicitations, may be procured through an RFP process instead of a competitive, lowest price bid process
  - Western States Contracting Alliance Contracts (WSCA)
  - California Multiple Award Schedule Contracts (CMAS) [contracts are often used for the purchase of information technology and software]
- Piggyback" Contracts** with other governmental entities
- Perishable Food**
- Sole Source**
- Change Order for Material and Supplies** if the cost agreed upon in writing does not exceed ten percent of the original contract price

John – following up on our conversation, it sounds like the approach to address this comment will be:

1. ACC conducts PCB survey for caulking/paint in the existing building. Assuming the levels detected are below applicable guidelines, no additional sampling around existing building perimeter would be conducted.
2. Following building abatement and demo, Terraphase would collect 6 soil samples (0-0.5 ft bgs) and analyze for PCBs and total lead. The samples would be located in the vicinity of the existing building and historical building footprints. Costs for this investigation are in the table below. If authorized by the District, existing contingency funds can be used for this work.

The CEQA document can be modified to note that a building materials survey for PCB containing caulking and paints will be conducted prior to demolition, and that prior to beginning excavation, soils in the vicinity of the former school buildings will be evaluated for both lead and PCBs.

Please let us know if this is the chosen path, and we can work on modifying the document.

Alice

Subject: Proposal for Excavation Oversight Lead-Impacted Soils and Completion of the Mitigated Negative Declaration CEQA Document for the Proposed Central Commissary Facility at Foster Elementary School Site, 2850 West Street, Oakland, CA 94608

Dear Mr. Nakadegawa:

Terraphase Engineering Inc. (Terraphase) thanks the Oakland Unified School District (the District) for the opportunity to submit this Proposal for Excavation Oversight of Lead-Impacted Soils and Completion of the Mitigated Negative Declaration California Environmental Quality Act (CEQA) Document for the proposed Central Commissary Facility at Foster Elementary School, 2850 West Street, Oakland, CA 94608 ("the Site").

The original proposal for this project, dated June 13, 2013, had a total estimated cost of \$165,000. Since the time that proposal was submitted, the project scope has changed from rehabilitation of an existing building to demolition of the existing building and construction of a new building to house the proposed Central Commissary Facility. Based on the change in the project scope, additional tasks were necessary which added expenses not previously contemplated under the original project description.

On April 7, 2014, Terraphase submitted a new proposal and received authorization to perform the additional tasks, at an estimated cost of \$90,648, for a new total of \$255,648.

In October 2014, the scope was again revised to reflect additional meetings, changes to technical studies (air, noise and traffic) based on modifications to the proposed commissary project layout and construction plan. A \$38,965 budget increase was approved (including a \$15,000 contingency).

In February 2015, an \$8,190 change order was approved to conduct additional soil investigation activities at the Site.

\* This proposal outlines new tasks and costs related to project updates discussed with Mr. John Esposito on May 6, 2015. Specifically, the changes to the scope of CEQA services are based on the addition of the District requested CEQA Public Workshop which occurred on May 2, 2015, and the anticipated level of comments that may be received during the public comment period.

## Scope of Work

The costs below are listed per task and do not include the contingency, which is provided as a separate item.

### ***Task 1: Excavation Oversight and Confirmation Sampling - \$24,333***

This task includes the following activities prior to the initiation of field activities:

- Participating in two conference calls with the selected removal contractor in preparation for the excavation to clarify the scope of work and to coordinate the field activities. This will include a review of the required truck route for the project.
- Updating the Site-specific health and safety plan (HASP) as needed to reflect changes in excavation procedure, equipment (such as x-ray fluorescence (XRF)), etc. Site personnel will be required to familiarize themselves with the HASP and sign an acknowledgment that they have read the HASP.
- Obtaining field equipment and supplies for the excavation oversight including equipment for conducting real-time dust monitoring, XRF and sample jars for the excavation confirmation samples (field and laboratory).

In addition to the pre-field activities described above, this task includes the following field activities:

- Conducting oversight during the excavation and off-haul of lead-impacted soil.
  - Terraphase will maintain a tracking log for each truckload of soil that is transported off-site including the associated manifest number (for California-regulated hazardous waste) or bill of lading number (for non-hazardous soil).
- Conducting air monitoring in accordance with the HASP during the excavation and off-haul of lead-impacted soil. Air monitoring will not be conducted under this proposal during backfill activities.
  - A portable meteorological station will be used to collect continuous and daily average information about wind patterns present at the Site.
  - A total of five PDRs will be used for monitoring fugitive dust emissions (four perimeter monitoring stations and one personnel monitor).
  - Air monitoring equipment (PDRs) will be field calibrated in accordance with manufacturer recommendations.
  - Readings will be taken at least 3 times each day from the meteorological station and real-time dust monitors during excavation and off-haul activities.
  - Monitor wind and dust levels, and alter or stop work in accordance with the action levels identified in the HASP.

- Air monitoring data collected from the PDRs will be downloaded daily and reviewed to evaluate the effectiveness of dust suppression techniques employed by the removal contractor at the Site during the excavation of lead-impacted soil.
- Visual dust monitoring.
- Documentation of dust control measures taken, such as watering of soils, street sweeping, etc.
- Collecting excavation confirmation samples from the excavation bottom and sidewalls.
  - Terraphase assumes a total of 13 samples will be collected. A total of 2 bottom samples and 2 sidewall samples will be sent for laboratory analysis. The remaining samples will be analyzed by XRF.
  - Confirmation samples submitted to the laboratory will be analyzed for lead and arsenic using United States Environmental Protection Agency (EPA) Method 6010, total petroleum hydrocarbons (diesel and motor oil; EPA Method 8015B), organochlorine pesticides (USEPA Method 8081), and polycyclic aromatic hydrocarbons (PAHs; USEPA Method 8270C-SIM). To keep with the project schedule, an expedited turn-around time of 24-hours will be requested from the lab.
  - Field XRF analysis will be conducted using ex-situ protocol, and a Thermo Scientific Niton XL3 analyzer (Niton XL3) or similar instrument. The XRF will be the primary approach for analysis of confirmation soils to verify that the cleanup goal is achieved.
  - If the results of confirmation samples indicate lead was detected at a concentration greater than 80 milligrams per kilogram (mg/kg), additional excavation and confirmation samples may be required.
- During backfill, a nuclear density gauge technician would be present to confirm adequate compaction. The removal action contractor will be responsible for environmental testing of the backfill material.

Terraphase assumes the excavation and off-haul of lead-impacted soil will take up to six days in the field. Terraphase assumes no additional waste characterization sampling will be required for the excavated soil.

***Task 2: Preparation of Removal Action Completion Report - \$9,436***

Upon completion of the excavation and off-Site disposal of the lead-impacted soil, Terraphase will prepare the Removal Action Completion Report (RACR), which summarizes the excavation activities and, at a minimum, will include the following information:

- A summary of field and laboratory activities;
- Tabulated air monitoring, XRF data, laboratory data, and laboratory data reports;
- Figures presenting excavation and sample locations;
- Copies of the air monitoring data downloaded from the PDRs; and
- Total quantities of excavated material disposed as Class II material and as California-regulated (non-RCRA) hazardous waste and copies the hazardous waste manifests.

This estimate assumes preparing responses to one set of comments from the District on the RACR.

**Task 3: Final CEQA Activities - \$88,371 (Total of all Task 3 Subtasks)**

**Completed Out-of-Scope Subtask 3.1: CEQA Workshop – \$20,708**

The CEQA Workshop was requested by the District in order to assist stakeholders in understanding the environmental impacts associated with the project. Terraphase, Placemakers, CHS and Mr. Geoff Horneck supported the CEQA Workshop through the following activities:

- Attendance of the following meetings:
  - March 20<sup>th</sup>: Ms. Hale, Mr. Gibbs and Ms. Jeffery with the District.
  - March 27<sup>th</sup> Ms. Hale and Ms. Jeffery with the District.
- Coordination by Ms. Hale and Ms. Jeffery of subcontractors and planning of meeting.
- Preparation of presentation materials by Ms. Hale, Ms. Jeffery, Ms. Lee and Mr. Horneck.
- Review of presentation materials with the District, NIAM, and West Oakland Environmental Indicators Project (WOEIP) on April 30<sup>th</sup>.
- Revision of presentation materials by Ms. Hale, Ms. Jeffery, Ms. Lee and Mr. Horneck following April 30<sup>th</sup> meeting in response to WOIEP comments.
- Attendance of CEQA Workshop by Ms. Hale, Mr. Gibbs, Ms. Jeffery, Ms. Lee and Mr. Horneck.

**Increased Scope Subtask 3.2: CEQA Services – Additional \$41,470**

This budget increase reflects the following additional tasks:

- Response to public comments on Draft MND/IS.
- Attendance of one meeting to review final administrative draft MND/IS prior to publication. We assume Ms. Jeffery will attend a two hour meeting.
- Word processing and graphics associated with the publication of the Draft MND/IS.
- Continued project management as it pertains to CEQA compliance and coordination with the CEQA team, CAW, District and public review/reporting process.

**Increased Scope Subtask 3.3: Air Quality and Noise Section – Additional \$3,080**

This budget increase reflects the following additional tasks:

- Revision of sections in accordance with Placemakers recommendations following CEQA Workshop. The previous scope did not anticipate revisions based on public comments. (In Progress)
- Attendance of noise mitigation meeting (Completed)

- Response to public comments on Draft MND/IS. We assume a total of 12 hours for this task.

*Increased Scope Subtask 3.4: Traffic Section – Additional \$7,128*

This budget increase reflects the following additional tasks:

- Revision of sections in accordance with Placemakers recommendations following CEQA Workshop. The previous scope did not anticipate revisions based on public comments. (In Progress)
- Response to public comments on Draft MND/IS.
- Finalization of Traffic Study Report.

*Increased Scope Subtask 3.5: Hazards and Hazardous Materials, Geology and Soils, and Hydrology and Water Quality Sections – Additional \$11,413*

This budget increase reflects the following additional tasks:

- Revision of sections in accordance with Placemakers recommendations following CEQA Workshop. The previous scope did not anticipate revisions based on public comments. (In Progress)
- Attendance of noise mitigation meeting (Completed)
- Publication and circulation of Draft and Final MND/IS
- Response to public comments on Draft MND/IS. We assume a total of 20 hours for this task.
- Attendance of one meeting to review final administrative draft MND/IS prior to publication. We assume Ms. Hale and Mr. Gibbs will attend a two hour meeting.

*Increased Scope Subtask 3.6: Project Management - \$4,572*

Due to the lengthened timeline of the project and need for additional coordination of the subcontractors, the project management task has been increased.

**Cost Estimate**

A twenty percent contingency has been added to the project as shown in the following table, which will not be used without District approval. Our not-to-exceed cost for performing the work is \$146,568 (\$122,140 plus contingency of \$24,428). A summarized cost estimate identifying the costs per task with and without the contingency is provided in the following table (Note: the budgets for the Task 3 subtasks are identified in the text above).

## COMMERCIAL AUTOMOBILE BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following:

### BUSINESS AUTO COVERAGE FORM

To the extent that the provisions of this endorsement provide broader benefits to the "insured" than other provisions of the Coverage Form, the provisions of this endorsement apply.

#### 1. BROAD FORM INSURED

##### A. Subsidiaries and Newly Acquired or Formed Organizations

The Named Insured shown in the Declarations is amended to include:

- (1) Any legally incorporated subsidiary in which you own more than 50% of the voting stock on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.
- (2) Any organization that is acquired or formed by you and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:
  - (a) That is a partnership, joint venture or limited liability company
  - (b) That is an "insured" under any other policy,
  - (c) That has exhausted its Limit of Insurance under any other policy, or
  - (d) 180 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation

Coverage does not apply to "bodily injury" or "property damage" that results from an "accident" that occurred before you formed or acquired the organization.

##### B. Employees as Insureds

Paragraph A.1. - WHO IS AN INSURED - of SECTION II - LIABILITY COVERAGE is

- d. Any "employee" of yours while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

##### C. Lessors as Insureds

Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- e. The lessor of a covered "auto" while the "auto" is leased to you under a written agreement if:
  - (1) The agreement requires you to provide direct primary insurance for the lessor and
  - (2) The "auto" is leased without a driver.

Such a leased "auto" will be considered a covered "auto" you own and not a covered "auto" you hire.

##### D. Additional Insured if Required by Contract

(1) Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- f. When you have agreed, in a written contract or written agreement, that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured", but only to the extent such person or organization is liable for "bodily injury" or "property damage" caused by the conduct of an "insured" under paragraphs a. or b. of Who Is An Insured with regard to the ownership, maintenance or use of a covered "auto."

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

- (1) During the policy period, and
- (2) Subsequent to the execution of such written contract, and
- (3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

(2) How Limits Apply

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (a) The limits of insurance specified in the written contract or written agreement; or
- (b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance.

(4) Duties in The Event Of Accident, Claim, Suit or Loss

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in LOSS CONDITIONS 2. - DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS - OF SECTION IV - BUSINESS AUTO CONDITIONS, in the

**E. Primary and Non-Contributory if Required by Contract**

Only with respect to insurance provided to an additional insured in 1.D. - Additional Insured If Required by Contract, the following provisions apply:

(3) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Other Insurance 5.d.

(4) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (3) and (4) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance

We will share the remaining loss, if any, by the method described in Other Insurance 5.d.

**2. AUTOS RENTED BY EMPLOYEES**

Any "auto" hired or rented by your "employee" on your behalf and at your direction will be considered an "auto" you hire.

The OTHER INSURANCE Condition is amended by adding the following:

If an "employee's" personal insurance also applies on an excess basis to a covered "auto" hired or rented by your "employee" on your behalf and at your direction, this insurance will be primary to the "employee's" personal insurance.

**3. AMENDED FELLOW EMPLOYEE EXCLUSION**

EXCLUSION 5. - FELLOW EMPLOYEE - of SECTION II - LIABILITY COVERAGE does not apply if you have workers' compensation insurance in-force covering all of your "employees".

Coverage is excess over any other collectible insurance.

**4. HIRED AUTO PHYSICAL DAMAGE COVERAGE**

If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto" you own, then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit.

The most we will pay for "loss" to any hired "auto" is:

- (1) \$100,000;
- (2) The actual cash value of the damaged or stolen property at the time of the "loss"; or
- (3) The cost of repairing or replacing the damaged or stolen property,

whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Hired Auto Physical Damage coverage is excess over any other collectible insurance. Subject to the above limit, deductible and excess provisions, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

We will also cover loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss, subject to a maximum of \$1000 per "accident".

This extension of coverage does not apply to any "auto" you hire or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households

**5. PHYSICAL DAMAGE - ADDITIONAL TEMPORARY TRANSPORTATION EXPENSE COVERAGE**

Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to provide a limit of \$50 per day and a maximum limit of \$1,000.

**6. LOAN/LEASE GAP COVERAGE**

Under SECTION III - PHYSICAL DAMAGE COVERAGE, in the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the "loss" and the "outstanding balance" of the loan/lease.

"Outstanding balance" means the amount you owe on the loan/lease at the time of "loss" less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; lease termination fees; security deposits not returned by the lessor; costs for extended warranties, credit life insurance, health, accident or disability insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

**7. AIRBAG COVERAGE**

Under Paragraph B. EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

The exclusion relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

**8. ELECTRONIC EQUIPMENT - BROADENED COVERAGE**

The exceptions to Paragraphs B 4 - EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE are replaced by the following:

a. Exclusions 4.c. and 4.d. do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system that, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto";
- (2) Removable from a housing unit which is permanently installed in or upon the covered "auto";
- (3) An integral part of the same unit housing any electronic equipment described in Paragraphs a. and b. above; or
- (4) Necessary for the normal operation of the

b. \$1,500 is the most we will pay for "loss" in any one "accident" to all electronic equipment that reproduces, receives or transmits audio, visual or data signals which, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;
- (2) Removable from a permanently installed housing unit as described in Paragraph b.(1) above or is an integral part of that equipment; or
- (3) An integral part of such equipment.

c. For each covered "auto", should loss be limited to electronic equipment only, our obligation to pay for, repair, return or replace damaged or stolen electronic equipment will be reduced by the applicable deductible shown in the Declarations, or \$250, whichever deductible is less.

**9. EXTRA EXPENSE - BROADENED COVERAGE**

Under Paragraph A. - COVERAGE - of SECTION III - PHYSICAL DAMAGE COVERAGE, we will pay for the expense of returning a stolen covered "auto" to you.

**10. GLASS REPAIR - WAIVER OF DEDUCTIBLE**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

No deductible applies to glass damage if the glass is repaired rather than replaced.

**11. TWO OR MORE DEDUCTIBLES**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

## EXHIBIT A

**Subject:** Proposal for Conducting Waste Analysis Screening for the Proposed Central Commissary Facility at the Foster Elementary School Site, 2850 West Street, Oakland, CA 94608

Dear Mr. Nakadegawa:

Terraphase Engineering Inc. (Terraphase) thanks the Oakland Unified School District (OUSD) for the opportunity to submit this Proposal for Conducting Waste Analysis Screening for the proposed Central Commissary Facility at Foster Elementary School, 2850 West Street, Oakland, California 94608 ("the Site", Figure 1).

### Scope of Work

Terraphase will collect ten (10) shallow soil samples at the locations where previous work indicated the presence of soil with lead concentrations above the applicable human health screening criteria. The samples will be analyzed for leachable lead and total petroleum hydrocarbons (TPH) in the gasoline range, benzene, toluene, ethylbenzene and xylenes (BTEX) and TPH in the diesel and motor oil range. Sample material will be kept at the laboratory for six months after the testing in case additional data is requested by the receiving landfill.

The holes will be backfill and grouted to the surface with either neat cement or cold-patch asphalt per the direction of OUSD. The results of the testing will be documented in a letter report to OUSD.

### Cost and Schedule

Our not-to-exceed cost for performing the work is \$8,190. A detailed cost estimate is attached in Table 1. We are prepared to begin work immediately upon receiving authorization from OUSD.

## COMMERCIAL AUTOMOBILE BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following:

### BUSINESS AUTO COVERAGE FORM

To the extent that the provisions of this endorsement provide broader benefits to the "insured" than other provisions of the Coverage Form, the provisions of this endorsement apply.

#### 1. BROAD FORM INSURED

##### A. Subsidiaries and Newly Acquired or Formed Organizations

The Named Insured shown in the Declarations is amended to include:

- (1) Any legally incorporated subsidiary in which you own more than 50% of the voting stock on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.
- (2) Any organization that is acquired or formed by you and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:
  - (a) That is a partnership, joint venture or limited liability company
  - (b) That is an "insured" under any other policy,
  - (c) That has exhausted its Limit of Insurance under any other policy, or
  - (d) 180 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation

Coverage does not apply to "bodily injury" or "property damage" that results from an "accident" that occurred before you formed or acquired the organization

##### B. Employees as Insureds

Paragraph A.1. - WHO IS AN INSURED - of SECTION II - LIABILITY COVERAGE is amended to add:

- d. Any "employee" of yours while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

##### C. Lessors as Insureds

Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- e. The lessor of a covered "auto" while the "auto" is leased to you under a written agreement if:

- (1) The agreement requires you to provide direct primary insurance for the lessor and

- (2) The "auto" is leased without a driver.

Such a leased "auto" will be considered a covered "auto" you own and not a covered "auto" you hire.

##### D. Additional Insured if Required by Contract

- (1) Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- f. When you have agreed, in a written contract or written agreement, that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured", but only to the extent such person or organization is liable for "bodily injury" or "property damage" caused by the conduct of an "insured" under paragraphs a or b. of Who Is An Insured with regard to the ownership, maintenance or use of a covered "auto."

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

- (1) During the policy period, and
- (2) Subsequent to the execution of such written contract, and
- (3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

(2) How Limits Apply

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (a) The limits of insurance specified in the written contract or written agreement; or
- (b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance

(4) Duties in The Event Of Accident, Claim, Suit or Loss

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in LOSS CONDITIONS 2. - DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS - OF SECTION IV - BUSINESS AUTO CONDITIONS, in the same manner as the Named Insured.

E. Primary and Non-Contributory if Required by Contract

Only with respect to insurance provided to an additional insured in 1.D. - Additional Insured If Required by Contract, the following provisions apply:

(3) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Other Insurance 5.d.

(4) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (3) and (4) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, by the method described in Other Insurance 5.d.

2. AUTOS RENTED BY EMPLOYEES

Any "auto" hired or rented by your "employee" on your behalf and at your direction will be considered an "auto" you hire.

The OTHER INSURANCE Condition is amended by adding the following:

If an "employee's" personal insurance also applies on an excess basis to a covered "auto" hired or rented by your "employee" on your behalf and at your direction, this insurance will be primary to the "employee's" personal insurance.

**3. AMENDED FELLOW EMPLOYEE EXCLUSION**

EXCLUSION 5. - FELLOW EMPLOYEE - of SECTION II - LIABILITY COVERAGE does not apply if you have workers' compensation insurance in-force covering all of your "employees".

Coverage is excess over any other collectible insurance.

**4. HIRED AUTO PHYSICAL DAMAGE COVERAGE**

If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto" you own, then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit.

The most we will pay for "loss" to any hired "auto" is:

- (1) \$100,000;
- (2) The actual cash value of the damaged or stolen property at the time of the "loss"; or
- (3) The cost of repairing or replacing the damaged or stolen property,

whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Hired Auto Physical Damage coverage is excess over any other collectible insurance. Subject to the above limit, deductible and excess provisions, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

We will also cover loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss, subject to a maximum of \$1000 per "accident".

This extension of coverage does not apply to any "auto" you hire or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households

**5. PHYSICAL DAMAGE - ADDITIONAL TEMPORARY TRANSPORTATION EXPENSE COVERAGE**

Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to provide a limit of \$50 per day and a maximum limit of \$1,000.

**6. LOAN/LEASE GAP COVERAGE**

Under SECTION III - PHYSICAL DAMAGE COVERAGE, in the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the "loss" and the "outstanding balance" of the loan/lease.

"Outstanding balance" means the amount you owe on the loan/lease at the time of "loss" less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; lease termination fees; security deposits not returned by the lessor; costs for extended warranties, credit life insurance, health, accident or disability insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

**7. AIRBAG COVERAGE**

Under Paragraph B. EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

The exclusion relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

**8. ELECTRONIC EQUIPMENT - BROADENED COVERAGE**

The exceptions to Paragraphs B.4 - EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE are replaced by the following:

a. Exclusions 4.c. and 4.d. do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system that, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto";
- (2) Removable from a housing unit which is permanently installed in or upon the covered "auto";
- (3) An integral part of the same unit housing any electronic equipment described in Paragraphs a. and b. above; or
- (4) Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system.

b. \$1,500 is the most we will pay for "loss" in any one "accident" to all electronic equipment that reproduces, receives or transmits audio, visual or data signals which, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;
- (2) Removable from a permanently installed housing unit as described in Paragraph b.(1) above or is an integral part of that equipment; or
- (3) An integral part of such equipment.

c. For each covered "auto", should loss be limited to electronic equipment only, our obligation to pay for, repair, return or replace damaged or stolen electronic equipment will be reduced by the applicable deductible shown in the Declarations, or \$250, whichever deductible is less.

**9. EXTRA EXPENSE - BROADENED COVERAGE**

Under Paragraph A. - COVERAGE - of SECTION III - PHYSICAL DAMAGE COVERAGE, we will pay for the expense of returning a stolen covered "auto" to you.

**10. GLASS REPAIR - WAIVER OF DEDUCTIBLE**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

No deductible applies to glass damage if the glass is repaired rather than replaced.

**11. TWO OR MORE DEDUCTIBLES**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

If another Hartford Financial Services Group, Inc. company policy or coverage form that is not an automobile policy or coverage form applies to the same "accident", the following applies.

- (1) If the deductible under this Business Auto Coverage Form is the smaller (or smallest) deductible, it will be waived;
- (2) If the deductible under this Business Auto Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

**12. AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS**

The requirement in LOSS CONDITIONS 2.a. - DUTIES IN THE EVENT OF ACCIDENT,

CLAIM, SUIT OR LOSS - of SECTION IV - BUSINESS AUTO CONDITIONS that you must notify us of an "accident" applies only when the "accident" is known to:

- (1) You, if you are an individual;
- (2) A partner, if you are a partnership;
- (3) A member, if you are a limited liability company; or
- (4) An executive officer or insurance manager, if you are a corporation.

**13. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS**

If you unintentionally fail to disclose any hazards existing at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

**14. HIRED AUTO - COVERAGE TERRITORY**

Paragraph e. of GENERAL CONDITIONS 7. - POLICY PERIOD, COVERAGE TERRITORY - of SECTION IV - BUSINESS AUTO CONDITIONS is replaced by the following:

- e. For short-term hired "autos", the coverage territory with respect to Liability Coverage is anywhere in the world provided that if the "insured's" responsibility to pay damages for "bodily injury" or "property damage" is determined in a "suit," the "suit" is brought in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

**15. WAIVER OF SUBROGATION**

TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - of SECTION IV - BUSINESS AUTO CONDITIONS is amended by adding the following:

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damages under this Coverage Form.

**16. RESULTANT MENTAL ANGUISH COVERAGE**

The definition of "bodily injury" in SECTION V-DEFINITIONS is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease sustained by any person, including mental anguish or death resulting from any of these.

**17. EXTENDED CANCELLATION CONDITION**

Paragraph 2. of the COMMON POLICY CONDITIONS - CANCELLATION - applies except as follows:

If we cancel for any reason other than nonpayment of premium, we will mail or deliver to the first Named Insured written notice of cancellation at least 60 days before the effective date of cancellation.

#### 18. HYBRID PAYMENT COVERAGE

In the event of a total loss to a "non-hybrid" auto for which Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form, then such Physical Damage Coverages are amended as follows:

- a. If the auto is replaced with a "hybrid" auto, we will pay an additional 10%, to a maximum of \$2,500, of the "non-hybrid" auto's actual cash value or replacement cost, whichever is less,
- b. The auto must be replaced and a copy of a bill of sale or new lease agreement received by us within 60 calendar days of the date of "loss,"

c. Regardless of the number of autos damaged in any one "loss", the most we will pay under this Hybrid Payment Coverage provision for any one "loss" is \$10,000.

For the purposes of the coverage provision,

- a. A "non-hybrid" auto is defined as an auto that uses only an internal combustion engine to move the auto.
- b. A "hybrid" auto is defined as an auto with an internal combustion engine and one or more electric motors; and that uses the internal combustion engine and one or more electric motors to move the auto, or the internal combustion engine to charge one or more electric motors, which move the auto.

## EXHIBIT A

October 31, 2014

Mr. Tadashi Nakadegawa  
Director of Facilities  
Oakland Unified School District  
955 High Street  
Oakland, CA 94601

**Subject:** Proposal for Additional Tasks Related to ~~Mitigation of Contaminated Soils and~~ a Mitigated Negative Declaration CEQA Document for the Proposed Central Commissary Facility at the Foster Elementary School Site, 2850 West Street, Oakland, CA 94608

Dear Mr. Nakadegawa:

Terraphase Engineering Inc. (Terraphase) thanks the Oakland Unified School District (OUSD) for the opportunity to submit this Proposal for Additional Tasks Related to ~~Mitigation of Contaminated Soils and~~ a Mitigated Negative Declaration California Environmental Quality Act (CEQA) Document for the proposed Central Commissary Facility at Foster Elementary School, 2850 West Street, Oakland, California 94608 ("the Site", Figure 1). In addition, we have included an Engineer's Estimate for the costs for mitigation of the soils impacted with lead-based paint, as discussed at our meeting on September 15, 2014.

The original proposal for this project, dated June 13, 2013, had a total estimated cost of \$165,000. Since the time that proposal was submitted, the project scope has changed from rehabilitation of an existing building to demolition and construction of a new building to house the proposed Central Commissary Facility operations. Based on the change in the project scope, additional tasks were necessary to incorporate additional expenses not previously contemplated under the original project description. On April 7, 2014, Terraphase submitted a new proposal and received authorization to perform the additional tasks, at an estimated cost of \$90,648, for a new total of \$255,648.

This proposal outlines new tasks and costs related project updates discussed at the recent OUSD meeting on September, 15, 2014.

#### Task 1.1 -- PLACEMAKERS CEQA Services - \$7,700

This budget includes the following tasks:

- Attend Meetings. Attendance at the September 15, 2014 Project Team Meeting was not included in PLACEMAKERS' Change Order Number 1 dated March 21, 2014. We anticipate attendance at additional meetings with the District and design team as the project moves

forward. Time for participating in conference calls is included.

- Project Management. I have added additional hours for project management for on-going changes to the Project Description and coordination with the District, project design team and CEQA sub-consultants.

#### Task 1.2 – Geoffrey H. Hornek, Aesthetics, Air Quality and Noise Study –\$4,400

This budget includes recent meeting and conference calls not included in the previous budget, as well as screening assessment of the emergency generator (which was not included in the current air quality work scope; the emergency generator was not included in the project plans until after the last modification). Mr. Hornek will also modify the construction emission inventory to accommodate facility design changes and the soil remediation activity and truck transport of contaminated material that you talked about at the September meeting. Also, this task will include time for odor considerations and focusing noise measurements on early morning times when the truck disturbance potential is greatest.

#### Task 1.3 –CHS Traffic Study Analysis –\$11,865

This budget includes the following tasks:

- CHS attended a project meeting on 9/15/2014 and presented transportation assumptions used for transportation analysis and potential parking impacts associated with the proposed project. This meeting was not included in the original scope of services.
- At the request of the client, CHS developed two temporary parking layout options in the service loading area on the project site to mitigate potential parking impacts.
- At the request of the client, CHS submitted a memorandum on 9/17/2014 summarizing the transportation assumptions used in the analysis and the outline of parking analysis.
- Revisions to Project Description entail changes in population and modal split assumptions. Based on these changes, CHS will update project trip generation, recalculate traffic delays and Intersection Level of Service (LOS) for 10 intersections, and update traffic, transit, parking, bike, and pedestrian impacts discussions for the Existing plus Project and Future Plus Project conditions. CHS will make necessary changes to the transportation section of the CEQA document and resubmit for review.
- Due to continual delays, a contingency budget is reserved for additional project coordination time.

#### Task 1.4 – Soils Mitigation Costs-\$57,648

Test results indicate that the top 9 inches of soil below the pavement section in the areas shown on Figure 2 are impacted by lead above human-health protective values and must be removed. Approximately 2/3<sup>rd</sup> of the soil to be removed will be non-hazardous waste. Most of the area to be removed on the west side of the site (~30,000 square feet) is existing

- finished floor elevations and doors in the buildings
- a title search to identify easements on the property
- incorporation of the additional survey, easements and property lines on the topographic map

**Task 1.3 – Environmental Services - \$5000**

This budget includes the following tasks:

- Additional laboratory analysis of soil samples for soluble threshold limit concentrations (STLC) and toxicity characteristic leaching potential (TCLP) to determine if soil where elevated lead concentrations were detected would be characterized as a California, non-RCRA hazardous waste or as a federal hazardous waste
- Review of the soil data collected during the Phase II to evaluate the need for conducting a screening-level human-health risk assessment
- Attend project meetings and phone calls to discuss Phase I and Phase II investigation results

**Task 1.4 – Additional Geotechnical Investigation - \$6,200**

The geotechnical study will require analysis and revision of the report to incorporate the change in project scope and evaluate for liquefaction hazards.

**Task 2.1 – Aesthetics, Air Quality and Noise Study –\$4,560**

This budget includes time for odor considerations and focusing noise measurements on early morning times when the truck disturbance potential is greatest.

**Task 2.2 – Traffic Study Analysis –\$10,787**

This budget includes the following tasks:

- Review the West Oakland Specific Plan Draft Environmental Impact Report to incorporate growth estimation and transportation improvements in the project area for cumulative transportation analyses
- Include additional discussion of student trip generation and frequency associated with the teaching/demonstration kitchens, classrooms outdoor facilities and an urban farm
- Conduct additional turning movement counts and analysis for the three additional study intersections identified as a result of the project scope change

**Task 2.3 – Attend Meetings –\$3,080**

Proposal for Additional Tasks Related to Preparation of Environmental Studies and a  
Mitigated Negative Declaration CEQA Document for the  
Proposed Central Commissary Facility at Foster Elementary School Site  
2850 West Street  
Oakland, CA 94608

This task includes one meeting with the City of Oakland's Traffic Engineering Department, two community meetings, three meetings with the Design Team, and time to participate in regular conference calls regarding the project.

**Task 2.4 – Respond to Public Comments – \$4,620**

This task includes budget for responding to community comments.

**Task 2.5 – Prepare Documents for Community Meetings - \$4,620**

This task will require the preparation of meeting agendas, public noticing, coordination with community organization and City and Compilation of a mailing list. This task includes coordination with the community to respond to telephone calls and emails pertaining to the project.

**Task 3.1 – Administrative Costs –\$10,555**

Project management costs are a percentage of the total project and are based upon the results of the project scope change and additional tasks. Additional time for creating graphics and conducting word processing is anticipated in support of the revised project documents. The previous proposal assumed that OUSD would pay the CEQA filing fee. However, it is now included in this work-order request as it is believed it will be timelier for Terraphase to pay the filing fee.

**Contingency –\$11,825**

Contingency costs are a percentage of the total project (15%).

**ESTIMATED BUDGET**

Our estimated cost to complete the tasks described in this proposal is \$90,648. A breakdown of costs is presented below. This cost estimate does not include costs associated with soil excavation or disposal.

## ADDITIONAL INSURED AND RIGHTS OF RECOVERY AGAINST OTHERS

This endorsement modifies insurance provided under the following:

### BUSINESS AUTO COVERAGE FORM

- A. Any person or organization whom you are required by contract to name an additional insured is an "insured" for LIABILITY COVERAGE, but only to the extent that person or organization qualifies as an "insured" under the WHO IS AN INSURED provision of Section II - LIABILITY COVERAGE.
- B. For any person or organization for whom you are required by contract to provide a waiver of subrogation, the Loss Condition - TRANSFER OF RIGHTS OF RECOVERY AS APPLICABLE TO US is applicable.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

## COMMERCIAL AUTOMOBILE BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following

### BUSINESS AUTO COVERAGE FORM

To the extent that the provisions of this endorsement provide broader benefits to the "insured" than other provisions of the Coverage Form, the provisions of this endorsement apply.

#### 1. BROAD FORM INSURED

##### A. Subsidiaries and Newly Acquired or Formed Organizations

The Named Insured shown in the Declarations is amended to include

- (1) Any legally incorporated subsidiary in which you own more than 50% of the voting stock on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.
- (2) Any organization that is acquired or formed by you and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:
  - (a) That is a partnership, joint venture or limited liability company.
  - (b) That is an "insured" under any other policy.
  - (c) That has exhausted its Limit of Insurance under any other policy.
  - (d) 90 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation.

Coverage does not apply to bodily injury or "property damage" that results from an "incident" that occurred before and terminated or occurred during the policy term.

##### B. Employees as Insureds

Paragraph A 1 - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- d. Any "employee" of yours while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

##### C. Lessors as Insureds

Paragraph A 1 - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- e. The lessor of a covered "auto" while the "auto" is leased to you under a written agreement if:
  - (1) The agreement requires you to provide direct primary insurance for the lessor and
  - (2) The "auto" is leased without a driver.Such a leased "auto" will be considered a covered "auto" you own and not a covered "auto" you hire.

##### D. Additional Insured if Required by Contract

- (1) Paragraph A 1 - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:
  - f. When you have agreed in a written contract or written agreement that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured" but only to the extent such person or organization is liable for bodily injury or "property damage" caused by the operation or use of a covered "auto" by the person or organization. This coverage is provided only for the ownership, maintenance or use of a covered "auto".

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

- (1) During the policy period; and
- (2) Subsequent to the execution of such written contract; and
- (3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

**(2) How Limits Apply**

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (a) The limits of insurance specified in the written contract or other agreement; or
- (b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

**(3) Additional Insureds/Other Insurance**

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that the insurance is primary and non-contributory with the additional insured's other insurance.

**(4) Status in the Event of Accident/Other Insurance**

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the following provisions shall be applicable only with the provisions of this Section. A. If you have agreed in a written contract or written agreement that the insurance is primary and non-contributory with the additional insured's other insurance, the following provisions shall be applicable:

**E. Primary and Non-Contributory if Required by Contract**

Only with respect to insurance provided to an additional insured in this Additional Insured If Required by Contract, the following provisions apply:

**(3) Primary Insurance When Required By Contract**

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Other Insurance 5 d.

**(4) Primary And Non-Contributory To Other Insurance When Required By Contract**

If you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (3) and (4) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit." If no other insurer defends, we will make take to do so, but we will be entitled to the insurer's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay up to our share of the amount of the loss if any that exceeds the limit of:

- (1) The total amount paid by such other insurance with respect to the loss in the absence of this insurance; and

(2) The total available capacity over self-insured amounts covered by the contract.

We will not be liable for any loss or damage by the contract unless such loss or damage is:

**2. AUTOS RENTED BY EMPLOYEES**

Notwithstanding to whom your employee or agent is assigned, the liability limit will be the same as the limit for the vehicle.

When the kind of vehicle is specified in the policy, the liability limit will be:

If an "employee's" personal insurance also applies on an excess basis to a covered "auto" hired or rented by your "employee" or your behalf and at your direction this insurance will be primary to the "employee's" personal insurance.

### 3. AMENDED FELLOW EMPLOYEE EXCLUSION

EXCLUSION 5 - FELLOW EMPLOYEE of SECTION II - LIABILITY COVERAGE does not apply if you have workers' compensation insurance in-force covering all of your "employees".

Coverage is excess over any other collectible insurance.

### 4. HIRED AUTO PHYSICAL DAMAGE COVERAGE

If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto" you own then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit:

The most we will pay for "loss" to any hired "auto" is:

- (1) \$100,000;
- (2) The actual cash value of the damaged or stolen property at the time of the "loss"; or
- (3) The cost of repairing or replacing the damaged or stolen property,

whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Hired Auto Physical Damage coverage is excess over any other collectible insurance. Subject to the above limit, deductible and excess provisions, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

We will also cover loss of use of the hired "auto" if it results from an "accident" you are legally liable and the lessor incurs an actual financial loss, subject to a maximum of \$1000 per "accident".

This extension of coverage does not apply to any "auto" you hire or borrow from any of your "employee's", partners (if you are a partner), members or you are a limited liability company or member of their board of directors.

### 5. PHYSICAL DAMAGE - ADDITIONAL TEMPORARY TRANSPORTATION EXPENSE COVERAGE

Paragraph A.4.b. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to provide a limit of \$50 per day and a maximum limit of \$1,000.

### 6. LOAN/LEASE GAP COVERAGE

Under SECTION III - PHYSICAL DAMAGE COVERAGE in the event of a total "loss" to a covered "auto" we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the "loss" and the "outstanding balance" of the loan/lease.

"Outstanding balance" means the amount you owe on the loan/lease at the time of "loss" less any amounts representing taxes, overdue payments, penalties, interest or charges resulting from overdue payments, additional mileage charges, excess wear and tear charges, lease termination fees, security deposits not returned by the lessor, costs for extended warranties, credit life insurance, health, accident or disability insurance purchased with the loan or lease and carry-over balances from previous loans or leases.

### 7. AIRBAG COVERAGE

Under Paragraph B EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE the following is added:

The exclusion relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

### 8. ELECTRONIC EQUIPMENT - BROADENED COVERAGE

The exceptions to Paragraphs B.4 EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE are replaced by the following:

Exclusions A.c. and A.d. do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system at the time of "loss" if:

- (1) Permanently installed in or upon the covered "auto";
- (2) Removably from a housing unit which is permanently installed in or upon the covered "auto";
- (3) An integral part of the same unit housing any electronic equipment covered by Paragraphs A.c. and A.d. above; or
- (4) Necessary to the operation of the "auto" and not to the functioning of the electronic equipment.

b. \$1,500 is the most we will pay for "loss" in any one "accident" to all electronic equipment that reproduces, receives or transmits audio, visual or data signals which, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;
- (2) Removable from a permanently installed housing unit as described in Paragraph b.(1) above or is an integral part of that equipment; or
- (3) An integral part of such equipment.

c. For each covered "auto", should loss be limited to electronic equipment only, our obligation to pay for, repair, return or replace damaged or stolen electronic equipment will be reduced by the applicable deductible shown in the Declarations, or \$250, whichever deductible is less.

**9. EXTRA EXPENSE - BROADENED COVERAGE**

Under Paragraph A. - COVERAGE - of SECTION III - PHYSICAL DAMAGE COVERAGE, we will pay for the expense of returning a stolen covered "auto" to you.

**10. GLASS REPAIR - WAIVER OF DEDUCTIBLE**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

No deductible applies to glass damage if the glass is repaired rather than replaced.

**11. TWO OR MORE DEDUCTIBLES**

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

If another Hartford Financial Services Group, Inc. company policy or coverage form that is not an automobile policy or coverage form applies to the same "accident", the following applies:

- (1) If the deductible under this Business Auto Coverage Form is the smaller (or smallest) deductible, it will be waived;
- (2) If the deductible under this Business Auto Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible

**12. AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS**

The requirement in LOSS CONDITIONS 2.a. - DUTIES IN THE EVENT OF ACCIDENT,

CLAIM, SUIT OR LOSS - of SECTION IV - BUSINESS AUTO CONDITIONS that you must notify us of an "accident" applies only when the "accident" is known to:

- (1) You, if you are an individual;
- (2) A partner, if you are a partnership;
- (3) A member, if you are a limited liability company; or
- (4) An executive officer or insurance manager, if you are a corporation.

**13. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS**

If you unintentionally fail to disclose any hazards existing at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

**14. HIRED AUTO - COVERAGE TERRITORY**

Paragraph e. of GENERAL CONDITIONS 7. - POLICY PERIOD, COVERAGE TERRITORY - of SECTION IV - BUSINESS AUTO CONDITIONS is replaced by the following:

- e. For short-term hired "autos", the coverage territory with respect to Liability Coverage is anywhere in the world provided that if the "insured's" responsibility to pay damages for "bodily injury" or "property damage" is determined in a "suit," the "suit" is brought in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

**15. WAIVER OF SUBROGATION**

TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - of SECTION IV - BUSINESS AUTO CONDITIONS is amended by adding the following:

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damages under this Coverage Form.

**16. RESULTANT MENTAL ANGUISH COVERAGE**

The definition of "bodily injury" in SECTION V-DEFINITIONS is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease sustained by any person, including mental anguish or death resulting from any of these.

**17. EXTENDED CANCELLATION CONDITION**

Paragraph 2. of the COMMON POLICY CONDITIONS - CANCELLATION - applies except as follows:

If we cancel for any reason other than nonpayment of premium, we will mail or deliver to the first named insured a written notice of cancellation at least 30 days before the effective date of cancellation.

#### 18. HYBRID PAYMENT COVERAGE

In the event of a total loss to a "non-hybrid" auto for which Comprehensive, specified Causes of Loss, or Collision coverages are provided under this Coverage Form, then such Physical Damage Coverages are amended as follows:

- a. If the auto is replaced with a "hybrid" auto, we will pay an additional 10% to a maximum of \$2,500, of the "non-hybrid" auto's actual cash value or replacement cost, whichever is less.
- b. The auto must be replaced and a copy of a bill of sale or new lease agreement received by us within 60 calendar days of the date of "loss."

c. Regardless of the number of autos damaged in any one "loss," the most we will pay under this Hybrid Payment Coverage provision for any one "loss" is \$10,000.

For the purposes of the coverage provision:

- a. A "non-hybrid" auto is defined as an auto that uses only an internal combustion engine to move the auto.
- b. A "hybrid" auto is defined as an auto with an internal combustion engine and one or more electric motors, and that uses the internal combustion engine and one or more electric motors to move the auto, or the internal combustion engine to charge one or more electric motors, which move the auto.
