	n of funding at <u>136/Horace Mann School</u> under the following grants.

- After School Education and Safety Program ("ASESP")
- California Department of Education ("CDE") 21st Century Community Learning Center (21st CCLC)
- Oakland Fund for Children and Youth This MOU will also outline services provided on OUSD school grounds through the Oakland Fund for Children and Youth ("OFCY") After-School Initiative funds that shall be utilized as matching funds to CDE ASESP and 21st CCLC funds.
- Private grants
- 2. **Term of MOU.** The term of this MOU shall be July 1, 2016 to August 20, 2017 and may be extended by written agreement of both parties.
- 3. Termination. OUSD may at any time terminate this MOU for any or no reason upon not less than five (5) days written notice to AGENCY. OUSD shall compensate AGENCY for services satisfactorily provided through the date of termination. In addition, OUSD may terminate this MOU for cause should AGENCY fail to perform any part of this MOU. In the event of termination for cause, OUSD may secure the required services from another contractor. If OUSD's cost of procuring services from another contractor exceeds the cost of providing the services pursuant to this MOU, AGENCY shall pay the additional cost.
- 4. **Compensation.** The ASESP and 21st CCLC grant award amount for <u>Girls Inc. of Alameda County</u> is <u>\$93,879</u>. AGENCY shall be entitled to compensation from these funds in accordance with the following terms and conditions:
 - 4.1. Total Compensation. Subject to the provisions of 4.2 Positive Attendance and the provisions of 4.3 Administrative Fee, AGENCY shall receive the amount of the grant award less OUSD's administrative fees and other site costs agreed to by the Site Administrator and AGENCY.
 - 4.2. **Positive Attendance.** Payment for services rendered related to the ASESP and 21st CCLC grants shall be based on actual student attendance rates (\$7.50 a day per student), not estimates, as those programs are "positive attendance based." OUSD reserves the right to modify the annual core allocation based on reported attendance. In the event that payments made to AGENCY exceed the reported attendance for the Core grant, the AGENCY will return payments to OUSD at the rate of \$7.50 a day per student. Documentation of attendance must be submitted through the OUSD/OFCY attendance systems in order for invoices for payment of services for the ASESP and 21st CCLC grants to be processed. Exhibit A (Attendance Reporting Schedule 2016-2017")
 - 4.2.1. Reconciliation Process for Positive Attendance Based Grant Funds. OUSD will adjust the payment of the "positive attendance based" grants based on quarterly review of monthly invoices and attendance for services rendered related to the ASESP, 21ST CCLC (Core Grant) for any adjustments resulting from the reconciliation of the attendance reports for that quarter's months. The attendance reconciliation process will assess the program's performance with respect to the required compliance with the grant mandated attendance rates. Based on the review, financial adjustments of additional payment or additional withholding will be made. Any

After School MOU 2016	-2017, page 1	of 36

- remaining balance(s) will be forwarded to AGENCY or OUSD. Any adjustment required in excess of the withholding will necessitate additional adjustments to future invoices and payments.
- 4.2.2. Administrative Charges and Reconciliation. Reconciliation process for positive attendance based grants must factor in the subtraction of administrative and other OUSD central charges, as outlined in section 4.3, from any grant amounts earned through attendance (OUSD indirect, custodial, evaluation, and After School Programs Office administrative and training/technical assistance fees).
- 4.3. **OUSD Administrative Fees.** OUSD shall charge and withhold up to 14% from the overall ASESP and 21st Century grant awards for central indirect, administrative, custodial, evaluation, and direct service training and technical assistance.
- 4.4. **AGENCY Administrative Fees.** AGENCY understands and agrees that it may not charge more than 4% of the total contract amount as administrative fees and that its administrative fees must be set at an appropriate dollar amount to keep the ASESP and 21st Century grants within the grant-mandated allowable 15% for total indirect/administrative costs. The agency administrative fees charged to the ASESP and 21st CCLC grants must be used for direct administrative costs and cannot be used for agency indirect costs. Direct administrative costs consist of expenditures for administrative activities that provide a direct benefit to the ASESP and 21st CCLC programs. Indirect costs consist of expenditures for administrative activities that are necessary for the general operation of the agency, but that cannot be tied to the ASESP and 21st CCLC programs.
- 4.5. **Program Budget.** The grant will remain as part of the site budget. Funds will be encumbered from the site budget on behalf of AGENCY for the school year 2016-2017 and will not exceed \$93,879 in accordance with Exhibit B. **Exhibit B** ("ASESP/21st CCLC Planning Tool/Comprehensive After School Program Budget for AGENCY 2016-2017").
- 4.6. Modifications to Budget. Any modifications to the approved grant budget must be approved by OUSD, AGENCY, and CDE before expenditures of funds for modified line items are authorized. Except as expressly set forth herein, OUSD shall not be liable to AGENCY for any costs or expenses paid or incurred by AGENCY in performing services for OUSD. The granting of any payment by OUSD, or the receipt thereof by AGENCY, shall in no way lessen the liability of AGENCY to correct unsatisfactory work, although the unsatisfactory character of that work may not have been apparent or detected at the time a payment was made. Work, which does not conform to the requirements of this Agreement, may be rejected by OUSD and in that case must be replaced by AGENCY without delay.
- Program Fees. The intent of the ASESP and 21st CCLC programs is to establish local programs 4.7. that offer academic assistance and enrichment for students in need of such services regardless of their ability to pay. Though it is not against the rules to charge fees for participation in programs, the CA Department of Education discourages it because it could exclude students in need from attending and taking advantage of the after school program. Fees should not create a barrier to participation in the after school program. After school services must be equally accessible to all students targeted for services regardless of their ability to pay. Programs that propose to charge fees may not prohibit any family from participating based on their inability to pay and must offer a sliding scale of fees and scholarships for those who could not otherwise afford to participate. Any income collected from fees must be used to fund program activities specified in the grant application. AGENCY shall do full accounting of fees collected, and documentation shall be kept for 5 years for auditing purposes. If AGENCY decides to charge fees, this decision shall be made collaboratively with the Site Administrator, and AGENCY shall work collaboratively with the Site Administrator and parent leaders to develop an appropriate program fee structure for the school community. AGENCY shall provide the OUSD After School Programs Office with written documentation of the program fee structure prior to charging any program fees, and shall provide OUSD with additional documentation upon request, to ensure grant compliance.

SECTION 4: Program Model and Lead Agency Selection

For 2016-2017, my site will operate the following program model:
☐ Traditional After School: voluntary program open to all students, with enrollment priorities targeting certain students
Extended Day Program: additional class periods offered to students after the end of the regular bell schedule, for targeted grades and/of for all students of the school (Note: extended day classes must not appear on the school bell schedule)
■ Blended/Hybrid: combination of some extended day and some traditional after school programming
Description and Rationale for Selection of Lead Agency Describe how the selected Lead Agency partner will support the school's plans for Full Service Community School development

The Horace Mann ASP is a collaboration between Girls Inc. of Alameda County and Horace Mann Elementary. Girls Inc. has a longstanding partnership with OUSD (since 1999) providing afterschool, summer and mental health services for children and

families. Girls Inc. has contracted with numerous OUSD schools, including serving as the lead agency, providing comprehensive afterschool services for elementary, middle and high schools. Girls Inc.'s dedication to the youth and families of Oakland, our high quality programming, and vast experience serving East Oakland schools is well aligned with Horace Mann's own vision and mission. In addition, Girls Inc. has an excellent reputation within the District and throughout Alameda County as a service provider and as a responsible recipient of public grant funds.

SECTION 5: Attendance, Program Dates, Minimum Days, and Program Schedule

In order to remain in compliance and meet minimum funding requirements, the after school program must commence immediately upon the conclusion of the regular day and operate at least until 6pm *on every regular school day* for elementary and middle schools. (EC 8483) High school programs are required to operate a minimum of 15 hours per week.

* CDE allows programs to close for a maximum of 3 of these days during the school year for professional development. Families must be notified of these program closure dates in advance, and the lead agency must maintain documentation of professional development activities offered on these dates, including training agenda and staff sign in sheets.

Required # of Program Days your program will operate during School Year 2016-2017	180
(programs are required to operate between 177 – 180 days of the school year)	
Projected Daily Attendance during School Year 2016-2017	92
Programs are allowed up to three days of program closure during the school year to offer staff	11/18/16, 1/2/17, 4/24/2017
professional development. Please list the three days (if any) your program plans to close this year for PD.	

Minimum Days

Elementary and middle school after school programs are required to operate from the end of the school day to 6pm. When a school holds minimum days, the after school program must begin early and run a long day until 6pm. Minimum days have significant impact on the after school staffing and budget. Thus, during the program planning process, school leadership and the lead agency partner must discuss the anticipated number of minimum days for the program year, and discuss shared resources to fund minimum day programming when the number of minimum days exceeds the typical OUSD schedule of one minimum day per week for the school year.

Projected Number of Minimum Days for School Year 2016-2017

Describe funding plan to operate program on minimum days, including additional school resources (if any), to support full program implementation on all minimum days:

Girls Inc. will cover the costs to cover all additional program hours caused by minimum days. This will ensure that program starts directly after school and runs until 6pm daily.

SECTION 6: Program Schedule

- 1. Submit program schedule as an attachment, using the standard program schedule template. The after school schedule must indicate the school name and the program year.
- 2. Submit a copy of the school bell schedule for the 2016-17 school year.

Important Notes: The after school schedule must commence immediately the minute the school day bell schedule ends on all program days. Before submitting, compare the school bell schedule with the after school schedule to ensure that the times are aligned. (i.e. If the school bell schedule ends at 2:55 pm, then the after school schedule must begin at 2:55 pm. The same is true on minimum days.)

Additionally, programs must operate at least until 6pm daily AND must operate at least 3 hours per day. (i.e. If the school bell schedule ends at 3:10 pm, then the after school program must begin at 3:10 pm and run until 6:10 pm)

Please make sure program schedule clearly shows when the following program requirements will take place:

Elementary requirements:

- One hour/week of literacy instruction for students in grades K-5
- One hour/week of math instruction for students in grades K-5

Middle School requirements:

- Youth Leadership
- Academic intervention (ELA and math)
- Middle school athletics (recommended)
- College and career readiness programming

SECTION 7: Transitions Support for High Need Populations of Students

Schools have students transitioning in and out over the course of the school year. This includes transitional youth such as foster youth and Newcomers who may enter the school year mid-year. It is an LCAP priority in OUSD that we provide services to these high need populations of foster youth and English language learners including Newcomers.

How will your program collaborate with the school day to support high need students who are transitioning into the school? How will your program set aside program slots so that there is some space to serve high priority students transitioning into the school mid-year?

Our Program Coordinator and Manager will work with the school Principal, Quality Support Coach and/or other identified school personnel to identify students who are high need and what supports (academic, SEL, language, etc.) are needed both in transitioning into the program and supporting them once they are in program. Student updates will be discussed and assessed

meetings will also be a time where we work together to identify any additional incoming students who are at high need, so we successes, areas of concern, and/or additional supports needed to help them be successful. These monthly collaborative regularly at collaborative meetings to ensure that both after school program and school day staff are aware of students' are able to efficiently and quickly fill program space when it is available.

SECTION 8: Academics

Your site should plan to offer a range of academic supports including:

1) Targeted Interventions 2) Skill-Building 3) Homework Support 4) Tutoring

Other possible supports may include computer lab, library exploration, and project-based learning.

Academic activities should be aligned with school goals and support specific student achievement needs defined by the school. Activities should be based on sound instructional strategies aligned with the regular school day program.

Please include the following requirements:

- Required Elementary Academic Programming: Elementary programs are required to provide at least 1 hour of literacy instruction per week for all students and 1 hour of math instruction per week for all students. (Curriculum and PD will be provided by OUSD.)
- Required for Middle school Academic Programming: Math and ELA academic intervention should be provided by teachers on extended contract, in order to support students struggling academically.

Enrichment activities should provide students with the opportunity to apply their classroom learning in a real, hands-on way. Enrichment activities should intentionally and creatively build skills that support students' success in school and in life. Enrichment activities often support school goals for health and wellness, positive school climate, arts learning, and student engagement. SECTION 11: Chronic Absence Action Plan

Improving school day attendance for all students and reducing chronic absenteeism is one of the key OUSD strategic goals. The district goal is that all students will attend school at least 95% of the required school days or more, thereby achieving satisfactory attendance. Students who attend school 90% or less of required days are considered chronically absent. Students whose attendance falls in the "grey zone" between 90% - 95% are considered at risk of chronic absenteeism.

In partnership with the school day, after school programs can play an important role in supporting student attendance by doing things like celebrating good attendance, informing parents about the importance of attendance, uncovering what challenges students/families are facing that cause them to miss school, regularly monitoring student attendance data, contacting families to let them know their child was missed at school, etc., in addition to providing meaningful after school learning experiences that help keep students engaged and coming.

Below are several key strategies that after school programs can implement in partnership with the school day, in order to promote positive

attendance, and support students and families who are struggling with attendance. Select identify specific action steps that your program will implement for each strategy.	at least two of the following strategies below, and
Strategies to Support Attendance	Action Steps
a) Recruit and address the needs of students who are at risk of chronic absenteeism.	
b) Inform parents about the importance of attendance and encourage parents to help each other get their students to class.	All parents will attend a mandatory orientation to review attendance policy. Parents will sign the program handbook, acknowledging their understanding and agreeing to the attendance requirement.
c) Track students with poor program attendance and reach out to find out why and how attendance could be improved.	The Program Coordinator/Assistant will check daily attendance and contact every family of students who were missing from program to find out why they're absent.
d) Celebrate good attendance and/or offer meaningful incentives to attract and reward students for attending our program.	The after school program will hold monthly attendance recognition assemblies recognizing students with improved and perfect attendance. Each class will have an individual attendance incentive program.
SECTION 12: Transforming School Culture and Climate After school programs can play a critical role in support the school's efforts to transform sc positive, supportive places for all students to stay engaged, be successful, and thrive. a) The following are strategies that OUSD schools are taking to change discipline and trans following school strategies will your after school program work to intentionally align with, i climate?	form school culture and climate. Which of the
 X PBIS (Positive Behavioral Interventions and Support) X Restorative Justice X Social and Emotional Learning X Bullying Prevention: including online safety and creating climate of safety for all your disabilities, etc 	th including foster youth, homeless, LGBTQ,

b) How will the school and lead agency partner work together to ensure that the after school program is aligned with these efforts, and helping to transform school culture and climate? (ie. shared professional development, curriculum, coaching, planning meetings, COST meetings, etc.)

The afterschool program is rooted in positive youth development practices. All staff are well trained in positive behavior strategies that help redirect students and help them modify their behavior. The after school program coordinator will meet with the Principal to co-develop a behavior system that aligns with the school day. In addition, the after school staff will meet monthly with school day teachers to discuss individual student successes, challenges and goals. The after school staff will formally communicate with parents monthly to address challenges and highlight successes and growth.

An After School Family Handbook will be co-created with the Principal so that it aligns with the school day. The handbook will be reviewed with all incoming students and their families during a mandatory family orientation. Families will sign acknowledging their understanding and agreement of behavior policies, which includes an anti-bullying pledge that aligns with school day culture.

The After School Program Coordinator will meet regularly with the Principal to discuss students in need of case management, counseling services, or other referrals. The after school program collaborates with Pathways Counseling Center to provide resources to staff in trauma informed behavior management. The after school coordinator will also communicate with the After School Program Manager and OUSD Behavioral Health Manager supporting the school.

c) Reducing the disproportionate suspension rates of African American students is a key priority for OUSD. Please describe any special efforts your after school program is taking to support the school engagement, social-emotional well-being, and/or academic success of African American students at your school (ie. Manhood Development, Ethnic Studies curriculum, recognition ceremonies for student accomplishments, Black professionals as role models or mentors, etc.):

All students in the after school program will be held accountable for their behaviors and get help managing their emotions by meeting with their mentors/group leaders, coordinator, and parents about the root of behaviors. Suspensions and expulsion will be a last resort. A behavior reflection form will be given to all students with challenging behavior and it will include a section asking all group leaders/instructors to detail the preventative steps taken to modify a student's behavior. The after school program will need supporting evidence (behavior reflection forms, meeting notes, behavior contracts) proving that steps were taken to modify a student's behavior prior to any reflection form. Prior to any suspension and/or expulsion, the Principal and coordinator will meet to discuss the behavior and the fairness and consistency by all staff involved.

The after school academic hour will be gender specific. This will give classes the opportunity to create lesson plans that address gender roles, stereotypes, and highlight same-gender select role models.

	(SEL) dults who work in the Oakland school system is a key priority for OUSD. SEL includes the following ial awareness, relationship skills, and responsible decision-making.
Describe how you will work intentionally to develop SEL skills in program staff:	Our agency is committed to hiring and training quality after school program staff to create and foster safe and caring classroom environments that promote a love of learning while helping students in mastering common core standards. We provide training and supports that focus on youth development principals, trauma informed positive behavior management practices, lesson plans and facilitation, building intentional communities, meaningful participation, building youth leadership and other areas necessary to empower staff to best respond to students' needs.
Describe how you will work intentionally to develop SEL skills in students:	Our after school program encourages positive, supportive relationships and builds a classroom environment that promotes and supports SEL skills by utilizing the Building Intentional Communities curriculum regularly throughout the school year, as well as including SEL competencies in our lessons and curriculum. Program staff helps students to make classrooms a safe and inclusive environment that promotes learning by demonstrating respect, listening to students, and conveying positive expectations about respectful and caring behavior. This creates a safe space for students to practice talking about feelings, managing friendships, handling conflicts and thinking through problems as part of the everyday conversation.
	Our program provides meaningful leadership opportunities through roles and responsibilities which build students' sense of capability as well as their motivation. Our curriculum, lessons, and academic discussions give students the opportunity to think about and discuss their own thoughts and feelings as well as the feelings and emotions of others by relating to characters in the books they are reading and topics they are learning about in program.

We provide students with academic and enrichment activities that encourage positive communication and cooperation by giving youth regular opportunities to work in pairs and/or small groups. Our use of trauma informed behavior management and PBIS supports students to meet behavior expectations by giving them immediate and frequent feedback that is positive and encouraging, and provides students with opportunities to learn and practice new skills. SECTION 14: Coordination with Other Service Providers In the Full Service Community School model, the school becomes a hub of services where various types of service providers come together, work together, and coordinate their efforts to meet the holistic needs of students and families. The after school Site Coordinator or Director will actively participate in which of the COST team (Coordination of Services Team) following school group(s), in order to increase alignment between after school and SST (Student Study Team) school day efforts? 2016-17 After School Enrollment Policy for Horace Mann Elementary School

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

Which grade levels will you serve in this program? Kindergarten-5th

Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
- Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.
- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2016. Indicate how families will be notified of 2016-17 enrollment before the last day of school, June 9, 2016.

School Support for Program Recruitment

Describe how the school will support after school program recruitment efforts. Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities:

The Principal will be given a list of potential returning students by June 2016. The After School Program Coordinator will give all teachers an after school program referral form (based on literacy and SEL need) by May 2016. Professional Development and Staff Wellness

Professional Development: After school staff should receive adequate professional development, including coaching support and trainings, in order to grow and improve their practice. Programs should utilize data from the YPQA/SAPQA youth program quality assessment tool to determine the areas of focus for professional development.

a) What professional development, coaching, and training supports will be provided by the lead agency partner?

Program staff will receive 2.5 hours of PD weekly. Topics for the PD include but are not limited to: behavior management, effective facilitation, safety procedures and protocol, relationship building with students/families, literacy and STEM instruction (with developed curriculum). Sessions are led by experts in their field such as a Literacy Specialist who will provide in depth training in the fundamentals of literacy, implementing curriculum components like read aloud, word work, developmentally appropriate teaching and strategies for ELL. In addition, staff will participate in 2 hours monthly of consultation, where they will discuss and learn about child development stages, addressing behavior challenges and positive youth development with a trained therapist.

Staff engages in regular coaching with their supervisor. Weekly meetings are established to discuss various topics which include implementing curriculum, giving and receiving feedback as well as providing best practices. Supervisors work with staff to set goals to improve program and reassess on their progress each week. Supervisors provide formal feedback each quarter or as needed and provide informal observations as time allows during program. The Literacy Specialist, Program Manager, Director, and Girls Inc.'s Directors of Evaluation and Training will conduct formal observations quarterly to provide program staff and coordinators feedback about individual groups and site trends and develop training that respond to challenges.

- b) What professional development opportunities will be provided by the school site?
 The Principal will meet with the Coordinator to review Emergency Procedures/protocol prior to the first day of school. The Coordinator and Academic Group Leaders will also attend any relevant school day PD
- c) ASPO professional development will consist of the mandatory August Institute (week of Aug. 3-6), mandatory monthly site coordinator meetings (2 hrs/month), the annual Bridging the Bay after school conference, and various professional learning communities (time commitment varies). Please mark:

I understand that professional development helps ensure program quality. My program is committed to providing/accessing professional development opportunities for after school staff, based on needs identified by program data. My program will adequately

budget for staff time to participate in professional development over the course of the year (for key line staff, recommended at least 20 hours of PD/year). Yes No
Staff Wellness
e) Please describe ways your program will work to support staff wellness over the course of the year: Pathways Counseling Center will provide an average of 2 hours a month of consultation to all after school staff at Horace Mann Elementary School. Consultation will give staff a structured space to discuss challenges, successes, and ways to support each other throughout the year.
All Horace Mann after school program staff will have access to Girls Inc. facility and resources, which include a gym, yoga classes, a
full kitchen, and mindfulness trainings.

EAST BAY REGIONAL PARK DISTRICT

WAIVER AND RELEASE OF LIABILITY AND INDEMNITY AGREEMENT

Waiver and Release of Liability. In consideration of being allowed to use and participate in activities at East Bay Regional Park District's facilities, including but not limited to its pools, lakes, shorelines and swimming lagoons ("Recreational Activity"), I, for myself and my spouse, my child, heirs, personal representatives, next of kin, and assigns, voluntarily agree to release, waive, discharge, and promise not to sue the East Bay Regional Park District, its officers, directors, agents, volunteers, and employees (collectively the "District") from any and all liability for any accident, illness, injury, death, wrongful death, or property damage/loss arising out of my participation in the Recreational Activity and/or use of District facilities and equipment (along with the use of transportation provided, arranged, or paid for by the District, including such transportation for medical treatment), whether occurring on or off District property, and whether caused by any negligence of the District or otherwise, excepting only to the extent caused by District's gross negligence.

Assumption of Risk. I understand that participation in the Recreational Activity and the use of District facilities, equipment, and transportation carry inherent risks that cannot be eliminated regardless of the care taken to avoid injury. These risks may result in injuries that include, but are not limited to, disease, cuts, eye injuries, blindness, broken bones, concussions, heart attacks, heat stroke, dehydration, joint or back injuries, slipping on uneven surfaces, brain injuries, drowning, paralysis, and death, as well as damage/loss of personal property. I also understand that these risks might arise for a variety of reasons, including but not limited to, actions, inaction or negligence of other parties, participants, or the District. I further understand that there may be other risks that are not known to me or reasonably foreseeable at this time. By signing below, I acknowledge that participation in the Recreational Activity and the use of District facilities, equipment, and transportation is voluntary and that I knowingly assume any and all risks, known and unknown.

Indemnity Agreement. In consideration for the District's permission to participate in the Recreational Activity, I voluntarily agree to indemnify and hold harmless the District from all claims, demands, and causes of action brought by me or anyone else as a result of my participation in the Recreational Activity and/or use of District facilities and equipment (along with the use of transportation provided, arranged, or paid for by the District, including such transportation for medical treatment), whether caused by any negligence of the District or otherwise, and agree to reimburse the District for any resulting costs, expenses, and attorneys' fees

Severability. I understand and acknowledge that this Agreement is intended to be as broad and inclusive as permitted by law. If any portion of this Agreement is deemed invalid, it is agreed that the remaining portion of the Agreement shall continue in full legal force and effect.

Minor Participants. If Participant is under 18, Participant's custodial parent or legal guardian must sign below, warranting that he or she is the Participant's custodial parent or legal guardian, and is agreeing to the terms and conditions of this Agreement, on both his or her and the Participant's behalf. Parent or legal guardian acknowledges by their signature that they are giving up the same rights for the minor as they would be giving up if they signed this Agreement on their own behalf.

I have read this Agreement and understand that I am giving up substantial rights by signing it, but do so voluntarily and intend to completely release the District from the liability described above to the greatest extent allowed by law. I also understand that this Agreement is legally binding on me and my child (if applicable), spouse, heirs, personal representatives, assigns, and next of kin.
