| Annual Cost: \$ 211,230.00   |

| Is Vendor a local Oakland business? Yes   No   No   ✓  |
| Why was this Vendor selected?  |
| This organization has demonstrated experience and capacity serving in the after school lead agency role. This organization succesfully met all requirements of OUSD's Lead Agency Request for Qualifications process and has been approved as a qualified lead agency partner by the OUSD Expanded Learning Office.  |
| Summarize the services this Vendor will be providing.  |
| This organization will provide comprehensive after school services for Oakland students, following the requirements set forth by OUSD and by the California Department of Education's ASES and/or 21st Century Community Learning Center grant programs. Daily after school services will include academic support, enrichment, and physical activity for students, as well as family engagement activities. This organization will work in close partnership with the host school site to align after school programming with the goals and priorities of the school's SPSA. This organization will also work in close partnership with the OUSD Expanded Learning Office to ensure the program meets attendance targets, fulfills compliance requirements, and achieves youth development quality standards.   |
| Was this contract competitively bid? Yes No No   |
| If No, answer the following:   |
| 1) How did you determine the price is competitive?   |
| The California Department of Education allocates site-specific after school grant funding to OUSD schools. The lead agency partner works in collaboration with the school site administrator to complete an after school budget plan specifying the requested after school services and agreed upon cost of services. The final contract amount for the agency is approved by the school site administrator and by the OUSD Expanded Learning Office, once budget plans are approved for compliance and program plans meet CDE requirements. The lead agency leverages additional funding and in-kind resources to augment the contracted amount form OUSD to support high quality program implementation.  This contract amount for services at this school is consistent with the cost of after school services at comparable schools with other comparable lead agency partners. This contract amount falls within the list of anticipated 2016-17 contracts submitted by this agency for its Master MOU. |

# 2016-17 After School Enrollment Policy for Madison Park Academy

OUSD has established district-wide guidelines for Target Population and Enrollment in ASES and 21st Century After School Programs. Within these guidelines, each school will create a site-specific After School Enrollment Policy that will be made public to the school community through the following methods:

- Enrollment policy will be included in After School Enrollment Packet and program materials.
- Enrollment policy will be discussed at after school parent orientation/meetings.
- Enrollment policy will be shared with school faculty.

Target Population: (Describe targeted student populations in order of priority. Specify data that will inform student selection.)

| Target Population(s)  | Specific Dana to Inform Selection at Program Participante   | Indicate if per trapertion & Operanol on Anandraty for each target population |
|---|---|---|
| Students in need of academic support and Intervention             | School referrals, parents request (SES).  | N/A   |
| Students from socio-economically disadvantage families/background | Application, school referrals, and knowledge of family history.   | N/A   |
| English Language Learners   | School referrals and knowledge of family history.   | N/A   |
| Chronic Abesenteeism  | Monitor attendance ( work w/attendance to gather names of chronically absent from school day, compare day attendance with afterschool). | N/A   |

## The ACHIEVE After School Program will serve 6th-8th grades. Which grade levels will you serve in this program?

targeted students. (For example, if program slots remain open after you have reached out to fill slots with target populations identified above, Note: The ASES and 21st CCLC grants require that programs are open to all students of the school, if space remains after outreach is done to then by law, you must accept a kindergarten family that desires program services, even if your program prioritizes students in grades 1-5.)

## Additional Notes:

- Successful after school programs are heterogeneous and include several target populations.
- Sites cannot simply utilize a first come-first serve process for enrolling students; sites should establish priorities for participation.
  - Programs are intended to help close the achievement gap by serving a variety of students with academic and other needs.

- In alignment with OUSD's strategic goal to reduce chronic absenteeism, programs should consider targeting students at risk of chronic absenteeism, as determined by individual attendance rates between 90 – 95% during the current school year. (Programs should collaborate with school site leadership to obtain student attendance data.)
- Program must enroll adequate numbers of students to meet CDE attendance targets.

Enrollment Process and Timeline: (Summarize your enrollment timeline below. Describe how your school will identify and recruit students beginning in Spring 2016. Indicate how families will be notified of 2016-17 enrollment before the last day of school, June 9, 2016.

Specify how school staff will help promote the after school program, refer students, and communicate with families about program opportunities: Madison's administration is committed to the success of the ACHIEVE Academy extended learning program. They will continue to keep parents informed through their newsletters and information boards. Bulletin boards have been put up for parents to see what our program has to offer.

The Madison community has provided continuous support to our ASP and I am confident that they will be fully supportive in the upcoming year.

To Whom It May Concern:

It is the Bay Area Community Resources policy to ensure to the best of our abilities that everyone we bring into our BACR programs to work with our clients are properly screened so as to minimize any risk, either physical or emotional, to the children and other clients we serve. We achieve this through FBI and DOJ fingerprint background checks on all our employees, independent contractors, subcontractors and volunteers working in our OUSD school programs. We are set up to receive subsequent arrest records. In addition, all staff must turn in a negative TB clearance before they begin working with our students.

We certify that all staff meet our staff qualifications including TB clearance, and FBI/DOJ clearance before they begin working with the students. We can provide verification upon demand from OUSD. On a monthly basis this information is submitted to our district after school programs office with our invoices, indicating ATI numbers.

Sincerely,

Marisa Ramirez Program Director mramirez@bacr.org

## Bay Area Community Resources After School Programs

Bay Area Community Resources (BACR) is a regional nonprofit agency founded in 1976 whose mission is to promote healthy development among youth and families, encourage service and volunteerism, and build communities. BACR has provided after-school academic support, enrichment, and physical activity programming in Bay Area communities for more than 35 years; this includes partnerships with 26 schools in the Oakland Unified School District (OUSD) after school programs since 2004. Our after school programs are designed and staffed to be safe, accessible, and effective for students (and families) who are struggling due to poverty, academic and social-emotional challenges, and other life circumstances—helping them overcome obstacles and become high achieving and joyful learners and by doing so, helping to reduce the achievement gap.

❖ BACR is the lead community agency— managing the entire program, providing staff, and delivering services at 26 schools in Oakland, 2 in Berkeley, 16 in San Francisco, 5 in Alameda, 6 in San Rafael, 8 in Antioch, 17 in West Contra Costa County, and 11 in Mt. Diablo Unified in Contra Costa County.
