JUSTICE FOR ALL SCHOLARS

Our Commitment to West Oakland

A young Black girl with her hair in a bun, wearing a school uniform, is smiling at the camera. In the background, other students and classroom decorations are visible but out of focus.

KIPP Bridge has been providing an excellent education in West Oakland since 2002.

Our Focus on College Success

Fewer than 10% of low-income students nationally graduate from college compared to 30% of the population overall.

As of 2016, 96% of students who graduated from KIPP Bridge have gone on to graduate from high school and 87% of these students have matriculated to college. 61% are on track to graduate, or have already earned their degree.
