Professional Services Agreement

Between East Bay Consortium and Fremont High School

College and Career Information Center

2016-2017

AGENCY HISTORY

The East Bay Consortium of Educational Institutions, Inc. (EBC) was established in 1978 to improve opportunities for students in the East Bay to finish high school and enroll in a college or university. EBC has been successful in consolidating the efforts and knowledge of its 12 member institutions into a solid campaign to increase higher education accessibility to the students it serves. The Consortium's main focus is to raise the achievement levels and provide advisement to students interested in pursuing an education beyond high school. Services include: academic and college advising, educational workshops, college visits, college fairs, parent programs and a scholarship program.

EBC operates as a collaborative of 12 educational institutions in the Bay Area. Together, EBC works to bring East Bay youth the widest possible range of services. With their help, our efforts are multiplied, and we can positively affect thousands of young women and men each year. Our member institutions are: Oakland Unified School District, CSU East Bay, UC Berkeley, Peralta Colleges, Contra Costa College, West Contra Costa Unified School District, Holy Names University, Mills College, Saint Mary's College of CA, Berkeley High School, EBAYC and St. Elizabeth High School. Each institution is represented on EBC's board of directors.

The Consortium operates a broad range of programs: The California Student Opportunity and Access Program one of 16 regional Cal-SOAP projects operated for over 35 years under contract with the California Student Aid Commission helps students improve their academic performance and makes information about postsecondary education and financial aid more widely available. 9,000 students are served each year. Our 6 College and Career Information Centers are dedicated to promoting access to higher education. Over the past 15 years we have helped over 2,500 young people achieve college admissions and prestigious scholarships. For the last 10 years, EBC has served as the

Regional Coordinator for the statewide program Cash for College. Over 50 financial aid workshops provide free assistance to over 3,000 students and families completing the Free Application for Federal Student Aid (FAFSA), the Dream App and other forms required to get financial aid. In the past 9 years, the EBC received over 2 million dollars for scholarships from the College Futures Foundation. 300 students received scholarships for college.

PROGRAM DESIGN

The College and Career Information Center (CCIC) enhances access to higher education for all seniors attending Fremont High School. CCIC will serve the entire senior class at Fremont High School. The mission of the CCIC is to provide information and college advising services related to college admission, financial aid and other topics associated with pursuing and accessing higher education.

The College and Career Information Center will increase students' confidence about accessing educational opportunities and provide students with the opportunity to connect to young caring adults. The CCIC will address these goals through the implementation of a comprehensive program designed to expose students to post high school options, assess students' academic and personal needs and to guide in the planning, preparation and execution of a post high school plan that allows them to make informed and confident decisions about their futures. In addition, the CCIC is staffed by college students, some of whom are Fremont High alumni, who pride themselves in not only being college advisors but mentors that are open minded, respectful and make themselves available to all students who walk into the CCIC.

College, career and financial aid advising will be open to all students at the schools on a drop-in basis Monday – Thursday from 10:00am to 5:00pm. In order to effectively assist in the college-going process as well as in the financial aid process, the entire senior class will be served intensively through one-on-one advising sessions and classroom presentations. Transitions and Senior Panel: May

"Transitions" provides seniors with the perspective from current college students who already dealt with the "transition" from high school to college. CCIC invites Fremont alumni to share their experiences, triumphs, mistakes and words of advice. CCIC will also host a celebratory senior panel in which current seniors share their personal experiences and words of advice with underclassmen.

Senior Survey: May – June

In collaboration with senior teachers, the CCIC conducts a survey in which seniors self report college applications sent, post secondary plans, types of financial aid received and evaluate CCIC services.

Post Graduation Follow Up: June- July

During the summer, East Bay Consortium staff follows up with seniors' responses on the senior survey and provides students any additional support during the summer after their graduation.

It is important to note that there is a great amount of follow up that occurs between college applications, applying for financial aid and scholarships as well as accepting a college's admissions offer. These additional services include but are not limited to the assistance in the following: creation of multiple accounts on multiple colleges' portals, schools' respective financial aid verification processes, UC's Augmented Review process, students' appeal to colleges and universities (regarding admissions and financial aid), submitting housing applications, how to register for classes, signing up for CSU and UC placement exams and many more. CCIC services and the amount of assistance provided are tailored to individual students' needs and personal situations.

STAFFING

Jaliza Collins will have primary responsibility for managing activities at the College and Career Information Center. Jaliza has a keen personal understanding of the challenges the students face today. She has been a college advisor at Fremont and Fremont High School for the last 6 years. Jaliza began working for the East Bay Consortium as a college and career advisor while she was in college, but she has been part of the East Bay Consortium's Pre-Collegiate Academy since she was a 6th grader. She graduated from San Francisco State in 2012.

One of the strengths of the East Bay Consortium's programs are the college students hired to provide the direct services to students. Many of the college students hired are former Fremont High or from other OUSD schools and come from backgrounds similar to that of the students they will be working with. College and career advisors (college student interns) will be hired from local higher education institutions. The Center will operate 4 days per week from 10:00am to 5:00pm and will be staffed by two college student interns at any

given time. College Advisors will be selected based on past experience working with youth and their desire to work in the field of education. They will commit to work for the Consortium for at least a year ensuring continuity of staff for the entire academic year and will work 12-15 hours per week. Each college advisor will have a caseload of seniors and will be responsible for coordinating an aspect of the CCIC such as outreach, logistics, financial aid, scholarship bulletin and our community college bound program Transfer Making It Happen.

College student advisors receive extensive training throughout the year. They participate in two all day staff trainings per year and attend weekly 90-minute staff meetings held on the UC Berkeley campus. These meetings serve as professional development to further hone the staff's college knowledge, ability to provide college advising, and workshop presentation and facilitation skills. The weekly meetings are facilitated by the Program Coordinator and cover topics such as how to get the best out of CSU Mentor, how to support the personal statement writing process and financial aid knowledge. In addition, the East Bay Consortium will invite university or program representatives from different systems of higher education or student organizations to train advisors about their respective institutions or organizations and to share best practices. The meetings also serve as a space for advisors to make announcements and to voice any issues or concerns they may have in regards to the CCICs. Lastly, the meetings also develop camaraderie, building familiarity and trust amongst a staff placed at different school sites in Oakland.
