# **Current Year Caution Spending Protocol Status**

In preparation for 2<sup>nd</sup> Interim reporting and with the implementation of the General Fund Spending Limitations Protocol in place, a current indication of our unrestricted budget is necessary.

As of February 24<sup>th</sup>, the unrestricted general fund is noted as follows:

- \$332 M Expense Budget at 2<sup>nd</sup> Int. (salaries, benefits, supplies and services)
- (\$117M) Encumbered\*
- (\$213M) Actuals\*
- \$2M Available Balance

All encumbrances may not result in actual expenses and actuals may increase without initially being encumbered, each impacting the available balance

The total of encumbrances and actuals must NOT exceed an additional \$2M

# **Current Year Caution Spending Protocol Status**

The General Fund Spending Limitations Protocol was implemented on January 9<sup>th</sup> in a proactive effort to support the District in financial success for the current year. The protocol impacts unrestricted general fund spending, excluding supplemental and concentration funds. An appeal process was implemented and yielded the following results for purchases:

#### **Caution Ahead**

As we move further into 2016-17, red flags are signaling caution as previously indicated at presentations for both the 2015-16 year end closing and First Interim:

- **LCFF** is close to being fully funded, which means the increases from year to year will be significantly smaller. District will primarily receive COLA adjustments only.
- Cost of Living Adjustments (COLAs) are not expected to keep pace with the true cost of living; meaning the increases in revenues will not be enough to pay for increases in costs.
- Average Daily Attendance (ADA) continues to decline which results in reduced revenues.
- **Federal Categorical Programs** revenues could be reduced based on decision by the current administration in Congress.
- Support to Special Education, Early Childhood, and Child Nutrition need realigning to closely stay within each program revenue sources. Special Education, in particular, is a program that needs to be monitored very closely.
- Structural Deficit ongoing revenues do not equal or exceed ongoing expenses at this time. As the year
  progresses, ongoing revenues and expenses will be monitored closely in an attempt to mitigate this issue by
  year end.
- **Structural Deficit for Future Years** will increase if revenues are reduced and corresponding reductions to expenditures are **not** made.
- Reserve Balance must be restored to the Board required 3%.

**Cash Flow – General Fund** 

#### 2016-17 2<sup>nd</sup> Interim Cash Flow – General Fund

The monthly cash flow projections are primarily based on Federal, State and Local cash payment schedules and prior year actuals.

To have sufficient cash on hand during the current fiscal year (2016-17) and to meet financial obligations, the District temporarily borrowed \$26 million from the County Treasurer in November 2016. The temporary loan is scheduled to be repaid in May of 2017.

For Fiscal Year 2016-17 the State anticipates deferring 27% of June's State Aid apportionment which is estimated to be \$10 million based on the Governor's 2017-18 Budget Proposal in January.

In anticipation of the proposed deferrals, the District will again borrow \$10 million from the County's Treasurer against 2016-17 State deferred apportionments.

With these temporary borrowings, the 2016-17 Cash Flow projections reflect positive cash balance of \$19 million at fiscal year end.
