Interests & Experiences

Please explain briefly your interest in serving on this Committee or Commission:

As a bilingual educator and supporter of the arts, I am passionate about Arts Education at every school level. Middle school is an important time in a child's development, a time of exploration, constructing a narrative and wrestling with identity. Studies have shown the importance of the arts as a child grows, but it is of paramount importance in the middle school years as a means of expression, communication, brain development, and expanding perspective, all skills that will be used through out their life time. I have always been an advocate for the arts, and I believe we are all artists in some way, it is just a matter of exposure, practice and expressing the talent. Our children need experiences in the arts, they deserve it, and as a society we cannot raise out children without it.

Please indicate your other community involvement (work with public agencies, volunteering, other committees, Commissions, groups, etc.):

I have worked in College Access for over 14 years, and am a strong advocate for college education for our youth. As a result of this work and my love for the arts, I helped start a non-profit organization to provide scholarships for students in the arts who wanted to pursue a college education. Initially we provided scholarships then expanded our support by providing an Artist-in-Residence at middle school in Oakland and collaborating with Urban Promise Academy to do so. The artist in residence program initially offered support in arts integration within the classrooms, developed into a visual arts program and then into dance instruction. We were also instrumental in helping Urban Promise Academy secure a drum instructor and the master schedule was redesigned to allow all students to experience dance and drum instruction during the school year. True collaboration of the arts and education! Additionally, through our fundraising efforts for the program, we worked with many local artists and provided them an opportunity to showcase and sell their work, as well as supported local art galleries in Oakland. I am also a Board Member of the Chicana/Latina Foundation, an organization that provides scholarships, Leadership Institutes and support for Latina's attending college at every level.
