

Update on Support for Establishing Site-Based ELL Sub-Committees (SELLS)

Reporte del Apoyo para el Establecimiento de los Sub-Comités para Aprendices de Inglés

Effective Staff Collaboration to Support the SELLS

- A collaboration meeting was held on April 10 between staff from *State & Federal Programs, Family Engagement, Community Engagement, and the English Language Learner & Multilingual Achievement* to review the questions raised by the DELLS in March and to ensure that the roles of central office staff are clear in supporting the SELLS and their connection to SSC's.

- Another staff collaboration meeting is scheduled for May 1st where each of the questions raised by the DELLS on 3/15/18 will be addressed. A plan will also be made on May 1st to revise the Master Plan in light of the questions.

Additional Review and Feedback by Committee Members

- A revised draft of the guidelines for the SELLS to be included in the ELL Master Plan will be ready for review and feedback at the June 20 meeting of the LCAP Parent and Student Advisory Committee.
