**School Vision (insert here):**

All students deserve rigorous, engaging, and culturally responsive instruction that helps them become independent learners, equipped with the skills and mindset to succeed to and through college and to leave a positive, lasting impact on their communities.

In service of this vision, we:

- Actively work to create a culture of learning in which staff, students, and their families feel a sense of urgency and ownership for students' educational progress.
- Recognize the transformative power of relationships and subsequently work to establish effective learning partnerships between students and staff that recognize the teacher as an ally and the student as a driver of his or her own learning.<sup>1</sup>
- Create classrooms in which students are engaged, working with content aligned to the appropriate grade level standards, responsible for doing the thinking, and demonstrating that they are learning.<sup>2</sup>

## ***Budget Justification and Narrative***

In the following sections, please review the self-assessment and discuss your team's plan to address the following:

### **The Goals of the Measure**

- Increase access to courses in arts, music, and world languages in grades 6-8
- Improve student retention during the transition from elementary to middle school
- Create a more positive and safe middle school learning environment

1. You **MUST** describe the current programmatic narrative for **EACH** section of the budget narrative based on the Measure G1 Initial Self-assessment and data analysis. Please highlight what G1 specifically supported in the 2017-18 school year.
2. Please explain how you plan to use the Measure G1 funds to develop strategic changes that meet the goals of the measure and that will lead to improved student outcomes.
3. Add additional lines if you would like to add additional budget items.
4. All budget items should total up to the total grant amount based on projected enrollment for 2017-18.

### **1. Music Program**

#### 5. Safe and Positive School Culture

Programmatic Narrative Based on Data Analysis		
<p>In the 2017-18 school year, we added socio-emotional supports for our students through the hiring of a Community Culture Coordinator and the implementation of an SEL program called RULER. We are proud to share that we have seen a significant decrease in the number of suspendable behaviors exhibited by our students. This has led to a steep drop in our suspension rate (from 12.6% to 4.9%) with approximately two months remaining in the school year. Additionally, our chronically absent rate dropped from 10% to 6.7%.</p> <p>We have also implemented a robust Multi-Tiered System of Supports (MTSS) in which we tier all students from both a behavior and academic standpoint. Students are receiving tailored academic intervention as well as behavior supports based on their tier. In order to implement this program effectively, we needed to bring on more staff to support our students. Our Community Culture Coordinator helps provide support for individual students while also providing our staff with training in restorative practices, trauma-informed practices and culturally responsive teaching.</p> <p>We are extremely excited about the progress we have made this year and want to continue on our current path. That is why we plan to use our budget to continue to fund the Community Culture Coordinator position. We know that our students need strong support and we are excited that we now have the personnel to provide it.</p>

## Coffee w Principal – Family School Meeting

Saturday, March 10<sup>th</sup>

1:00-2:00pm

### Community Agreements

1. All participants will be present and actively engaged in meeting
2. All participants will respect each individual's opinion and time to speak
3. All participants will adhere to the agenda and respect the allotted time for topics

Time	Topic
1:00-1:05	Community Agreements Overview of Agenda
1:05-1:10	Check-In
1:10-1:30	Principal Transition Announcement Principal Selection Committee
1:30-1:50	Measure G1 Reflections from last year Data Review Plan for 2018-19
1:50-2:00	Check Out Appreciations

### Principal Transition:

- Mr. Dutton shared that he will be leaving GSP in order to spend more time with his family now that his wife is taking on a larger job as a school administrator
- Parents are needed to take part in the upcoming principal selection committee
- We currently have three candidates (one external, one who is an AP at another Aspire school, and one of our current APs)
- Parents shared concerns about another principal transition and wanting to make it as smooth as possible
- 8 parents signed up to be on the principal selection committee
- Follow up will come from Superintendent, Kimi Kean

### Measure G1 Discussion

- Overall, parents are pleased with increased supervision and support for all students
- Concerns about behaviors of some of our neediest students were raised, specifically about how their behavior impacts students who are following rules
- Parents are in favor of keeping our Community Culture Coordinator for the 2018-19 school year to continue to provide more support for our students

#### Parent Comments about G1:

- My child feels connected to school and has worked very closely with the Community Culture Coordinator
- It's great to see that suspension rates are lower so that our children can be in school everyday
- As a parent of student who always does what she is supposed to, I think it's ok for the suspension rate to be higher. I don't want my daughter around kids who are making bad decisions. I think the schools should be suspending students more frequently
- My child has an IEP and the meetings he is having each morning get him setup for the day. I have seen a big change in him this year.
- Things seem good this year so let's keep it the same way
- My child has really liked his new music class this year and wants to continue having music class
- We need more after school opportunities for our students
