

OUSD Capital Program Proposed Spending Plan Changes of Measures B&J

Facilities Management & Planning 8-7-18 Version

Capital Program Proposed Spending Plan Background

As documented in the Board Presentation of May 9, 2018 "OUSD Capital Program Reconciliation of Measures B&J" we have a serious structural deficit. We have started more projects and committed to more spending than we can afford. We would need an additional \$160 million in current funds to complete all of the projects within the timeframes committed. We have an urgent need to immediately identify the projects that we can defer or cancel to correct this structural deficit and control the unchecked costs associated with the unrealistic schedules.

Capital Program Support Documents See attached spreadsheets for the following:

- 1- History of Measure J Capital Spending Program
- 2- Reconciliation of Measure J Capital Fund accounting

Capital Program Proposed Spending Plan Issues

- One of the issues is the huge increase in costs for committed scope. The Total Requested column on the next slide (#4) represents costs increases from scope development estimates and preliminary GMP's to current costs. We have to provide \$125 Million in funding to complete this scope that is already in construction.
- Slides 5-7 show the criteria used and projects identified for reduction to pay for the shortfall.

ity Schools, Thriving Students

August 2018 Proposed Changes to **Spending Plan**

		From	То	Total Requested	Remarks
1	Glenview Replacement	47,000,000	58,800,000	11,800,000	Rebid 2017
2	Madison Expansion	27,000,000	36,400,000	9,400,000	Cost escalation since 2014
3	Fremont Modification	82,000,000	133,200,000	51,200,000	Cost escalation since 2014
4	Central Kitchen	53,000,000	71,000,000	18,000,000	Rebid 2017
5	Program Cordination	42,170,958	60,100,000	17,929,042	See Footnote
6	Program Contingency	6,900,000	14,400,000	7,500,000	25% of desired
7	Castlemont Fields/Bleachers	2,700,000	6,000,000	3,300,000	Scope/Cost escalation since 2
8	Lincoln Water Damage	-	2,210,000	2,210,000	New Project
9	Lead Abatement	-	2,300,000	2,300,000	New Project
10	ADA Upgrades	-	1,000,000	1,000,000	New Project
				\$ 124,639,042	
	Previous balance of \$42Mil is	exhausted			

Criteria for Project Deferral

Cuts must be made to some projects to allow completion of projects needed to affect the most students. We have based these recommended cuts on three primary criteria:

- 1. Make cuts furthest away from the classroom
- 2. Make cuts from projects not yet in construction or furthest away from construction
- 3. Make cuts with the least harm to overall District and the Facilities Program

Criteria for Project Deferral

4 Categories for cuts

- 1. Projects proposed for deferment to a future bond
- 2. Reduction of scope on existing projects
- 3. Reduction of budget (possible deferment to a future bond)
- 4. Savings from completed projects

Proposed Budget Reduction

	Proposed Decreases in Fundi	ing			
		BUDGE	T REDUCTION		
		From	То	Total Decrease	Remarks
1	California Solar Initiative	35,000,000	31,000,000	(4,000,000)	Completed Project Savings
2	Marcus Foster ELC	43,000,000	17,500,000	(25,500,000)	Defer to next Bond Issuance
3	Brookfield ISS	4,000,000	2,500,000	(1,500,000)	Defer to next Bond Issuance
4	Oakland Tech Clinic	3,000,000	300,000	(2,700,000)	Defer to next Bond Issuance
5	Science Classrooms & Labs	13,250,000	3,000,000	(10,250,000)	Defer to next Bond Issuance
6	Restroom Renovations	8,049,489	4,500,000	(3,549,489)	Defer to next Bond Issuance
7	Playmating / Playstructures	9,000,000	3,000,000	(6,000,000)	Defer to next Bond Issuance
8	School Kitchens 1 & 2	28,775,000	7,775,000	(21,000,000)	Defer to next Bond Issuance
9	Greenleaf (Whittier)	40,000,000	39,480,000	(520,000)	Completed Project Savings
10	Burbank Site Improvement	2,550,000	2,078,000	(472,000)	Completed Project Savings
11	Security Camera	6,500,000	4,500,000	(2,000,000)	Defer to next Bond Issuance
12	Carter @ Oak Int'l Tu rf Field	2,500,000	1,800,000	(700,000)	Projected Savings
13	Sankofa Expansion	3,000,000	2,500,000	(500,000)	Projected Savings
				\$ (78,691,489)	

* Will retain sufficient budget for remaining kitchen plans through DSA approvals

Appendix

- Up through 2014 Planning, Estimates, and Costs were all in sync. We were successfully scoping, designing and building projects for the budgets originally allocated.
- The 2015 spending plan was prepared and presented by Mia Settles and Lance Jackson based primarily on input from Antwan Wilson. The new project scopes were poorly defined and and the budgets were not reviewed for full scope required, adequate costs escalation and local factors,
- The 2017 spending plan was prepared and presented by Joe Dominguez and was based on artificially low target budgets to meet the total funding with no accounting for extraordinary local cost escalation and scope increases since 2015.
- Projects that were bid and started in 2014 were stopped and rebid in 2017 resulting in significant cost increases.
- Joe Dominguez excluded experienced district staff from decision making roles, not only continuing huge expenditures for consultants, but dramatically increasing consultant services hours, hourly rates and expenses.
- With new leadership we have been able trim significant consultant costs, but the program coordination budget is already overextended due this previous overspending and the \$5 million cut in 2017.
- The Kitchens 1 & 2 line items were supposed to be utilized to bring school kitchens up to standards to support the new school lunch food coming from The Center. The unvetted conceptual \$5 million budgets for Hillcrest K-8 and Piedmont Ave Elementary Cafeterias were allocated out of this budget. We now have substantially complete designs (based on prefab modular construction) for both and budget estimates close to \$10 million each.

\$172M Projects Added October 2015

- District added 24 Projects costing \$126 Million
- Increased 7 Projects by \$45 Million
- Projects not associated with the MP
- Many are budget Allocations only
- Undefined Scope
- Current Cost to complete these projects ~\$ 232M
