Interests & Experiences

Please explain briefly your interest in serving on this Committee or Commission:

As a long time Oakland resident who has returned after working outside the state for several years I see grave issues with our education system. Issues which require involvement. While I am unable to run for School Board at this time, being on member of the Measure G Committee would allow me to work with members of the community and the School Board on ways to improve the educational system and working for fairness for each school.

Please indicate your other community involvement (work with public agencies, volunteering, other committees, Commissions, groups, etc.):

While I did volunteer at [REDACTED] last year, my current involvement includes being a member of the PTO as well as being a member of [REDACTED] SSC.
