EXHIBIT "A" SCOPE OF WORK

[IF A CONTRACTOR PROVIDES AN ACCEPTABLE DESCRIPTION OF SERVICES AS PART OF A PROPOSAL, THAT DESCRIPTION OF SERVICES MAY BE ATTACHED WITHOUT ANY TERMS, CONDITIONS, LIMITATIONS, ETC., FROM THAT PROPOSAL.]

1. **Description of Services to be Provided and Specific Expected Outcomes:** Provide a description of the program(s) and service(s) the contractor will provide. Be specific about what program(s) and service(s) will be provided to OUSD and what *this* Contractor will do.

Over the past four years we've developed an amazing jazz education program that has enriched the lives of all involved with music education at Thornhill Elementary School in Oakland, CA. This year we will add Kaiser Elementary to our service program. Future plans include expanding the program to service lower income schools in communities where unlike most parents of our students at Thornhill, parents and guardians in lower income neighborhoods may not be able to afford to send their children to our classes without financial support.

We provide weekly jazz classes lasting 55 minutes each, one day per week during fall and spring school semesters to an average of seven 4th and 5th grade music students per class. Additionally, we present live concerts with eight professional musicians who perform side by side with our Beginning Jazz Class students. These fun events feature students performing jazz techniques learned in classes and also provide invaluable experience to both students and adult musicians as we collaborate with each before and during performances that amaze audiences in delightful ways, especially considering the students are only 9 – 11 years old! We chose this age group to work with because there are very few other programs that offer jazz education at this age level. And as a result, we've experienced overwhelming enthusiasm and support from students, parents, school administrators and the local community.

While our greater mission is to enrich the future of our global community by empowering children with the ability to solve problems through creative thinking, and by developing the knowledge, confidence and skills to work together in groups to achieve artistic and leadership prowess beyond previous expectations, on a personal level our program helps students build self-confidence, learn to think creatively, practice problem solving techniques and improve cognitive flexibility, benefits that can have far reaching positive effects within families and for local communities as well
