Memo

To Board of Education

From Aimee Eng, President

Board Meeting Date October 23, 2019

Subject Supporting the Renewal of Measure D – Oakland Kids First! Initiative

Action Adoption of Resolution No. 1920-0166 to support the reauthorization

of Measure D to extend the Oakland Fund for Children and Youth for

another twelve years, 2021-2033.

Background/Discuss ion

The Kids First! Initiative gathered over 30,000 signatures to put a funding measure on the November 1996 ballot. The measure passed with 75% of Oakland voters approving the establishment of the Oakland Fund for Children and Youth (OFCY), which set aside 2.5% of the city's unrestricted general fund for children and youth programming. In July 2009, 72% of Oakland voters approved Measure D which increased funding for children and youth services without raising taxes and changed the annual set aside for grants to 3% of the unrestricted General Purpose Fund.

For over 20 years since its passage, the Oakland Fund for Children and Youth has supported hundreds of programs benefitting Oakland's most vulnerable populations. Every three years OFCY undertakes a strategic planning process to ensure its funding strategies meet the current needs of Oakland's children, youth and families. The fund also conducts a comprehensive evaluation process to ensure its funding is making an impact. OFCY has partnered with OUSD and directly funded several programs such as Linked learning and Exploring College and Career Opportunities Program (ECCO), Summer Prekindergarten, the African American Male Achievement program, Restorative Justice, Oakland International High School and OUSD After-school and summer programs.

In Article XIII Section 1307 of Oakland's City Charter, a majority of the City Council can vote to extend the Oakland Fund for Children and Youth for additional twelve years beginning July 1, 2021. The Council will deliberate on this issue in late 2019 or early 2020 and must make a decision by July 2020. If the Council does not vote to extend, then the City Council shall place he question of whether to extend Oakland Kids First "As Is" on the November 2020 ballot for a vote of the electorate.

On October 21, 2019, the Education Partnership Committee received an informational report and strategic investment plan from OFCY. The report is attached.

Fiscal Impact

Each year, OUSD directly benefits from OFCY funding. For fiscal year 19-20, OFCY is supporting 154 programs totaling nearly \$20 million in funding and reaching 26,000 children and youth. Of these, two-thirds of the programs are based at a school site, half of which are based a school site. Any significant changes or reductions to this funding would impact OUSD programming significantly. Any significant reductions in OFCY funding would impact OUSD greatly; the district would have to subsidize costs and/or greatly reduce programming.

Resolution 1920-0166

RESOLUTION OF THE BOARD OF EDUCATION OF THE OAKLAND UNIFED SCHOOL DISTRICT

Resolution No. 1920-0166

Supporting Renewal of Measure D – Oakland Kids First! Initiative

WHEREAS, the Kids First! Initiative gathered over 30,000 signatures to put a funding measure on the November 1996 ballot. On November 5, 1996, 75% of Oakland voters approved Measure K to establish the Oakland Fund for Children and Youth, which set aside 2.5% of the city's unrestricted general fund for children and youth programming; and

WHEREAS, In 1998, OFCY received 202 requests for funding and recommended 39 programs for nearly \$5 million in annual grant funding for its first round of funding; and

WHEREAS, In April 2008, Oakland City Council unanimously adopted a resolution to reauthorize Oakland Kids First! 'as is', with only minor technical changes, for another 12-year term; and

WHEREAS, In November 2008, the Kids First! Coalition announced its intention to place an initiative to further increase funding for children and youth services by 2011 without raising taxes; and

WHEREAS, On July 21 2009, 72% of Oakland voters approved Measure D in a special election conducted as a mail-in ballot only election. The measure changed the annual set aside for grants to 3% of the unrestricted General Purpose Fund; and

WHEREAS, In FY2017-2018, OFCY provided nearly \$10 million in funding and served 20,838 youth: Student Engagement in Learning programs funded by OFCY helped children and youth feel connected to school and engage in their own learning; the Career Awareness and Academic Support for Older Youth programs funded by OFCY helped youth explore career opportunities in in-demand industries and prepare for

college and career success; and school-based after-school programs served 14,821 youth. Of these after-school programs, OUSD-funded and OFCY-funded programs jointly served 8,321 youth, those funded only through OUSD served an additional 5,876, and 4 charters funded only by OFCY served a further 624 youth; and

WHEREAS, Every three years OFCY undertakes a strategic planning process to ensure its funding strategies meet the current needs of Oakland children, youth and families; and

WHEREAS, For 2019-2020 OFCY Strategic Investment Plan identified nine strategies that include 1) Parent Engagement and Support, 2) Family Resources Center, 3) Social and Emotional Well-Being in Preschool and Early Childhood Education Settings, 4) Comprehensive Afterschool Programs, 5) Engagement and Success for Elementary and Middle School Students, 6) Summer Programming, 7) Youth Development and Leadership, 8) High School and Postsecondary Student Success, and 9) Career Awareness and Employment Support; and

WHEREAS, For FY2019-2020, OFCY is providing 154 programs with a total of \$19,819,772 in funding, and reaching 26,000 children and youth. Of these, two-thirds of programs are based at a school site, half of which are at an OUSD school; and

WHEREAS, OFCY may be extended for an additional twelve years beginning July 1, 2021 by a simple majority vote of the Oakland City Council. This action is needed in late 2019 or early 2020, and must be completed no later than July 2020; and

WHEREAS, If the City Council does not itself vote to extend the Fund, then the City Council shall place the question of whether to extend Oakland Kids First "As Is" on the November 2020 ballot for a vote of the electorate. This process will be repeated every twelve years or until reauthorization is rejected by a vote of the electorate; and

NOW, THEREFORE, BE IT RESOLVED, the Board of Education supports the reauthorization of Measure D to extend the OFCY for another twelve years, 2021-2033.

BACKGROUND / LEGISLATIVE HISTORY

The Kids First! Oakland Children's Fund Amendment in the Oakland City Charter was originally established by voter approval of Measure K in November 1996. Approval of Measure K established the Fund through a set aside of 2.5 percent of general purpose funds with goals to address the well-being of Oakland children and youth from birth through age 21 for a twelve-year lifespan. Kids First! was first reauthorized by vote of City Council in April 2008, then revised through passage of Measure OO by voters in November 2008, and finally modified and approved with the passage of Measure D by voters in June 2009 for the July 1, 2009 through June 30, 2021 term.

The City Charter Section 1307 establishes that the Kids First! Oakland Children's Fund may be extended for an additional twelve years beginning July 1, 2021 by a simple majority vote of the City Council. If the City Council does not extend the Kids First amendment by majority vote, then the legislation requires the City Council to place the question of whether to extend it on the November 2020 ballot for a vote of the electorate.

OFCY is overseen by a 17-member Committee composed of eight (8) youth and nine (9) adult members. The Planning and Oversight Committee (POC) is responsible for the completion of a three-year Strategic Investment Plan and the selection of a recommended grants package for City Council's approval through an open and fair application process. The OFCY Strategic Investment Plan (2019-2022) was approved by the City Council on October 23, 2018 (Resolution No. 87400 C.M.S.). It presents nine strategic funding areas selected to address the well-being of Oakland's children and youth.

The 2019-2022 OFCY Request for Proposals (RFP) was released in December 2018 for the three-year OFCY grant cycle beginning July 1, 2019. The POC recommended and the City Council approved 154 grant awards for the Fiscal Year (FY) 2019-2020, renewable with City Council approval for FY2020-2021. The third year of the cycle is contingent upon reauthorization.

ANALYSIS AND POLICY ALTERNATIVES

OFCY's 2019-2022 Strategic Plan (the Plan) begins with a vision of community support so that all children and youth of Oakland will thrive, and identifies the core guiding values for the City's investment in children and youth - social and economic equity, community and collaboration, and youth and child development to promote well-being and individual and community pride and leadership.

OFCY conducts a review of demographic information, and economic, education and child health and safety indicators to assess needs and identify priorities for funding. The Plan highlights disparities by race and geographic location across key indicators based on review of the available data compiled on Oakland. Children and youth residing in low-income neighborhoods, from low-income families, and attending schools with high levels of stress, and specifically African American, Latinx, American Indian, and Asian/ Pacific Islander youth are identified as priority populations. Immigrants and refugees, unaccompanied minors, Lesbian, Gay, Bisexual, Transgender, and Queer (LGBTQ) youth, commercially-sexually exploited children (CSEC).

Page 3

homeless youth, youth with disabilities, and foster youth are identified as vulnerable populations that are a priority for funding. The OFCY Equity Framework is shown as **Attachment B**. Based on community and stakeholder input, combined with the needs assessment, the Strategic Plan identifies shared city-wide goals and nine strategy areas designed to complement other major system initiatives and reach children and youth most in need. To illustrate the connection between the shared goals, strategies and children and youth outcomes, a draft OFCY logic model is included as **Attachment H**. A chart describing the nine strategies is shown as **Attachment I**. Three of the nine strategies specifically address the shared goal with Oakland Unified School District (OUSD) that children and youth will succeed in school: Comprehensive Afterschool Programs; Student Engagement and Success in Elementary and Middle School; and High School and Postsecondary Student Success.

After the release of the OFCY RFP, the POC and City Council approved funding for 154 programs with strong consideration for the location of services and residence of expected youth participants, to promote equity based on neighborhood and geographic considerations. The list of OFCY Grant Awards is included as **Attachment C**. Maps and lists of programs by Council District are included in **Attachment G**.

Attachment D includes the OFCY System Support Summary and OFCY 2019-2020 Support for OUSD charts. Across all OFCY strategies, funded programs support Oakland students on their school sites in numerous ways, addressing absenteeism and attendance, social and emotional well-being and positive school culture, summer learning, higher quality pre-school, arts in schools, academic supports through Science, Technology, Engineering, Arts and Math (STEAM), literacy, culturally based programming, internship placements and support for transitions to high school and post-secondary education.

Early Childhood Strategies: Family Resource Centers (FRCs), Parent Education and Support, and Mental Health Consultation in Head Start and OUSD Pre-schools /Child Development Centers

The early childhood strategies address the importance of the early years in the social, emotional, and physical development of children and their impact on long-term developmental outcomes. OFCY funding reaches families in priority neighborhoods where they live and is designed to complement other system initiatives such as First Five of Alameda County's Neighborhoods Ready for School Initiative. Grants awarded support the OUSD's Central Family Resource Center as well as five other school based FRCs and 4 community based FRCs to provide a core set of services including family navigation, parent education and support, and early childhood playgroups at welcoming locations near where families live. OFCY funding also supports families with parent engagement programs in underserved neighborhoods to promote kindergarten readiness and social-emotional learning in community settings and continues the long-time OFCY contribution to quality pre-school through funding mental health consultation in preschool settings at Head Start and OUSD Pre-school and Child Development Center sites.

Comprehensive After School

After school programs are a critical support for Oakland working families, offering a safe and supportive environment, structured enrichment and academic supports that promote attendance and connection to school, benefiting children and youth. In partnership with OUSD's Extended Learning/ After School Programs Office, OFCY's Comprehensive Afterschool Programs strategy

results in higher quality afterschool programs and is recognized as a model across the state and nationally.

OFCY funding leverages state and federal funding for free or low-cost comprehensive afterschool programs at 61 (52 OUSD and nine charter) elementary and middle schools (see **Attachment E**). Non-profit agencies manage and coordinate school-site programming serving an estimated 6,000 students Monday through Friday. Schools where more than half of the students qualify for Free or Reduced Price Meals (FRPM) are eligible for OFCY funding. In 2019-2020 the average FRPM rate for the funded schools funded was 88 percent. The funding makes safe, affordable, structured after school programming possible for low-income and working families, provides critical resources to ensure adequate staffing and enrichment offerings needed to provide higher quality programs, and supports the continued operation of afterschool programs.

Student Engagement and Success in Elementary and Middle School
The Student Engagement and Success in Elementary and Middle School strategy supports
program efforts to achieve city-wide goals for improved student outcomes related to school-day
attendance, increased grade-level reading and math rates, and focuses resources on
engagement through increased access to arts programing and quality Science, Technology,
Engineering and Math (STEM) activities, and aligning athletics with academic achievement.

Youth Development and Summer

Date: September 30, 2019

The City's investments in positive youth development and leadership programming help to address youth safety and to prevent and reduce crime, violence and gang involvement among young people, and are intended to complement the intervention-focused programming of Oakland Unite. Youth development programs are responsive to community input on the need to address the gaps in opportunity and access to enriching programming, recognize youth's assets, and build on their strengths to promote learning, social and emotional well-being and positive life skills. Grant awards address the need for safe, trauma informed and engaging programs for priority populations through culturally and linguistically-responsive programming. Programs also address the specific needs of LGBTQ youth, immigrant and refugee children, youth impacted by homelessness or human trafficking and other specific populations. Grant programs, such as the Department of Parks, Recreation and Youth Development's (OPRYD's) Oakland Fine Arts Summer School, often operate in direct alignment as a half-day extension of OUSD's summer school program adding arts, enrichment, more learning, fun and exploration. About half of all year-round youth development and summer grants, operate on school sites.

High school and Postsecondary Success

Programming provides peer leadership supporting high school youth to be "college, career, and community ready", mentoring, community building, and academic and social supports to engage older youth in school and support their success. The strategy supports youth transitioning into high school and postsecondary education. It includes direct grants to OUSD for the African American Achievement Initiative and continues support for the Oakland International High School Refugee and Wellness Center and OUSD's Restorative Justice program, supporting school and community safety. *Attachment F* includes a map of sites for the High School and Postsecondary Success and Student Engagement in Success in Elementary and Middle School programs.

Career Awareness and Employment

OFCY provides a substantial City investment in youth workforce funding to address disparities in youth employment and economic opportunities that support the transition to adulthood. Grants provide opportunities for youth that are in school through the OUSD Expanding College and Career Options (ECCO) program and the expansion of linked learning, particularly in biotech and healthcare sectors. Grants also support opportunity youth disconnected from school and work with academic and work training experience, to support progress toward economic stability. In partnership with the Oakland Workforce Development Board, OFCY significantly expands summer employment opportunities for Oakland youth.

OFCY Direct Grants to OUSD and OPRYD

OFCY has been a consistent source of City support for programming at OUSD schools. Over the last ten years, direct grants to key OUSD programs total nearly \$3.2 million. These include 10 annual grant awards for Conflict Resolution and/or Restorative Justice totaling \$1,311,441 with average grant size of \$131,144; seven annual grant awards for the Linked Learning/ Exploring College and Career Options (ECCO) program totaling \$864,500 with average grant size of \$123,500; six annual grant awards for the Summer Pre-Kindergarten Readiness program totaling \$583,210 with average grant size of \$97,202; and five grant awards for the Oakland International High School: Refuge & Immigrant Wellness Program totaling \$424,925 with average grant size of \$84,985. For FY2019-2020, OUSD's African American Male Achievement Initiative was awarded a \$250,000 grant for the first time.

For FY2019-2020, the OPRYD was approved for the two proposals submitted, continuing the Community Adventures Pre-K Playgroup located at Mosswood, Rainbow, and Willie Keyes recreation centers and adding funding for the Oakland Fine Arts Summer School. Over the last ten years, direct grants to OPRYD include ten grants for the Discovery Center (which did not apply this cycle), seven grants for the Pre-K playgroup, and grants for OPR's summer program.

FISCAL IMPACT

This item is for informational purposes only and does not have a direct fiscal impact.

PUBLIC OUTREACH / INTEREST

The POC holds noticed public meetings monthly. The POC conducted a community engagement and planning process in 2018 leading to the adoption of the 2019-2022 Strategic Investment Plan.

PAST PERFORMANCE, EVALUATION AND FOLLOW-UP

The OFCY annual evaluation includes assessment of program quality and outcomes for children and youth. Program targets for youth enrollment, hours and duration of service, and types of activities are captured in a grants management database used in the annual evaluation process.

SUSTAINABLE OPPORTUNITIES

Economic: OFCY funding will provide employment opportunities through 78 agencies that are predominately Oakland-based, employ local staff, and have a positive economic impact. OFCY funds require a match and leverage additional local, state, federal, and private philanthropic funds, bringing additional resources into Oakland.

Environmental: Programs support public safety through afterschool, youth development and leadership in civic engagement, and opportunities for youth work experience that lead to safer communities and less youth violence.

Social Equity: OFCY prioritizes funding for services that reach youth with the greatest needs. OFCY funding strategies prioritized programming for low-income African American, Latino/ Hispanic, Asian/ Pacific Islander, and Native American children and youth, and for programming located in East Oakland, Fruitvale, and West Oakland. Programs intend to close opportunity gaps by providing children, youth and families access to enriching, academically supportive, socially engaging, and career-supporting programming free of charge.

OFCY 2019-2022 Request for Proposals - December 2018 III. Funding Strategies for FY2019-2022

OFCY funding strategies were developed through an extensive community process in 2017-2018, and are detailed in the OFCY FY2019-2022 Strategic Investment Plan. The 2019–2022 funding strategies are built on OFCY's long history of supporting key services in the community and reflect current concerns and realities for Oakland's children and youth. The following strategies were developed based on input gathered during the community engagement process, research that supports these strategies as important interventions, and OFCY's own evaluation of its programming and providers.

Priority Populations

OFCY is a citywide fund with the vision that all children and youth in Oakland will thrive and have the support of the entire community to lead safe, healthy and productive lives. The mission is to provide strategic funding to support Oakland's children and youth from birth to 21 years of age to become healthy, happy, educated, engaged, powerful and loved community members.

A guiding value for the Fund is **Social and Economic Equity**, and the intention to direct resources towards those youth in greatest need. Over the years and through the latest strategic planning process, OFCY has identified specific populations to prioritize for support based on inequities in outcomes and need. The Fund seeks to support programs through the nine funding strategies that effectively engage and provide services to specific populations that face the greatest

Attachment B: OFCY Equity Framework: Support for Priority and Vulnerable Populations

Oakland Fund for Children and Youth - RFP for Direct Services for FY 2019-2022

Priority Geographies

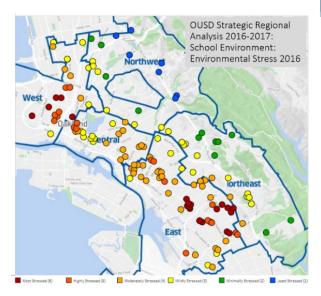

OFCY seeks to support programming and services that reaches children and youth with the greatest needs in their neighborhoods, communities, and schools. Current data indicates that Oakland children, youth, and families reside in greater numbers in West Oakland, Central Oakland/ Fruitvale District, and have the highest concentration in East Oakland.

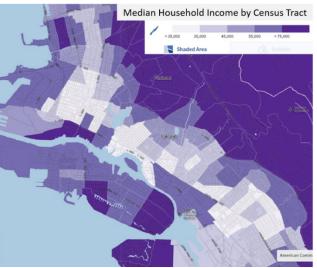

Neighborhoods in West, Central, and East Oakland located below the 580 freeway are home to more households with lower median household incomes than households located in North Oakland and in the Oakland hills, indicating a greater need for resources for children and families residing in the flatland neighborhoods.

These neighborhoods also face higher levels of environmental stress and experience higher rates of violent crime, have higher rates of unemployment, experience lower air

quality, and have limited access to fresh food. Oakland Unified School District has monitored the environmental stress in neighborhoods and have identified schools that operate in communities that face disproportionate outcomes. OFCY seeks to support programming at schools that face higher levels of environmental stress and programs that serve children and youth that attend schools with higher levels of environmental stress, recognizing that schools are key institutions engaging with children and families from the early years through to young adulthood.

Priority & Identified Populations Supported by OFCY

The 2019-2022 OFCY Strategic Investment Plan identifies specific populations as a priority for funding support. Broadly, OFCY looks to support Oakland children and youth from birth to 21 years of age. Children and youth residing in low-income neighborhoods, from low income families, attending schools with high levels of stress, and African American children and youth are specifically identified as priority populations. OFCY further identifies immigrants and refugees, unaccompanied minors, LGBTQ youth, commercially-sexually exploited children (CSEC), homeless youth, youth with disabilities, foster youth, and Latino, American Indian, and Asian/ Pacific Islander youth as vulnerable populations that are the priority for services.

The 2019-2022 Request for Proposals (RFP) similarly elevated these populations as priority for funding and services across all nine funding strategies. Each of the nine funding strategies also had information relating to the specific priority populations for the strategy to inform applicants and reviewers of the intention of OFCY in allocation of resources.

While identified and priority populations are expected to be the focus of funding across all nine funding-strategies, the **Youth Development and Leadership** funding strategy includes the most grants to programs that are designed explicitly for these populations. The strategy identifies that OFCY seeks to support "Population-specific programming that is culturally relevant, asset-based, and trauma-informed, and provide social, emotional, and physical support for vulnerable populations such as LGBTQ youth, African American, Latinx, Asian/ Pacific Islander, and Native American children and youth, immigrants and refugee youth, and youth experiencing homelessness or other populations facing disparate health, academic, and social outcomes." It further states that "OFCY also seeks to prioritize services for programming that is designed intentionally for hard-to-serve populations including youth experiencing homelessness, foster youth, commercially sexually exploited minors, LGBTQ and immigrant youth and other vulnerable groups."

Intersectionality

Beyond the programs that serve a specific identified vulnerable population, other programs in the **Youth Development and Leadership** strategy serve low-income children and youth, specific racial and ethnic groups, and provide services in low-income and under-resourced neighborhoods in alignment with the strategic priorities. Many programs exhibit the complexity of intersectionality in defying easy categorization of youth participants, where demographics may cross many defining characteristics. For example, the **La Clinica de la Raza - Youth Brigade** program is recommended for funding to engage high school youth (14-18) who are at risk of violence, crime, and/or gang involvement, and will primarily serve Latinx and Asian youth living in Fruitvale, with an emphasis on including immigrant and LGBTQ students. While not included in the list of Youth Development programs cited on page 6 of the Agenda Report that serve specific, identified priority populations, this example is representative of the diversity of youth being served within many recommended programs in the strategy.

Support for Vulnerable Populations beyond Youth Development Strategy

OFCY's funding recommendation for FY 2019-2020 contains numerous examples of programs that will serve priority populations. Programming to support immigrants, refugees, and newcomers can be found in Parent Engagement and Support, Family Resource Centers, Student Engagement & Success in Elementary & Middle School, and the High School and Postsecondary Student Success funding strategies. Programs in the Career Awareness and Employment Support strategy specifically identify CSEC and opportunity youth as target populations. The programs recommended in the Comprehensive Afterschool Programs strategy serve populations largely reflective of their schools, where 89% of students enrolled qualify for Free or Reduced Price Meals (FRPM). Overall, OFCY funds are intended to support children, youth and families with the greatest need by providing funding support to programs that can have success and an impact with the limited funds that are available to support the thousands of low-income children and youth ages 0-21 across the City of Oakland.

The following pages are excerpted from the **Needs Statement** in the OFCY FY2019-2022 Strategic Investment Plan, providing further detail on the OFCY equity framework.

October 2018

An analysis of both quantitative and qualitative data confirmed disparities in outcomes across neighborhoods and racial, ethnic, and linguistic groups. For instance, black families are more likely than any other racial or ethnic group to face unemployment, violence, and poverty. The recent *Equity Indicators Report* from the City of Oakland's Department of Race and Equity cited that over a quarter of all African Americans and over one in five Latinos in Oakland are living at or below the poverty line. African American students and Latino students are also much more likely to be chronically absent from school—an important indicator of future persistence in education—and less likely to graduate from high school in four years than their white and Asian counterparts.²

Neighborhoods and schools in East and West Oakland consistently experience higher levels of environmental stress. Communities facing the cumulative effects of poverty and high levels of environmental stress continue to be the priority population for OFCY programming. More specifically, stakeholders confirmed the continued vulnerability and priority of many of OFCY's priority populations such as African American, Latinx, Asian/ Pacific Islander, and Native American children and youth, LGBTQ youth, foster youth, and youth with disabilities. In the 2019-2022 planning process, stakeholders particularly emphasized:

- Immigrant youth, refugees, and unaccompanied minors face a number of challenges in joining and thriving in the Oakland community. Beyond the standard challenges of newcomers such as language acquisition and adjusting to a new community, stakeholders conveyed a growing sense of fear and distrust in newcomer communities. Immigrants and refugees feel targeted by hate speech, toxic national politics, and expressed concern over incidents of violence, intimidation, and discrimination both locally and nationally.
- Youth and families experiencing homelessness: Homelessness is difficult to measure accurately, but providers and partners all confirm the data from the 2017 Alameda County point-in-time count showing a 26% increase in homelessness in Oakland compared to 2015 and described an increasingly unstable and uncertain housing market for Oakland's lower income families. OUSD reported over 800 homeless youth in the 2017-2018 school year, half of which were unaccompanied youth and newcomers. Youth experiencing homelessness are at a far greater risk for negative health, safety, and educational outcomes. In addition to homelessness, providers and partners described a general housing instability for families; between 2011 and 2017 average rents doubled and many families have been forced to move.

- Commercially-Sexually Exploited Youth: From 2011-2016 the Oakland Police
 Department rescued 273 children involved in human trafficking. Alameda
 County is considered a hotspot for human trafficking cases with 46% of all
 prosecuted human trafficking cases in California since 2011 originating in the
 Alameda District Attorney's office. Stakeholders working with children and
 youth raised particular concern about this very vulnerable population.
- Disconnected/opportunity youth: Disconnected/opportunity youth are youth between the ages of 16 and 21 that are out of work and out of school. These youth often face difficulty in successfully connecting to work, postsecondary training, and ultimately self-sufficiency. In Oakland, one in ten youth are neither working or in school (10.3%). African American youth are the most likely to be disconnected (14.8%), followed closely by Latino youth (13.2%).

In the 2019-2022 funding cycle, OFCY will prioritize funding for programming that serves these key populations.

Total Systems Grants & Subcontracts: FY 2019-2020:

Funding Strategy			OUSD Service Sites	% Sites OUSD
Goal Area 1: Early Ch	ildhood	105	51	49%
Socioemotional Well- Being in Preschool and Early Childhood Education Settings	The three providers all will support OUSD CDC and T-K programs. 37 of the 55 (67%) ECE sites will be OUSD CDC or T-K (Elementary) school sites. This cycle there is an expansion of EC MHC to OUSD T-K - new support for 9 OUSD T-K program/ sites (=new, additional support to OUSD in 19-20). Funding directly supporting OUSD program sites is estimated at \$666,666. 2/3 of program sites and 2/3 of EC MHC consultation hours (7976 out of 12011) are at OUSD CDC and T-K Sites.	55	37	67%
Parent Engagement and Support	Four of the ten programs funded in 2019-2020 are providing services at eight different OUSD school sites to support OUSD families and support kindergarten readiness: 8 of 37 identified program sites (22%) are at OUSD campuses. Direct funding for hte OUSD Kindergarten Readiness-Summer PreK program at increased funding level (\$139,087 in FY19-20, an increase of \$45,317 above FY18-19 grant award).	37	8	22%
Family Resource Centers	Four of the seven programs funded in 2019-2020 are to specifically support OUSD programs and school-based FRCs, and one program is an anchor for Castlemont High School FRC at Youth Uprising (Lotus Bloom at Room to Bloom). Approximately \$800,000 in annual funding is estimated to support programming at the six OUSD sites identified below. • OUSD Central Family Resource Center • Bananas FRC: Futures and CUES Elementary + OUSD Lockwood CDC • Lincoln-New Highland Academy and Rise Community School FRC • Lotus Bloom at Garfield FRC • Room to Bloom - Castlemont HS (Youth UpRising)	13	6	46%
Goal Area 2: Student		77	68	88%
Comprehensive Afterschool Programs	52 of the 1 programs support lead agencies at OUSD Elementary/ Middle/ K-8 schools. OFCY is providing \$4,868,108 in grant funding to these agencies to manage OUSD afterschool programs. OFCY funds serve as the required local match funds for the school district in receipt of state afterschool funds. OFCY funds allow programs to offer afterschool largely free of charge. All five programs recommended are providing services at 16 different OUSD school sites.	61	52	85%
Engagement and Success for Elementary and Middle School Students	Elementary schools: Esperanza, Hoover, International Community School, Laurel, Markham, Martin Luther King, Jr., Piedmont, and Prescott Elementary School Middle schools: Elmhurst Community School, Montera, United For Success Academy, West Oakland, and Westlake Middle School	16	16	100%
oonoon otaaonto	High schools: Coliseum College Prep Academy and McClymonds High School			
Goal Area 3: Positive	Youth Development	130	68	52%
Summer Programming	Five of the ten programs funded are directly supporting OUSD summer programming by providing three or six hours of programming daily to students at OUSD sites in partnership with the district. OUSD summer hub programs experienced a funding shortfall for summer 2019, and the district was able to provide approximately \$200,000 in contracts to CBOs to deliver services. The OFCY funding support of \$648,244 to CBOs to deliver the services as OUSD summer hubs allows for OUSD summer programming to take place at the current scale, scope, and service model, with OFCY programs reaching an estimated 1,500 students in 2019 through OUSD summer hubs.	21	12	57%
Youth Development and Leadership	Nearly half of the programs funded in the strategy in 2019-2020 (17 out of 35) will operate at OUSD school sites, at approximately 35 unique OUSD elementary, middle, and high schools. Programs that have received OFCY program grants over multiple years include the Oakland Kids First! peer leadership programs, Youth Beat media program operating out of KDOL-TV, Refugee Transitions' Newcomer Community Engagement Program and its' subcontract with OUSD's English Language Learner and Multilingual Achievement Office; and the Youth ALIVE! Teens on Target program that provides case management and peer leadership development focused on prevention of violence. Many of the community-based programs are also explicility intended to support OUSD students at non-OUSD/community-based sites; for example EBALDC at Lion's Creek Crossing provides community-based afterschool programs and organize a walking school bus to securely walk students from their OUSD school to their site, while EOYDC works directly with local OUSD schools to recruit students and has established formal partnerships with schools, including EnCompass Elementary School, New Highlight Academy, and RISE Community School, to provide 15-25 students with transportation to and from the EOYDC center.	109	56	51%
Goal Area 4: Transitio	on to Adulthood	45	17	38%
High School and Postsecondary Student Success	Five of the eight programs receiving grant awards in 2019-2020 will be operating at seven OUSD high schools, while three programs will serve OUSD students at community-based locations. Programs in this strategy will be based at Castlemont, Oakland Tech, Fremont, McClymonds, Oakland High, Oakland International High, and Skyline High Schools. Three of the eight grants in this strategy will provide direct funding to OUSD via grants for Oakland International High School, the OUSD Restorative Justice Program, and the African American Male Achievement (AAMA) program. These three grants total \$534,018 and represent 41% of the funding in this strategy.	10	7	70%
Career Awareness and Employment Support	OFCY will provide increased funding support for OUSD's Linked Learning Department through direct grants and subcontracts totaling \$285,477. Recommendations further support the district's work in expanding Career Academies and linked learning across high school sites by providing funding support for programs that are critical to the department's success via in-school programming and out-of-school work placement opportunities during the school year and in the summer. \$912,156 in funding is specifically for programs focused on in-school high school age youth (including the direct funding to OUSD detailed above), with programming aligned directly with OUSD's Linked Learning Department goals. \$350,000 will support three programs providing Summer Youth Employment in a strategy strongy supported by OUSD through their leadership on the Oakland Workforce Development Board.	35	10	29%

- Programs project to serve more children and youth in District 5 than any other council district.
 Over 6,000 children and youth, or 22% of all children and youth are projected to live here.
 Programs supporting parents and caregivers look to reach nearly 1,000 adults.
- District 5 is home to the most OFCY-funded school-based afterschool programs, with OFCY support for 15 programs at eight elementary and seven middle schools. Programs will serve over 1,350 students each day, providing free, quality afterschool to support low-income families.

OFCY Funding Strategies: FY2019-2022

Strategy Area 1: Healthy Development of Young Children/ Early Childhood

- 1) Parent Engagement and Support: Invests in programs that strengthen the capacity of parents and caregivers through services offered in community-based settings, supporting safe spaces and quality family support services, especially in high-need neighborhoods and communities.
- 2) Family Resource Centers: Supports family resource centers in the community that are welcoming and offer comprehensive services and a range of activities and opportunities to meet the needs of families where they live.
- 3) Socioemotional Well-Being in Preschool and Early Childhood Education Settings: Strengthens the capacity of teachers and families to promote the social, emotional, physical and behavioral health of children through support from early childhood education consultants addressing mental health and developmental challenges among young children in preschool settings.

Strategy Area 2: Student Success in School

- 4) Comprehensive School-Based Afterschool: Supports a lead agency to coordinate comprehensive afterschool at Oakland public elementary and middle school sites where at least 50% of students qualify for free or reduced-price meals, to provide free or low-cost academic and enrichment afterschool programming.
- 5) Strengthen Student Engagement in Learning: Directs funds to programming designed to support the academic achievement of elementary and middle school students through improved school attendance and participation in enriching literacy and science, technology, engineering, and math (STEM) programming.

Strategy Area 3: Positive Youth Development

- 6) Year-Round Youth Development and Leadership Programs: Expands access to year-round activities that encourage youth to develop leadership skills, engage in their communities, participate in arts programing to support personal and cultural identity and growth, and participate in enrichment activities including sports, technology, nature exploration, and other activities that help build positive peer and adult relationships and develop positive life skills.
- 7) Summer Youth Development Programs: Invests in high quality summer programming and directs funding to programs with an asset-based youth development approach to promoting learning and peer and social connection. During summer months, programming will provide opportunities for enrichment, exploration, and new experiences that build confidence, self-esteem, and other important life skills in a safe and supportive environment.

Strategy Area 4: Transition to Adulthood/ Older Youth

- 8) High School and Postsecondary Student Success: Supports programming that provides older youth (ages 15–20) support for achievements in learning to increase youth attachment to school, and facilitate older youth transitions into high school and postsecondary education. It directs funding to culturally responsive strategies that address the needs of older youth by helping to strengthen their skills to support their academic success and well-being.
- 9) Career Awareness and Employment Support: Supports programming that provides older youth (ages 15–20) with career awareness, work readiness training, and employment to provide youth with on-the-job experience, skill-building supports, and exposure to career options and pathways. This strategy will support year-round programs for students in school and for opportunity youth not connected to school or employment, as well as directly support summer employment for Oakland youth.
