EXHIBIT "A" SCOPE OF WORK

[IF A CONTRACTOR PROVIDES AN ACCEPTABLE DESCRIPTION OF SERVICES AS PART OF A PROPOSAL, THAT DESCRIPTION OF SERVICES MAY BE ATTACHED WITHOUT ANY TERMS, CONDITIONS, LIMITATIONS, ETC., FROM THAT PROPOSAL.]

1. **Description of Services to be Provided and Specific Expected Outcomes:** Provide a description of the program(s) and service(s) the contractor will provide. Be specific about what program(s) and service(s) will be provided to OUSD and what *this* Contractor will do.

Clinical Services: The Clinical Case Managers (CCMs) will provide one trauma treatment group per school per year using evidenced-based treatment services, with 6-10 students per group. Individual services provided by the CCMs will include one-on-one services using a variety of evidenced-based treatment practices, including Cognitive Behavioral Therapy and Trauma-Focused Cognitive Behavioral Therapy (CBT and TF-CBT), Integrated Treatment for Complex Trauma for Adolescents (ITCT-A), and Motivational Interviewing (MI), with a caseload of up to 10 concurrent clients for each FTE.

Restorative Practices: The CCM's work will be interwoven with and supported by Restorative Practices Coordinator, where available, who will co-facilitate groups in addition to providing restorative interventions as-needed. Group services will include two weekly restorative circle groups per semester (four per year per school) for students impacted by trauma and violence, with 8-12 students per group. The Restorative Practices Coordinators will also deliver intensive, as-needed restorative interventions in response to student and school need, including re-entry circles for students coming back from suspension or detention, disciplinary hearings as an alternative to suspension, healing circles as a response to conflict, and family-school circles to improve communication and continuous support of students.

School Climate: Direct services for students will be combined with efforts intended to support school climate change to ensure that restorative trauma-informed practices are embraced throughout the system. Catholic Charities will leverage its capacity as a local training and technical assistance provider to provide 12 hours of training to staff in trauma-informed de-escalation, secondary/vicarious trauma, and self-care strategies in addition to as-needed coaching and technical assistance for teachers and support staff, and Youth Mental Health First Aid.

Summer Bridge: Catholic Charities will collaborate with the Wellness Centers at each High School to provide added value to the summer bridge by ensuring students with the greatest need can access the programs and by providing modules that include community building and introduce topics such as coping skills, self care, preparation for transitioning to High School, and other socio-emotional topics. We will also provide continuity of care by working collaboratively with school staff and other service providers on-site, through COST meetings and other avenues, to identify students for whom ongoing one-on-one or group socio-emotional support will be critical as they connect with their new school and begin their high school journey.

EXHIBIT "B" STATEMENT OF QUALIFICATIONS

1. **Description of Organization and Relevant Experience:** For individual consultants, a resume is sufficient. Attach a separate document if more space is needed.

Catholic Charities has been a key member in the Oakland's Crisis Response and Support Network since 2005, supporting the families and friends of Oakland's homicide victims. Our Experience Hope service delivery model, combining trauma-informed mental health services with principles of restorative justice, was born from this work as we adapted and delivered Eurocentric therapeutic practices in a manner more relevant to violence-impacted communities of color.

Building on previous services to homicide-impacted students in the District, in 2015 Oakland Unified School District (OUSD) requested that Catholic Charities begin providing components of its services to all six of its comprehensive high schools as part of their Project Prevent federal grant. The model has also evolved through agency grants from SAMHSA, the CA Department of Public Health, and the CA Violence Intervention and Prevention program – through which the agency has established Experience Hope services at Montera and Roots Middle Schools (for the 2017/18 school year) and is conducting an independent evaluation of the effectiveness of our approach.
