Memo

Legislative File ID: 19-2594
Introduction Date: 12/10/19
Enactment No: 20-0069
Enactment Date: 1/8/2020 er

To: Board of Education

From: Measure N – College and Career Readiness

Commission David Kakishiba, Chairperson

Action Requested: Adoption by the Board of Education of Resolution No. 1920-2002 - Measure N – College

and Career Readiness Commission – Probationary Schools Implementation Status

Determination and Funding Recommendation - 2020-2021 School Year

Background: The Measure N – College and Career Readiness Oversight Commission, at its Special

Meetings on December 10, 17, 2019, reviewed and affirmed the implementation Status of Measure N to date of named high schools herein and, subsequently, determined and approved Measure N Awards for the 2020-2021 School Year for each school as stated, based on rational outlined in the excerpted Memo from the High School Network Superintendent dated December 5, 2019. The Commission hereby asks approval of its

recommendation by the Board of Education.

Fiscal Impact: \$2,166,725 – Measure N Funds

Recommendations: Adoption by the Board of Education of Resolution No. 1920-2002 - Measure N – College

and Career Readiness Commission – Probationary Schools Implementation Status

Determination and Funding Recommendation – 2020-2021 School Year.

RESOLUTION OF THE BOARD OF EDUCATION OAKLAND UNIFIED SCHOOL DISTRICT

RESOLUTION NO. 1920-2002

MEASURE N – COLLEGE AND CAREER READINESS COMMISSION – PROBATIONARY SCHOOLS IMPLEMENTATION STATUS DETERMINATION AND FUNDING RECOMMENDATION – 2020-2021 SCHOOL YEAR

WHEREAS, the Oakland Unified School District ("District") Board of Education by Resolution No. 1415-0119 has established, pursuant to the College and Career Readiness Act, the Measure N Commission, to oversee the Act including advising and reporting to the Board of Education and for (1) Planning, which includes (a) reviewing each high school's School Quality Review findings, Balanced Scorecard results, and education improvement plans, and (b) submitting school funding recommendations to the Board of Education for action; and (2) Oversight, which includes (a) oversight of proper allocation and use of all parcel tax monies, (b) reviewing annual independent audit reports, and (c) submitting recommendations to the Board of Education for any new or modified policies and administrative regulations to ensure the Oakland Unified School District's compliance with the requirements and intent of this Measure; and

WHEREAS, the Measure N – College and Career Readiness Oversight Commission, in its 4th year of operation, at its Special Meetings on December 10, 17, 2019, reviewed and affirmed the implementation Status of Measure N to date of named high schools and, subsequently, determined and approved Measure N Awards for the 2020-2021 School Year for each school as stated herein and hereby recommends approval of same by the Board of Education,

NOW, THEREFORE, BE IT RESOLVED, the Board of Education hereby accepts and adopts the Measure N – College and Career Readiness - Oversight Commission Probationary Schools Implementation Status Determination and Funding Recommendation – 2020-2021 School Year - for schools named below:

Legislative File Id. No.	School	2020-21 Recommendation	2020-21 Funding Allocation Amount	2019-20 Enrollment (Oakland residents only)	2020-21 Measure N Allocation
<u>19-2555</u>	ARISE	Full Implementation	\$850 per pupil	354	\$300,900

CERTIFICATION

We, Jody London and Kyla Johnson Trammell, President and Secretary of the Board Education of the Oakland Unified School District, respectively, do hereby certify that the foregoing Resolution was duly approved and adopted by the Board of Education of said District at its Regular Meeting held on the 8th day of January 2020, with a copy of the Resolution being on file in the Office of the Board of Education of the District.

Jody London, President Board of Education

Kyla Johnson Trammell, Secretary Board of Education

Attachment: December 5, 2019 Excerpt of High School Network Superintendent Memorandum - Probationary Schools 2020-21 Funding Recommendation

Excerpt

OAKLAND UNIFIED SCHOOL DISTRICT Community Schools, Thriving Students

LINKED LEARNING HIGH SCHOOL OFFICE

To: Measure N Commission

From: Lucia Moritz, High School Network Superintendent

Subject: **Probationary Schools 2020-21 Funding Recommendation**

Date: December 5, 2019

OVERVIEW & OBJECTIVE

The goal of the probationary school process is to support sites to develop their understanding of Linked Learning implementation by providing more feedback on their progress and building site capacity. Since the OUSD School Board's recommendation of providing more intensive supports through a probationary school process sites have received one on one consultation to review the feedback and understand the probationary school process and expectations. Sites were required to have a pathway consultant to support them through the pathway development process and to participate in charter management organization leader meetings. All sites also participated in a site visit in which they provided an update on their progress to date and received feedback in real time. Sites then had the opportunity to submit documentation on their progress and their plans moving forward and answered key questions during the final presentation to the Measure N Commission.

Site leaders have shared their personal growth in understanding Linked Learning implementation and their overall site's growth in understanding the Linked Learning framework. Sites have expressed their commitment to implementing Linked Learning with high fidelity and we will continue to support probationary schools by continuing the probationary school process for the remainder of this academic year, next year for schools as indicated, and continuing to provide feedback for schools designated to be off of probation.

SUMMARY

Staff recommendations are as follows:

Full Implementation - \$850 per pupil

19-2555 ARISE [Probationary Status Year 3]

- Response to Feedback
 - Clear pathway theme of public health
 - Development and incorporation of CTE standards
 - Development of advisory board to support pathway development
 - Implementation of graduate profile that incorporates pathway theme
 - Broad buy-in and implementation of collaboration and integrated projects
 - o Evidence of all 4 pillars
- Highlights
 - o Feedback provided at site's initial placement on probation has been addressed
 - Site has established structures that allow for pathway development work to happen
 - Site's implementation of collaborative projects this year will provide deeper integration of pathway instructional core and experience
 - Evidence of leadership team, teachers, and student leaders understanding Linked Learning
 - o Pathway has received Linked Learning Silver Certification
- Areas for Continued Progress Monitoring
 - Integration of industry professionals to support teacher collaborative projects
 - Integration of industry professionals to support pathway student outcomes
 - Focus on coherence and making connections evident for all students

19-2556 Skyline [Probationary Status Year 2]

- Response to Feedback
 - Site leadership team intentionally developed systems to increase pathway access to resources and Measure N funding
 - Site leadership has intentionally worked with pathway teachers/directors to think through the alignment of MYP and pathways
 - Structures are currently being implemented to provide ongoing support to pathwayleads

Highlights

- Coherence amongst all stakeholders including administration, teachers and students in terms of Linked Learning pathway vision
- Linked Learning pathway lead teachers are backwards mapping from the 12th grade capstone to create
 vertical alignment and integration of the common core standards, rigor and CTE standards from 9th to
 12th grade to ensure students have developed the knowledge and skills necessary to graduate college
 and career ready
- Teachers and staff have developed strong connections to industry partners and have started to integrate their knowledge into their instructional core content areas as part of their vertical alignment and integration of CTE standards
- Each pathway has the core pillars of Linked Learning developed in the program of study including interdisciplinary projects, work based learning, 3 year CTE sequences, and integrated student support.
- Teachers have vocalized feeling supported and that there is continuous improvement in the overall enabling conditions to support pathway development
- Strong pathway teachers with deep knowledge of pathway development throughout theschool
- Every student interviewed could articulate what they were learning and connect it back to their pathway theme

• Areas for Continued Progress Monitoring

- Skyline has all three levels of work based learning in each of the pathways and the next step is to continue to integrate the Work-Based Learning experiences within pathways to ensure equitable access to these learning experiences by all students
- Skyline is working to calibrate the quality and rigor of instructional experiences across all pathways to ensure equitable access to high-quality pathway instructional experience for all students

19-2560 Unity [Probationary Status Year 3]

- Response to Feedback
 - Clear theme of computer science
 - o Pathway development work is distributed among a site team including teachers
 - Some staff attending project-based learning conference
 - Development of Tech Fair as an integrated project being implemented this year
 - Full pathway course sequence being implemented this year
 - Evidence of all 4 pillars

Highlights

- Feedback provided at site's initial placement on probation has been addressed
- o Site has made major shifts and investments to align to Linked Learning
- Site has established structures that allow for deeper pathway development work such as time during professional development
- Areas for Continued Progress Monitoring

LINKED LEARNING HIGH SCHOOL OFFICE

- o Integration of industry professionals to ensure pathway student learning outcomes are aligned
- Integration of industry professionals to support teacher collaborative projects and continued buy-in from teachers
- Deeper integration of pathway theme through the implementation of integrated projects at each grade level
- Implementation of full scope and sequence of Work-Based Learning continuum throughout the regular school day
- Focus on coherence and making connections evident for all students
- Deeper reflection and integration of computer science and arts components of pathway
- Building pathway culture and connections that are evident to students

Probationary Planning and Piloting - \$525 per pupil

19-2557 Aspire Lionel Wilson Prep [Probationary Status Year 3]

- Response to Feedback
 - Site has named engineering as pathway theme
 - Project Lead the Way curriculum implemented as core CTE sequence
 - Site has identified and begun to work with a consultant this year
 - Some teachers have demonstrated more understanding about what Linked Learning is
- Highlights
 - Teachers have expressed leadership shift has led to more support and inclusion in pathway development work
 - Structures are in place that will allow pathway development work to thrive
 - o Evidence of the beginning stages of integrated/collaborative projects
 - Evidence of Linked Learning being discussed with broader school staff
- Areas for Continued Progress Monitoring
 - Core content teachers need support to understand how they are connected to the pathway and how to integrate it into their content (ex: site visits, professional development, coaching, conferences, etc.)
 - Deeper integration of CTE and pathway theme within core academic classes
 - Development and implementation of full scope and sequence of Work-Based Learning continuum throughout the regular school day
 - Staff needs continued support in understanding what is Linked Learning and how to integrate the pieces they have developed
 - Establishing protected collaboration time for teachers
 - Work with consultant to ensure that all 4 pillars are fully developed and integrated

19-2558 East Bay Innovation Academy [Probationary Status Year 3]

- Response to Feedback
 - Site has named computer science as pathway theme
 - Site has a Linked Learning consultant
 - Design team has expanded to include teachers
 - Larger school re-organization to have principal for high school specifically
- Highlights
 - Teachers felt more included in the design process

- Overall there is more understanding and awareness of Linked Learning work happening at the school site
- Site leadership appears bought in and has been open and reflective on feedbackprovided
- Site has design team in place to assess and analyze structural and programmatic shifts that will be necessary to fully implement Linked Learning
- Areas for Continued Progress Monitoring
 - Potential master scheduling challenges and structural challenges that the design team must think through and address
 - Develop and implement a full scope and sequence of the Work-Based Learning continuum
 - Ensure equitable access and participation for all students in Work-Based Learning opportunities
 - Integration of industry professionals to support teacher collaboration and integrated projects
 - Deeper reflection and integration of computer science and arts components of pathway
 - o Develop clear action steps that will be taken to address the previous feedback provided
 - Staff needs continued support in understanding what is Linked Learning and how to integrate the pieces they have developed
 - Establishing protected collaboration time for teachers
 Work with consultant to ensure that all 4 pillars are fully developed and integrated
