Is Vendor a local Oakland Business or has it met the requirements of the

Local Business Policy? ☐ Yes (No if Unchecked)

How was this contractor or vendor selected?

Vendor was chosen directly based on its CMAS contract for purchase and installation.

Summarize the services or supplies this contractor or vendor will be providing.

The District has various sites that went offline last June and discovered that the new software is not compatible to over 150 existing cameras. At this time, we need to replace them so we can have full coverage at all 22 sites involved. Vendor will provide, install, and replace 150 new surveillance cameras.

ATTACHMENT C

FORM OF AGREEMENT FOR CMAS CONTRACT

This Agreement ("Agreement") is entered into effective as of **March 12, 2020** between the Oakland Unified School District, Alameda County, California ("Owner") and OJO TECHNOLOGY ("Contractor"), with Owner and Contractor each a "Party" and together the "Parties" to this Agreement.

Contractor and Owner agree as follows:

1. SCOPE OF WORK. Contractor agrees to deliver the purchased goods and materials, and furnish all labor, equipment and materials, including tools, implements, and appliances and to perform all the work in a good and workmanlike manner, free from any and all liens and claims from mechanics, material suppliers, subcontractors, artisans, machinists, teamsters, freight carriers, and laborers, all in strict compliance with the Contract Documents.

Unless otherwise specifically noted, the Contractor shall provide and pay for all labor, materials, equipment, transportation, and other facilities and services necessary for the proper execution and completion of the Contract. The Contractor shall at all times enforce strict discipline and good order among Contractor's employees and subcontractors and shall not employ on the Contract anyone not skilled in the task assigned. Any employee of Contractor or employee of Contractor's subcontractors, suppliers or material men Owner deems not skilled for the task assigned shall, upon Owner's request, be dismissed from the site.

2. EXAMINATION OF SITE. Contractor has visited the site and investigated the conditions on, in, out and about the site, including any buildings, which might affect the progress of the Project and is satisfied as to those conditions. No claim for money or time will be allowed as to such matters.

3. CONTRACT DOCUMENTS. The Contractor and Owner agree that the Agreement incorporates and includes all terms and conditions of the Contract Documents as though they were set forth herein. The Contract Documents consist of this Agreement, Contractor's March 12, 2020, confirmation of offer and proposal terms, all documents described in, and attached to, such confirmation document, and any other documents or terms that apply by law. If there are specifications and plans, the specifications and plans are intended to cooperate, so that any work exhibited in the plans and not mentioned in the specifications, or vice versa, is to be executed the same as if both mentioned in the specifications and set forth in the plans to the true intent and meaning of the said plans and specifications, when taken together. The Contract Documents are

complementary, and each obligation of the Contractor, subcontractors, and material or equipment suppliers in any one shall be binding as if specified in all. Where requirements of the Contract Documents exceed those of the applicable building codes and ordinances, the Contract Documents shall govern. Contractor shall comply with all applicable Federal, State and local laws. The work shall constitute a "work of improvement" under Civil Code section 8050 and Public Contract Code section 7107.

4. **COMPLETION DEADLINE.** The work to be completed under this Agreement shall begin no later than **March 12, 2020**, and be completed on or before **December 31, 2020** (the "Completion Deadline").

5. **CONTRACT SUM.** The Contract Sum is the total amount payable by Owner to Contractor for the purchase, delivery, work, and services under the Contract Documents. The Contract Sum is **TWO HUNDRED THOUSAND, NINE HUNDRED SEVENTY-SIX DOLLARS AND NINETY CENTS (\$200,976.90)**, unless modified in accordance with the Contract Documents.

6. **CONTRACTOR'S LICENSE, REGISTRATION AND COMPLIANCE MONITORING.** In accordance with section 3300 of the Public Contract Code, Contractor has a Class "C-7" license which shall be maintained in good standing for the duration of Contractor's work on the Contract. Public works projects shall be subject to compliance monitoring and enforcement by the Department of Industrial Relations. The Owner shall not enter into any contract without proof of the Contractor's current registration to perform public work under Labor Code section 1725.5. The Contractor shall not enter into any subcontract without proof of the subcontractor's current registration to perform public work under Labor Code section 1725.5. A contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work.

7. **LIQUIDATED DAMAGES.** Failure to complete the Contract within the time and in the manner provided for in this Agreement shall subject the Contractor to liquidated damages. For purposes of liquidated damages, the concept of substantial completion shall not constitute completion and is not part of the Contract Documents. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if the Contract were not completed within the specified times set forth are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of delay include, but are not limited to, loss of the use of the Contract, disruption of activities, costs of administration, supervision and the incalculable inconvenience and loss suffered by the public.

Accordingly, the Parties agree that the amount herein set forth shall be the amount of damages which the Owner shall directly incur upon failure of the Contractor to complete the Contract within the time specified: One Thousand Dollars (\$1,000.00), for each calendar day by which

completion of the Contract is delayed beyond the Completion Deadline, as adjusted by change orders.

If the Owner accepts any work or makes any payment under this Agreement after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.

8. EARLY COMPLETION. Regardless of the cause therefore, the Contractor may not maintain any claim or cause of action against the Owner for damages incurred as a result of its failure or inability to complete its work on the Contract in a shorter period than established in this Agreement, the Parties stipulating that the period established in this Agreement is a reasonable time within which to perform the work on the Contract.

9. PAYMENT. For services satisfactorily performed in full and after receipt of a properly documented and submitted application for payment, payment for the entire Contract shall be made in a lump sum within 30 days after submittal of the application for payment.

If the Contractor becomes liable under this section, the Owner, in addition to all other remedies provided by law, shall have the right to withhold any and all retained percentages of payments and/or progress payments, and to collect the interest thereon, which would otherwise be or become due the Contractor until the liability of the Contractor under this section has been finally determined. If the retained percentages and withheld progress payments appear insufficient to discharge all liabilities of the Contractor incurred under this Article, the Contractor and its sureties shall continue to remain liable to the Owner for such liabilities until all such liabilities are satisfied in full.

Owner may withhold from any payment or any release of retention, in whole or in part, to such extent as may be necessary to protect the Owner from loss because of:

- (a) Defective work not remedied;
- (b) Stop Payment Notices filed, unless the Contractor at its sole expense provides a bond or other security satisfactory to the Owner in the amount of at least one hundred twenty-five percent (125%) of the claim, in a form satisfactory to the Owner, which protects the Owner against such claim and which Owner chooses to accept. Any stop payment notice release bond shall be executed by a California admitted, fiscally solvent surety, completely unaffiliated with and separate from the surety on the payment and performance bonds, that does not have any assets pooled with the payment and performance bond sureties. The surety insurer, at the time of issuance of the bond, unless otherwise agreed to by Owner in writing, must have a rating not lower than "A-" as rated by A.M. Best Company, Inc. or other independent rating companies. Owner reserves the right to approve or reject the surety insurer selected by Contractor and to require Contractor to obtain a bond from a surety insurer satisfactory to the Owner;
- (c) Liquidated damages assessed against the Contractor;
- (d) Reasonable doubt that the work can be completed for the unpaid balance of any Contract Sum or by the completion date;
- (e) Damage to the Owner, another contractor, or subcontractor;
- (f) Unsatisfactory prosecution of the work by the Contractor;

- (g) Failure to store and properly secure materials;
- (h) Failure of the Contractor to submit on a timely basis, proper and sufficient documentation required by the Contract Documents;
- (i) Failure of the Contractor to maintain record drawings;
- (j) Erroneous estimates by the Contractor of the value of the work performed, or other false statements in an Application for Payment;
- (k) Unauthorized deviations from the Contract Documents;
- (l) Failure of the Contractor to prosecute the work in a timely manner in compliance with established progress schedules and completion dates;
- (m) Subsequently discovered evidence or observations nullifying the whole or part of a previously issued payment;
- (n) Failure to pay subcontractors or materialmen; or
- (o) Breach of any provision of the Contract Documents.

Owner's failure to withhold any of these sums from a payment or release of retention shall not constitute a waiver of Owner's right to such sums.

If the Owner accepts any work or makes any payment or release of retention under this Agreement after a default by reason of delays, the payment or release shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.

In accordance with Public Contract Code section 22300, the Owner will permit the substitution of securities for any retention monies withheld by the Owner to ensure performance under the Agreement. At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the Owner, or with a state or federally chartered bank as the escrow agent, who shall then pay such retention monies to the Contractor. Upon completion of the work, the securities shall be returned to the Contractor if Owner has no basis to withhold under the Contract Documents. Securities eligible for investment under this section shall include those listed in Government Code section 16430, bank or savings and loan certificates of deposit, interest-bearing, demand-deposit accounts, standby letters of credit, or any other security mutually agreed to by the Contractor and the Owner. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this section shall be substantially similar to the form set forth in Public Contract Code section 22300.

10. CHANGE ORDERS. The Contractor and the Owner agree that changes in the Contract shall become effective only when written in the form of a change order signed by the Contractor and approved by the Owner's governing board. It is specifically agreed that the Owner shall have the right to request any alterations, deviations, reductions, or additions to the Contract and the amount of the cost thereof shall be added to or deducted from the amount of the Contract Sum by fair and reasonable valuations. Contractor also agrees to provide the Owner with all information requested to substantiate the cost of the change order and to inform the Owner whether the work will be done by the Contractor or by a subcontractor.

This Agreement shall be deemed to be completed when the Contract is finished in accordance with this Agreement, and any original plans and specifications as amended by such changes.

The Contractor shall submit with the proposed change order its request for time extension (if any), and include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the Contract. The time extension shall be agreed to by the Parties and memorialized by a written change order prior to initiation of the work contemplated by the change order.

11. DISPUTES. If a dispute arises between the Owner and the Contractor as to an interpretation of any of the specifications or Contract Documents or as to the quality or sufficiency of materials or workmanship, the decision of the Owner shall for the time being prevail, and the Contractor, without delaying the job, shall expeditiously proceed as directed by the Owner without prejudice to a final determination of the dispute.

12. CLAIMS. "Claim" for this purpose means a separate demand by the Contractor for a time extension, payment of money or damages arising from work done by or on behalf of the Contractor pursuant to this Agreement, for which payment is expressly provided, or the Contractor is otherwise entitled to, or an amount the payment of which is disputed by the Owner.

Notwithstanding any other provision herein, all claims by Contractor shall be subject to the claim resolution procedures in Public Contract Code section 9204. Upon receipt of a claim, the Owner shall conduct a reasonable review and within 45 days shall provide a written statement to the Contractor identifying what portion of the claim is disputed and what portion is undisputed. This time period may be extended by mutual agreement. The Contractor shall furnish reasonable documentation to support the claim. Any payment due on the undisputed portion of the claim shall be made within 60 days of the written statement; if the payment is late, interest of 7% per annum shall accrue. If the Contractor disputes the written response, or if the Owner fails to timely issue a written statement, the Contractor may demand in writing an informal conference to meet and confer within 15 days of the written response or, if the Owner fails to timely issue a written response, within 15 days of deadline for the written response. Upon receipt of a demand, the Owner shall schedule a conference within 30 days. If the claim or any portion of it remains in dispute after the conference, within 10 days after the conclusion of the conference the Owner shall provide a written statement identifying the portion that remains in dispute and the portion that is undisputed. Any payment due on the undisputed portion of the claim shall be made within 60 days of the written statement; if the payment is late, interest of 7% per annum shall accrue. Any disputed portion identified in the written statement shall be submitted to mediation, with the costs to be shared equally. The parties shall agree to a mediator within 10 days of the written statement. This mediation shall excuse the need for mediation under Section 20104.4 after litigation commences. If the mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside Section 9204. Only claims as to which timely notice was given, which were timely submitted, which complied with all requirements of this article and law, and which were identified by Contractor and listed as "unresolved" in connection with Contractor's request for final payment, may be pursued. All other Contractor claims are deemed waived.

All claims by Contractor of \$375,000 or less shall also be subject to the settlement and arbitration provisions in Public Contract Code section 20104, et seq., except to the extent that they are in conflict with the procedures in Section 9204. The Contractor shall submit its claim of \$375,000 or less to the Owner in writing before final payment is made. The Owner shall respond within the time provided by statute. If the Contractor disagrees with the response or the Owner fails to respond within the time permitted, the Contractor shall notify the Owner of the disagreement in writing within fifteen (15) days from the date of the response or expiration of the time permitted to respond and demand a meet-and-confer conference. The Owner shall schedule a meet-and-confer conference within thirty (30) days of the demand. If litigation is commenced, then mediation and judicial arbitration will be required.

13. TERMINATION. If the Contractor should be adjudged bankrupt, or if the Contractor should make a general assignment for the benefit of Contractor's creditors, or if a receiver should be appointed on account of Contractor's insolvency, or if Contractor or any of Contractor's subcontractors should violate any of the provisions of the Agreement, or if Contractor should refuse or fail to supply enough properly skilled workmen or proper materials, or if Contractor violates Labor Code section 1771.1(a), subject to the provisions of Labor Code section 1771.1(f), or should fail to make prompt payment to subcontractors or for material or labor, or disregard laws, ordinances or the instructions of the Owner, then the Owner may serve written notice upon the Contractor and its surety of its intention to terminate the Contract. Unless, within five (5) days after the serving of such notice, such violations shall cease and satisfactory arrangements for corrections thereof be made, the Contract shall, upon the expiration of said five (5) days, at the Owner's option, terminate.

In the event of any such termination, the Owner shall immediately serve written notice thereof upon the surety and the contractor, and the surety shall have the right to take over and perform the Agreement; provided, however, that if the surety, within ten (10) days after the serving upon it of Notice of Termination, does not give the Owner written notice of its intention to take over and perform the Agreement or does not commence performance within ten (10) days from the date of the serving of such notice, the Owner may then take over the Contract and prosecute the same to completion by any method it may deem advisable, for the account and at the expense of the Contractor, and the Contractor shall be liable to the Owner for any excess cost occasioned the Owner thereby. In such event, the Owner may without liability for so doing, take possession of and utilize in completing the Contract, such materials, appliances and other property belonging to the Contractor as may be on the site of the Contract and necessary therefore. In such case the Contractor shall not be entitled to receive payment until the Contract is finished. If the Contract Sum exceeds the expense of finishing the Contract, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expense shall exceed the Contract Sum, the Contractor shall pay the difference to the Owner.

The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause. Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Contractor shall (1) cease operations as directed by the Owner in the notice; (2) take actions necessary, or that the Owner may direct, for the protection and preservation of the work; and (3) except for work directed to be performed prior to the effective date of termination

stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders. In case of such termination for the Owner's convenience, the Contractor shall be entitled to receive payment for work executed, and costs incurred by reason of such termination.

14. SUBCONTRACTORS. If Contractor shall subcontract any part of the work, Contractor shall be fully responsible to Owner for acts or omissions of Contractor's subcontractors. Pursuant to Public Contract Code section 6109, no contractor may perform work on a public works project with a subcontractor who is ineligible to perform work on the project pursuant to California Labor Code sections 1777.1 or 1777.7.

15. PREVAILING WAGES. The Contract is a public work, the Work shall be performed as a public work and under California Labor section Code 1770 et seq., the Director of Industrial Relations has determined the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which the work is to be performed, for each craft, classification or type of worker needed to execute this Contract. Per diem wages shall be deemed to include employer payments for health and welfare, pension, vacation, apprenticeship or other training programs, and similar purposes. Copies of the rates are on file at the Owner's principal office. The rate of prevailing wage for any craft, classification or type of workmanship to be employed on this Contract is the rate established by the applicable collective bargaining agreement which rate so provided is hereby adopted by reference and shall be effective for the life of this Agreement or until the Director of the Department of Industrial Relations determines that another rate be adopted. It shall be mandatory upon the Contractor and on any subcontractor to pay not less than the said specified rates to all workers employed in the execution of this Agreement. Contractor shall post on site all required job site notices as prescribed by regulation.

The Contractor and any subcontractor under the Contractor as a penalty to the Owner shall forfeit not more than Two Hundred Dollars (\$200.00) for each calendar day or portion thereof for each worker paid less than the stipulated prevailing rates for such work or craft in which such worker is employed. The difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.

Pursuant to Labor Code section 1776, the Contractor and each subcontractor shall keep or cause to be kept an accurate record for work on this Contract showing the names, addresses, social security numbers, work classification, straight time and overtime hours worked and occupations of all laborers, workers and mechanics employed by them in connection with the performance of this Contract or any subcontract thereunder, and showing also the actual per diem wage paid to each of such workers, which records shall be open at all reasonable hours to inspection by the Owner, its officers and agents and to the representatives of the Division of Labor Standards Enforcement of the State Department of Industrial Relations. Contractor and subcontractors shall comply with Labor Code section 1776.

16. WORKING HOURS. In accordance with the provisions of California Labor Code sections 1810 to 1815, inclusive, the time of service of any worker employed by the Contractor or a subcontractor doing or contracting to do any part of the work contemplated by this Agreement is limited and restricted to eight hours during any one calendar day and forty hours during any one calendar week, provided, that work may be performed by such employee in excess of said eight hours per day or forty hours per week provided that compensation for all hours worked in excess of eight hours per day, and forty hours per week, is paid at a rate not less than one and one-half (1½) times the basic rate of pay. The Contractor and every subcontractor shall keep an accurate record showing the name of and the actual hours worked each calendar day and each calendar week by each worker employed by them in connection with the work. The records shall be kept open at all reasonable hours to inspection by representatives of the Owner and the Division of Labor Law Enforcement. The Contractor shall as a penalty to the Owner forfeit Twenty-five Dollars (\$25.00) for each worker employed in the execution of this Agreement by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight hours in any one calendar day, and forty hours in any one calendar week, except as herein provided.

17. APPRENTICES. The Contractor agrees to comply with Chapter 1, Part 7, Division 2, sections 1777.5 and 1777.6 of the California Labor Code, which are hereby incorporated and made a part hereof. These sections require that contractors and subcontractors employ apprentices in apprenticeable occupations in a ratio of not less than one hour of apprentice's work for each five hours of work performed by a journeyman (unless an exemption is granted in accordance with section 1777.5) and that contractors and subcontractors shall not discriminate among otherwise qualified employees as indentured apprentices on any public works solely on the ground of sex, race, religious creed, national origin, ancestry or color. Only apprentices as defined in Labor Code section 3077, who are in training under apprenticeship standards and who have signed written apprentice agreements, will be employed on public works in apprenticeable occupations. The responsibility for compliance with these provisions is fixed with the Contractor for all apprenticeable occupations.

18. DSA OVERSIGHT PROCESS. To the extent applicable, the Contractor must comply with the requirements of the Division of State Architect ("DSA") Construction Oversight Process ("DSA Oversight Process"), including but not limited to (a) notifying the Owner's Inspector of Record or Contract Inspector ("IOR") upon commencement and completion of each aspect of the work as required under DSA Form 156; (b) coordinating the work with the IOR's inspection duties and requirements; (c) submitting verified reports under DSA Form 6-C; and (d) coordinating with the Owner, Owner's Architect, any Construction Manager, any laboratories, and the IOR to meet the DSA Oversight Process requirements without delay or added costs to the Contract.

Contractor shall be responsible for any additional DSA fees related to review of proposed changes to the DSA-approved construction documents, to the extent the proposed changes were caused by Contractor's wrongful act or omissions. If inspected work is found to be in non-compliance with the DSA-approved construction documents or the DSA-approved testing and

inspection program, then it must be removed and corrected. Any construction that covers unapproved or uninspected work is subject to removal and correction, at Contractor's expense, in order to permit inspection and approval of the covered work in accordance with the DSA Oversight Process.

19. FORCE MAJEURE. The Parties shall be excused from performance thereunder during the time and to the extent that they are prevented from obtaining, delivering or performing by act of God, fire, strike, loss or shortage of transportation facilities, lockout, or commandeering of materials, products, plants, or facilities by the Government when satisfactory evidence thereof is presented to the other Party, provided that it is satisfactorily established that the nonperformance is not due to the fault or neglect of the Party not performing. A Contractor seeking an extension of time as a result of the above enumerated acts, must present the request for an extension of time to the Owner within fifteen (15) calendar days of the commencement of the act causing the delay. A Contractor's failure to provide notice of a request for an extension of time may result in denial of the request.

20. INDEMNIFICATION. To the fullest extent permitted by law, the Contractor and its Subcontractors shall defend and indemnify the Owner, any construction manager, Architect, Architect's consultants, the Inspector of Record, the State of California, and their respective agents, employees, officers, volunteers, Governing Boards, members of the Governing Boards, and directors ("Indemnitees"), from and against claims, actions, liability, damages, losses, and expenses (including, but not limited to, attorneys' fees and costs including fees of consultants) alleged by third parties arising out of or resulting from performance of the work by Contractor or its subcontractors; or any act, omission, negligence, or willful misconduct of the Contractor or its subcontractors or their respective agents, employees, material or equipment suppliers, invitees, or licensees but only to the extent caused in whole or in part by the acts or omissions of the Contractor, its subcontractors, its suppliers, anyone directly or indirectly employed by any of them, or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, or expense is caused in part by a Party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to a Party, person, or entity described in this paragraph. This obligation to defend and indemnify includes any claims or actions by third parties arising out of or resulting from Labor Code section 2810. Contractor and its subcontractors shall have no obligation to defend or indemnify the Indemnitees against claims, actions, damages, liabilities, losses, and expenses caused by the active negligence, sole negligence or willful misconduct of Indemnitees. This indemnification shall apply to all liability, as provided for above, regardless of whether any insurance policies are applicable, and insurance policy limits do not act as a limitation upon the amount of the indemnification to be provided by the Contractor and its subcontractors.

In the event Contractor brings hazardous materials on the Contract site, the Contractor shall pay for all costs of testing and remediation, if any, and shall compensate the Owner for any additional costs incurred as a result of Contractor's generation of hazardous material on the Contract site. In addition, the Contractor shall defend and indemnify the Indemnitees from and against any and

all claims, damages, losses, costs and expenses incurred in connection with, arising out of, or relating to, the presence of hazardous material on the Contract Site, except to the extent the claims, damages, losses, costs, or expenses were caused by Indemnitees' active negligence, sole negligence or willful misconduct.

21. INSURANCE.

a. **Comprehensive General Liability and Automobile Insurance.** Without limiting Contractor's indemnification, it is agreed that Contractor shall maintain in force at all time during the performance of this Agreement the policies of insurance hereinafter described. Certificates of insurance shall clearly state that the Owner is named as an additional insured under the policy described and that such insurance policy shall be primary to any insurance or self-insurance maintained by Owner and any other insurance carried by the Owner with respect to the matters covered by such policy be excess and non-contributing.

Contractor will, at its own expense, maintain coverage in conformance with above requirements. Certificates of insurance evidencing the existence of coverage shall be filed with the Owner prior to commencement of work.

b. **Workers' Compensation.** Contractor shall maintain a policy of workers' compensation insurance as required by Labor Code section 3200 *et seq.* during the duration of

this Agreement. The Owner shall be named as an additional insured on the policy by endorsements, which will become a part of the Contract Documents. A certificate evidencing this coverage shall be filed with the Owner prior to the commencement of work under this Agreement. Notification by the carrier to the Owner at least thirty (30) days prior to cancellation, failure to renew, or other termination, is required.

c. **Builder's Risk.** Unless provided by the Owner at Owner's sole discretion, Contractor, during the progress of the work and until final acceptance of the work by Owner upon completion of the entire Contract, shall maintain Builder's Risk/Course-of-Construction insurance satisfactory to the Owner, issued on a completed value basis on all insurable work included under the Contract Documents. This insurance shall insure against all risks, including but not limited to the following perils: vandalism, theft, malicious mischief, fire, sprinkler leakage, civil authority, sonic boom, explosion, collapse, flood including tidal wave (however, for projects not solely funded through revenue bonds, Contractor is only required to provide insurance for damages caused by a tidal wave up to 5% of the Contract Sum [except as provided below; see Public Contract Code §7105(a)]), earthquake (however, for projects not solely funded through revenue bonds, Contractor shall is only required to provide insurance for damages caused by an earthquake above 3.5 magnitude on the Richter Scale up to 5% of the Contract Sum [except as provided below; see Public Contract Code §7105(a)]), wind, hail, lightning, smoke, riot or civil commotion, debris removal (including demolition) and reasonable compensation for the Architect's services and expenses required as a result of such insured loss. This insurance shall provide coverage in an amount not less than the full cost to repair, replace or reconstruct the work. Such insurance shall include the Owner, the Architect, and any other person or entity with an insurable interest in the work as an additional named insured.

The Contractor shall submit to the Owner for its approval all items deemed to be uninsurable under the Builder's Risk/Course-of Construction insurance. The risk of the damage to the work due to the perils covered by the Builder's Risk/Course-of-Construction insurance, as well as any other hazard which might result in damage to the work, is that of the Contractor and the surety, and no claims for such loss or damage shall be recognized by the Owner, nor will such loss or damage excuse the complete and satisfactory performance of the Contract by the Contractor.

If the Contract is not solely funded through revenue bonds and Owner accepts an alternate bid by Contractor for insurance coverage for a tidal wave, Contractor shall maintain, in effect during the Work and until final acceptance of the Work by Owner upon Completion of the entire Contract, insurance providing coverage for loss, destruction or damage arising out of or caused by tidal wave and other similar acts of God. This insurance shall provide coverage in an amount not less than the full cost to repair, replace or reconstruct the Work.

If the Contract is not solely funded through revenue bonds and Owner accepts an alternate bid by Contractor for insurance coverage for an earthquake over 3.5 on the Richter Scale, Contractor shall maintain, in effect during the Work and until final acceptance of the Work by Owner upon Completion of the entire Contract, insurance providing coverage for loss, destruction or damage arising out of or caused by earthquake and/or other earth movement, whether seismic or volcanic

in origin, over 3.5 on the Richter Scale in magnitude. This insurance shall provide coverage in an amount not less than the full cost to repair, replace or reconstruct the Work.

d. **Fire Insurance.** Before the commencement of the work, the Contractor shall procure, maintain, and cause to be maintained at the Contractor's expense, fire insurance on all work included within the scope of this Agreement, insuring the full replacement value of such work as well as the cost of any removal and demolition necessary to replace or repair all work damaged by fire. The amount of fire insurance shall be subject to approval by the Owner and shall be sufficient to protect the work against loss or damage in full until the work is accepted by the Owner. Should the work being constructed be damaged by fire or other causes during construction, it shall be replaced in accordance with the requirements of this Agreement, the drawings and specifications without additional expense to the Owner.

22. PERFORMANCE AND PAYMENT BONDS. If the Contract includes incidental work or services, including but not limited to public works services, then prior to commencing any portion of the work, the Contractor shall apply for and furnish Owner separate payment and performance bonds for its portion of the work which shall cover 100% faithful performance (during construction and one year after completion, and during any warranty or guarantee period) of and payment of all obligations arising under this Agreement and/or guaranteeing the payment in full of all claims for labor performed and materials supplied for the work. All bonds shall be provided by a corporate surety authorized and admitted to transact business in California.

To the extent, if any, that the Contract Sum is increased in accordance with this Agreement, the Contractor shall cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the Owner. To the extent available, the bonds shall further provide that no change or alteration of this Agreement (including, without limitation, an increase in the Contract Sum, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor will release the surety. If the Contractor fails to furnish the required bond, the Owner may terminate this Agreement for cause.

Only bonds executed by admitted Surety insurers as defined in Code of Civil Procedure section 995.120 shall be accepted. The surety insurers must, at the time of issuance of the bonds, unless otherwise agreed to by Owner is writing, have a rating not lower than "A-" as rated by A.M. Best Company, Inc. or other independent rating companies. Owner reserves the right to approve or reject the surety insurers selected by Contractor and to require Contractor to obtain bonds from surety insurers satisfactory to the Owner.

22. WARRANTY PERIOD. In addition to any warranties provided in the Contract Documents, the Contractor shall promptly correct any work found not to be in conformance with the Contract Documents for one year after Owner's written acceptance of the work. Contractor shall correct the work promptly, and passage of the applicable warranty period shall not release Contractor from its obligation to correct the work if Owner provided the written notice within the applicable warranty period. Contractor's obligation to correct the warranty item continues until

the correction is made. After the correction is made to Owner's satisfaction, a new warranty period of the same length as the original warranty period shall run on the corrected work. The obligations under this section shall survive acceptance of the work under the Contract and termination of the Contract.

23. ASSIGNMENT OF ANTI-TRUST CLAIM. Pursuant to Government Code section 4552, in entering into a public works contract or a subcontract to supply goods, services, or materials pursuant to a public works contract, the Contractor or subcontractor offers and agrees to assign to the owner all rights, title, and interest in and to all causes of action it may have under section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2 [commencing with section 16700] of Part 2 of Division 7 of the Business and Professions Code), arising from the purchase of goods, services, or materials pursuant to the public works contract or the subcontract. This assignment shall be made and become effective at the time the awarding body tenders final payment to the Contractor, without further acknowledgment by the Parties. If the Owner receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under Chapter 11 (commencing with section 4550) of Division 5 of Title 1 of the Government Code, the assignor may, upon demand, recover from the Owner any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the Owner as part of the bid price, less the expenses incurred in obtaining that portion of the recovery.

24. SUBSTITUTIONS. No substitutions of materials from those specified in this Agreement or the specifications shall be made without prior written approval of the Owner.

25. SUPERVISION AND OWNER ACCESS. Contractor shall provide competent supervision of all persons on the job site. Contractor shall allow Owner access to the site at all times.

26. CLEAN UP, PROTECTION OF WORK AND PROPERTY. Contractor shall maintain site in a clean and safe condition, including the daily removal of flammable material. The Contractor shall erect and properly maintain at all times, as required by conditions and progress of work, all necessary safeguards, signs, barriers, lights, and watchmen for protection of workers and the public, and shall post danger signs warnings against hazards created by such features in the course of construction. In an emergency affecting life and safety of life or of work or of adjoining property, Contractor, without special instruction or authorization from Owner, is permitted to act at its discretion to prevent such threatened loss or injury. If at Contract completion, the site is not clean, Owner may clean the site and deduct the cost from the Contract Sum.

The Contractor and Subcontractors shall continuously protect the Work, the Owner's property, and the property of others, from damage, injury, or loss until the earlier of formal acceptance of the Work or Completion of the Work. The Contractor and Subcontractors shall make good any such damage, injury, or loss, except such as may be solely due to, or caused by, agents or employees of the Owner; except that for projects not solely funded through revenue bonds, (a)

Contractor shall not be responsible for damages caused by a tidal wave to the extent that the damages exceed 5% of the Contract Sum, and (b) Contractor shall not be responsible for damages caused by an earthquake above 3.5 on the Richter Scale in magnitude to the extent that the damages exceed 5% of the Contract Sum, per Public Contract Code §7105(a).

27. OCCUPANCY. Owner reserves the right to occupy buildings at any time before formal acceptance of contract completion and such occupancy shall not constitute final acceptance or approval of any part of the work covered by this Agreement, nor shall such occupancy extend the date specified for substantial completion of work.

28. ANTI-DISCRIMINATION. It is the policy of the Owner that there shall be no discrimination against any of Contractor's prospective or active employees engaged in the Contract because of race, color, ancestry, national origin, sex or religious creed. Therefore, the Contractor agrees to comply with applicable federal and California laws including, but not limited to, the California Fair Employment and Housing Act. In addition, the Contractor agrees to require like compliance by all subcontractors employed on the Contract by Contractor.

29. INDEPENDENT CONTRACTOR. While engaged in carrying out the terms and conditions of the Contract Documents, the Contractor is an independent contractor, and not an officer, employee, agent, partner, or joint venturer of the Owner.

30. TESTS AND INSPECTIONS. Tests, inspections, and approvals of portions of the work required by the Contract Documents will comply with Title 24, and with all other laws, ordinances, rules, regulations, or orders of public authorities having jurisdiction.

31. INDEPENDENT TESTING LABORATORY. The Owner will select and pay an independent testing laboratory to conduct all tests and inspections, including shipping or transportation costs or expenses (mileage and hours). Selection of the materials required to be tested shall be made by the laboratory or the Owner's representative and not by the Contractor. However, if Contractor requests that the Owner use a different testing laboratory and Owner chooses to approve such request, Contractor shall pay any additional shipping or transportation costs or expenses (mileage and hours). If Owner pays such additional costs or expenses instead of Contractor, then Owner may invoice such costs or expenses to the Contractor or withhold such costs or expenses from progress payments and/or retention.

32. ADVANCE NOTICE TO INSPECTOR OF RECORD. The Contractor shall notify the Inspector of Record a sufficient time in advance of its readiness for required observation or inspection so that the Inspector of Record may arrange for same. The Contractor shall notify the Inspector of Record a sufficient time in advance of the manufacture of material to be supplied under the Contract Documents which must, by terms of the Contract Documents, be tested in order that the Inspector of Record may arrange for the testing of the material at the source of supply.

33. TESTING OFF-SITE. Any material shipped by the Contractor from the source of

supply, prior to having satisfactorily passed such testing and inspection or prior to the receipt of notice from said Inspector of Record that such testing and inspection will not be required, shall not be incorporated in the work.

34. ADDITIONAL TESTING OR INSPECTION. If the Inspector of Record, the Architect, the Owner, or public authority having jurisdiction determines that portions of the work require additional testing, inspection, or approval not included under section 30, the Inspector of Record will, upon written authorization from the Owner, make arrangements for such additional testing, inspection, or approval. The Owner shall bear such costs except as provided in section 43.

35. COSTS FOR RETESTING. If such procedures for testing, inspection, or approval under sections 30, 31, 32, and 34 reveal failure of the portions of the work to comply with requirements established by the Contract Documents, the Contractor shall bear all costs arising from such failure, including those of re-testing, re-inspection, or re-approval, including, but not limited to, compensation for the Architect's services and expenses. Any such costs shall be paid by the Owner, invoiced to the Contractor, and, among other remedies, can be withheld from progress payments and/or retention.

36. COSTS FOR PREMATURE TEST. In the event the Contractor requests any test or inspection for the Contract and is not completely ready for the inspection, the Contractor shall be invoiced by the Owner for all costs and expenses resulting from that testing or inspection, including, but not limited to, the Architect's fees and expenses, and the amount of the invoice can among other remedies, be withheld from progress payments and/or retention.

37. TESTS OR INSPECTIONS NOT TO DELAY WORK. Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the work.

38. TRENCHES OR EXCAVATIONS GREATER THAN FOUR FEET BELOW THE SURFACE. Pursuant to Public Contract Code section 7104, when any excavation or trenching extends greater than four feet below the surface:

The Contractor shall promptly, and before the following conditions are disturbed, notify the public entity, in writing, if any:

(1) Material that the Contractor believes may be material that is hazardous waste, as defined in California Health and Safety Code section 25117, which is required to be removed to a Class I, Class II, or Class III disposal site in accordance with the provisions of existing law.

(2) Subsurface or latent physical conditions at the site differing from those indicated by information about the site made available to bidders prior to the deadline for submitting bids.

(3) Unknown physical conditions at the site of any unusual nature, different materially

from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents.

The public entity shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the work shall issue a change order under the procedures described in the Contract Documents.

In the event that a dispute arises between the public entity and the Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the work, the Contractor shall not be excused from the Completion Date provided for by the Contract Documents, but shall proceed with all work to be performed under the Contract Documents. The Contractor shall retain any and all rights provided either by the Contract Documents or by law which pertain to the resolution of disputes and protests between the contracting Parties.

39. EXISTING UTILITY LINES; REMOVAL, RELOCATION. Pursuant to Government Code section 4215, the Owner assumes the responsibility for removal, relocation, and protection of utilities located on the site at the time of commencement of construction under this Agreement with respect to any such utility facilities which are not identified in this Agreement, the plans and specifications. The Contractor shall not be assessed for liquidated damages for delay in completion of the Contract caused by failure of the Owner to provide for removal or relocation of such utility facilities. Owner shall compensate the Contractor for the costs of locating, repairing damage not due to the failure of the Contractor to exercise reasonable care, removing or relocating such utility facilities, and for equipment necessarily idle during such work.

40. STORM WATER DISCHARGE PERMIT. If applicable, the Contractor shall file a Notice of Intent to comply with the terms of the general permit to discharge storm water associated with construction activity (WQ Order No. 920-08-DWQ). The Notice of Intent must be sent to the following address along with the appropriate payment (warrant to be furnished by the Owner upon request by the Contractor, allow warrant processing time.): California State Water Resource Control Board, Division of Water Quality, Storm Water Permit Unit, P.O. Box 1977, Sacramento, California 95812-1977. The Contractor may also call the State Water Board's Construction Activity Storm Water Hotline at (916) 657-1146. The Notice of Intent shall be filed prior to the start of any construction activity.

41. DISCOVERY OF HAZARDOUS MATERIALS. In the event the Contractor encounters or suspects the presence on the site of material reasonably believed to be asbestos, polychlorinated biphenyl (PCB), or any other material defined as being hazardous by California Health and Safety Code section 25249.5, which has not been rendered harmless, the Contractor shall immediately stop work in the area affected and report the condition to the Owner in writing, whether or not such material was generated by the Contractor or the Owner. The work in the affected area shall not thereafter be resumed, except by written agreement of the Owner and the

Contractor, if in fact the material is asbestos, polychlorinated biphenyl (PCB), or other hazardous material, and has not been rendered harmless. The work in the affected area shall be resumed only in the absence of asbestos, polychlorinated biphenyl (PCB), or other hazardous material, or when it has been rendered harmless by written agreement of the Owner and the Contractor.

42. PROVISIONS REQUIRED BY LAW DEEMED INSERTED. Each and every provision of law and clause required by law to be inserted in this Agreement shall be deemed to be inserted herein and this Agreement shall be read and enforced as though it were included therein.

43. MISCELLANEOUS PROVISIONS.

43.1 Assignment. The Contractor shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties or obligations without the prior written consent of the surety on any payment bond, the surety on any performance bond and the Owner.

43.2 Binding Effect. This Agreement shall inure to the benefit of and shall be binding upon the Contractor and Owner and their respective successors and assigns.

43.3. Severability; Governing Law; Choice of Forum. If any provision of this Agreement shall be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof. The Contract shall be governed by the laws of the State of California. Any action or proceeding seeking any relief under or with respect to this Agreement shall be brought solely in the Superior Court of the State of California for the County of Alameda, subject to transfer of venue under applicable State law, provided that nothing in this Agreement shall constitute a waiver of immunity to suit by Owner.

43.4. Amendments. The terms of the Contract Documents shall not be waived, altered, modified, supplemented or amended in any manner whatsoever except by written agreement signed by both Parties and approved or ratified by the Owner's governing body.

43.5. Written Notice. Written notice shall be deemed to have been duly served if delivered in person to the individual or member of the company or to an officer of the corporation for whom it was intended, or if delivered at or sent by registered or certified or overnight mail to the last business address known to the person who gives the notice. Owner shall, at Contractor's cost, timely notify Contractor of Owner's receipt of any third party claims relating to this Agreement pursuant to Public Contract Code section 9201.

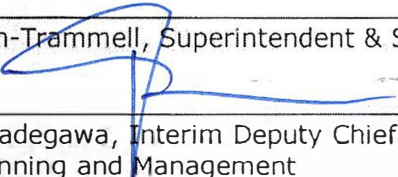

43.6. Entire Agreement. The Contract Documents constitute the entire agreement between the Parties relating to the Contract, and supersedes any prior or contemporaneous agreement between the parties, oral or written, including the Owner's award of the Contract to Contractor, unless such agreement is expressly incorporated herein. The Owner makes no representations or warranties, express or implied, not specified in the Contract. The Contract is

intended as the complete and exclusive statement of the parties' agreement pursuant to Code of Civil Procedure section 1856. Contractor, by the execution of this Agreement, acknowledges that Contractor has read this Agreement, understands it, and agrees to be bound by its terms and conditions.

FINGERPRINTING NOTICE AND ACKNOWLEDGMENT

(Education Code Sections 45125.1 and 45125.2)

Business entities entering into contracts with the Owner for the construction, reconstruction, rehabilitation or repair of a facility must comply with Education Code sections 45125.1 and 45125.2. Such entities are responsible for ensuring full compliance with the law and should therefore review all applicable statutes and regulations. The following information is provided to you, the bidding contractor, simply to assist such entities with compliance with the law.

1. The Owner has determined that your employee(s), or you as a sole proprietorship, will have more than limited contact with students, therefore the Owner requires that you must use one or more of the following methods to ensure the safety of pupils (Education Code §45125.2(a)):
 - a. Install a physical barrier at the worksite to limit contact with pupils.
 - b. If you are not a sole proprietorship, have one of your employees, whom the Department of Justice has ascertained has not been convicted of a violent or serious felony (see **Attachment A** to this Notice and Acknowledgement), continually monitor and supervise all of your employees. For the Department of Justice to so ascertain, your employee may submit fingerprints to the Department of justice pursuant to Education Code section 45125.1(a).
 - c. Arrange, with Owner's approval, for surveillance of your employees by Owner's personnel.

Prior to commencing the Work, you shall submit the Independent Contractor Student Contact Form (see **Attachment B** to this Notice and Acknowledgement) to the Owner, which will indicate which of the above methods you will use.

2. If you are providing the construction, reconstruction, rehabilitation or repair services in an emergency or exceptional situation, you are not required to comply with Education Code section 45125.2, above. An "emergency or exceptional" situation is one in which pupil health or safety is endangered or when repairs are needed to make a facility safe and habitable. Owner shall determine whether an emergency or exceptional situation exists. (Education Code §45125.2(d).)

3. If you use one or more of the three methods in Section 1 (above), you are not required to comply with Education Code section 45125.1. (Education Code §45125.2(b).) If you use one or more of these three methods, you must submit the Independent Contractor Student Contact Form (see **Attachment B** to this Notice and Acknowledgement) to the Owner, which will indicate which of the above methods you will use.

I have read the foregoing and agree to comply with the requirements of Education Code §§ 45125.1 and 45125.2 as applicable.

Section 4 TERMS & CONDITION

Terms and Conditions

THESE SALES TERMS AND CONDITIONS (these "**Terms and Conditions**") apply to any proposal or quotation rendered to a current or prospective customer ("Customer") by Ojo Technology, Inc. ("Ojo") and any order or sale of "Systems" (as defined below) by Ojo Technology to Customer, unless the parties expressly agree in writing that these Terms and Conditions do not apply or have entered into a separate, signed agreement covering the purchase of the Systems. "**System**" or "**Systems**" means an Ojo Technology-supplied IP Video Surveillance (IPVS) system as described in a purchase order (a "**P.O.**") accepted by Ojo Technology as specified below.

1. **Orders.** Subject to the following sentence, these Terms and Conditions and each P.O. accepted by Ojo Technology will constitute the entire agreement between Customer and Ojo Technology with respect to the purchase, sale and delivery of the Systems described in such P.O. Any terms or conditions stated by Customer in any order or other document that are different from, or in addition to, these Terms and Conditions, will be of no force and effect and are expressly rejected, and no course of dealing, usage of trade, or course of performance will be relevant to explain or modify any term expressed in these Terms and Conditions. Ojo Technology is not obligated to accept any P.O. from Customer. Once a P.O. is accepted in writing by Ojo Technology, Customer's order cannot be canceled without the written consent of Ojo Technology. Ojo Technology will have the right to cancel and/or hold any and/or all PO's placed by Customer and any and/or all shipments of Systems, regardless of any prior confirmation or acceptance by Ojo Technology.

2. **Delivery.** Shipping and installation dates provided by Ojo Technology are estimates only. Delivery terms for all Systems will be FOB Ojo Technology's facility unless installation services are included. If Customer fails to take delivery of any Systems delivered to the delivery point at the designated delivery time, Customer will bear all subsequent storage related costs of holding such Systems until Customer takes delivery. Ojo Technology may invoice Customer for such Systems on the date when Ojo Technology attempts delivery to the delivery point.

3. **Title and Risk of Loss.** Notwithstanding any shipping terms to the contrary, title and risk of loss or damage to the Systems will pass from Ojo Technology to Customer when the Systems are (a) for orders placed by Ojo Technology on behalf of a Customer directly with a manufacturer or vendor, at the manufacturer's or vendor's facility; (b) for Systems with multiple components aggregated by Ojo Technology (e.g., collections of hardware) which are purchased by a Customer without installation or other services from Ojo Technology, at Ojo Technology's facility; and (c) for Systems purchased with installation services from Ojo Technology, at the installation location. Notwithstanding the above, Customer receives a license only to any software included in the Systems, and ownership of the software source code, intellectual property rights associated therewith and similar rights will remain with Ojo Technology or its licensors, as applicable, and will not transfer to Customer.

4. **Inspection; Acceptance.** Customer and Ojo Technology will perform a walk-through and System check following the installation of the Systems. This procedure will include a written "Acceptance Test" prepared by Ojo Technology that is unique to each installation, with check-boxes for each item reviewed. Customer will be deemed conclusively to have accepted such Systems on the earlier of (a) Customer's acknowledgment and acceptance of the applicable Acceptance Test, or (b) 15 days following Customer's receipt of the Acceptance Test unless before such time Customer has notified Ojo Technology in writing of any specific defects in the Systems. If the Customer notifies Ojo Technology within such 15 day period and identifies specific defects in the Systems, Ojo Technology will have the opportunity to confirm and to fix such defects. Ojo Technology reserves the right to inspect and test the Systems and to make the final determination if any component thereof is defective or not. If any defect cannot be fixed, Customer may return defective hardware to Ojo Technology subject to any return limitations imposed on such hardware in warranties provided with respect to such hardware by the manufacturer, vendor or Ojo Technology. If Ojo Technology has not installed the Systems, Customer may return non-defective hardware to Ojo Technology provided such hardware is in the original shipping and packing material, in original factory configuration and condition, and is fully resalable. Any such returns are subject to shipping, return and/or restocking fees and to any other return limitations imposed on such hardware in warranties provided with respect to such hardware by the manufacturer, vendor or Ojo Technology.

5. **Installation Services; Customer Responsibilities.** If ordered by Customer and agreed to by Ojo Technology, Ojo Technology will provide one or more service specialist(s) at Customer's site to perform the installation of the System(s). Ojo Technology will (a) provide Customer with a completed installation record that identifies the installed Systems and the date of installation; (b) obtain an Acceptance Test from the Customer that the service delivery by Ojo Technology has been completed; (c) remove all packaging for the Systems for disposal; and (d) switch on and power up each System to verify correct operation. Ojo Technology's responsibilities for installation are complete when Ojo Technology has confirmed that the Systems are installed and operational and has delivered one copy of the installation record to Customer. Customer, at its expense and prior to delivery and installation of the Systems at Customer's address, will prepare the installation site in an appropriate manner and will cause the installation site to conform to any utility, climate control, and communication interface specifications that Ojo Technology or the manufacturers or vendors of the Systems may require. Customer and Ojo Technology will jointly select the installation locations for the cameras and other hardware prior to installation.

Customer will (i) follow any special pre-installation instructions provided by Ojo Technology; (ii) provide suitable workspace for Ojo Technology's services specialist(s) while working on Customer's premises; (iii) have the Systems at Customer's installation site and the prerequisites specified in the System specification list completed prior to the installation; (iv) confirm to the installation personnel the precise location for the installation of the Systems previously jointly determined by Ojo Technology and Customer; (v) provide appropriate power and network connectivity at the precise location of installation, unless such provisioning is included in Ojo Technology's scope of work;

(vi) provide appropriate lifts and other "location access" equipment (or reimburse Ojo Technology for rental of the same if set forth on the P.O.); (vii) provide appropriate lighting for the Systems, unless such provisioning is included in Ojo Technology's scope of work; and (viii) ensure that Customer's customer representative will be on-site and available to answer any Customer specific questions pertaining to the installation, including System connectivity settings (if required). If Customer requires additional installation support outside the scope of the foregoing Ojo Technology installation services, such additional services may be available to Customer from Ojo Technology upon written agreement at additional cost.

6. **Training.** Customer will select personnel suitable to operate and use the System and confirm that such personnel demonstrate the competence necessary to manage and operate the Systems. Ojo Technology will provide such personnel with reasonable and appropriate training and instruction concerning the operation and use of the Systems by conducting a training session (not to exceed the number of hours specified in the P.O.) at a mutually convenient time at Customer's facility. Upon request from a Customer, additional training may be provided by Ojo Technology for additional cost. Customers who waive training, or permit untrained personnel to access to the Systems, will be solely responsible for damages caused by such personnel to the Systems and will be required to pay for support or repair services above and beyond what is covered in any Ojo Technology warranty.

7. **Prices.** The prices of Systems delivered will be as set forth in the P.O. If the P.O. provides that Ojo Technology will supply appropriate lifts and other location access equipment, Customer will be responsible for Ojo Technology's lift equipment rental fees, including if such fees exceed any estimate set forth in the P.O. Customer will also be responsible for any additional labor, rental or similar expenses incurred by Ojo Technology in the installation process as a result of Customer's breach of any of its obligations pursuant to Section 5, including without limitation problems affecting facility access during installation.

8. **Taxes.** Ojo Technology's prices and fees do not include any applicable sales, use, value-added, excise and/or withholding taxes, customs duties or fees, or import fees other than California sales tax. Any such taxes, import fees and other charges imposed in connection with the sale and delivery of the System, except income taxes imposed upon Ojo Technology, will be paid directly by Customer. In the event Ojo Technology pays any such fees, taxes, or charges, Customer will promptly reimburse Ojo Technology therefor.

9. **Payment Terms.** Ojo Technology will invoice Customer for Systems purchased upon attempted delivery of Systems or when installed, if applicable, whether a whole or partial order. Customer will pay no later than 30 days after the date of invoice. Furthermore, Customer will pay to Ojo Technology a late charge on any past due amounts at the rate of one and 1.5% per month or part thereof or the maximum amount permitted by law, whichever is less.

10. **Security Interest.** Customer hereby grants Ojo Technology, and Ojo Technology hereby retains, a purchase money security interest and lien on the Systems, wherever located, and all replacements or proceeds of the Systems, until the invoice for the applicable Systems is paid in full, including any late charges and costs of collection. Customer consents to Ojo Technology's use of these Terms and Conditions, as well as System invoices, as financing statements for protecting this security interest and appoint Ojo Technology as Customer's agent for service of process in connection therewith.

11. **Software.** Certain items of Systems may contain software or firmware ("**Software**"). Customer will acquire directly or through Ojo Technology as a licensed dealer or distributor any third party Software necessary for the Systems. With respect to any Software owned or created by or otherwise licensed to Ojo Technology, Ojo Technology hereby grants to Customer a non-exclusive license to use the Software solely in conjunction with the Systems sold by Ojo Technology for which Ojo Technology intends it to be used, for the duration of the useful life of such Systems and subject to the terms and conditions of these Terms and Conditions. Customer will not, without the prior written consent of Ojo Technology, (i) alter, modify, translate, or adapt any Software or create any derivative works based thereon; (ii) copy any Software; (iii) assign, sublicense or otherwise transfer the Software in whole or in part except in conjunction with the Systems; (iv) use the Software except with the Systems; or (v) use the Software in violation of the terms of any Ojo Technology or third party license.

12. **Marketing.** Upon Ojo Technology's request, Customer will provide a reasonably clear and evident statement on its web site to the effect that the Customer's IPVS Video Surveillance System is designed, installed and maintained, as appropriate, by Ojo Technology. Ojo Technology will provide the text of the statement. The statement will also include a link to Ojo Technology's website and Ojo Technology's logo. Customer will have a limited right to use the trademark(s) of Ojo Technology supplied by Ojo Technology for the specific purpose provided in this provision only. All rights and goodwill associated with any trademark(s) provided by Ojo Technology shall remain the sole and exclusive property of Ojo Technology. Ojo Technology shall also have the right to identify Customer by name as a client of Ojo Technology in Ojo Technology's print, online and other marketing materials. Customer acknowledges that the pricing of the Systems is based on, among other matters, the marketing rights granted to Ojo Technology pursuant to this provision.

13. **Indemnification.** Customer will indemnify, defend, and hold harmless Ojo Technology and its affiliates partners, officers, directors, agents, employees, subsidiaries, parents, successors and assigns, against any and all losses, claims, damages and expenses (including attorneys' fees) arising out of or related to (a) Customer's modifications of, additions to and/or failure to maintain Systems; (b) Customer's breach of these Terms and Conditions; (c) Customer's omissions, misrepresentations, or negligence; or (d) any claim brought by a third party against Ojo Technology relating to Customer's use and operation of the Systems, including without limitation any claim brought in connection with any activity, criminal or otherwise, that was or should have been monitored by the Systems or any violation of privacy.
14. **Independent Contractors.** No provision of these Terms and Conditions will, or will be deemed to, create a partnership, joint venture or other combination between Ojo Technology and Customer. Customer and Ojo Technology are independent contractors. Neither party will make any warranties or representations or assume any obligations on the other party's behalf. Neither party is nor will claim to be a legal representative, partner, franchisee, agent or employee of the other party.
15. **No Licenses Granted.** Except for any Software included as part of the Systems, the sale of Systems to Customer does not convey to Customer any license or any other intellectual property rights in such Systems, including but not limited to any rights under any patent, trademark, copyright, or trade secret of Ojo Technology or any third party.
16. **Restrictions on Use and Advisories.** Customer will use the Systems furnished by Ojo Technology solely in accordance with the supplied documentation, and Customer will not, directly or indirectly, disassemble, decompile, reverse engineer, or analyze the physical construction of, any of the Systems for any purpose. Changes to Customer's facilities or operations may affect the operation and performance of the Systems. Hours of operation, lighting, wind and motion, building vibration, unusual sources of heat or moisture, and personnel access may affect event recording time and other operating parameters. Ojo Technology cannot and does not guarantee any level of criminal or inappropriate activity, either by the public, employees or any other party. Ojo Technology is not responsible for damages caused by theft, vandalism, computer hacking or other criminal acts. Customer, and not Ojo Technology, has sole responsibility for operating the Systems following installation. Certain operational features and certain support and maintenance features require continuous Internet access. Lack of Internet connectivity may affect System operation and support. Shared network operation and/or network bandwidth limitations may affect system performance. Customer is responsible for proper Internet connectivity. Alteration or removal of camera settings, physical masking, or software masking may cause portions of the System to be in violation of privacy or other applicable laws.
17. **Limited Warranty.** The procedures set forth in Section 4 shall be Customer's sole remedy against defects in the Systems. Without limiting the foregoing, Ojo Technology provides no warranty for third party hardware or Software. Following the earlier of (a) Customer's acknowledgment and acceptance of the applicable Acceptance Test, or (b) 15 days following Customer's receipt of the Acceptance Test unless before such time Customer has notified Ojo Technology in writing of any specific defects in the Systems, all Customer inquiries to Ojo Technology will be billed at Ojo Technology's then-effective standard billing rates, unless Customer has purchased from Ojo Technology a contract for maintenance services, in which case such responses to such inquiries will be provided as described in Ojo Technology's Maintenance Services Terms and Conditions.
18. **Remedies.** If Ojo Technology receives written notice from the Customer describing specific defects in the Systems prior to the end of the period set forth in Section 17, Ojo Technology will, at its option, repair or replace the specific portion(s) of the Systems that are defective. If any defect cannot be fixed or Ojo Technology otherwise elects not to repair or replace such defect, Ojo Technology will refund to Customer a portion of the price of the entire System appropriately reflecting the portion of the System that is inoperable as a result of such defect.
19. **NO OTHER WARRANTIES.** THE FOREGOING REPRESENTS CUSTOMER'S EXCLUSIVE REMEDY, AND OJO TECHNOLOGY'S EXCLUSIVE LIABILITY, FOR ANY BREACH OF WARRANTY OR OTHER DUTY RELATED TO THE QUALITY OF SYSTEMS. OJO TECHNOLOGY MAKES NO OTHER WARRANTIES, WHETHER EXPRESS, IMPLIED, OR STATUTORY REGARDING OR RELATING TO THE COVERED SYSTEM OR THE DOCUMENTATION, OR ANY SERVICES FURNISHED OR PROVIDED TO CUSTOMER UNDER THIS POLICY, INCLUDING MAINTENANCE AND SUPPORT. OJO TECHNOLOGY SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
20. **EXCLUSIONS OF LIABILITY.** IN NO EVENT WILL OJO TECHNOLOGY BE LIABLE FOR ANY LOSS OF PROFITS, LOSS OF USE, BUSINESS INTERRUPTION, LOSS OF DATA, COST OF COVER OR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND IN CONNECTION WITH OR ARISING OUT OF THE FURNISHING, PERFORMANCE OR USE OF THE COVERED SYSTEM OR SERVICES PERFORMED HEREUNDER, WHETHER ALLEGED AS A BREACH OF CONTRACT OR TORTIOUS CONDUCT, INCLUDING NEGLIGENCE, EVEN IF OJO TECHNOLOGY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
21. **LIMITATIONS OF LIABILITY.** THE ENTIRE LIABILITY OF OJO TECHNOLOGY FOR ANY CLAIM OR CAUSE OF ACTION ARISING HEREUNDER (WHETHER IN CONTRACT, TORT, OR OTHERWISE) WILL NOT EXCEED THE PURCHASE PRICE PAID FOR THE SYSTEM WHICH IS THE SUBJECT OF SUCH CLAIM OR CAUSE OF ACTION.
22. **ALLOCATION OF RISKS.** THE PROVISIONS OF THESE TERMS AND CONDITIONS ALLOCATE RISKS BETWEEN THE PARTIES. CUSTOMER AND OJO TECHNOLOGY AGREE THAT OJO TECHNOLOGY'S PRICING REFLECTS THIS ALLOCATION OF RISKS AND THE LIMITATIONS OF LIABILITY SET FORTH HEREIN.
23. **Excusable Delays.** Neither Ojo Technology nor Customer will be held responsible for delays in performance or failures of performance when caused by fires, strikes, epidemics, embargoes, directions of government, or other conditions of whatsoever nature or description beyond their respective control which may delay performance or render performance commercially impracticable; provided, however, that the affected party will immediately notify the other of the condition and the expected duration thereof.
24. **Notices.** All notices pursuant to these Terms and Conditions will be in writing and will be deemed to have been duly given upon being delivered personally, or upon receipt if mailed by certified mail, return receipt requested, or sent by telegraphic communication to the other party.
25. **Entire Terms and Conditions.** These Terms and Conditions, together with the P.O. and any written schedules or attachments hereto or thereto, constitute the entire agreement between the parties with respect to the subject matter of these Terms and Conditions and supersede all prior and collateral agreements, representations, negotiations, and writings. No representation, warranty, course of dealing, trade usage, term or condition not contained or referenced in these Terms and Conditions will be binding on either party.
26. **Order of Precedence.** These Terms and Conditions will control and have precedence over the provisions of any P.O. or other document from Customer.
27. **Modification.** These Terms and Conditions may not be modified except by a writing executed by Ojo Technology.
28. **Assignment.** Customer will not assign these Terms and Conditions, or any rights hereunder, without the prior express written approval of Ojo Technology. Any purported assignment without such approval will be null and void.
29. **Severability.** The invalidity, in whole or in part, of any provision of these Terms and Conditions will not affect the validity or enforceability of any other provision of these Terms and Conditions.
30. **Governing Law.** Any dispute arising in connection with these Terms and Conditions will be governed by the laws of the State of California, excluding those laws that direct the application of the laws of another jurisdiction.
31. **Venue.** Customer consents to the exclusive jurisdiction of the courts of the State of California and the United States sitting in Alameda County, California, in respect of any legal action or proceeding related to these Terms and Conditions.

No CMAS order may be executed by a State agency that exceeds that agency's purchasing authority threshold. State agencies with approved purchasing authority, along with their dollar thresholds can be obtained at:

www.dgs.ca.gov/pd/Programs/Delegated.aspx.

HOW TO USE CMAS

Agencies must adhere to the detailed requirements in the State Contracting Manual (SCM) when using CMAS. The requirements for the following bullets are in the SCM, Volume 2, Chapter 6 (for non-IT), the SCM, Volume 3, Chapter 6 (for IT), and the SCM, Volume FI\$Cal, Chapter 5 (FI\$Cal):

- Develop a Request for Offer, which includes a Scope of Work (SOW), and Bidder Declaration form. For information on the Bidder Declaration requirements, see the SCM, Volume 2, Section 3.5.7 and Volume 3, Section 3.4.7.
- Search for potential CMAS contractors at www.dgs.ca.gov/pd/Programs/Leveraged/CMAS.aspx, select "Find a CMAS Contractor."
- Solicit offers from a minimum of 3 CMAS contractors including one small business and/or DVBE, if available, who are authorized to sell the products and/or services needed.
- If soliciting offers from a certified DVBE, include the Disabled Veteran Business Enterprise Declarations form (Std. 843) in the Request for Offer. This declaration must be completed and returned by the DVBE prime contractor and/or any DVBE subcontractors. (See the SCM Volumes 2, 3, and FI\$Cal, Chapter 3).
- This is not a bid transaction, so the small business preference, DVBE incentives, protest language, intents to award, evaluation criteria, advertising, etc., are not applicable.
- If less than 3 offers are received, State agencies must document their file with the reasons why the other suppliers solicited did not respond with an offer.
- Assess the offers received using best value methodology, with cost as one of the criteria.
- Issue a Purchase Order to the selected CMAS contractor.
- For CMAS transactions under \$10,000, only one offer is required if the State agency can establish and document that the price is fair and reasonable. The fair and reasonable method can only be used for non-customizable purchases.

Local governments set their own order limits, and are not bound by the order limits on the cover page of this CMAS.

SPLITTING ORDERS

Splitting orders to avoid any monetary limitations is prohibited.

Do not circumvent normal procurement methods by splitting purchases into a series of delegated purchase orders, per Public Contract Code (PCC) § 10329.

Splitting a project into small projects to avoid either fiscal or procedural controls is prohibited, per State Administrative Manual (SAM) § 4819.34.

MINIMUM ORDER LIMITATION

There is no minimum dollar value limitation on orders placed under this CMAS.

ORDERING PROCEDURES

1. Purchase Orders

All Ordering Agency purchase order documents executed under this CMAS must contain the applicable CMAS number as show on page 1.

1. State Departments:

Std. 65 Purchase Documents – State departments not transacting in FI\$Cal must use the Purchasing Authority Purchase Order (Std. 65) for purchase execution. An electronic version of the Std. 65 is available at the DGS-PD website at www.dgs.ca.gov/pd/Forms.aspx (select Standard STD Forms).

FI\$Cal Purchase Documents – State departments transacting in FI\$Cal will follow the FI\$Cal procurement and contracting procedures.

2. Local Governmental Departments:

Local governmental agencies may use their own purchase document for purchase execution.

The agency is required to complete and distribute the purchase order. For services, the agency shall modify the information contained on the order to include the service period (start and end date), and the monthly cost (or other intermittent cost), and any other information pertinent to the services being provided. The cost for each line item should be included in the order, not just system totals.

The contractor must immediately reject purchase orders that are not accurate. Discrepancies are to be negotiated and incorporated into the purchase order prior to the products and services being delivered.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

2. Service and Delivery after CMAS Expiration

The purchase order must be issued before the CMAS expires. However, delivery of the products or completion of the services may be after the CMAS expires (unless otherwise specifically stated in the purchase order).

3. Multiple CMAS Agreements on a Single Purchase Order

Agencies wishing to include multiple CMAS(s) on a single FISCAL purchase order must adhere to the following guidelines:

- All CMAS must be for the same CMAS contractor.
- The purchase order must go to one contractor location.
- Write the word "CMAS" in the space usually reserved for the contract number. On Std. 65's, this is at the top of the form. The word "CMAS" signifies that the purchase order contains items from multiple CMAS agreements. The purchasing agency may only use one bill code.
- For each individual CMAS (as differentiated by alpha suffix), the agency must identify and group together the CMAS number with the line items and subtotal per CMAS number (do not include tax in the subtotal), and sequentially identify each individual CMAS as Sub #1, Sub #2, Sub #3, etc. This facilitates accurate billing of administrative fees by the Procurement Division.
- The total of all items on the purchase order must not exceed the purchase order limit identified in the CMAS.
- Do not combine items from both non-IT and Information Technology CMAS(s). A non-IT CMAS begin with the number "4" and an Information Technology CMAS begins with the number "3." The purchase order limits are different for these two types of CMAS agreements.

4. Amendments to Agency's Purchase Orders

Agency purchase orders cannot be amended if the CMAS has expired.

The SCM, Volumes 2 & 3, Chapter 6.A5.0 and SCM, Volume FISCAL, Chapter 5.A4.0 provides the following direction regarding amendments to all types of CMAS purchase orders:

Original orders, which include options for changes (e.g., quantity or time), that were evaluated and considered in the selection for award during the RFO process, may be amended consistent with the terms of the original order, provided that the original order allowed for amendments. If the original order did not evaluate options, then amendments are not allowed unless an NCB is approved for those amendments.

Amendments unique to non-IT services are covered in the SCM, Volume 2, Chapter 6.B2.9 and SCM, Volume FISCAL, Chapter 5.A4.1 as follows:

If the original contract permitted amendments, but did not specify the changes (e.g., quantity or time), it may be amended, per Public Contract Code (PCC) § 10335 (d)(1). This only applies to the first amendment. The time shall not exceed one year, or add not more than 30% of the original order value and may not exceed \$250,000. If the original contract did not have language permitting amendments, the NCB process must be followed.

Also, see the SCM, Volumes 2 & 3, Chapter 8, Topic 6, for more information on amending purchase orders.

CMAS CONTRACTOR OWNERSHIP INFORMATION

Ojo Technology Services, Inc. is a large business enterprise/certified small business enterprise. Their Office of Small Business and DVBE Services (OSDS) certification #1064041 expires on 11/30/2020.

If this certification has expired, the current expiration date for this company's certification should be verified at: caleprocure.ca.gov/pages/index.aspx or by contacting the Office of Small Business and DVBE Services at (916) 375-4940. Note that some companies have been assigned a new certification number, so use the company name and/or certification number when checking status on-line.

SMALL BUSINESS MUST BE CONSIDERED

Prior to placing orders under the CMAS program, State agencies shall whenever practicable first consider offers from small businesses that have established CMAS [Government Code (GC) § 14846(b)]. NOTE: The Department of General Services auditors will request substantiation of compliance with this requirement when agency files are reviewed.

The following website lists CMAS small business and Disabled Veteran Partners: www.dgs.ca.gov/pd/Programs/Leveraged/CMAS.aspx then select "Find a CMAS Contractor".

In response to our commitment to increase participation by small businesses, the Department of General Services waives the administrative fee (a fee currently charged to customer agencies to support the CMAS program) for orders to certified small business enterprises.

See the current fees in the DGS Price Book at: www.dgs.ca.gov/ofs/Pricebook.aspx.

SMALL BUSINESS/DVBE - TRACKING

State agencies are able to claim subcontracting dollars towards their small business or DVBE goals whenever the CMAS contractor subcontracts a commercially useful function to a certified small business or DVBE. The CMAS contractor will provide the ordering agency with the name of the small business or DVBE used and the dollar amount the ordering agency can apply towards its small business or DVBE goal.

SMALL BUSINESS/DVBE - SUBCONTRACTING

1. The amount an ordering agency can claim towards achieving its small business or DVBE goals is the dollar amount of the subcontract award made by the CMAS contractor to each small business or DVBE.
2. The CMAS contractor will provide an ordering agency with the following information at the time the order is quoted:
 - a. The CMAS contractor will state that, as the prime contractor, it shall be responsible for the overall execution of the fulfillment of the order.
 - b. The CMAS contractor will indicate to the ordering agency how the order meets the small business or DVBE goal, as follows:
 - List the name of each company that is certified by the Office of Small Business and DVBE Services that it intends to subcontract a commercially useful function to; and
 - Include the small business or DVBE certification number of each company listed, and attach a copy of each certification; and
 - Indicate the dollar amount of each subcontract with a small business or DVBE that may be claimed by the ordering agency towards the small business or DVBE goal; and
 - Indicate what commercially useful function the small business or DVBE subcontractor will be providing towards fulfillment of the order.
3. The ordering agency's purchase order must be addressed to the prime Contractor, and the purchase order must reference the information provided by the prime Contractor as outlined above.

INTEGRATED SERVICES

Agencies are prohibited from using CMAS and/or Masters for large-scale information technology system integration projects except when specifically approved by the California Department of Technology.

CONSULTING OR PERSONAL SERVICES

To ensure sufficient expertise for all consulting or personal services, prior to issuing an order, the agency is required to review the resumes of all personnel the CMAS contractor intends to use to fulfill the order. Each agency is responsible for verifying that contractor personnel meet any education or experience requirements listed in the base contract.

Each order should contain, as a minimum, a description of the task, a statement of the contractor's responsibilities, completion criteria, a list of deliverable items (if any), the estimated starting date, the scheduled completion date, and a fixed cost for each task.

The aggregate of the fixed costs for all tasks constitutes the fixed price ceiling for all tasks described.

1. Progress Payments

For an IT service CMAS, see the CMAS IT Terms and Conditions, Provision #75, CMAS Progress Payments & Risk Assessment.

2. Outsourcing Services

Careful analysis must be given by State agencies to using contracted personnel rather than using civil service positions within State government.

Government Code (GC) § 19130(c) requires that all persons who provide services to the State under conditions that constitute an employment relationship shall, unless exempted by Article VII (Section 4) of the California Constitution, be retained under an appropriate civil service appointment.

Issuing a CMAS purchase order for services to an independent contractor is permissible when any of the following conditions set forth in Government Code (GC) §19130(b) can be met:

- Exempt under Constitution
- New State function and legislative authority
- Service not available; highly specialized or
- Technical
- Incidental to the purchase or lease
- Conflict of interest; need unbiased findings
- Emergency appointment
- Private counsel, with Attorney General (AG) approval and Governor's Office, if applicable
- Contractor will provide deliverables that are not feasible for the State to provide
- Training when civil service is not available
- Urgent, temporary, or occasional services when civil service delay would frustrate the purpose (see Option 2 below)

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

When justified as outlined above, personal services must fall under one of the two following options:

Option 1. CMAS orders for personal services such as project management, independent verification and validation, systems analysis and design, and miscellaneous services are not limited to the number of hours or months per year that a consultant can work if the services contracted for are not available within civil service, cannot be performed satisfactorily by civil service employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the civil service system (Government Code (GC) § 19130.b (3)).

Option 2. CMAS personal services orders for programmers, systems analysts, and technical specialists which are of an urgent, temporary, or occasional nature, such that hiring additional civil service positions is not feasible, are limited to nine months (1548 hours) per consultant within a twelve consecutive month period (Government Code (GC) § 19130.b (10)/California State Constitution, Article VII, Section 5).

This provision is per agency and is inclusive of orders issued on your behalf by another agency. Contractors must wait three (3) months from CMAS order termination/expiration before submitting the candidate's resume for work at the same agency/department.

For both options above, the contractor may conduct training courses for which appropriately qualified civil service instructors are not available, provided that permanent instructor positions in academies or similar settings shall be filled through civil service appointment (Government Code (GC) § 19130.b (9)).

For each order, the agency must prepare and retain in their file a written justification that includes specific and detailed factual information that demonstrates that the contract meets one or more of the conditions set forth in Government Code (GC) § 19130(b).

3. State Personnel Board Requirements

State Personnel Board (SPB) approval is required for a purchase order based on cost savings to the State as justification for not using civil service personnel.

4. Statement of Work

A Statement of Work (SOW) must be prepared as applicable for each purchase order. Information regarding the preparation of a SOW is available at www.dgs.ca.gov/pd/Programs/Leveraged/CMAS.aspx, then select "For State Agencies". Agencies are strongly encouraged to use this information when developing SOW requirements that will accompany the Request for Offer and the resulting purchase order.

5. Follow-on Contracts are Prohibited

No person, firm, or subsidiary thereof who has been awarded a purchase order for consulting services, or a purchase order that includes a consulting component, may be awarded a purchase order for the provision of services, delivery of goods or supplies, or any other related action which is required, suggested, or otherwise deemed appropriate as an end product of the purchase order (Public Contract Code (PCC) § 10365.5).

Therefore, any consultant who develops a program study or provides formal recommendations is precluded from providing any work recommended in the program study or the formal recommendation.

OPEN MARKET/INCIDENTAL, NON-SCHEDULE ITEMS

The only time that open market/incidental, non-schedule items may be included in a CMAS order is when they fall under the parameters of the Not Specifically Priced (NSP) Items provision. If the NSP provision is not included in the CMAS, or the products and/or services required do not qualify under the parameters of the NSP provision, the products and/or services must be procured separate from CMAS.

NOT SPECIFICALLY PRICED (NSP) ITEMS

The NSP provision is not applicable to this CMAS.

STATE AND LOCAL GOVERNMENTS CAN USE CMAS

State and local government agency use of CMAS is optional. A local government is any city, county, city and county, district, or other local governmental body or corporation, including UC, CSU, K-12 schools and community colleges empowered to expend public funds. While the State makes this CMAS available, each local government agency should make its own determination whether the CMAS program is consistent with their procurement policies and regulations.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

UPDATES AND/OR CHANGES

A CMAS amendment is not required for updates and/or changes once the update and/or change becomes effective for the federal GSA schedule, except as follows:

- A CMAS amendment is required when the CMAS is based on specific products and/or services from another contractor's multiple award contract and the contractor wants to add a new manufacturer's products and/or services.
- A CMAS amendment is required for new federal contract terms and conditions that constitute a material difference from existing contract terms and conditions. A material change has a potentially significant effect on the delivery, quantity or quality of items provided, the amount paid to the contractor or on the cost to the State.

A CMAS amendment is required to update and/or change terms and conditions and/or products and services based on a non-federal GSA multiple award contract.

SELF-DELETING FEDERAL GSA TERMS AND CONDITIONS

Instructions, or terms and conditions that appear in the Special Items or other provisions of the federal GSA and apply to the purchase, license, or rental (as applicable) of products or services by the U.S. Government in the United States, and/or to any overseas location shall be self-deleting. (Example: "Examinations of Records" provision).

Federal regulations and standards, such as Federal Acquisition Regulation (FAR), Federal Information Resources Management Regulation (FIRMR), Federal Information Processing Standards (FIPS), General Services Administration Regulation (GSAR), or Federal Installment Payment Agreement (FIPA) shall be self-deleting. Federal blanket orders and small order procedures are not applicable.

ORDER OF PRECEDENCE

The CMAS Terms and Conditions takes precedence if there is a conflict between the terms and conditions of the contractor's federal GSA, (or other multiple award contract), packaging, invoices, catalogs, brochures, technical data sheets or other documents (see CMAS Terms and Conditions, CONFLICT OF TERMS).

APPLICABLE CODES, POLICIES AND GUIDELINES

All California codes, policies, and guidelines are applicable. THE USE OF CMAS DOES NOT REDUCE OR RELIEVE STATE AGENCIES OF THEIR RESPONSIBILITY TO MEET STATEWIDE REQUIREMENTS REGARDING CONTRACTING OR THE PROCUREMENT OF GOODS OR SERVICES. Most procurement and contract codes, policies, and guidelines are incorporated into CMAS agreements. Nonetheless, there is no guarantee that every possible requirement that pertains to all the different and unique State processes has been included.

PAYMENTS AND INVOICES

1. Payment Terms

Payment terms for this CMAS are net 45 days.

Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code (GC) § 927 et. seq. Unless expressly exempted by statute, the Act requires State agencies to pay properly submitted, undisputed invoices not more than 45 days after (i) the date of acceptance of goods or performance of services; or (ii) receipt of an undisputed invoice, whichever is later.

2. Payee Data Record (Std. 204)

State Agencies not transacting in FISCAL, must obtain a copy of the Payee Data Record (Std. 204) in order to process payments. State Ordering Agencies forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State Agencies should contact the CMAS contractor for copies of the Payee Data Record.

3. DGS Administrative and Incentive Fees

Orders from State Agencies:

The Department of General Services (DGS) will bill each State agency directly an administrative fee for use of CMAS. The administrative fee should NOT be included in the order total, nor remitted before an invoice is received from DGS. This administrative fee is waived for CMAS purchase orders issued to California certified small businesses.

See the current administrative fees in the DGS Price Book at: www.dgs.ca.gov/ofs/Pricebook.aspx.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

Orders from Local Government Agencies:

CMAS contractors, who are not California certified small businesses, are required to remit to the DGS an incentive fee equal to 1% of the total of all local government agency orders (excluding sales tax and freight) placed against their CMAS. This incentive fee is in lieu of local government agencies being billed the above referenced DGS administrative fee.

This incentive fee is waived for CMAS purchase orders issued to California certified small businesses.

The check covering this fee shall be made payable to the Department of General Services, CMAS Unit, and mailed to the CMAS Unit along with the applicable Quarterly Report. See the provision in this CMAS entitled "Contractor Quarterly Report Process" for information on when and where to send these checks and reports.

4. Contractor Invoices

Unless otherwise stipulated, the CMAS contractor must send their invoices to the agency address set forth in the purchase order. Invoices shall be submitted in triplicate and shall include the following:

- CMAS number
- Agency purchase order number
- Agency Bill Code
- Line item number
- Unit price
- Extended line item price
- Invoice total

State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

The company name on the CMAS, purchase order and invoice must match or the State Controller's Office will not approve payment.

5. Advance Payments

Advance payment is allowed for services only under limited, narrowly defined circumstances, e.g., between specific departments and certain types of non-profit organizations, or when paying another government agency (Government Code (GC) § 11256 – 11263 and 11019).

It is NOT acceptable to pay in advance, except software maintenance and license fees, which are considered a subscription and may be paid in advance if a provision addressing payment in advance is included in the purchase order.

Software warranty upgrades and extensions may also be paid for in advance, one time.

6. Credit Card

Ojo Technology, Inc. accepts the State of California credit card (CAL-Card).

A purchase order is required even when the ordering department chooses to pay the CMAS contractor via the CAL-Card. Also, the DGS administrative fee is applicable for all CMAS orders to suppliers not California certified as a small business.

7. Leasing

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Supplier will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the supplier on behalf of the State.

Buyers may contact the GS \$Mart™ Administrator, Patrick Mullen by phone at (916) 375-4617 or via e-mail at patrick.mullen@dgs.ca.gov for further information.

CONTRACTOR QUARTERLY REPORT PROCESS

CMAS contractors are required to submit a detailed CMAS Business Activity Report on a quarterly basis to the CMAS Unit. See Attachment B for a copy of this form and instructions.

This report shall be mailed to:

Department of General Services
Procurement Division – CMAS Unit
Attention: Quarterly Report Processing
PO Box 989052, MS #2-202
West Sacramento, CA 95798-9052

Reports that include checks for incentive fees must be mailed and shall not be e-mailed. All other reports may be e-mailed to the attention of Quarterly Report Processing as follows:

CMAS Unit E-Mail: cmas@dgs.ca.gov

For the full instructions on completing and submitting CMAS Quarterly Business Activity Reports, and a soft copy of a blank quarterly report form, go to www.dgs.ca.gov/pd/Programs/Leveraged/CMAS.aspx, and then select "For Suppliers/Contractors".

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

Important things to remember regarding CMAS Quarterly Business Activity Reports (referred to as "reports" below):

- A report is required for each CMAS, each quarter, even when no new purchase orders are received in the quarter.
- A separate report is required for each CMAS.
- Each purchase order must be reported only once in the quarter identified by the purchase order date, regardless of when the services were performed, the products were delivered, the invoice was sent, or the payment was received.
- Purchase orders from State and local government agencies must be separated on the report, as shown in the instructions.
- CMAS contractors must report the sales activity for all resellers listed on their CMAS.
- Any report that does not follow the required format or excludes required information will be deemed incomplete and returned to the CMAS contractor for corrections.
- Taxes and freight must not be included in the report.
- CMAS contractors who are not California certified small businesses must attach to their quarterly report a check covering the required incentive fee for all CMAS sales to local government agencies (see more information below).
- New CMAS agreements, renewals, extensions, and modifications will be approved only if the CMAS contractor has submitted all required quarterly reports and incentive fees.

CMAS Quarterly Business Activity Reports are due in the CMAS Unit within two weeks after the end of each quarter as shown below:

Quarter 1	Jan 1 to Mar 31	Due Apr 15
Quarter 2	Apr 1 to Jun 30	Due Jul 15
Quarter 3	Jul 1 to Sep 30	Due Oct 15
Quarter 4	Oct 1 to Dec 31	Due Jan 15

CONTRACTOR QUARTERLY INCENTIVE FEES

CMAS contractors who are not California certified small businesses must remit to DGS an incentive fee equal to 1% of the total of all local government agency orders (excluding sales tax and freight) placed against their CMAS agreement(s). This incentive fee is in lieu of local government agencies being billed the above referenced DGS administrative fee.

CMAS contractors cannot charge local government agencies an additional 1% charge on a separate line item to cover the incentive fee. The CMAS contractor must include the 1% incentive fee in the price of the products or services offered, and the line item prices must not exceed the applicable base contract prices.

A local government agency is any city, county, district, or other local governmental body, including the California State University (CSU) and University of California (UC) systems, K-12 public schools and community colleges empowered to expend public funds.

This incentive fee is waived for CMAS purchase orders issued to California certified small businesses.

The check covering this fee shall be made payable to the Department of General Services, CMAS Unit, and mailed to the CMAS Unit along with the applicable Quarterly Report. See the provision in this CMAS entitled "Contractor Quarterly Report Process" for information on when and where to send these checks and reports.

OBTAINING COPY OF ORIGINAL CMAS AND SUPPLEMENTS

A copy of a CMAS and supplements, if any, can be obtained at caleprocure.ca.gov. A complete CMAS consists of the following:

- CMAS cover pages (which includes the signature page, ordering instructions and special provisions, and any attachments or exhibits as prepared by the CMAS Unit)
- CMAS Terms and Conditions.
- Federal GSA (or Non-GSA) terms and conditions
- Product/service listing and prices
- Supplements, if applicable.

It is important for the agency to confirm that the required products, services, and prices are included in the CMAS and are at or below base contract rates. To streamline substantiation that the needed items are in the base contract, the agencies should ask the CMAS contractor to identify the specific pages from the base contract that include the required products, services, and prices. Agencies should save these pages for their file documentation.

CONTRACTORS ACTING AS FISCAL AGENTS ARE PROHIBITED

When a subcontractor ultimately provides all of the products or performs all of the services that a CMAS contractor has agreed to provide, and the prime contractor only handles the invoicing of expenditures, then the prime contractor's role becomes that of a fiscal agent because it is merely administrative in nature, and does not provide a Commercially Useful Function (CUF). It is unacceptable to use fiscal agents in this manner because the agency is paying unnecessary administrative costs.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
OJO TECHNOLOGY, INC.
CMAS NO. 3-19-70-2890G**

AGENCY RESPONSIBILITY

Each agency is responsible for its own contracting program and purchasing decisions, including use of the CMAS program and associated outcomes.

This responsibility includes, but is not necessarily limited to, ensuring the necessity of the services, securing appropriate funding, complying with laws and policies, preparing the purchase order in a manner that safeguards the State's interests, obtaining required approvals, and documenting compliance with Government Code (GC) § 19130.b (3) for outsourcing services.

It is the responsibility of each agency to consult as applicable with their legal staff and contracting offices for advice depending upon the scope or complexity of the purchase order.

If you do not have legal services available to you within your agency, the DGS Office of Legal Services is available to provide services on a contractual basis.

CONFLICT OF INTEREST

Agencies must evaluate the proposed purchase order to determine if there are any potential conflict of interest issues. See the CMAS Terms and Conditions, Conflict of Interest, for more information.

FEDERAL DEBARMENT

When federal funds are being expended, the agency is required to obtain (retain in file) a signed "Federal Debarment" certification from the CMAS contractor before the purchase order is issued.

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510, Participants; responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

CONTRACTOR TRAVEL

The provision for travel expense reimbursement is included in this CMAS.

It is important the agency and CMAS contractor discuss necessary travel requirements prior to issuing the purchase order because the detail and cost (only as allowed for in the CMAS) must be included in the agency purchase order to be payable.

State agencies may only reimburse travel and per diem expenses according to State travel time and per diem rules for State employees. All travel expenses must be incorporated into the purchase order. For the current travel and per diem reimbursement rates, go to the California Department of Human Resources' website at: www.calhr.ca.gov/.

Notwithstanding the CMAS provisions, the State will not be responsible for the cost of travel to bring contractor personnel from out-of-state to the job site (unless specifically arranged by agency in advance). If requested by the agency, the State will be responsible for reimbursement of travel expenses from one California agency site to another.

State agencies should refer to State Administrative Manual (SAM) § 0774 "Travel and Related Reimbursement of Persons Not State Employees", when transportation and per diem costs are to be reimbursed by the State. Reimbursement must be supported by receipts.

Local government agencies will pay travel and per diem expenses according to their statutory requirements.

LIQUIDATED DAMAGES FOR LATE DELIVERY

The value of the liquidated damages cannot be a penalty, must be mutually agreed upon by agency and contractor and included in the purchase order to be applicable.

ACCEPTANCE TESTING CRITERIA

If the agency wants to include acceptance testing for all newly installed technology systems, and individual equipment, and machines which are added or field modified (modification of a machine from one model to another) after a successful performance period, the test criteria must be included in the purchase order to be applicable.

AMERICANS WITH DISABILITY ACT (ADA)

Section 504 of the Rehabilitation Act of 1973 as amended; Title VI and VII of the Civil Rights Act of 1964 as amended; Americans with Disabilities Act, 42 USC 12101; California Code of Regulations, Title 2, Title 22; California Government Code, Sections 11135, et seq.; and other federal and State laws, and Executive Orders prohibit discrimination. All programs, activities, employment opportunities, and services must be made available to all persons, including persons with disabilities. 20. **INSURANCE:** The Contractor shall maintain all commercial general liability insurance, workers' compensation insurance and any other insurance required under the Contract. The Contractor shall furnish insurance certificate(s) evidencing required insurance coverage acceptable to the State, including endorsements showing the State as an "additional insured" if required under Contract. Any required endorsements requested by the State must be separately provided; merely referring to such coverage on the certificate(s) is insufficient for this purpose. When performing work on state owned or controlled property, Contractor shall provide a waiver of subrogation in favor of the State for its workers' compensation policy.
21. **TERMINATION FOR NON-APPROPRIATION OF FUNDS:**
- a) If the term of this Contract extends into fiscal years subsequent to that in which it is approved, such continuation of the Contract is contingent on the appropriation of funds for such purpose by the Legislature. If funds to effect such continued payment are not appropriated, the Contractor agrees to take back any affected Deliverables furnished under this Contract, terminate any services supplied to the State under this Contract, and relieve the State of any further obligation therefor.
 - b) The State agrees that if it appears likely that subsection a) above will be invoked, the State and Contractor shall agree to take all reasonable steps to prioritize work and Deliverables and minimize the incurrence of costs prior to the expiration of funding for this Contract.
 - c) THE STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, COMMERCIAL HARDWARE AND SOFTWARE THAT HAS NOT BEEN PAID FOR, SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. THE STATE FURTHER AGREES TO PAY FOR PACKING, CRATING, TRANSPORTATION TO CONTRACTOR'S NEAREST FACILITY AND FOR REIMBURSEMENT TO THE CONTRACTOR FOR EXPENSES INCURRED FOR THEIR ASSISTANCE IN SUCH PACKING AND CRATING.
22. **TERMINATION FOR THE CONVENIENCE OF THE STATE:**
- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Department of General Services, Deputy Director Procurement Division, or designee, determines that a termination is in the State's interest. The Department of General Services, Deputy Director, Procurement Division, or designee, shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

- b) After receipt of a Notice of Termination, and except as directed by the State, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. The Contractor shall:
 - (i) Stop work as specified in the Notice of Termination.
 - (ii) Place no further subcontracts for materials, services, or facilities, except as necessary to complete the continuing portion of the Contract.
 - (iii) Terminate all subcontracts to the extent they relate to the work terminated.
 - (iv) Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts;
- c) After termination, the Contractor shall submit a final termination settlement proposal to the State in the form and with the information prescribed by the State. The Contractor shall submit the proposal promptly, but no later than 90 days after the effective date of termination, unless a different time is provided in the Statement of Work or in the Notice of Termination.
- d) The Contractor and the State may agree upon the whole or any part of the amount to be paid as requested under subsection (c) above.
- e) Unless otherwise set forth in the Statement of Work, if the Contractor and the State fail to agree on the amount to be paid because of the termination for convenience, the State will pay the Contractor the following amounts; provided that in no event will total payments exceed the amount payable to the Contractor if the Contract had been fully performed:
 - (i) The Contract price for Deliverables or services accepted or retained by the State and not previously paid for, adjusted for any savings on freight and other charges; and
 - (ii) The total of:
 - A) The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any cost attributable to Deliverables or services paid or to be paid;
 - B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and
 - C) Reasonable storage, transportation, demobilization, unamortized overhead and capital costs, and other costs reasonably incurred by the Contractor in winding down and terminating its work.
- f) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in

writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.

23. TERMINATION FOR DEFAULT:

- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
 - i) Deliver the Deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - ii) Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii) Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under subsection a) above, may be exercised only if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a different period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
 - (i) completed Deliverables,
 - (ii) partially completed Deliverables, and,
 - (iii) subject to provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- e) The State shall pay Contract price for completed Deliverables delivered and accepted and items the State requires the Contractor to transfer under section (d) above. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

- f) If, after termination, it is determined by a final decision that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) Both parties, State and Contractor, upon any termination for default, have a duty to mitigate the damages suffered by it.
- h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."

24. **FORCE MAJEURE:** Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include, but are not limited to:

- a) Acts of God or of the public enemy, and
- b) Acts of the federal or State government in either its sovereign or contractual capacity.

If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.

25. **RIGHTS AND REMEDIES OF STATE FOR DEFAULT:**

- a) In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to the State, and immediately replace all such rejected items with others conforming to the Contract.
- b) In addition to any other rights and remedies the State may have, the State may require the Contractor, at Contractor's expense, to ship Deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of the Contractor.
- c) In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the

Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").

- d) The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to Contractor or to make a claim against the Contractor therefore.

26. **LIMITATION OF LIABILITY:**

- a) Except as may be otherwise approved by the Department of General Services Deputy Director, Procurement Division or their designee, Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price. For purposes of this sub-section a), "Purchase Price" will mean the aggregate Contract price; except that, with respect to a Contract under which multiple purchase orders will be issued (e.g., a Master Agreement or Multiple Award Schedule Contract), "Purchase Price" will mean the total price of the purchase order for the Deliverable(s) or service(s) that gave rise to the loss, such that Contractor will have a separate limitation of liability for each purchase order.
- b) The foregoing limitation of liability shall not apply (i) to any liability under the General Provisions entitled "Compliance with Statutes and Regulations"; (ii) to liability under the General Provisions entitled "Patent, Copyright, and Trade Secret Indemnity" or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (iii) to claims arising under provisions herein calling for indemnification for third party claims against the State for death, bodily injury to persons or damage to real or tangible personal property caused by Contractor's negligence or willful misconduct; or (iv) to costs or attorney's fees that the State becomes entitled to recover as a prevailing party in any action.
- c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
- d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that Contractor's liability for such damages arises out of subsection b)(i), b)(ii), or b)(iv) above.

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

27. CONTRACTOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:

- a) The Contractor shall be liable for damages arising out of injury to the person and/or damage to the property of the State, employees of the State, persons designated by the State for training, or any other person(s) other than agents or employees of the Contractor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Contractor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Contractor.
- b) The Contractor shall not be liable for damages arising out of or caused by an alteration or an Attachment not made or installed by the Contractor, or for damage to alterations or Attachments that may result from the normal operation and maintenance of the Deliverables provided by the Contractor during the Contract.

28. INDEMNIFICATION: The Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses due to the injury or death of any individual, or the loss or damage to any real or tangible personal property, resulting from the willful misconduct or negligent acts or omissions of the Contractor or any of its affiliates, agents, subcontractors, employees, suppliers, or laborers furnishing or supplying work, services, materials, or supplies in connection with the performance of this Contract. Such defense and payment will be conditional upon the following:

- a) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
- b) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.

29. INVOICES: Unless otherwise specified, invoices shall be sent to the address set forth herein. Invoices shall be submitted in

triplicate and shall include the Contract number; release order number (if applicable); item number; unit price, extended item price and invoice total amount. State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

30. REQUIRED PAYMENT DATE: Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927 et. seq. Unless expressly exempted by statute, the Act requires State agencies to pay properly submitted, undisputed invoices not more than 45 days after (i) the date of acceptance of Deliverables or performance of services; or (ii) receipt of an undisputed invoice, whichever is later.

31. TAXES: Unless otherwise required by law, the State of California is exempt from Federal excise taxes. The State will only pay for any State or local sales or use taxes on the services rendered or Goods supplied to the State pursuant to this Contract.

32. NEWLY MANUFACTURED GOODS: All Goods furnished under this Contract shall be newly manufactured Goods or certified as new and warranted as new by the manufacturer; used or reconditioned Goods are prohibited, unless otherwise specified.

33. CONTRACT MODIFICATION: No amendment or variation of the terms of this Contract shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or agreement not incorporated in the Contract is binding on any of the parties.

34. CONFIDENTIALITY OF DATA: All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the Contractor in order to carry out this Contract, or which become available to the Contractor in carrying out this Contract, shall be protected by the Contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State. The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the Contractor. If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the Contractor's possession without

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

obligation of confidentiality, is independently developed by the Contractor outside the scope of this Contract, or is rightfully obtained from third parties.

- 35. NEWS RELEASES:** Unless otherwise exempted, news releases, endorsements, advertising, and social media content pertaining to this Contract shall not be made without prior written approval of the Department of General Services.

36. DOCUMENTATION

- a) The Contractor agrees to provide to the State, at no charge, all Documentation as described within the Statement of Work, and updated versions thereof, which are necessary or useful to the State in its use of the Equipment or Software provided hereunder. The Contractor agrees to provide additional Documentation at prices not in excess of charges made by the Contractor to its other customers for similar Documentation.
- b) If the Contractor is unable to perform maintenance or the State desires to perform its own maintenance on Equipment purchased under this Contract then upon written notice by the State the Contractor will provide at Contractor's then current rates and fees adequate and reasonable assistance including relevant Documentation to allow the State to maintain the Equipment based on Contractor's methodology. The Contractor agrees that the State may reproduce such Documentation for its own use in maintaining the Equipment. If the Contractor is unable to perform maintenance, the Contractor agrees to license any other Contractor that the State may have hired to maintain the Equipment to use the above noted Documentation. The State agrees to include the Contractor's copyright notice on any such Documentation reproduced, in accordance with copyright instructions to be provided by the Contractor.

37. RIGHTS IN WORK PRODUCT:

- a) All inventions, discoveries, intellectual property, technical communications and records originated or prepared by the Contractor pursuant to this Contract including papers, reports, charts, computer programs, and other Documentation or improvements thereto, and including Contractor's administrative communications and records relating to this Contract (collectively, the "Work Product"), shall be Contractor's exclusive property. The provisions of this sub-section a) may be revised in a Statement of Work.
- b) Software and other materials developed or otherwise obtained by or for Contractor or its affiliates independently of this Contract or applicable purchase order ("Pre-Existing Materials") do not constitute Work Product. If the Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Product, but other elements do not. Nothing in this

Section 37 will be construed to interfere with Contractor's or its affiliates' ownership of Pre-Existing Materials.

- c) The State will have Government Purpose Rights to the Work Product as Deliverable or delivered to the State hereunder. "Government Purpose Rights" are the unlimited, irrevocable, worldwide, perpetual, royalty-free, non-exclusive rights and licenses to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product. "Government Purpose Rights" also include the right to release or disclose the Work Product outside the State for any State government purpose and to authorize recipients to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product for any State government purpose. Such recipients of the Work Product may include, without limitation, State Contractors, California local governments, the U.S. federal government, and the State and local governments of other states. "Government Purpose Rights" do not include any rights to use, modify, reproduce, perform, release, display, create derivative works from, or disclose the Work Product for any commercial purpose.
 - d) The ideas, concepts, know-how, or techniques relating to data processing, developed during the course of this Contract by the Contractor or jointly by the Contractor and the State may be used by either party without obligation of notice or accounting.
 - e) This Contract shall not preclude the Contractor from developing materials outside this Contract that are competitive, irrespective of their similarity to materials which might be delivered to the State pursuant to this Contract.
- 38. SOFTWARE LICENSE:** Unless otherwise specified in the Statement of Work, the Contractor hereby grants to the State and the State accepts from the Contractor, subject to the terms and conditions of this Contract, a perpetual, irrevocable, royalty-free, non-exclusive, license to use the Software Products in this Contract (hereinafter referred to as "Software Products").
- a) The State may use the Software Products in the conduct of its own business, and any division thereof
 - b) The license granted above authorized the State to use the Software Products in machine-readable form on the Computer System located at the site(s) specified in the Statement of Work. Said Computer System and its associated units (collectively referred to as CPU) are as designated in the Statement of Work. If the designated CPU is inoperative due to malfunction, the license herein granted shall be temporarily extended to authorize the State to use the Software Products, in machined-readable form, on any other State CPU until the designated CPU is returned to operation.

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

- c) By prior written notice, the State may redesignate the CPU in which the Software Products are to be used provided that the redesignated CPU is substantially similar in size and scale at no additional cost. The redesignation shall not be limited to the original site and will be effective upon the date specified in the notice of redesignation.
 - d) Acceptance of Commercial Software (including third party Software) and Custom Software will be governed by the terms and conditions of this Contract.
- 39. PROTECTION OF PROPRIETARY SOFTWARE AND OTHER PROPRIETARY DATA:** The State agrees that all material appropriately marked or identified in writing as proprietary, and furnished hereunder are provided for State's exclusive use for the purposes of this Contract only. All such proprietary data shall remain the property of the Contractor. The State agrees to take all reasonable steps to insure that such proprietary data are not disclosed to others, without prior written consent of the Contractor, subject to the California Public Records Act. The State will insure, prior to disposing of any media, that any licensed materials contained thereon have been erased or otherwise destroyed. The State agrees that it will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to licensed software and other proprietary data to satisfy its obligations under this Contract with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.
- 40. RIGHT TO COPY OR MODIFY:**
- a) Any Software Product provided by the Contractor in machine-readable form may be copied, in whole or in part, in printed or machine-readable form for use by the State with the designated CPU, to perform one-time benchmark tests, for archival or emergency restart purposes, to replace a worn copy, to understand the contents of such machine-readable material, or to modify the Software Product as provided below; provided, however, that no more than the number of printed copies and machine-readable copies as specified in the Statement of Work will be in existence under this Contract at any time without prior consent of the Contractor. Such consent shall not be unreasonably withheld by the Contractor. The original, and any copies of the Software Product, in whole or in part, which are made hereunder shall be the property of the Contractor.
 - b) The State may modify any non-personal computer Software Product, in machine-readable form, for its own use and merge it into other program material. Any portion of the Software Product included in any merged program material shall be used only on the designated CPUs and shall be subject to the terms and conditions of the Contract.
- 41. FUTURE RELEASES:** Unless otherwise specifically provided in the Contract, or the Statement of Work, if improved versions, e.g., patches, bug fixes, updates or releases, of any Software Product are developed by the contractor, and are made available to other licensees, they will be made available to the State at no additional cost only if such are made available to other licensees at no additional cost. If the Contractor offers new versions or upgrades to the Software Product, they shall be made available to the State at the State's option at a price not greater than the Contract price plus a price increase proportionate to the increase from the list price of the original version to that of the new version, if any. If the Software Product has no list price, such price increase will be proportionate to the increase in average price from the original to the new version, if any, as estimated by the Contractor in good faith.
- 42. ENCRYPTION/CPU ID AUTHORIZATION CODES:**
- a) When Encryption/CPU Identification (ID) authorization codes are required to operate the Software Products, the Contractor will provide all codes to the State with delivery of the Software.
 - b) In case of an inoperative CPI, the Contractor will provide a temporary encryption/CPU ID authorization code to the State for use on a temporarily authorized CPU until the designated CPU is returned to operation.
 - c) When changes in designated CPUs occur, the State will notify the Contractor via telephone and/or facsimile/e-mail of such change. Upon receipt of such notice, the Contractor will issue via telephone and/or facsimile/e-mail to the State within 24 hours, a temporary encryption ID authorization code for use on the newly designated CPU until such time as permanent code is assigned.
- 43. PATENT, COPYRIGHT AND TRADE SECRET INDEMNITY:**
- a) Contractor will indemnify, defend, and save harmless the State, its officers, agents, and employees, from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses for infringement or violation of any U.S. Intellectual Property Right by any product or service provided hereunder. With respect to claims arising from computer Hardware or Software manufactured by a third party and sold by Contractor as a reseller, Contractor will pass through to the State such indemnity rights as it receives from such third party ("Third Party Obligation") and will cooperate in enforcing them; provided that if the third party manufacturer fails to honor the Third Party Obligation, Contractor will provide the State with indemnity protection equal to that called for by the Third Party Obligation, but in no event greater than that called for in the first sentence of this Section. The provisions of the preceding sentence apply only to third party computer Hardware or Software sold as a distinct unit and accepted by the State.

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

Unless a Third Party Obligation provides otherwise, the defense and payment obligations set forth in this Section will be conditional upon the following:

- i) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - ii) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (a) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (b) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (c) the State will reasonably cooperate in the defense and in any related settlement negotiations.
- b) Should the Deliverables, or the operation thereof, become, or in the Contractor's opinion are likely to become, the subject of a claim of infringement or violation of a U.S. Intellectual Property Right, the State shall permit the Contractor at its option and expense either to procure for the State the right to continue using the Deliverables, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such Deliverables by the State shall be prevented by injunction, the Contractor agrees to take back such Deliverables and make every reasonable effort to assist the State in procuring substitute Deliverables. If, in the sole opinion of the State, the return of such infringing Deliverables makes the retention of other Deliverables acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables and refund any sums the State has paid Contractor less any reasonable amount for use or damage.
- c) The Contractor shall have no liability to the State under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:
- (i) The combination or utilization of Deliverables furnished hereunder with Equipment, Software or devices not made or furnished by the Contractor; or,
 - (ii) The operation of Equipment furnished by the Contractor under the control of any Operating

Software other than, or in addition to, the current version of Contractor-supplied Operating Software; or

- (iii) The modification initiated by the State, or a third party at the State's direction, of any Deliverable furnished hereunder; or
 - (iv) The combination or utilization of Software furnished hereunder with non-Contractor supplied Software.
- d) The Contractor certifies that it has appropriate systems and controls in place to ensure that State funds will not be used in the performance of this Contract for the acquisition, operation or maintenance of computer Software in violation of copyright laws.

44. DISPUTES:

- a) The parties shall deal in good faith and attempt to resolve potential disputes informally. If the dispute persists, the Contractor shall submit to the Department Director or designee a written demand for a final decision regarding the disposition of any dispute between the parties arising under, related to or involving this Contract. Contractor's written demand shall be fully supported by factual information, and if such demand involves a cost adjustment to the Contract, Contractor shall include with the demand a written statement signed by an authorized person indicating that the demand is made in good faith, that the supporting data are accurate and complete and that the amount requested accurately reflects the Contract adjustment for which Contractor believes the State is liable. The contracting Department Director or designee shall have 30 days after receipt of Contractor's written demand invoking this Section "Disputes" to render a written decision. If a written decision is not rendered within 30 days after receipt of contractor's demand, it shall be deemed a decision adverse to the Contractor's contention. If the Contractor is not satisfied with the decision of the Department Director or designee, the Contractor may appeal the decision, in writing, within 15 days of its issuance (or the expiration of the 30 day period in the event no decision is rendered by the contracting department), to the Department of General Services, Deputy Director, Procurement Division, who shall have 45 days to render a final decision. If the Contractor does not appeal the decision of the contracting Department Director or designee, the decision shall be conclusive and binding regarding the dispute and the Contractor shall be barred from commencing an action in court, or with the Victims Compensation Government Claims Board, for failure to exhaust Contractor's administrative remedies.
- b) Pending the final resolution of any dispute arising under, related to or involving this Contract, Contractor agrees to diligently proceed with the performance of this Contract, including the delivery of Goods or providing of services in accordance with the State's instructions regarding this

CALIFORNIA MULTIPLE AWARD SCHEDULES (CMAS) GENERAL PROVISIONS - INFORMATION TECHNOLOGY

Contract. Contractor's failure to diligently proceed in accordance with the State's instructions regarding this Contract shall be considered a material breach of this Contract.

- c) Any final decision of the State shall be expressly identified as such, shall be in writing, and shall be signed by the Deputy Director, Procurement Division if an appeal was made. If the Deputy Director, Procurement Division fails to render a final decision within 45 days after receipt of Contractor's demand, it shall be deemed a final decision adverse to Contractor's contentions. The State's final decision shall be conclusive and binding regarding the dispute unless Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later.
- d) For disputes involving purchases made by the Department of General Services, Procurement Division, the Contractor shall submit to the Department Director or designee a written demand for a final decision, which shall be fully supported in the manner described in the subsection a above. The Department Director or designee shall have 30 days to render a final decision. If a final decision is not rendered within 30 days after receipt of the Contractor's demand, it shall be deemed a final decision adverse to the Contractor's contention. The final decision shall be conclusive and binding regarding the dispute unless the Contractor commences an action in a court of competent jurisdiction to contest such decision within 90 days following the date of the final decision or one (1) year following the accrual of the cause of action, whichever is later. The dates of decision and appeal in this section may be modified by mutual consent, as applicable, excepting the time to commence an action in a court of competent jurisdiction.

45. STOP WORK:

- a) The State may, at any time, by written Stop Work Order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this Contract for a period up to 45 days after the Stop Work Order is delivered to the Contractor, and for any further period to which the parties may agree. The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of 45 days after a Stop Work Order is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the State shall either:
 - (i) Cancel the Stop Work Order; or

- (ii) Terminate the work covered by the Stop Work Order as provided for in the termination for default or the termination for convenience clause of this Contract.
- b) If a Stop Work Order issued under this clause is canceled or the period of the Stop Work Order or any extension thereof expires, the Contractor shall resume work. The State shall make an equitable adjustment in the delivery schedule, the Contract price, or both, and the Contract shall be modified, in writing, accordingly, if:
 - (i) The Stop Work Order results in an increase in the time required for, or in the Contractor's cost properly allocable to the performance of any part of this Contract; and
 - (ii) The Contractor asserts its right to an equitable adjustment within 60 days after the end of the period of work stoppage; provided, that if the State decides the facts justify the action, the State may receive and act upon a proposal submitted at any time before final payment under this Contract.
- c) If a Stop Work Order is not canceled and the work covered by the Stop Work Order is terminated in accordance with the provision entitled Termination for the Convenience of the State, the State shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.
- d) The State shall not be liable to the Contractor for loss of profits because of a Stop Work Order issued under this clause.

Any person or organization that you are required to add as an additional insured on this policy, under a written contract or agreement currently in effect, or becoming effective during the term of this policy. The additional insured status will not be afforded with respect to liability arising out of or related to your activities as a real estate manager for that person or organization.	All insured premises and operations.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

- C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

2. Available under the applicable Limits of Insurance shown in the Declarations; whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

ADDITIONAL INSURED WHEN REQUIRED BY CONTRACT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

With respect to coverage provided by this endorsement, the provisions of the Coverage Form apply unless modified by the endorsement.

Additional Insured When Required by Contract

- (1) Paragraph A.1. – **WHO IS AN INSURED – of Section II – Liability Coverage** is amended to add:

- d. When you have agreed, in a written contract or written agreement, that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured", but only to the extent such person or organization is liable for "bodily injury" or "property damage" caused by the conduct of an "insured" under paragraphs a. or b. of Who Is An Insured with regard to the ownership, maintenance or use of a covered "auto."

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

- (1) During the policy period, and
- (2) Subsequent to the execution of such written contract, and
- (3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

(2) How Limits Apply

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (a) The limits of insurance specified in the written contract or written agreement; or

- (b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that the insurance is primary and non-contributory with the additional insured's own insurance.

(4) Duties in The Event Of Accident, Claim, Suit or Loss

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in **A.
