Budget Justification and Narrative

In the following sections, please review the self-assessment and discuss your team's plan to address the following:

The Goals of Measure G1

- Increase access to courses in arts, music, and world languages in grades 6-8
- Improve student retention during the transition from elementary to middle school
- Create a more positive and safe middle school learning environment

1. You **MUST** describe the current programmatic narrative for **EACH** section of the budget narrative based on the Measure G1 Initial Self-assessment and data analysis. Please highlight what G1 specifically supported in the 2019-20 school year.
2. Please explain how you plan to use the Measure G1 funds to develop strategic changes that meet the goals of the measure and that will lead to improved student outcomes.
3. Add additional lines if you would like to add additional budget items.
4. All budget items should total the amount listed in "Recommended Grant Amount" above.

1. Music Program

Programmatic Narrative Based on Rubric

[Required: Please reflect on your self-assessment here, as well as what was learned from your previous year's use of G1 funds, and how the learnings are being applied to this year's proposed expenditures]

Budget	Description of 2020-21 Proposed Expenditures	Anticipated Student Outcome (Include measurable student outcomes for each proposed activity that align with the goals of Measure G1 (listed above); the number of students that will be served and achievement for specific student group.

2. Art Program

Programmatic Narrative Based on Rubric

[Required: Please reflect on your self-assessment here, as well as what was learned from your previous year's use of G1 funds, and how the learnings are being applied to this year's proposed expenditures]

Budget	Description of 2020-21 Proposed Expenditures	Anticipated Student Outcome (Include measurable student outcomes for each proposed activity that align with the goals of Measure G1 (listed above); the number of students that will be served and achievement for specific student group.
\$8,000.00	Leadership/Yearbook Arts	Students become artist, historians, and journalist as they assemble & develop the school yearbook. Students will learn skills in graphic design, photography, visual communication, writing, and collaboration skills. Students will be able to integrate their lived experiences into their leadership development process. <i>Students will learn how to communicate effectively (using written and spoken word, non-verbal language, electronic tools, and listening skills) to develop relationships, manage conflicts, and work across differences. Students will learn the skills to engage in conflict productively and work toward conflict resolution. Students will develop critical thinking and decision-making skills. Students will collaborate on the design & implementation of school-wide programs to promote positive school climate & culture. Expected outcomes will lead to a decrease in student behavior referrals by 15% and an increase in student attendance rates by 10%. Approximately 50 students expected to participate between fall and spring semester.</i>
\$10,000.00	Drama/Theater Arts	Students will broaden their respect for, and understanding of, theatre as an art form. Students will examine the relationship of theatre arts to other content areas and the role and meaning of theatre arts in various social, cultural, and historical contexts. Technical expertise and artistic expression are enhanced through practice, study, and evaluation of their own work and others. Students will demonstrate their work through performances. Expected outcomes will lead to a decrease in student behavior referrals by 15% and an increase in student attendance rates by 10%. Approximately (25) students expected to participate.
\$10,000	STEAM:Science, Technology, Engineering, Art, Math	Integrate arts activities, such as graphic design to enrich the STEM curriculum content. Students will learn STEAM to equip them with the skills and knowledge needed to thrive in the 21st century. Expected outcomes will lead to a decrease in student behavior referrals by 15% and an increase in student attendance rates by 10%. Approximately (30) students expected to participate between fall and spring semester.

Introduction/Agenda Items

Meeting called to order at 1:30p. Last meeting's minutes were reviewed and approved.

Review of SPSA goals, as reviewed in January's meeting.

Review of Title 1 as reviewed in January's meeting. We do not have an exact number for how much money we will receive. We typically use most of the funds on extra school support positions.

Colbert presents a wish list for us to rank the expenditures we want to use funds for.

We listed the following items for priority:

- 1. Extra STIP Sub**
- 2. Online curriculum (Learning A-Z)**
- 3. Language Learning Software**
- 4. Extra TSA**
- 5. Supplies for Poster Maker (paper, ink, etc.)**
- 6. Part-Time Tech support**

Colbert motions to approve the following:

1.0 fte Stip- \$30,000

1.0 fte TSA-\$85,000

English language learning software-\$2,000

Online Curriculum-\$2,000

Parker Measure G1 Funds

Measure G1 Funds: \$39,452

- On February 5, 2008, Oakland voters approved the "Oakland Unified School District 2008 Education Parcel Tax Measure, more commonly known as "Measure G", in the amount of \$195 per parcel. Measure G, a continuation of "Measure E", which was first adopted in March 2, 200, was converted into a permanent parcel tax effective July 1, 2009.
- Measure G money may not be spent on the salaries of central office administrators and expenditures will be monitored by an independent Citizens' Oversight Committee to ensure that proceeds of the tax are spent only for the purposes named in the measure. Measure "G" also provides exemptions for low-income taxpayers.

School Phone	510-879-1440	Grant Amount	\$42,408
2018-19 LCFF Enrollment (6-8)	92		

- Grant allocation is based on 2018-19 CALPADS enrollment of grades 6-8 Oakland Students, multiplied by the LCFF percentage of the given school.

Mid-Year Reflection on Approved Activities and Allocation of Measure G1 Funds

1. Music Program (PRELOADED)

Programmatic Narrative Based on Rubric		
Since we do not offer a middle school music program, G1 funds, this will allow us to create music programs that provide students with opportunities from picking up an instrument for the first time to growing into accomplished ensemble players and soloists. We will develop a program where students can make lasting friendships and explore how music connects people from around the world.		
Budget	2019-20 Activities	Anticipated Outcome
\$13,000	Provide elective music classes that will give our children the opportunity to learn how to play an instrument. Oakland510 will teach the classes and serve 100 students three times a week for 32 weeks.	Students will gain fundamental performing arts skills in alignment with state standards.

Mid-Year Reflection: Music Program

<p>Narrative: Progress Towards Anticipated Outcomes</p> <p>Required: Please articulate what in your plan has happened thus far. How is your school progressing towards the anticipated student outcomes? Please include successes and challenges.</p>
<p>Student interest in the drumming elective has diminished since last school year. The students who take the class enjoy learning to play the drum and perform, however, the class numbers are not sustainable. We did an informal survey of student interests and for next school year, we plan to offer a Drama/Theater Arts class. Drama/Theater Arts in more in alignment with our student interest and broad talent.</p>

2. Art Program (PRELOADED)

Programmatic Narrative Based on Rubric		
Through G1 funds we are currently able to offer a visual arts program this year. We are on track to meet our anticipated goals and outcomes. Funds for next school year will be applied in the same manner.		
Budget	2019-20 Activities	Anticipated Outcome
\$13,000	MOCHA will provide an art instructor for middle school for (4) classes a week for 32 weeks.	Students will gain fundamental visual arts skills in alignment with state standards.
\$2,408	Supplies for electives	Enhancement of student elective experience.

Mid-Year Reflection: Art Program

Narrative: Progress Towards Anticipated Outcomes
Required: Please articulate what in your plan has happened thus far. How is your school progressing towards the anticipated student outcomes? Please include successes and challenges.
<p>The Art classes expose students to a broad spectrum of art expression, including painting, sketching, clay/ceramics, and origami. The intended outcome of the class is being met, however, we may proposal an expansion of the current model for next school year to include art management & leadership, which blends the artistic and business elements of a career in the arts.</p>

Required: Please articulate what in your plan has happened thus far. How is your school progressing towards the anticipated student outcomes? Please include successes and challenges.

4. 5th to 6th Grade Enrollment Retention (PRELOADED)

Programmatic Narrative Based on Data Analysis

We currently do not have this program in place. G1 funds would allow us provide students with motivation and inspiration to achieve academic and life goals by inspirational and successful figures from diverse backgrounds.

Budget	2019-20 Activities	Anticipated Outcome
\$3000	Field trips to enhance student opportunities to experience culture and the arts.	Provide students with cultural and enrichment and exposure to the arts.

Mid-Year Reflection: 5th to 6th Grade Enrollment Retention

Narrative: Progress Towards Anticipated Outcomes

Required: Please articulate what in your plan has happened thus far. How is your school progressing towards the anticipated student outcomes? Please include successes and challenges.

Accessibility to field trips and off site opportunities our students would not otherwise have has played a significant role in incentivizing and motivating our students. Since last school year, our school attendance rates have improved by 30%. Students are more motivated to attend school regularly if they know exciting field trip opportunities await them. In addition, they know that positive behavior and positive attendance enable them further access to these opportunities.

5. Safe and Positive School Culture (PRELOADED)

Programmatic Narrative Based on Data Analysis

With the support of G1 funds, we will be able to expand and extend the role of Urban Life Mentors to provide our students with academic and social-emotional support and mentoring as an alternative to suspension and promote positive school culture and climate.

Budget	2019-20 Activities	Anticipated Outcome
\$11,000	Urban Life Mentors for mentoring, coaching interpersonal & character development, college & career preparation.	Provide students with academic and social-emotional support and mentoring as an alternative to suspension and promote positive school culture and climate.

Mid-Year Reflection: Safe and Positive School Culture

Narrative: Progress Towards Anticipated Outcomes

Required: Please articulate what in your plan has happened thus far. How is your school progressing towards the anticipated student outcomes? Please include successes and challenges.

The Urban Life Mentors program continues to provide high quality and creative activities that support character development and positive decision-making that lead to a pathway of success. Student participation in Urban Life Mentors has contributed to the decline in our middle school student suspensions & referrals. In addition, I partly attribute the increase in positive school culture and climate to the support students receive from the Urban Life Mentors program.

Please submit your 2019-20 Measure G1 Mid-year Self Reflection Form to Mark Triplett (mark.triplett@ousd.org) and Linda Pulido-Esquivel (linda.esquivel@ousd.org).
