Essential Practices for English Language Learners (Source Document)

1. ACCESS & RIGOR

Engage ELLs in meaningful tasks and use technology to provide language scaffolds and supports.

Online tools to make content and instructions easy to understand

- New content and instructions are brief and clear. Visuals and video to explain tasks and to share examples of completed work.
 - Tools: [Screencastify](#) and [Youtube](#)
- Time to make sure that students and families know how to use digital platform(s) and [Google Translate](#).

Simple ways to begin to engage with complex text--scaffolds

1. ACCESS & RIGOR

Engage ELLs in meaningful tasks and use technology to provide language scaffolds and supports.

- **Before reading:** Background information and key vocabulary with images, and/or translations, connect to students' prior knowledge, picture walks, predictions
- **During reading:** Audio support ([Google Read & Write](#)). Reading in small chunks with opportunities to process what was read with [questions](#) or re-telling. [Graphic organizers](#) or [stop-and-jot](#) along the way.
- **After reading:** Multiple ways for students to respond to the text, orally or in writing, in English or their home language, on a digital platform, taking a picture of written work.

2. INTEGRATED and DESIGNATED ENGLISH LANGUAGE DEVELOPMENT (ELD)

ELLs receive both Integrated and Designated ELD, still required by the state of California through distance-learning.

Explicit language instruction

- Language objective in daily Course Learning Outcomes (CLOs). Example: “I can make inferences about the story **using the language of inference**.”
- Teaching the language that students need for the content (vocabulary, sentence frames)
- Naming the language that students need to include in their responses. (sentence frames)

2. INTEGRATED and DESIGNATED ENGLISH LANGUAGE DEVELOPMENT (ELD)

ELLs receive both Integrated and Designated ELD, still required by the state of California through distance-learning.

Regular opportunities for student talk, discussion, and written output

- [GoogleMeet](#) or [Zoom](#) to facilitate discussion. Small group meeting for targeted support, equity of voice, and flexible schedules.
- “Making Thinking Visible” strategies
- Students record themselves explaining their thinking using 1 or 2 platforms.

Tools: [Schoology](#), [Vocaroo](#), [Adobe Spark](#), [Flipgrid](#), [Recap](#), [Videome](#)

2. INTEGRATED and DESIGNATED ENGLISH LANGUAGE DEVELOPMENT (ELD)

ELLs receive both Integrated and Designated ELD, still required by the state of California through distance-learning.

Designated English Language Development (ELD) time to practice and reinforce language

- Extra practice and support for students to have the language they need to participate in other literacy or content activities.
 - 1:1 check-ins or small groups
 - Additional vocabulary practice through puzzles
- Digital platforms to practice language. Tools: *Brain-POP ELL*, *Duolingo*, *Rosetta Stone*, *Imagine Learning*

3. DATA-DRIVEN DECISIONS

Differentiate based on student need and engage students in prompt feedback.

Review student data to decide what support students need

- Student level in the *English Language Proficiency Assessment of California* (ELPAC), home language of student. (*ELL Progress Monitoring Dashboard*)

Students receive feedback on content and language

- Students receive feedback through tools like *quizziz*, *kahoot*, *kaizena* and through comment features on *google docs* or *padlet*.
- Opportunities for students to comment and give feedback on each others' work.

(*Google Classroom*, *SeeSaw*, *Schoology*, etc.)

4. ASSET-BASED APPROACH

Leverage the linguistic and cultural assets of our students and families.

Students learn in their own language and in the family environment

- Value home language and time that families spend together. Students [read with a parent](#) or grandparent, read to a younger sibling. Write and/or illustrate [family stories](#) or [family recipes](#) with family members, multi-age games, etc.
- Options for students to learn in their home language

5. WHOLE CHILD

Leverage family and community supports. Activate resources to address the unmet, non-academic needs that hinder students' ability to fully engage in distance learning.

Anticipating the very real barriers to student engagement (digital access, home responsibilities, basic needs of families at risk)

- Asynchronous learning (recorded instead of required Zoom or GoogleMeet classes).
- Students have time and flexibility to submit assignments.
- [Wellness checks](#) with students you are concerned about.
- [Talking Points](#) to communicate with families and share links to lessons.

5. WHOLE CHILD

Leverage family and community supports. Activate resources to address the unmet, non-academic needs that hinder students' ability to fully engage in distance learning.

Sharing of resources that are relevant to the community

- [Wellness Checklist](#) - comprehensive list of resources
- [OUSD School-Based Health Centers](#) are open, with limited hours.
- Financial support - Oakland Public Ed Fund relief grants, [Centro Legal's emergency relief fund](#).
- [Protection against evictions](#)
- Immigration support - Sanctuary Task Force

5. WHOLE CHILD

Leverage family and community supports. Activate resources to address the unmet, non-academic needs that hinder students' ability to fully engage in distance learning.

Opportunities for mindfulness and fun in your lessons and on-line experiences.

- Games: [PBS-kids games](#), [Englishclub ESL games](#)
- [Art, music, and sing-alongs](#)
